**Is There Still Sex in the City?** - Candace Bushnell 2019-08-06

Twenty years after her sharp, seminal first book *Sex and the City* reshaped the landscape of pop culture and dating with its fly-on-the-wall look at the mating rituals of the Manhattan elite, the trailblazing Candace Bushnell delivers a new book on the highs and lows of sex and dating after fifty. Set between the Upper East Side of Manhattan and a country enclave known as The Village, *Is There Still Sex in the City?* gathers Bushnell's signature short, sharp, satirical commentaries on the love and dating habits of middle-aged men and women as they continue to navigate the ever-modernizing world of relationships. Throughout, Bushnell documents twenty-first century dating phenomena, such as the “Unintended Cub Situation” in which a sensible older woman suddenly becomes the love interest of a much younger man, the “Mona Lisa” Treatment — a vaginal restorative surgery often recommended to middle-aged women — and what it's really like to go on Tinder dates as a fifty-something divorcée. Bushnell also updates one of her most celebrated stories from *Sex and the City*, about “Bicycle Boys,” a breed of New York man who is always trying to bring his bike up to women's apartments. Once an anomaly, Bushnell charts their new ubiquitousness, in addition to where, and how, to do your own man stalking via bicycle (and whether or not it's worth it).

**Manolo Blahnik** - Colin McDowell 2003

For many years Manolo Blahnik was the open secret of the fashion world, his shoes de rigueur for any stylish woman. Then, with *Absolutely Fabulous* and *Sex in the City*, he became world-famous to millions. In this fully authorized book, Colin McDowell uncovers the man behind the label. Blahnik claims that his decision to be a shoemaker was 'one of those accidents of life. I could just as well have been a milliner or a fashion designer'. His choices were wide but he chose shoemaking and started his highly successful business in 1972. From the beginning Blahnik's shoes reflected his style, wit and flair. He draws shoes with a verve that is uniquely his own, capturing their spirit and mood in a few deft lines. As a total perfectionist, Manolo Blahnik controls every process in the production of his shoes and still makes the last of every shoe in a collection with his own hands. He has made shoes for everyone from Bianca Jagger, Jerry Hall and Diana Ross to Kate Moss, Naomi Campbell and Victoria Beckham. His designs have been described by Madonna as 'wonderful - they last longer than sex'. He also creates shoes for many designers including John Galliano at Christian Dior and Oscar de la Renta. It is therefore of no surprise that the word 'Manolos' has become synonymous with the finest footwear in the world. Through his informative text Colin McDowell takes us into Blahnik's factory and homes to show us his life and his work and, combined with a stunning selection of photographs reveals this ultimate fashion icon as never seen before.

**Arrangements in Blue: Notes on Loving and Living Alone** - Amy Key 2023-05-09

Most Anticipated Books of 2023: *The Millions*, *The Rumpus* “The poet Amy Key’s first book might be the most hyped memoir of 2023 (or at least a close second to *Spare*)... This raw, gorgeous, pulsing memoir is...the harbinger of a real talent.” —Laura Hackett, *Sunday Times* [UK] Amy Key—a writer “of rare and strange magic” (*Guardian*)—probes the art of living without romance in this soul-stirring debut. When British poet Amy Key was growing up, she envisioned a life shaped by love—and Joni Mitchell’s album *Blue* was her inspiration. “Blue became part of my language of intimacy,” she writes, recalling the dozens of times she played the record as a teen, “an intimacy of disclosure, vulnerability, unadorned feeling that I thought I’d eventually share with a romantic other.” As the years ticked by, she held on to this very specific idea of romance like a bottle of wine saved for a special occasion. But what happens when the romance we

are all told will give life meaning never presents itself?? Now single in her forties, Key explores the sweeping scales of romantic feeling as she has encountered them, using the album *Blue* as an expressive anchor: from the low notes of loss and unfulfilled desire—punctuated by sharp, discordant feelings of jealousy and regret—to the deep harmony of friendship, and the crescendos of sexual attraction and self-realization. Finding solace in Mitchell's songs, Key plumbs *Blue*'s track list for themes that resonate with her heart's seasons. Listening to the song "California," she explores the mixed emotions that come with traveling alone in a world built for couples; she juxtaposes the lonely lyrics of "My Old Man" with the pleasurable art of curating a perfect apartment for one; and with the utmost tenderness, she parses out her decision to not have children with the eloquent "Little Green." Mapping the evolution of her early conceptions of love through her adulthood, Key offers a tender and nakedly candid celebration of the many forms of intimacy that often go unnoticed. An essential work for both the single and the partnered, *Arrangements in Blue* is a bold manual for building a life on your own terms.

**Zukunftsentwürfe** - Markus Tauschek 2023

Zukunft ist ein schillernder Begriff: Für die einen ist die Zukunft ein gestaltbarer, mit Hoffnungen versehener Raum, auf den man aktiv einwirken kann. Für die anderen ist er mit Ängsten verbunden, weil etwa der Klimawandel oder globale Krisen die Menschheit insgesamt bedrohen. Kaum jemanden dürfte die Frage nach der Zukunft indifferent lassen. Sie ist umstrittener Gegenstand im politischen Diskurs oder wirkungsvolles und Affekte erzeugendes Objekt der Populärkultur und Gegenstand populärer Unterhaltung. Vorstellungen der Zukunft prägen Alltags- und Lebenswelten im Kleinen und legitimieren politisches oder ökonomisches Handeln im Großen. Die Zukunft wird in vielfacher Weise vorhergesagt und antizipiert, sie wird mit wissenschaftlichen Methoden modelliert, und die Zukunft wird mit machtvollen Effekten imaginiert. Wie machen sich Menschen in unterschiedlichen Kontexten ein Bild von ihrer Zukunft? Was sagt das über die Gegenwart aus? Wo spielen Zukunftsentwürfe überall eine Rolle, wie entstehen und wirken sie? Wie planen und antizipieren Menschen das Kommende? Mit diesen und weiteren Fragen setzen sich Studierende des Freiburger Masterstudiengangs 'Kulturanthropologie europäischer Gesellschaften' auseinander und entfalten in 22 Beiträgen ein kulturwissenschaftliches Panorama komplexer Zukunftsentwürfe in unseren Alltags- und Lebenswelten.
