*Holy Matrimony!* - Hadleigh, Boze 2012-12-11  
DIVIn Hollywood, marriage is like an oil change. Most celebrities are due for another one every three months. The E! channel actually breaks into their regular programming to tell us Benjamin Bratt just got married or Angelina Jolie and Billy Bob Thornton are getting divorced. We are a nation obsessed with celebrity relationships, break-ups, make-ups, and shake-ups. From better halves to bitter halves, *Holy Matrimony!* is the first book of its kind. A collection of more than 1,000 quotes by showbiz personalities, including some of today's celebrities, it is categorized by theme: dating, compatibility, romance, marriage, husbands and wives, divorce, remarriage, and, yes, even some enduring marriages (although "quantity is not always quality," as author Boze Hadleigh points out). Entertaining and enlightening, *Holy Matrimony!* will raise eyebrows-and maybe hopes-and definitely tickle the funny bone. Because marriage is much too important to take very seriously!/

**Film Review** - 2004

Framing Celebrity - Su Holmes 2012-11-12  
Celebrity culture has a pervasive presence in our everyday lives - perhaps more so than ever before. It shapes not simply the production and consumption of media content but also the social values through which we experience the world. This collection analyses this phenomenon, bringing together essays which explore celebrity across a range of media, cultural and political contexts. The authors investigate topics such as the intimacy of fame, political celebrity, stardom in American 'quality' television (Sarah Jessica Parker), celebrity 'reality' TV (*I'm a Celebrity ... Get Me Out of Here!*), the circulation of the porn star, the gallery film (*David/David Beckham*), the concept of cartoon celebrity (*The Simpsons*), fandom and celebrity (k.d. lang, \*NSYNC), celebrity in the tabloid press, celebrity magazines (*heat*, *Celebrity Skins*), the fame of the serial killer and narratives of mental illness in celebrity culture. The collection is organized into four themed sections: *Fame Now* broadly examines the contemporary contours of fame as they course through new media sites (such as 'reality' TV and the internet) and different social, cultural and political spaces. *Fame Body*

attempts to situate the star or celebrity body at the centre of the production, circulation and consumption of contemporary fame. *Fame Simulation* considers the increasingly strained relationship between celebrity and artifice and 'authenticity'. *Fame Damage* looks at the way the representation of fame is bound up with auto-destructive tendencies or dissolution. *Celebrities and Movie Stars Death Bible Code, Vol. 3 - Their Deaths by Accidents, Murders, Overdoses, and Suicides.* - Steve Canada 2014-06-10

Celebrities and movie stars, like everyone else, die from a variety of causes, including diseases (Vol.1 of this book) and cancers (Vol.2 of this book). When we ask if such causes of death are found encoded in the Torah along with the encoded names of who died from them, we find them all close together in one Torah Matrix (from Gen. 1:1 to 1 Samuel 10:17). For those uninitiated into the Bible Code mystery this might sound outlandish and impossible, but viewing the many Torah Matrices in this book, labeled clearly in black and white as secretly encoded facts staring us in the face might give pause to even the biggest skeptic. Volume 3 of this book shows the Torah-Bible Code Matrices of celebrities and movie stars' deaths by accidents, murders, overdoses, and suicides - their names found encoded in the larger Torah, some with the year and location of their death; as another e-book through Author House, in mid-2014. Fatal accidents found encoded here range from skiing, car crash, drowning, plane crash, and fire. Their murders are also discovered hidden in the secretly encoded word of Yahweh, along with their troubling overdoses of various drugs, and their tragic suicides. An attempt is made to put the Bible Code mystery in the context of "meaning," in the author's Conclusion. Bible Code application and method are explained in the Preface, Introduction, and Addendum 1. In memoriam, two original poems by the author are shown in the Epilogue; his poems have appeared in literary journals in 5 countries over forty years. Even though there are only about 50 or fewer personalities identified by name in each of these three volumes, and shown encoded with how and where they died, each Volume could be expanded to hold many thousands of names and

pages, one name per page of Matrix revealing those Torah-held secrets hidden for about 3400 years, and revealed here to the world for the first time in recorded history.

**Dusty Springfield** - Laurence Cole 2008

Describing the cultural reception of Dusty Springfield when she was alive and since her death, this book considers the of Dusty Springfield as cultural icon--partly promoted by the woman who went by that name, partly interpreted down the years by newspapers, magazines, television, books, and websites. Although neither history nor biography in any conventional sense, the book may be viewed as containing historical and biographical features, as it narrates a life-in-text across nearly half a century. Setting Dusty against the musical and social background of her times, this work also provides theoretical perspectives against which to discuss her artistry.

**Celebrities Against Violence** - Truman R. Keys 2022-03-09

Violence is more than an issue in America. It is a pandemic, its negative impacts and corrosive character are harming us whether we are a victim, a bystander or professional tasked with public health and safety. Violence affects us regardless of class or social standing. For decades, celebrities and well-known public figures have taken to the media to share their own experiences with violence. This book spotlights the celebrities and their loved ones who have survived self-harm, bullying, intimate partner violence, sexual assault, family abuse, home invasion, gun violence, or police brutality. Violence prevention experts increasingly recognize the influence of celebrities and work with them to spread awareness. This collection of case studies aims to support this growing influence by documenting the effects of violence prevention through celebrity advocacy.

**Just Like Us** - Caitlin E. Lawson 2022-12-09

In *Just Like Us: Digital Debates on Feminism and Fame*, Caitlin E. Lawson examines the rise of celebrity feminism, its intersections with digital culture, and its complicated relationships with race, sexuality, capitalism, and misogyny. Through in-depth analyses of debates across social media and news platforms, Lawson maps the processes by which celebrity culture, digital platforms, and feminism transform one another.

As she analyzes celebrity-centered stories ranging from "The Fapping" and the digital attack on actress Leslie Jones to stars' activism in response to #MeToo, Lawson demonstrates how celebrity culture functions as a hypervisible space in which networked publics confront white feminism, assert the value of productive anger in feminist politics, and seek remedies for women's vulnerabilities in digital spaces and beyond. *Just Like Us* asserts that, together, celebrity culture and digital platforms form a crucial discursive arena where postfeminist logics are unsettled, opening up more public, collective modes of holding individuals and groups accountable for their actions.

**A Massive Swelling: Celebrity Re-Examined As a Grotesque, Crippling Disease and Other Cultural Revelations** - Cintra Wilson 2016-08-24

Whether you lust after it, loathe it, or feign apathy toward it, fame is in your face. Cintra Wilson gets to the heart of our humiliating fascination with celebrity and all its preposterous trappings in these hilarious, whip-smart, and subversive essays. Often radical and always a scream, Wilson takes on every sacred cow, toppling icons as diverse as Barbra Streisand, Ike Turner, Michael Jackson, and-for obvious reasons-Bruce Willis. She exposes events like the Oscars and even athletic jamborees as having grown a "tumescient aura of Otherness." Wilson's scathing and irresistible dissections of Las Vegas as "the Death Star of Entertainment," and Los Angeles as "a giant peach of a dream crawling with centipedes" pulse with her enlightened rejection of all things false and vain and egotistical. Written with her trademark zeal and intelligence, *A Massive Swelling* is the antidote for the fame virus that infects us all.

**Forum Homosexualität und Literatur** - 2003

*History's Most Quotable Quotes about Sex* -

Sylvester Woodclyffe 2016-07-21

**HISTORY'S MOST QUOTABLE QUOTES ABOUT SEX** is a literary dedication to the ancient practice of sex. Within these 182 pages of hilarious quips, discover what over 300 of history's esteemed thinkers, politicians and celebrities had to say about the rarely spoken. All 53 chapter illustrations are as unique as the quotes and the people who said them. A laugh-

out-loud read you won't forget.

**Girls and Media** - Kara K. W. Chan 2014-07-01

The role of media in any society is vital and is closely related to brands and consumption especially in a vibrant 21st century Asian city. Hong Kong with its free-market economy and urban bustle is a perfect place to observe this in action. But Hong Kong is also deeply conservative in many ways especially with regard to family values, and the presence of overtly sexualized images in advertising sits uncomfortably with the values of modesty and traditional sexual mores that exist there. Young girls are also discovering their identities like any other groups of girls in the world, and often this journey will not be easy. This book deals with media and the extent to which media representations influence girls in Hong Kong and how they are affected by this ubiquitous presence. Through the quantitative and qualitative studies, readers could examine and understand how tween girls and teen girls in Hong Kong interact with the media and how they interpret the messages from the media. The observations found in the studies are also valuable to parents, educators, and communication scholars to better understand the influence of media on the value orientations of girls; and we hope that responsible marketers and educators can use these research findings to communicate with girls in ways which can improve their well-being. □□□□□□□□□□  
Published by City University of Hong Kong Press.

**Gender and Sexuality in Star Trek** - David Greven 2014-01-10

Studying the Star Trek myth from the original 1960s series to the 2009 franchise-reboot film, this book challenges frequent accusations that the Star Trek saga refuses to represent queer sexuality. Arguing that Star Trek speaks to queer audiences through subtle yet provocative allegorical narratives, the analysis pays close attention to representations of gender, race, and sexuality to develop an understanding of the franchise's queer sensibility. Topics include the 1960s original's deconstruction of the male gaze and the traditional assumptions of male visual mastery; constructions of femininity in Star Trek: Voyager, particularly in the relationship between Captain Janeway and Seven of Nine;

and the ways in which Star Trek: Enterprise's adoption of neoconservative politics may have led to its commercial and aesthetic failure.

**Who'd Say That?** - Ronald L. Smith 1993  
Here is the largest collection of memorable quotes from America's top pop icons, stars of the big screen, the small screen, the music video scene and more. Readers are challenged to identify the sources of the many unforgettable pearls. The answers are all given, but the book's multiple choice format makes even the wrong answers a lot of fun.

**In Or Out?** - Boze Hadleigh 2000

If straight women can be pro-lesbian, why can't Camille Paglia? I think what occurred was Camille kept her bra but burned her brain. So says poet Audre Lorde in this amazing and enlightening compendium of quotes on everything to do with gayness: from Natalie Barney's famous remark, Women's looks were my only books, to columnist Lance Browne on the short-lived marriage of a bisexual movie actor to a bisexual supermodel--Their careers are real, their marriage isn't. It's matriphony--to Maria Schneider's story of how she was fired from a Carlo Ponti movie for not concealing her lesbianism. There's also writer Glenway Westcott's report of a conversation with Truman Capote, in which he asked the aging writer if he took any exercise. Massage, Capote drawled. The ultimate queer gossip book, rich in once-scandalous news and opinion, In or Out should not only bolster cocktail conversation for the next five years but prove an invaluable resource for writers and activists. --Regina Marler.

**Inside the Hollywood Closet--A Book of Quotes** - Boze Hadleigh 2020-02-17

Join legendary Hollywood scribe Boze Hadleigh in this journey back in time as he examines what it was like to be gay in Hollywood during Tinseltown's heyday, as well as how things have changed and what the future of gay Hollywood looks like. Today. Hadleigh examines both the obvious and hidden costs of being queer I Hollywood from both the inside looking out, and the outside looking in. Hadleigh brings us quotes and statements from such stars as Rock Hudson, Truman Capote, Cary Grant, Neil Patrick Harris, kd Lang, Ellen DeGeneres, Jodie Foster, Queen Latifah, Little Naz, Oscar Wilde, Sammy Davis Jr., Ellen Page, Rosie O'Donnell, Ian McKellan,

Bea Arthur, Butterfly McQueen, Chaz Bono, Elton John, Remi Malek, Wanda Sykes, among others.

**Queers in History** - Ian McKellen 2019-09-12  
Everybody loves secrets. We're all fascinated by celebrities, the rich, the powerful, and the famous. When scandals break out we want to read all about it. And the surest way to get anyone's attention is to start talking about sex. Now there's a book that has all this and much more, with over 900 amazing stories about prominent people from ancient Egypt to today who, in their personal lives, all had one thing in common. They were all gay, lesbian, or bisexual. Movie stars, musicians, kings, queens, soldiers, athletes, scientists, and even religious leaders from all over the world. The book is called **Queers in History**. It's a funny title and definitely a fun read. But there's also tons of serious useful information revealing a secret side of these famous personalities. **Queers in History** reveals the compelling stories about some of your favorite folks that are usually left out of their official biographies. Did you know that, for instance: \* Joan Crawford and Marilyn Monroe had a one-night-stand? \* Leonardo da Vinci was imprisoned twice for same-sex affairs? \* Leonard Bernstein had an affair with an Israeli soldier? \* The lesbian wife of a gay actor accused Howard Hughes of having an affair with her husband shortly before his mysterious murder? \* The founder of Shinto Buddhism also founded a tradition of male-male love in Japan? \* Angelina Jolie wanted to marry her "Firefox" co-star Jenny Shimizu? \* The wife of one US president moved her girlfriend into the White House, and another US President shared his White House bed with the male chief of his security detail? \* An heroic soldier in the US Revolution was actually a woman in disguise, who "married" another woman after her service in the Continental Army? \* And in 1886, when US officials asked an Indian tribe to send "their best woman" to visit Washington, DC, the tribe chose instead to send a man in a dress? These are just a few of the historical facts you'll learn from **Queers in History**. It took 17 years to gather the information that fills over 500 pages in this trade paperback. One of the most amazing facts is that **Queers in History** is only \$13.67 if you pre-order on Amazon.com . That's a lot less than a penny

per fact, all from reliable sources. **But Queers in History** is much more than a collection of facts. Each person's life is presented as an entertaining short story, showing how their sexuality affected their lives and their work. And though it's about gay people, it's something everybody will be interested in, especially straight people who may not know as much as they think they do about some of their favorite celebrities. The previous edition got rave reviews in USA Today, Wired magazine, The Village Voice, and many others. Put this book on your coffee table before your next party and a few minutes later it will be the main topic of conversation. Just don't put it in the bathroom because the first person in there may lock the door and not come out until they've finished reading it. My name's Keith Stern, I wrote **Queers in History**, and I've produced some of the most popular biographical websites on the Internet. Sir Ian McKellen, better known as Gandalf and Magneto in the movies, has contributed an inspirational foreword to the book. Visit [www.queersinhistory.com](http://www.queersinhistory.com) for more information.

**In Or Out** - Boze Hadleigh 2000  
In a blend of celebrity insight and dirt-dishing gossip, this collection of quotes from the rich and famous shines a bright light into the deepest showbusiness closets. This collection includes quotes from those who are out, those who are outing, those who are straight and those who wish to remain in concealment.; The many celebrities featured include Leonardo DiCaprio, Boyz n the Hood, Liz Taylor, Ellen DeGeneres, Madonna, Harrison Ford, Bret Easton Ellis, Sharon Stone, Roseanne Barr, Oscar Wilde and Elton John.

**Celebrities in Hell** - Warren Allen Smith 2011

**Natural Born Celebrities** - David Schmid 2008-09-15  
Jeffrey Dahmer. Ted Bundy. John Wayne Gacy. Over the past thirty years, serial killers have become iconic figures in America, the subject of made-for-TV movies and mass-market paperbacks alike. But why do we find such luridly transgressive and horrific individuals so fascinating? What compels us to look more closely at these figures when we really want to look away? **Natural Born Celebrities** considers

how serial killers have become lionized in American culture and explores the consequences of their fame. David Schmid provides a historical account of how serial killers became famous and how that fame has been used in popular media and the corridors of the FBI alike. Ranging from H. H. Holmes, whose killing spree during the 1893 Chicago World's Fair inspired *The Devil in the White City*, right up to Aileen Wuornos, the lesbian prostitute whose vicious murder of seven men would serve as the basis for the hit film *Monster*, Schmid unveils a new understanding of serial killers by emphasizing both the social dimensions of their crimes and their susceptibility to multiple interpretations and uses. He also explores why serial killers have

become endemic in popular culture, from their depiction in *The Silence of the Lambs* and *The X-Files* to their becoming the stuff of trading cards and even Web sites where you can buy their hair and nail clippings. Bringing his fascinating history right up to the present, Schmid ultimately argues that America needs the perversely familiar figure of the serial killer now more than ever to manage the fear posed by Osama bin Laden since September 11. "This is a persuasively argued, meticulously researched, and compelling examination of the media phenomenon of the 'celebrity criminal' in American culture. It is highly readable as well."—Joyce Carol Oates  
*The British National Bibliography* - Arthur James Wells 2002
