The Art Of Seduction - Robert Greene

2010-09-03

Which sort of seducer could you be? Siren?

Rake? Cold Coquette? Star? Comedian?

Charismatic? Or Saint? This book will show you

which. Charm, persuasion, the ability to create

illusions: these are some of the many dazzling

gifts of the Seducer, the compelling figure who

is able to manipulate, mislead and give pleasure

all at once. When raised to the level of art,

seduction, an indirect and subtle form of power,

has toppled empires, won elections and enslaved

great minds. In this beautiful, sensually designed

book, Greene unearths the two sides of

seduction: the characters and the process.

Discover who you, or your pursuer, most

resembles. Learn, too, the pitfalls of the anti-

Seducer. Immerse yourself in the twenty-four

manoeuvres and strategies of the seductive process, the ritual by which a seducer gains mastery over their target. Understand how to 'Choose the Right Victim', 'Appear to Be an Object of Desire' and 'Confuse Desire and Reality'. In addition, Greene provides instruction on how to identify victims by type. Each fascinating character and each cunning tactic demonstrates a fundamental truth about who we are, and the targets we've become - or hope to win over. The Art of Seduction is an indispensable primer on the essence of one of history's greatest weapons and the ultimate power trip. From the internationally bestselling author of The 48 Laws of Power, Mastery, and The 33 Strategies Of War.

With this book, you'll learn how to effectively communicate and connect with your spouse each week, and for a lifetime, with step-by-step guidelines that walk you through the four parts of a marriage meeting: expressing appreciation, coordinating chores, planning for good times, and resolving problems. Inspiring real-life stories demonstrate how transformative these brief meetings can be. The communication tips and techniques Berger has gleaned from helping hundreds of couples will guide you toward a deeper, more lasting love.

Womb Awakening - Azra Bertrand 2017-08-15
Rediscover the lost ancient mystery teachings of the Cosmic Womb • Explains how each of us has a holographic blueprint of the Womb of Creation, our spiritual Womb • Offers practices to help awaken your spiritual Womb, experience the Womb of God within, and activate the

Womb's sacred magic of creation and manifestation • Looks at the power of the moon and its connection to sacred Womb Consciousness • Explores how the lost Womb mystery teachings were encoded in folk and fairy tales, the legends of the Holy Grail, and the traditions of Mary Magdalene and Sophia • Includes access to three guided Womb Awakening audio journeys The Ancients lived by a feminine cosmology of creation, where everything was birthed and dissolved through a sacred universal Womb. Within each of us, whether female or male, lies a holographic blueprint of this Womb of Creation, connecting us to the Web of Life. By awakening your spiritual Womb, the holy of holies within the temple of your body, you can reconnect to the transformative energy of Womb Consciousness and reclaim your sacred powers of creation and love. Drawing on mythical and spiritual traditions from almost every culture, Dr. Azra and Seren Bertrand reconstruct the moon-based feminine mystery teachings of a lost global Womb religion, tracing the tradition all the way back to the Neanderthals and beyond. They explore how these teachings were encoded in the symbolism of folk and fairy tales; the legends of the Holy Grail; the traditions of Mary Magdalene and Sophia; the maiden, queen, and crone archetypes; and the teachings of alchemy and the chakras. They show how sages and shamans across the globe all secretly spoke of the Cosmic Womb and the sacred creative powers of Moon Blood. The authors look at the power of the Moon and its connection to sacred Womb Consciousness, offering meditations and practices to help awaken your spiritual Womb and activate its sacred magic of creation and manifestation. They explain how to activate the energetic gateways of the Womb and merge the heart and Womb to make sexual union the highest sacrament of love. Revealing how we must reconnect with the Divine Feminine to rebirth the Divine Masculine and restore balance to our world, they show how, as we reawaken the powerful ancient path of the Womb Mysteries, we help return our world to harmony with the wild, untamed creative flows and cyclical rhythms of the cosmos.

What Makes Love Last? - John Gottman
2013-09-10

"One of the foremost relationship experts at work today applies the insights of science toward understanding the real meaning of trust between a couple. He decodes the "why" behind betrayal and shows how partners can avoid or recover from unfaithfulness and maintain a loving relationship. Dr. John Gottman, the country's pre-eminent researcher on marriage, is famous for his Love Lab at the University of Washington in Seattle where he deciphers the mysteries of human relationships through scientific research. His thirty-five years of exploration have earned him numerous major awards, including from the National Institute of Mental Health, the American Psychological Association, and the American Association for Marriage and Family Therapy. Now, Dr. Gottman offers surprising findings and advice on the characteristic that is at the heart of all relationships: Trust. Dr. Gottman has developed a formula that precisely calculates any couple's loyalty level. The results determine a relationship's likely future, including the

potential for one or both partners to stray. A Love You Can Trust shows couples how to bolster their trust level and avoid what Dr. Gottman calls the "Roach Motel for Lovers." He describes how the outcome of--"sliding door moments," small pivotal points between a couple, can lead either to more emotional connection or to discontent. He suggests a new approach to handling adultery and reveals the varied and unexpected non-sexual ways that couples often betray each other. A Love You Can Trust guides couples through an empirically tested, trust-building program that will let them repair and maintain a long-term, intimate, and romantic relationship"--

Confessions of a Recovering Environmentalist -
Paul Kingsnorth 2017-03-21

Paul Kingsnorth was once an activist, an ardent environmentalist. He fought against rampant development and the depredations of a corporate world that seemed hell-bent on ignoring a looming climate crisis in its relentless pursuit of profit. But as the environmental movement began to focus on 'sustainability' rather than the defence of wild places for their own sake and as global conditions worsened, he grew disenchanted with the movement that he once embraced. He gave up what he saw as the false hope that residents of the First World would ever make the kind of sacrifices that might avert the severe consequences of climate change. Full of grief and fury as well as passionate, lyrical evocations of nature and the wild, *Confessions of a Recovering Environmentalist* gathers the wave-making essays that have charted the change in Kingsnorth's thinking. In them he articulates a new vision that he calls 'dark ecology,' which stands firmly in opposition to the belief that technology can save us, and he argues for a renewed balance between the human and nonhuman worlds. Provocative and urgent, iconoclastic and fearless, this ultimately hopeful book - which includes the much-discussed 'Uncivilization' manifesto - poses hard questions about how we've lived and how we should live.

Female Sexual Function and Dysfunction - Elisabetta Costantini 2017-06-19

This book discusses all aspects of sexuality in women and in particular explores sexual function and dysfunction in a variety of settings, including the different stages of life and a wide range of major diseases and local conditions. The aim is to refocus attention on the needs and sexual realities of women, providing a fresh point of view that will assist gynecologists, sexual medicine physicians, and urologists in delivery of high-quality care and help women themselves to understand and address sexual problems relating to desire, arousal, orgasm, and sexual pain. Psychological aspects of female sexuality and the impacts of the aging process, pregnancy, and childbirth are carefully examined. Extensive consideration is then given to the effects on sexual function of such conditions as cardiovascular disease, cancer, diabetes, neurological disease, endometriosis, pelvic organ prolapse, urinary incontinence,

reproductive disorders, sexual abuse, and drug abuse. Issues of sexual identity and female dysmorphophobias are also considered. The authors are all experts in the field and have a deep understanding of the complexities of female sexuality.
