Affirmative Dynamic Psychotherapy With Gay Men - Carlton Cornett 1993-11-01

Drawing on concepts from Freud to Kohut, the authors of this volume remove the pathological stigma of homosexuality per se, a theoretical bias that may have long prevented dynamic therapists from working more effectively with gay clients. The authors manage to weave sophisticated theory with specific, pragmatic advice that is readily applicable in the first session of therapeutic work.

Counseling with Gay Men and Women - Natalie Jane Woodman 1980

Counseling Lesbian Women and Gay Men - A. Elfin Moses 1982

This book is intended to help professionals who want to provide gay clients with positive, appropriate treatment.

Counseling with Gay Men and Women - Natalie Jane Woodman 1980

Counseling Gay Men, Adolescents, and Boys - Michael M. Kocet 2014-06-27

Counseling Gay Men, Adolescents, & Boys: A Strengths-Based Guide for Helping Professionals and Educators provides practitioners and educators with critical information needed to help navigate the therapeutic and educational terrain of working with gay males. While other books address a broad range of issues when working with LGBTQ individuals, this volume devotes its focus to the specific needs of gay boys, adolescents, and men. This book also presents an important perspective about individuals who identify as bisexual and transgender, and examines the intersection between gender and sexual orientation. Readers will find practical resources, tools, and clinical case studies for mental health practitioners, professionals in school settings, educators, administrators, and medical personnel serving gay males.

Homosexuality & Psychotherapy - John C. Gonsiorek 1982

Here is the basic resource for therapists who work with homosexual clients. Written by professionals for professionals, *A Guide to Psychotherapy With Gay and Lesbian Clients* is an excellent compilation of data and sound suggestions for understanding the unique issues

and concerns facing gay men and lesbians.

Homosexuality - William Paul 1982-08-01

Over thirty essays cover every issue relating to homosexuality and the changing attitude towards it. The biology of homosexuality, its psychology, new approaches to counselling for gays, the process of coming out, male and female gay relationships, gay parenthood, and other social, political and cultural topics are addressed. 'Its 22 authors collectively present a significant contribution to the armamenarium of all those who seek, in whatever way, to answer rationally the irrational, prejudicial assumptions and accusations hurled at lesbian women and gay men. The authors critically report on the research, provide a rich source of suggestions for future research, including cautions concerning methodology, and suggest plans

Pink Therapy - Davies, Dominic 1996-05-01

A guide for counselors and therapists working with people who are lesbian, gay or bisexual. It provides an overview of lesbian, gay and bisexual psychology, and examines some of the differences between lesbians, gays and bisexuals, and heterosexuals. It proposes a model of gay affirmative therapy.

Psychotherapy with Gay Men and Lesbians - Jack Drescher 2014-02-25

Examine gay and lesbian psychoanalysis from a variety of perspectives! *Psychotherapy with Gay Men and Lesbians: Contemporary Dynamic Approaches* presents case histories of psychotherapy sessions with gay and lesbian patients, focusing on today's psychoanalytical approaches. Dedicated to enhancing the emotional, psychological, and psychiatric treatment of gay men, lesbians, and bisexuals, the book features prominent analysts with a wide range of clinical and theoretical approaches. The foremost experts in the therapeutic field address issues affecting gay and lesbian patients from psychoanalytic perspectives that respect the patients' sexual identities. *Psychotherapy with Gay Men and Lesbians* reflects the significant clinical and theoretical changes therapists face in dealing with issues of gender and sexuality. New ways of thinking coexist with traditional theory as paradigm shifts in psychotherapy and psychoanalysis affect the treatment of gay,

lesbian, and bisexual patients. This book provides a forum to address those changes through clinical papers and discussions. Psychotherapy with Gay Men and Lesbians includes discussion of case reports that deal with: gay therapists treating gay patients countertransference enactments of sex and gender in treatment rethinking the meanings of homosexuality psychotherapeutic treatment of gay male patients with AIDS and much more! Psychotherapy with Gay Men and Lesbians is an essential forum for the exchange of clinical information on gay and lesbian psychotherapy. The book is a valuable resource for psychiatrists, psychologists, social work therapists, psychoanalysts, and anyone interested in today's psychoanalytic approaches to homosexuality.

[The Treatment of Homosexuals With Mental Health Disorders](#) - Michael W Ross 2014-05-22

A major text for clinicians and researchers who have an interest in homosexuality and homosexual patients with mental disorders, this book is an up-to-date review as well as a handbook covering the full range of affirmative treatments and therapies for lesbian and gay clients. Expert contributors look at problems caused by stigma and homophobic societal attitudes and discuss methods that can be used to work with gay clients in a positive context. Other issues of particular importance in working with lesbians and gay men are addressed.

[Psychotherapy with Homosexual Men and Women](#) - Eli Coleman 1987

Affirmative Psychotherapy and Counseling for Lesbians and Gay Men - Jeffrey N. Chernin 2003

Affirmative Psychotherapy and Counseling for Lesbians and Gay Men offers a broad base of research, practice, and advocacy information about the special counseling needs of gays and lesbians. Authors Jeffrey N. Chernin and Melissa R. Johnson discuss universal themes as they apply to lesbian and gay clients, as well as issues unique to lesbians and gay men, including the treatment of same-sex couples and families, ethnic minority issues, and living with HIV/AIDS. They present sensible information on how to provide a safe therapeutic environment and how to interpret and apply psychological assessments.

Handbook of Affirmative Psychotherapy with Lesbians and Gay Men - Kathleen Ritter

2002-01-16

Grounded in current research, this comprehensive volume lays the foundations for effective, affirmative therapeutic practice with lesbian, gay, and bisexual clients. Addressed are family of origin issues; couple problems, including sex therapy with same-sex partners; vocational and workplace issues; and more. The extensive appendix lists a broad array of publications, advocacy groups, and Web-based resources for both professionals and consumers. 12/01.

[Group Psychotherapy for Homosexual Men](#) - Lee Birk 1970

Psychoanalytic Therapy and the Gay Man -

Jack Drescher 2014-05-22

Do the conventional insights of depth psychology have anything to offer the gay patient? Can contemporary psychoanalytic theory be used to make sense of gay identities in ways that are helpful rather than hurtful, respectful rather than retraumatizing? In *Psychoanalytic Therapy and the Gay Man* Jack Drescher addresses these very questions as he outlines a therapeutic approach to issues of sexual identity that is informed by traditional therapeutic goals (such as psychological integration and more authentic living) while still respecting, even honoring, variations in sexual orientation. Drescher's exploration of the subjectivities of gay men in psychoanalytic psychotherapy is more than a long-overdue corrective to the inadequate and often pathologizing tomes of traditional psychoanalytic writers. It is a vitally human testament to the richly varied inner experiences of gay men. Drescher does not assume that sexual orientation is the entire or even major focus of intensive psychotherapy. But he does argue, passionately and convincingly, that issues of sexual identity - which encompass a spectrum of possibilities for any gay man - must be addressed in an atmosphere of honest encounter that allows not only for exploration of conflict and dissociation but also for restitutive confirmation of the patient's right to be himself. Through its abundance of first-person testimony from both clinical and literary sources, *Psychoanalytic Therapy and the Gay Man*

Downloaded from
legacy.opendemocracy.net on
2022-02-25 by guest

provides the reader with an unforgettable grasp of what it is like to discover that one is gay in our society and then to find the courage and humanity to live with that knowledge. Any mental health professional - regardless of his or her sexual orientation - who wishes to deal therapeutically with gay men will find Drescher's work indispensable. But it will also be compelling reading for anyone seeking psychological insight into gay men's lives and concerns.

A Guide to Psychotherapy with Gay and Lesbian Clients - John C. Gonsiorek 1985

Here is the basic resource for therapists who work with homosexual clients. Written by professionals for professionals, *A Guide to Psychotherapy With Gay and Lesbian Clients* is an excellent compilation of data and sound suggestions for understanding the unique issues and concerns facing gay men and lesbians.

Psychopathology and Psychotherapy in Homosexuality - Michael W. Ross 1988

An up-to-date review of the full range of affirmative treatments and therapies for lesbian and gay clients.

Counseling Gay Men and Lesbians - Robert L. Barret 2002

This text aims to assist readers in learning practical approaches to counseling and psychotherapy with gay and lesbian clients. Drawn from the authors' clinical experience as well as research studies, this book will help mental health professionals expand their repertoire of counseling interventions. This text's unique aspect is its focus on direct clinical application.

Working with Gay Men and Lesbians in Private Psychotherapy Practice - Christopher J Alexander 2020-03-24

Working with Gay Men and Lesbians in Private Psychotherapy Practice is written for private practitioners solely by private practice clinicians who specialize in the treatment of gay men or lesbians. Focusing on numerous clinical issues that gays and lesbians often deal with, *Working with Gay Men and Lesbians in Private Psychotherapy Practice* also offers you proven guidance for maintaining and promoting your psychotherapy practice as a business. You will explore issues such as whether the therapist should disclose her/his sexual orientation, and

how the therapist should address the degree to which internalized stigma about sexual orientation may impact the client's concerns about the process of therapy in general. This insightful volume also focuses on the special complexities introduced to psychotherapy by managed care. You'll find detailed, practical information about: a strategic plan for establishing, marketing, and developing a private practice in l/g/b psychology staying abreast of the latest research and trends in gay/lesbian mental health treatment planning with gay and lesbian clients lesbian/gay couples counseling multiple identity and gender issues particular to culture and ethnicity boundary issues *Working with Gay Men and Lesbians in Private Psychotherapy Practice* tackles how to therapeutically respond to the issues of gay men and lesbians. The practical strategies and specific suggestions can be directly incorporated into your work with gay and lesbian clients to ensure your success in confronting the specific issues and challenges they face.

Contemporary Perspectives on Psychotherapy with Lesbians and Gay Men - Terry S. Stein 2013-11-22

The psychiatric view of homosexuality has undergone a fascinating evolution in recent years. This includes not only the change from viewing homosexuality as a diagnosable illness, as opposed to an alternative life style, but also the development of considerable professional concern for providing appropriate mental health services to this previously underserved minority community. There has been an increasing recognition of the need for comprehensive services including, but not limited to, counseling, individual psychotherapy, and couples therapy. This book is written for the practicing clinician, and offers a comprehensive survey of the important clinical issues involved in the counseling and psychotherapy of gay men and lesbian women. It is an extraordinarily practical book and its breadth and depth make it appropriate for both the novice and the experienced therapist. SHERWYN M. WOODS Series Editor ix Preface We hear our mentors but do not often heed them. Freud's supportive, nonjudgmental approach to homosexuality provided an ambience within which discoveries could be made, that is, the discovery that

homosexuality was not a disease of mental degeneration and that sexuality, in the sense of a fundamental human propensity to find pleasure in social and physical attachments, was at its root directed to both sexes. The adherence to a

nonjudgmental approach was short-lived, suffered repression by homophobic defenses, and scientific zeal was directed toward "cure" rather than comprehension of the homosexual state.
