Afterlife - Colin Wilson 2000

A subject of interest to all - is there life after death? Colin Wilson assesses the evidence - from the voices-in-the-head experience of psychiatric patients to the world of the clairvoyant, from books on the subject to psychical research. He includes striking case-histories of people who claim to have died and balances them against Bertrand Russell's conviction that there is no logical ground for belief in an afterlife. Is the near-death experience a defence mechanism of the brain, or have people actually been on the threshold of another world? This revised edition contains a new chapter on channelling.

The Nation - 1993

Songs of Freedom - James Connolly 2013-09-01

From the rollicking welcome of "A Festive Song" to the defiant battle cry of "Watchword of Labor," *Songs of Freedom* accomplishes the difficult task of making contemporary music out of old revolutionary songs. Far from the archival preservation of embalmed corpses, the inspired performance of a rocking band turns the timeless lyrics of James Connolly into timely manifestos for today's young rebels. As Connolly himself repeatedly urged, nothing can replace the power of music to raise the fighting spirit of the oppressed. Giving expression to Connolly's internationalism, musical influences ranging from traditional Irish airs to American rhythm and blues are combined here in refreshing creativity. As for the songs themselves, nine have lyrics by Connolly, three were written about Connolly, and one, "The Red Flag," was chosen by Connolly to be in the original *Songs of Freedom* songbook of 1907, subsequently becoming a classic song of Labor. The instrumentation is acoustic: guitars, uilleann pipes, whistles, fiddle, accordion, and Irish harp, as well as drums and bass. 1. A Festive Song 2. Be Moderate 3. Human Freedom 4. Connolly Was There 5. A Rebel Song 6. Saoirse a Rúin 7. When Labor Calls 8. O Slaves of Toil 9. Shake Out Your Banners 10. The Irish Rebel 11. The Red Flag 12. Watchword of Labor 13. Where

Is James Connolly?

Sex, Death, & the Angry Young Man - Mathew Callahan 1993-01-01

At Death's Door - Robert Barnard 2013-04-02

In Barnard's smoothly skilled sixteenth mystery, Caroline and Roderick Cotterel live a quiet life in Sussex with their grown, learning-disabled daughter and Roderick's senile, bedridden father Benedict, a once-famous and notorious novelist. But when Roderick's half-sister Cordelia asks to visit and look through Benedict's papers, things liven up. Their father's illegitimate daughter, she is writing a biography of her mother, Dame Myra Mason, a renowned actress whose rancorous break-up with their father had been much publicized. The biography will be more in the line of an expose, Cordelia having been emotionally abused by her mother, and no one is surprised when Dame Myra herself shows up to put a stop to it. When she is murdered in the local pub that night a host of possible suspects, led of course by Cordelia, is revealed. After some admirable and intuitive sleuthing by Chief Inspector Meredith identifies the murderer and accomplice, a secret long harbored by Caroline and Roderick is also disclosed. Appealing and distasteful characters alike make this another highly entertaining diversion from Barnard.

Changing Men - 1991

The Routledge History of Literature in English - Ronald Carter 1997

This bestselling guide to the developments in the history of British and Irish literature uniquely charts the main features of literary language development, highlights key language topics and spans over 1,000 years of literary history. This new guide to the main developments in the history of British and Irish Literature uniquely charts some of the main features of literary language development and highlights key language topics. Clearly structured and highly readable, unlike traditional histories of literature it spans over a thousand years of literary history from AD 600 to the present day. It emphasizes the growth of literary writing, its traditions, conventions and changing characteristics, and includes literature from the margins, both geographical and cultural. Key features

of the book are: * an up-to-date guide to the major periods of literature in English in Britain and Ireland * extensive coverage of post-1945 literature * language notes spanning AD 600 to the present * extensive quotations from poetry, prose and drama * a timeline of the important historical and political events This will be essential reading for all students of English literature and language.

Hangman Starman - Bruce Rimell 2022-10-05

CW: Suicidal ideation, self-harm, sex/death psychodynamics, but the journey moves from such darkness into radiant, transformative light! "and the glints on waves / are not glints on waves, but... / stars..." In summer 2010, artist and poet Bruce Rimell fell into a self-destructive spiral of suicidal ideation, confused hyperactivity, and dark dreams so unsettling and so persistent that they threatened to tear his life apart. The most prominent recurring nightmare was one in which he hanged himself and enjoyed it, eager to end his life, but at the last moment he would spit out letters, so did not die. Waking up terrified, he felt himself coming undone, desperately seeking answers but finding none. When he began to 'enter into the image' of this dream, rather than study it rationally, a new and unexpected transformative path opened up towards a more holistic Queer spiritual identity. This in turn kickstarted the healing of his latent self-destructive urges that arose from his internalised rage at centuries of homo/queerphobic persecution. 'Hangman Starman' is a visionary voyage through the darkest realms of Bruce's gay/queer psyche, a brutally honest account of his time in the underworld, and how he worked his dreams to burn his darkness through to the blazing light on the other side.

Journeys in Complexity - Alfonso Montuori 2016-01-22

In this book, fascinating autobiographical accounts by leading scholars in a variety of fields and disciplines provide a rich introduction to the art and science of complexity and systems thinking. We learn how the authors' interest in complexity thinking developed, the key figures and texts they encountered along the way, the experiences that shaped their path, their major works, and their personal journeys. This volume serves as an introduction to complexity as well as a vivid account of the

personal and intellectual development of important scholars. This book was originally published as a special issue of *World Futures*.

The Publishers Weekly - 1993

Feminism and Men - Steven Schacht 1998-10

Too often feminism has been defined as a "woman only" arena, or in competitive terms of male versus female privilege, rather than as a cooperative effort to improve the quality of life for everyone. Indeed, a good deal of feminist scholarship has failed to take into account the relational nature of gender, preferring instead to focus on the ways in which men and women are irreconcilably opposed. With a view to beginning a more constructive dialogue between women and men, the contributors to *Feminism and Men* argue that the feminist movement can no longer stand to view with suspicion those men who have proved themselves sympathetic to issues of gender equity. Bringing together the work of scholars across various disciplines committed to maximizing the inclusion of pro-feminist men in the feminist movement, the book convincingly demonstrates how and why feminist goals cannot be realized until men and women come together to eliminate the shared harm of patriarchal realities. Contributors include R.W. Connell, Riane Eisler, Kay Leigh Hagan, bell hooks, Christine A. James, Robert Jensen, Michael S. Kimmel, Gary Lemons, Michael Messner, Matthew Shepherd, and John Stoltenberg.

The Power of Partnership - Riane Eisler 2010-09-03

Based on the research that brought international recognition to Riane Eisler's groundbreaking work *The Chalice and the Blade* but addressing the world as it is today, *The Power of Partnership* offers inspiration and guidance for moving to the better lives we yearn for. Eisler offers us a new lens, a new paradigm, for seeing the world and living in it. The Partnership Model, which emphasizes mutual respect and a fundamental awareness of the sacredness of all life, creates a solid foundation for families, businesses, communities, and the world. In contrast, the suffocating paradigm that has guided much of recorded history — what Eisler calls the Domination Model — has led individuals and groups,

acting out of fear, to oppress women, wage war, terrorize, and subjugate others. Using these simple yet far-reaching models, Eisler shows how political and personal relationships based on domination inevitably result in misery and violence, while those founded on partnership foster respect, love, and an explosion of creativity.

Explosion of Deferred Dreams - Mat Callahan 2017-01-01

As the fiftieth anniversary of the Summer of Love floods the media with debates and celebrations of music, political movements, "flower power," "acid rock," and "hippies," *The Explosion of Deferred Dreams* offers a critical reexamination of the interwoven political and musical happenings in San Francisco in the Sixties. Author, musician, and native San Franciscan Mat Callahan explores the dynamic links between the Black Panthers and Sly and the Family Stone, the United Farm Workers and Santana, the Indian Occupation of Alcatraz and the San Francisco Mime Troupe, and the New Left and the counterculture. Callahan's meticulous, impassioned arguments both expose and reframe the political and social context for the San Francisco Sound and the vibrant subcultural uprisings with which it is associated. Using dozens of original interviews, primary sources, and personal experiences, the author shows how the intense interplay of artistic and political movements put San Francisco, briefly, in the forefront of a worldwide revolutionary upsurge. A must-read for any musician, historian, or person who "was there" (or longed to have been), *The Explosion of Deferred Dreams* is substantive and provocative, inviting us to reinvigorate our historical sense-making of an era that assumes a mythic role in the contemporary American zeitgeist.

Afterlife - Colin Wilson 1987

Covers split brain research, apparitions, telepathy, the magic of primitive man, precognition, out-of-the-body experiences, A-consciousness and B-consciousness, vampires, the subliminal mind, past lives, the mystery of multiple personalities, and contact with the dead.

Interviews with Britain's Angry Young Men - Dale Salwak 1984-01-01

In the 1950s, a young crop of British writers sprang forth with an unusual commonality of interests. They were promptly dubbed the "angry young men" by the press. Included are Colin Wilson, John Braine, John Wain,

Bill Hopkins, and more.

Muriel Spark: An Inclusive Study of her Illustrious Novels - Dr. Mousumi Paul 2023-07-13

From the Writer's Desk I am very much grateful to the Almighty and everyone whose blessings and inspirations has motivated me to write this book. Muriel Spark was a Unique voice of the 20th Century. In this book. An attempt has been made to incorporate the feelings, emotions, disturbances, instabilities of the Man that was represented in Muriel Spark works through her Characters. The moments, desires, fears that dwells in the mind of the character for which they are not responsible. I have tried to encamped the entire scenario by reflecting their situations in different chapters. It is seen that her novels are an experimental foray into the relationship between the author and her character through which she is able to explore her own role as a novelist. This book acknowledges the journey of the novelist who becomes more confident in writing her second novel. Readers can see her journey who has accepted her life as full of meaning, hall-marked by design and purpose. Muriel Spark - a singular voice of 20th century literature a novelist, poet, and essayist, she has style, she has charm, she has wit, she's profound, she's serious, she's religious, she's political. 'and I went on my way rejoicing'. To have read all of Spark is an achievement in itself, but also a spur to share that experience and to try to convey the impact and significance of her extensive portfolio. The best way to lead a writers life is time- tested and amply documented throughout history.

A Critical Guide to Intellectual Property - Mat Callahan 2017-10-15

Ours is an era when human genes can be copied and patented. From genetically modified foods to digital piracy, the concept of intellectual property (IP) and the laws upholding it play a foundational role in our society, but its political and ideological dimensions have rarely been understood outside of specialist circles. This collection cuts through the legal jargon that so often surrounds IP, to provide both a comprehensive history and analysis that explores the corporate interests that shape its conception and the movements that are developing alternatives. As the nature of industry changes, we might ask: what are the wider

implications of the concept of IP, be it for agribusiness and pharmaceutical companies or the film and music industries? Has IP law has been used to safeguard and assert the ownership of ideas and creativity, or is it an essential foundation of our culture? Today, with mounting challenges from the growth of free software and open source movements, this collection provides an accessible and alternative guide to IP, exploring its significance within the wider struggle between capital and the commons.

Flowers of Fire - Hawon Jung 2023-03-07

"Invigorating debut . . . [a] full-throated rallying cry." —Publishers Weekly One of Ms. Magazine's "most-anticipated feminist books of 2023" An eye-opening firsthand account of the ongoing and trailblazing feminist movement in South Korea—one that the world should be watching. Since the beginning of the #MeToo movement, tens of thousands of people in South Korea have taken to the street, and many more brave individuals took a stand, to end a decades-long abortion ban and bring down powerful men accused of sexual misconduct—including a popular presidential contender. South Korean feminists know that the revolution has been a long time coming, between battles against its own patriarchal society as well as challenging stereotypes of docile Asian women in the Western imagination. Now, author Hawon Jung will show the rest of the world that these women are no delicate flowers—they are trailblazing flames. *Flowers of Fire* takes the reader into the trenches of this fight for equality, following along as South Korean activists march on the streets, navigate public and private spaces where spycam porn crimes are rampant, and share tips and tricks with each other as they learn how to protect themselves from harassment and how to push authorities to act.

Jung, the former Seoul correspondent for the AFP, draws on her on-the-ground reporting and interviews with many women who became activists and leaders, from the elite prosecutor who ignited the country's #MeToo movement to the young women who led the war against non-consensual photography. Their stories, though long overlooked in the West, mirror realities that women across the world are all too familiar with: threats of defamation lawsuits to silence victims of assault, tech-based sexual abuse, and criminal justice systems where victims' voices are often met with suspicion and abusers' downfalls are met with sympathy. These are the issues at the heart of their #MeToo movement, and South Korean women have fought against them vigorously—and with extraordinary success. In *Flowers of Fire*, Jung illuminates the strength and tenacity of these women, too often sidelined in global conversations about feminism and gender equality.

The Angry Years - Colin Wilson 2014-01-29

What were the achievements of the 'angry' writers who emerged in the fifties? Historically, they gave birth to the satire movement of the 1960s—Beyond the Fringe, *That Was the Week that Was* and *Private Eye*. Their satire and irreverence aroused enthusiasm in man, and a new 'anti-Establishment' mood developed from *Look Back in Anger* and *The Outsider*. All literary movements acquire enemies, but the Angry Young Men of the 1950s accumulated more than most. Why? Wilson takes us on a journey back to this era, and reveals fascinating and sometimes disturbing stories from the Greats, including John Osborne, Kingsley Amis, Kenneth Tynan and John Braine—to name but a few. At all events, the story of that period makes a marvellously lively tale which, most importantly, was recorded by someone who was actually there.
