Though both authors bring with them a unique perspective, the lens is singular; each is attuned to navigating this complex terrain.

Love Poems - Pablo Neruda 2008-01-17

Sensual, earthy love poems that formed the basis for the popular movie *Il Postino*, now in a beautiful gift book perfect for weddings, Valentine's Day, anniversaries, or just to say "I love you!" Charged with sensuality and passion, Pablo Neruda's love poems caused a scandal when published anonymously in 1952. In later editions, these verses became the most celebrated of the Noble Prize winner's oeuvre, captivating readers with earthbound images that reveal in gentle lingering lines an erotic re-imagining of the world through the prism of a lover's body: "today our bodies became vast, they grew to the edge of the world / and rolled melting / into a single drop / of wax or meteor...." Written on the paradisaic island of Capri, where Neruda "took refuge" in the arms of his lover Matilde Urrutia, *Love Poems* embraces the seascapes around them, saturating the images of endless shores and waves with a new, yearning eroticism. This wonderful book collects Neruda's most passionate verses.
