**Beyond Order** - Jordan B. Peterson 2021-03-02

The inspirational sequel to 12 RULES FOR LIFE, which has sold over 5 million copies around the world - now in paperback In 12 Rules for Life,

acclaimed public thinker and clinical psychologist Jordan B. Peterson offered an antidote to the chaos in our lives: eternal truths applied to modern anxieties. His insights have helped millions of readers and resonated powerfully around the world. Now in this long-awaited sequel, Peterson goes further, showing that part of life's meaning comes from reaching out into the domain beyond what we know, and adapting to an ever-transforming world. While an excess of chaos threatens us with uncertainty, an excess of order leads to a lack of curiosity and creative vitality. Beyond Order therefore calls on us to balance the two fundamental principles of reality - order and chaos - and reveals the profound meaning that can be found on the path that divides them. In times of instability and suffering, Peterson reminds us that there are sources of strength on which we can all draw: insights borrowed from psychology, philosophy, and humanity's greatest myths and stories. Drawing on the hard-won truths of ancient wisdom, as well as deeply personal lessons from his own life and clinical practice, Peterson offers twelve new principles to guide readers towards a more courageous, truthful and meaningful life.

Bundle that will teach you everything you need to know about the intimate relationship and the language of sex, no matter the experience you already have. If you were to make a list of the things that lead to a great marriage, what would be your response? Many people would talk about commitment, communication, respect, and many other factors. Only a few people may include sex because people overlook the fact that sex creates an intimacy that helps to sustain other factors in the relationship. The anonymous statistic shows that over 70% of people between age 30-50 are unhappy about their intimate relationship. What are the reasons? The most commonly mentioned reasons are: "It got boring over the years," "my partner no longer attracts me," "after children, we no longer come together," "it just became the same every time." And when people were asked what they did to change it, the usual answer was "nothing." The purpose of this book is not to do "something"; this book will be your final guide to your sexual life improvement with direct strategies and a lot of visual and verbal advice. Take a look at only a few things you will get out of this book: Over 150 different sex positions A complete detailed description next to each one Positions for all levels and abilities (easy, medium, hard) How to use language to attract your partner Complete Dirty Talk advise list Things you should avoid during sex Most common language using mistakes The language of sex is also as important as the new poses you should be using every time. Talk is a specific thing that can improve your intimate relationship as well as make it worse. What about younger people? Should I buy this book if I am less than 30 years old? Is this book more for men or women? Can we discuss it with my partner, and both use this book? This book is perfect for people of any age. Younger people have a smaller percentage of unhappiness in their intimate relationships but usually, that is because they change partners more often than older people. #### **Sex Wise** - Pete Eaton, Ph.D. 2016-07-18

The answer to divorce based on satisfying individual sexual hunger for a happy marriage. He says, "My wife doesn't want sex." She says, "My husband doesn't want sex." Myth buster: It has nothing to do with loss of libido Excuses, excuses... Excuses, excuses... We can't have sex now because I'm too tired My back hurts I have a headache I'm going through the change o(Men on pause) I'm not in the mood I have too much on my mind, right now If I'm not going to have an orgasm, then why? I feel bloated and fat I don't want to feel pressured for sex Just not interested, right now Diminishing libido I'm too upset Representing a few of the most popular excuses. Why does my spouse, mate or partner have no interest in sex? What's really going on? Can it be fixed? In this brief book, Dr. Eaton explains Why it's happening How to prevent it What to do about it, if you're already there No psychological mumbo jumbo, because lack of sexual desire or psychology has nothing to do with it. There are two distinct physical types of humans in regard to sex. Dr. Pete explains how to tell the difference, how to find your own type and possible ways to proceed if you've paired up with the opposite type. A real how to book. In the matching of men and women in couples possibly leading to marriage, even though marriage is the leading cause of divorce and the most popular outcry amidst the divorce controversy with voices ringing in the halls of justice and accusations of infidelity and private investigators documenting the marital affairs of cheaters committing acts of adultery, etc, etc, etc... Women are often left wondering why men cheat? The truth of the matter is that it is not as rudimentary as being a men versus women issue at all. Even though the women get much less press than the men, the unfaithful wife is actually much more popular, but is much more stealthy in her approach to conducting her extramarital affairs. Dr. Pete Eaton reveals all in his book, *Sex Wise*, and tells the truth about relationship problems - especially when related to areas of sexual conduct - unraveling the secret to why men cheat and (even more) why women cheat, and it's not what you might expect, and it has nothing to do with lack of love! Dr. Eaton clearly explains that it is not the differences between men and women that are the reasons for divorce, rather it is due to a difference in the amount of innate sexual hunger which has nothing to do with men vs women, because both men and women are either hungry for sex, or not, and each have all different degrees of that hunger. Marriage problems are more due to compatibility issues due to mismatched sexual hunger. The insatiable desires of women and men are better of appropriately matched to other mates with the same sexual desires. The problem is with our mating methods when selecting a potential mate our species tends to put on its best face to impress and seduce potential mates to seal the deal. This leads to misrepresentation, i.e. women and men misrepresenting themselves as being sexually proficient with high levels of sexual desire, enough to satisfy any mate. You may have noticed that many of these sexually desirous individuals revert to their standard level of sexual desire. Also, presented are solutions for couples experiencing relationship problems due to differences in sexual hunger, breaking through the age old idea of infidelity and presenting ideas and examples of how to have and maintain a happy marriage, even if you are unequally matched in terms of sexual desire. Get prepared to enjoy the full satisfaction from your personal level of sexual desire, enjoy all the sexual activity to match the libido that you were born with, even if you are in a mismatched relationship. This could be the only real answer to how to save your marriage, even if you share sexual hungers on opposite ends of the spectrum."

#### **Out of Touch** - Michelle Drouin 2022-02-01

A behavioral scientist explores love, belongingness, and fulfillment, focusing on how modern technology can both help and hinder our need to connect. A Next Big Idea Club nominee. Millions of people around the world are not getting the physical, emotional, and intellectual intimacy they crave. Through the wonders of modern technology, we are connecting with more people more often than ever before, but are these connections what we long for? Pandemic isolation has made us even more alone. In *Out of Touch*, Professor of Psychology Michelle Drouin investigates what she calls our intimacy famine, exploring love, belongingness, and fulfillment and considering why relationships carried out on technological platforms may leave us starving for physical

connection. Drouin puts it this way: when most of our interactions are through social media, we are taking tiny hits of dopamine rather than the huge shots of oxytocin that an intimate in-person relationship would provide. Drouin explains that intimacy is not just sex—although of course sex is an important part of intimacy. But how important? Drouin reports on surveys that millennials (perhaps distracted by constant Tinder-swiping) have less sex than previous generations. She discusses pandemic puppies, professional cuddlers, the importance of touch, “desire discrepancy” in marriage, and the value of friendships. Online dating, she suggests, might give users too many options; and the internet facilitates “infidelity-related behaviors.” Some technological advances will help us develop and maintain intimate relationships—our phones, for example, can be bridges to emotional support. Some, on the other hand, might leave us out of touch. Drouin explores both of these possibilities. *Love, Sex, and Romance* - Sergio Garcia 2002

We spend so much time worrying about the little things in life, money, objects, bills, insignificant things really. We give these things much more importance than they deserve because these things are so truly trivial when compared to the significant things in life like love, health, family, and friends. We allow these trivial things to constantly overwhelm us and worry us sick. We always wish for the future, as opposed to rejoicing in the present and appreciating life for what it truly is, a gift, an opportunity to love and to be loved and by doing so opening our eyes to a truly beautiful reality, a reality we fail to see without love. We fail to see the true beauty of life, the beauty of a brand new morning, the beauty of a butterfly resting in a rose, or the sweet melodies the bird sing. Instead, we focus on the petty things, and by so doing we keep ourselves from achieving the true happiness we seek. Time and time again I have encountered unhappiness in life and particularly in relationships. People do not understand why their relationships are not going in the right direction. People wonder why they are not as happy as they wish they could be, and usually the reason for this is not an insurmountable one. This unhappiness is mostly caused by a lack of communication, lack of trust, lack of honesty, lack of attention or understanding. Sometimes a combination of these prevents us from achieving true happiness, but they can be overcome, and with my help and your willingness to change, you will achieve just that. These problems, unfortunately, are very common, but there is a solution, a simple solution I want to share with you. I want to change the status quo by providing you with the tools you will need to overcome these problems. I want to provide you with the tools you need to more successfully approach your love interest, to better deal with your significant other, and to even improve your marriage and everyday life. I will show you how to communicate, appreciate, and better understand your partner; above all, I will help you love again. The reason behind this book being written is the beautiful feeling one feels as soon as one falls in love, a feeling that should never disappear. It should evolve and become more objective, but no less beautiful; the flame of love should never vanish. The honeymoon period, whether you are married or have just entered into your first relationship, should not fade and pass; it should just transform and it can! It will require a little effort and awareness of each other's preferences, but remember all worthwhile endeavors do. The origin of this book then rests in the predominant lack of understanding between the sexes, in the predominant complaint, "My boyfriend pays more attention to his car than to me," as well as "My wife is always nagging; no matter what I do, she's never happy." The origin of this book is due to the strong belief that I can change that, that I can provide you, the reader, with a happy medium. I strongly believe that I can show you how to meet halfway, and become a happier person and a happier couple in the process. I believe that I can help change those statements to something more positive. I believe I can change those statements to something like: "my boyfriend enjoys spending time working on his car, but he loves me; I'm the most important thing in his life" or "my wife is the greatest - she knows how much I love her, and she knows any opportunity I get I want to be with her because I'm the most important person in her life." Maybe you noticed the use of "thing" and "person" and that is a purposeful mistake, as you will soon learn.

*Intimacy Intelligence* - Asif Iqbal 2019-10-03

Intimacy Intelligence is a Lovemaking Guide that dives directly into how to make the magic happen, step by step. I start by helping you get inside her head and heart. Then, you'll learn about how to heat things up using lots of foreplay (the most important part). Finally, I share what to do and watch for during actual play and how to tend to her after you've taken her over the edge. .A SEX GUIDE? UGH. WHY SHOULD I READ THIS? .I am writing this book as a way to side-step taboos around intimacy and female satisfaction. Growing up in a mostly Muslim country in the Indian

subcontinent, the ideas that suppressed women's needs and desires were normal. There are a lot of hang-ups around pleasuring women, and most of the time, it's not even a factor in people's sexual relationships. Sex has become a mostly one-sided venture that ignores women's basic needs, at best. At worst, many women feel forced, coerced, and even raped during sexual encounters with their male partners because society hasn't taught anyone to value open communication about sex. No one talks about intimacy publicly and the dismissal of female desire is so ingrained in society that even the most religious people are not immune..However, as I got older and learned more about my faith from reliable sources, I realized it was Indian culture (influenced by colonial British attitudes), not Islam, that discouraged and disempowered women. Prophet Muhammad (s) very clearly emphasized that women have the exact same right to sexual satisfaction as men and that any man who approaches his wife like a beast, only focusing on his own orgasm, is lacking masculinity. Muslim women are even justified in requesting a divorce from men who can't sexually satisfy them..Having said that, this book is for people of all faiths, cultures, and traditions. It is also for both men AND women. We have to talk about sex and pleasure if we are ever going to have healthy relationships. Why can't we have a straightforward, no-nonsense guide that helps us understand how to sexually approach our significant other?.I decided that instead of complaining, I would do something about this problem. The result? .An easy-to-follow, four-part framework with tantalizing and time-tested ways to make love. Based on both Eastern and Western erotology and psychology, this guide is both useful and universal. For men, this book focuses on providing practical guidance on how to please women. I want to help you master the art of female satisfaction. For women, this book is a quality checklist and an instruction to the type of intimacy you deserve. I want you to learn to expect better and learn to ask for what you want..I believe we shouldn't have to settle for anything less than stellar sex in our relationships and I've written this guide to prove that it is possible. .All you need is some intimacy intelligence..INTIMACY INTELLIGENCEA PRACTICAL GUIDE TO LOVEMAKING & SATISFYING WOMENBy Asif Iqbal (<https://asifim.com/keto>)

**Pulse of Red Wine** - Portland Johnson 2020-06-06

This isn't a story just about "us" and love. I spoke of some of our explicit encounters together. This book was conceived to give "us" another opportunity to become intimate with one another. You will have an erotic, suggestive, and interactive experience with me, your author, Portland J. This saga will include some of the people who were in our lives at the time we journeyed to several unforbidden territories.I am offering to you, raw details on how men think when it comes to committing to a relationship with you. This compelling description of how men and women relate will ignite several emotions within you. Are you not interested in having a successful relationship? If so, relive our story as I discuss relationship do's and don'ts, sexual intimacy, and day to day relations. Although a bit extreme, this was the only way I thought I could get your attention. I want you to remember what "sick" passions we shared. Even when we were apart, we dipped into some salacious waters. I want to remind you of how you relished being my ultimate "fantasy" girl. Come see if you remember our story the same way that I do.You will need to have a place of complete privacy to savor this read. Where no one will hear "us." We are going to become raw and fleshly again. I will show you how much you've been missed and how much you've missed the taste "us." You're still what I need.I miss feeling you breathe for my existence. I believe I have captured the core of what makes you different from every other woman I've ever experienced. I want "us" to salvage what we had.Are you already in a relationship? Do you feel like you love him? Does he whet your soul?All of which is fine. I kind of expected it. Then we can be "just friends." I will offer you advice on how to sustain your "healthy" relationship. I am still invested in your happiness if your choice is to be with this other person. All I want is to show you the type of man you deserve to have in your life, and if it isn't me, then you should ask yourself, "Is Portland's "fill-in" whom I want?Have your finest bottle ready and select the appropriate wine glass that will encompass the flavors of your "fruit." Go to our place of privacy and reengage yourself to our arousing chronicle.Currently yours, Portland J
