Her Soul to Take Harley Laroux 2024-02-20 Like Buffy or The Vampire Diaries but with tons more spice, a titillating fork-tongued demon, and a ritualistic monster cult, the edgy dark romance that set Tiktok on fire is now here as a special edition with bonus content for fans of Scarlett St. Claire, Penelope Douglas, and Katee Robert. The demon didn't just want my body. He wanted my soul. Leon: My reputation among magicians is unblemished. Killer, they call me; killing is what I'm best at. One wrong move and you're dead. Except her. The one I was supposed to take, the one I should have killed. The cult that once controlled me wants her, but I'm not about to lose my new toy to them. Rae: I've always believed in the supernatural. Hunting for ghosts is my passion, but summoning a demon was never part of the plan. Monsters are roaming the woods, and something ancient--something evil--is waking up . . . and calling my name. I don't know who I can trust, or how deep this darkness goes. All I know is my one shot at survival is the demon stalking me, and he doesn't just want my body--he wants my soul.

The Things We Leave Unfinished Rebecca Yarros 2021-02-23 Told in alternating timelines, *THE THINGS WE LEAVE UNFINISHED* examines the risks we take for love, the scars too deep to heal, and the endings we can't bring ourselves to see coming. Twenty-eight-year-old Georgia Stanton has to start over after she gave up almost everything in a brutal divorce—the New York house, the friends, and her pride. Now back home at her late great-grandmother's estate in Colorado, she finds herself face-to-face with Noah Harrison, the bestselling author of a million books where the cover is always people nearly kissing. He's just as arrogant in person as in interviews, and she'll be damned if the good-looking writer of love stories thinks he's the one to finish her grandmother's final novel...even if the publisher swears he's the perfect fit. Noah is at the pinnacle of his career. With book and movie deals galore, there isn't much the "golden boy" of modern fiction hasn't accomplished. But he can't walk away from what might be the best book of the century—the one his idol, Scarlett Stanton, left unfinished. Coming up with a fitting ending for the legendary author is one thing, but dealing with her beautiful, stubborn, cynical great-granddaughter, Georgia, is quite another. But as they read Scarlett's words in both the manuscript and her box of letters, they start to realize why Scarlett never finished the book—it's based on her real-life romance with a World War II pilot, and the

ending isn't a happy one. Georgia knows all too well that love never works out, and while the chemistry and connection between her and Noah is undeniable, she's as determined as ever to learn from her great-grandmother's mistakes—even if it means destroying Noah's career.

To Paradise Hanya Yanagihara 2022-01-11 #1 NEW YORK TIMES BEST SELLER • From the award-winning, best-selling author of the classic *A Little Life*—a bold, brilliant novel spanning three centuries and three different versions of the American experiment, about lovers, family, loss and the elusive promise of utopia. A BEST BOOK OF THE YEAR: VOGUE • ESQUIRE • NPR • GOODREADS *To Paradise* is a fin de siècle novel of marvelous literary effect, but above all it is a work of emotional genius. The great power of this remarkable novel is driven by Yanagihara's understanding of the aching desire to protect those we love—partners, lovers, children, friends, family, and even our fellow citizens—and the pain that ensues when we cannot. In an alternate version of 1893 America, New York is part of the Free States, where people may live and love whomever they please (or so it seems). The fragile young scion of a distinguished family resists betrothal to a worthy suitor, drawn to a charming music teacher of no means. In a 1993 Manhattan besieged by the AIDS epidemic, a young Hawaiian man lives with his much older, wealthier partner, hiding his troubled childhood and the fate of his father. And in 2093, in a world riven by plagues and governed by totalitarian rule, a powerful scientist's damaged granddaughter tries to navigate life without him—and solve the mystery of her husband's disappearances. These three sections comprise an ingenious symphony, as recurring notes and themes deepen and enrich one another: A townhouse in Washington Square Park in Greenwich Village; illness, and treatments that come at a terrible cost; wealth and squalor; the weak and the strong; race; the definition of family, and of nationhood; the dangerous righteousness of the powerful, and of revolutionaries; the longing to find a place in an earthly paradise, and the gradual realization that it can't exist. What unites not just the characters, but these Americas, are their reckonings with the qualities that make us human: Fear. Love. Shame. Need. Loneliness.

Love Scenes Bridget Morrissey 2021-06-22 A BuzzFeed Best Book of June "A heart-stirring, tear-inducing read you won't want to put down."—Emily Henry, New York Times bestselling author of *Beach Read* Acting like she's in love with her handsome nightmare of a co-star—in a movie directed and produced by her complicated Hollywood royalty family—is Sloane's job. But what happens when the lines between script and reality get blurred? Out-of-work actress Sloane Ford is in desperate need of something to do after losing her steady TV gig. When her famous family ropes her into working as a producer on their World War II-era romance, they neglect to mention that the film will be headlined by Joseph Donovan, her least favorite former co-star of all time. The roguish actor made her life a living hell the last time they worked together, using his movie star good looks and Irish charm to cover for his erratic professional behavior. On their new film set, he promises he's different now, but Sloane is far from convinced. As filming gets underway, it becomes clear that anything that can go wrong will go wrong. When the lead actress is abruptly fired, Sloane agrees to step in and take over the role, and she starts to remember why she fell in love with acting in the first place. On camera, she and Joseph share an electric chemistry. Off camera, they've been honing their characters and, much to Sloane's surprise, growing closer. But playing the role of a woman in love with Joseph Donovan is a dangerous business, and the more time they spend together, the less Sloane can tell what's real between them, and what's just for show.

Which is why she agrees to go to Sunshine Falls, North Carolina for the month of August when Libby begs her for a sisters' trip away—with visions of a small town transformation for Nora, who she's convinced needs to become the heroine in her own story. But instead of picnics in meadows, or run-ins with a handsome country doctor or bulging-forearmed bartender, Nora keeps bumping into Charlie Lastra, a bookish brooding editor from back in the city.
