Doc Williamson 2014-06-14

This is NOT a school text, this is the stuff they DON'T teach in school. Every girl should read it. It's not mother's chat about the ""monthly visitor"" and tampons, it is about real sex, boys, and girls, men and women, pictures and diagrams, sexually transmitted diseases

(STD's), and orgasms, and more orgasms, and better orgasms, and how to teach your sex partner to help you have them. Mothers should be buying this book for their daughters, teens and even pre-teens. The author has extensive experience with young people and especially with parents in denial about their children's sexuality and sexual activity. Some of those

parents have sought out the author to apologize when they discovered how ignorant they had been about what was really going on. Even some parents who thought they were being open about sex with their daughters found that the kids did not know enough to prevent a repeat of their own pattern of teen pregnancy & single parenthood. I guarantee your daughter will want one for her daughter.

*Making Your Own Decisions about Sex* - A. S. Campbell  
2013-09-18

A part of being a healthy teenager is beginning to make your own decisions. However, research indicates that some teens girls are coerced into sexual relationships. In light of this, the writer provides teenage girls with a process of how to make their own sound determinations about sex. The writer uses anecdotes, and accessible examples to paint a balanced picture of the realities of teen sexual activity. Also, the writer provides teens with the tools to navigate the various sources of influence.

However, teens are left to decide whether "to be or not to be" sexually active.

**Sex** - Nikol Hasler 2010-06  
Discusses all aspects of sexuality and sexual behavior, including sexual orientation, masturbation, birth control, and sexually transmitted diseases, and answers teenagers' questions on sex in a straightforward and in-depth manner.

Going All the Way - Sharon Thompson 1996-09-30  
Describes the experiences of young American women coming of age in the late twentieth century, and provides firsthand accounts of love, desire, popularity, promiscuity, sex, birth control, and motherhood.

Boys & Sex - Joely Carey 2002  
Provides teenage girls with advice about many aspects of sex.

**Dilemmas of Desire** -  
Deborah L. TOLMAN  
2009-06-30

Be sexy but not sexual. Don't be a prude but don't be a slut. These are the cultural messages that barrage teenage girls. In movies and magazines, in music and advice columns, girls are portrayed as the object or the victim of someone else's desire--but virtually never as someone with acceptable sexual feelings of her own. What teenage girls make of these contradictory messages, and what they make of their awakening sexuality--so distant from and yet so susceptible to cultural stereotypes--emerges for the first time in frank and complex fashion in Deborah Tolman's *Dilemmas of Desire*. A unique look into the world of adolescent sexuality, this book offers an intimate and often disturbing, sometimes inspiring, picture of how teenage girls experience, understand, and respond to their sexual feelings, and of how society mediates, shapes, and distorts this experience. In extensive interviews, we listen as actual adolescent girls--both urban and suburban--speak

candidly of their curiosity and confusion, their pleasure and disappointment, their fears, defiance, or capitulation in the face of a seemingly imperishable double standard that smiles upon burgeoning sexuality in boys yet frowns, even panics, at its equivalent in girls. As a vivid evocation of girls negotiating some of the most vexing issues of adolescence, and as a thoughtful, richly informed examination of the dilemmas these girls face, this readable and revealing book begins the critical work of understanding the sexuality of young women in all its personal, social, and emotional significance.

**The Identity of Purity** -

Rhianna Sanford 2013-07-22

Downloaded from

on 2022-10-08 by guest

What does purity look like? Is it recognizable to the average teenage girl? Does she know that purity should be at the very foundation of her identity over makeup, short skirts, and finding a boyfriend? Purity carries an unpopular message in our culture, but the ignorance of purity could quite possibly be the greatest cause of the low self-esteem epidemic among teenage girls in our society. If a girl doesn't understand what kind of woman she was created to become, then chances are she will believe lies about herself from modern culture. As a result, throughout her life she will behave as if she's a much lesser being than her creator meant her to be. She may even become sexually active early in an attempt to feel desired and accepted. It's time she learns that her true beauty radiates brightly from the inside out!

The Identity of Purity will:

1. Define what purity is from God's perspective...not the world's.
2. Teach teenage girls Biblically about their true identity and purpose amid the

- lies from media and pop culture.
3. Guide teenage girls to sexual purity through a deeper walk with their creator.
4. Help teenage girls overcome
- 5 major obstacles to living a lifestyle of purity.

[Bad Girls](#) - Amanda H. Littauer 2015-07-17

In this innovative and revealing study of midcentury American sex and culture, Amanda Littauer traces the origins of the "sexual revolution" of the 1960s. She argues that sexual liberation was much more than a reaction to 1950s repression because it largely involved the mainstreaming of a counterculture already on the rise among girls and young

women decades earlier. From World War II-era "victory girls" to teen lesbians in the 1940s and 1950s, these nonconforming women and girls navigated and resisted intense social and interpersonal pressures to fit existing mores, using the upheavals of the era to pursue new sexual freedoms. Building on a new generation of research on postwar society, Littauer tells the history of diverse young women who stood at the center of major cultural change and helped transform a society bound by conservative sexual morality into one more open to individualism, plurality, and pleasure in modern sexual life.

**Puberty, Sexuality and the Self** - Karin Martin 2018-12-07  
Puberty, Sexuality and the Self considers the effects of puberty and teenage sexuality on adolescents. By analyzing interviews with 55 teenagers, Karin Martin finds that girls' self-esteem drops significantly more than boys' does at adolescence. While this finding is supported by previous

studies, Martin picks up where these earlier studies leave off by focusing on girls' development and considering different experiences of puberty and sex as an explanation for girls' greater drop in self-esteem. Puberty, Sexuality and the Self examines voice change, breast development, shaving, expectations of sex, the decision to have sex, experiences of sex and how boys and girls manage their emotions and selves throughout all of these new experiences. Comparing boys and girls at adolescence, Martin takes a qualitative look at puberty and sexuality, supporting her theory in the words of the adolescents themselves.

**Sexual Teens, Sexual Media**

- Jane D. Brown 2001-11-01

This collection explores the

sexual content of U.S. mass media and its influence in the lives of adolescents.

Contributors address the topic of sexuality broadly, including evidence not only about physical sex acts, but also about the role the media play in the development of gender roles, standards of beauty, courtship, and relationship norms. Chapters included here present new perspectives on what teens are paying attention to in the media, and offer insight into how teens are understanding and applying what the media present about sex and sexuality. Employing various methodological approaches, the studies also represent a diversity of adolescent audiences and deal with a wide variety of media content, ranging from teens' favorite TV programs to magazines, movies, music, and teen girls' Web pages. Taken as a whole, this volume highlights the significant roles the media play in adolescents' sexual lives. Sexual Teens, Sexual Media contributes important evidence to the ongoing debate
