Hollywood the Band - Steven Jordan Brooks

2012-10-18

HOLLYWOOD is a fictional rock band in the 1970s attempting to procure a record deal in the midst of cultural, political, social, and historical changes while dealing with their own issues, beliefs, and pasts. It is an epic tale of hard work and commitment that chronicles the hardships they must endure, the obstacles they must overcome, and the lessons they must learn. It reveals the inner workings of the music business and what it really takes to make it. With a keen sense of time, place, character, and events, it reflects the cultural shift and changing attitudes that defined a generation and influenced generations to come by interweaving issues

ranging from sexual attitudes, the drug culture, racial and civil rights issues, politics, womens issues, gay issues, the Viet Nam War, organized crime, alienation, dysfunctional families, and violence. It is a true Hollywood story, where success or failure is often a matter of talent, luck, and sacrifice.

rooms to cars in swimming pools, all rock 'n' roll's excesses are here, including murder and sexual deviancy, surprising brushes with the law that the stars thought they'd kept quiet, early and tragic deaths, drug overdoses, robbery, mis-marriages and groupies by the truckload

Sex, Drugs & Rock n Roll - Zoe Cormier
2014-08-07

How can wordless collections of sounds send shivers down our spines and tickle ancient parts of our brains we share with reptiles? How did a chemist's quest to create a drug to ease the pain of childbirth result in the creation of LSD? Why do goats partake in oral sex, and how can a horse (or even a table) make us weak in the knees? And how on earth could the revered

'father of anatomy' not know where the clitoris was? From tortoiseshell condoms to superstar athletes on hallucinogens, these burning questions are explored and dissected, mixed with insights from some of the world's bravest, cleverest and downright weirdest scientist experimenting on the edge - and themselves. It's a sharp shocker, an eye opener, asking the big questions about what it means to be human, about consciousness and happiness. It'll pull you in and gross out. Exuberantly curious and shamelessly exuberant, Guerilla Science's Zoe Cormier reinvents popular science for a new generation by breaking all the rules. Let's rock.

Ian Dury: Sex & Drugs & Rock 'N' Roll -

Richard Balls 2011-09-23

Here is the complete, no-holds-barred biography of the late, great self-made Essex lad himself! The abrasive Dury always met life head on, in his relationships and in his music, and this acclaimed biography does not shrink from chronicling some of his darker moments as well

as his triumphs. Author Richard Balls talked to over 50 of Dury's friends as well as Dury himself shortly before his death. Dury's extraordinary life was always a battle. As a rocker, lyricist, artist and actor he was unsentimental and uncompromising. As a man he was harder to fathom - until now. In this classic rock biography, the self-styled 'diamond geezer' stands revealed as a real diamond after all. This edition is updated to cover the release of the biopic Sex & Drugs & Rock 'N' Roll, and includes original interviews with Oscar-winning actor Andy Serkis who portrayed Dury in the film.

womans vision, the smitten guitarist devises a unique formula to capture the love of this young woman, even though he knows nothing about her not even her name! He writes and sends to her romantic elaborate poems that show his love of her, and signs his name Rumpelstiltskin, from the Brothers Grimm fairy tale, whose muse was youll never know my name. Set against a backdrop of sex, drugs and rock and roll of the music scene of that time, and with a cast of characters who prove that truth is stranger than fiction, this completely true modern fairy tale is the story of real love and romance that will change both of their lives forever! From the time he first saw her, to the time he took and held her hand, to the time he kissed those hands, to the time he kissed her lips, to the time he first touched her body, to the time he could have died in her arms, to the time he knew she was his one true soul mate, he knew this was not the ordinary. This was not the typical. This was once in a lifetime, his once in a lifetime.

Moore include: The Everett File: The Goody Gospel of Truthy Goodness.
