Language Arts Unit: A Rap Textbook - Rhys Langston Podell 2020-01-16

Language Arts Unit: A Rap Textbook is an exploration of rap as theory and praxis, race as form and content, music as social mobilizer and opiate. In a winding, discursive prefatory note Rhys Langston Podell utilizes a biting, absurdist humor to seriously appraise the power of words, music, and all manner of extra-lingual connotations in the age of rapid-transit information technologies. As the written half of a multimedia project, what follows are the lyrics from his long play album, written as poems with the clever enjambment of his characteristically idiosyncratic wordplay. Taken together, the prose and verse of Language Arts Unit present "two forms talking between themselves as

a product and response to the context of their creation: in one aspect, to write a lyric essay with sentences as bars, proposing a new, verbose sense of realness in a take-no-prisoners rapper's ethos of [trash]-talking between paragraphs; from another angle, to craft a rap album of nuance and expressionist poetics, proposing the form as an essential means of delivering ideas, one able to communicate complexities on various levels of understanding and comprehension."

Eastern European Youth Cultures in a Global Context - Matthias Schwartz 2016-04-29
The demise of state Socialisms caused radical social, cultural and economic changes in Eastern Europe. Since then, young people have been confronted with fundamental disruptions and transformations to their daily environment, while an unsettling, globalized world substantially reshapes local belongings and conventional values. In times of multiple instabilities and uncertainties,

this volume argues, young people prefer to try to adjust to given circumstances than to adopt the behaviour of potential rebellious, adolescent role models, dissident counter-cultures or artistic breakings of taboo. Eastern European Youth Cultures in a Global Context takes this situation as a starting point for an examination of generational change, cultural belongings, political activism and everyday practices of young people in different Eastern European countries from an interdisciplinary perspective. It argues that the conditions of global change not only call for a differentiated evaluation of youth cultures, but also for a revision of our understanding of 'youth' itself - in Eastern Europe and beyond.

Fly Betty - Treasure Blue
2013-02-05

CMC's own Harlem-bred literary giant Treasure Blue, brings you *Fly Betty*, the third installment in the acclaimed Harlem Girl Lost series. In the multi-billion dollar a year entertainment industry there is a secret society of women that few are privy to. All of these women are vying for one thing - an opportunity to live a luxurious, lavish lifestyle by

snagging a rich and famous singer, rapper or athlete. But being drop-dead gorgeous and super fly are only pieces of what it takes to catch one of these wealthy and highly sought after young millionaires. Where luck, timing and persistence can be determining factors on the surface - deceit, lies and manipulation are what it really takes to have a chance at catching their men. Betty Blaise, or Fly Betty to those who truly know her, was not in it to be a wife or even the baby momma of a wealthy public figure - she had her sights set higher, much higher. While most of these women use sex as their weapon of choice, Betty, a senior majoring in psychology, has developed a weapon that proves much more powerful. Up until now Betty has lived her life according to her own strict rules and standards, refusing to compromise for anyone, even if it potentially meant shielding herself from true love. But when she encounters a man that she would never have

anticipated falling for in a million years, soon, the very rules Betty once lived and died by are going to be put to the test. The very tools she used so effectively against wealthy men begin to turn against her – and deadly consequences are sure to follow.

feminist theory or media studies. "This excellent anthology grounds feminism as articulated through four waves and features feminists responding to pop culture, while recognizing that popular culture has responded in complicated ways to feminisms. Contributors proffer lucid and engaging critiques of topics ranging from belly dancing through *Fifty Shades of Grey*, *Scandal* and *Orange is the New Black*. This book is a good read as well as an excellent text to enliven and inform in the classroom." Dr. Jane Caputi Professor of Women, Gender and Sexuality Studies and Communication & Multimedia at Florida Atlantic University "Feminist Theory and Pop Culture is destined to be as popular as the culture it critiques. It is a contemporary collection that captures this moment in feminist time with diverse

analyses of women's representations across an impressive swath of popular culture. *Feminist Theory and Pop Culture* is the kind of text that makes me want to redesign my pop culture course. Again." Disposable Women and Other Myths of Global Capitalism -

Melissa Wright 2013-01-11

Everyday, around the world, women who work in the Third World factories of global firms face the idea that they are disposable. Melissa W. Wright explains how this notion proliferates, both within and beyond factory walls, through the telling of a simple story: the myth of the disposable Third World woman. This myth explains how young women workers around the world eventually turn into living forms of waste. *Disposable Women and Other Myths of Global Capitalism* follows this myth inside the global factories and surrounding cities in northern Mexico and in

southern China, illustrating the crucial role the tale plays in maintaining not just the constant flow of global capital, but the present regime of transnational capitalism. The author also investigates how women challenge the story and its meaning for workers in global firms. These innovative responses illustrate how a politics for confronting global capitalism must include the many creative ways that working people resist its dehumanizing effects.

The Resisting Muse: Popular Music and Social Protest - Ian Peddie

2017-09-29

Popular music has traditionally served as a rallying point for voices of opposition, across a huge variety of genres. This volume examines the various ways popular music has been deployed as anti-establishment and how such opposition both influences and responds to the music produced. Implicit in the notion of resistance is a broad adversarial hegemony against which opposition is measured. But it would be wrong to

regard the music of popular protest as a kind of dialogue in league against 'the establishment'. Convenient though they are, such 'us and them' arguments bespeak a rather shop-worn stance redolent of youthful rebellion. It is much more fruitful to perceive the relationship as a complex dialectic where musical protest is as fluid as the audiences to which it appeals and the hegemonic structures it opposes. The book's contemporary focus (largely post-1975) allows for comprehensive coverage of extremely diverse forms of popular music in relation to the creation of communities of protest. Because such communities are fragmented and diverse, the shared experience and identity popular music purports is dependent upon an audience collectivity that is now difficult to presume. In this respect, *The Resisting Muse* examines how the forms and aims of

social protest music are contingent upon the audience's ability to invest the music with the 'appropriate' political meaning. Amongst a plethora of artists, genres, and themes, highlights include discussions of Aboriginal rights and music, Bauhaus, Black Sabbath, Billy Bragg, Bono, Cassette culture, The Capitol Steps, Class, The Cure, DJ Spooky, Drum and Bass, Eminem, Farm Aid, Foxy Brown, Folk, Goldie, Gothicism, Woody Guthrie, Heavy Metal, Hip-hop, Independent/home publishing, Iron Maiden, Joy Division, Jungle, Led Zeppelin, Lil'Kim, Live Aid, Marilyn Manson, Bob Marley, MC Eiht, Minor Threat, Motown, Queen Latifah, Race, Rap, Rastafarianism, Reggae, The Roots, Diana Ross, Rush, Salt-n-Pepa, 7 Seconds, Roxanne Shanté, Siouxsie and the Banshees, The Sisters of Mercy, Michelle Shocked, Bessie Smith, Straight edge Sunrize Band, Bunny Wailer, Wilco, Bart Willoughby, Wirringyga Band, Zines.
