[A Return to Eros](#) Marc Gafni 2017-08-29 Discover the secret relationship between erotic, the sexual, and the sacred Sex is not negative or positive. Sex is not just neutral, nor is it merely sacred because it creates babies. None of these old sexual stories work for us anymore. We need a new sexual narrative. This book gives the new sexual narrative, what the authors call Sex Erotic. Erotic Mystics from the hidden tradition of Solomon's temple taught a secret doctrine: sex is the source of all wisdom. It's an expression of the erotic impulse of existence itself alive in us—the yearning for contact, pleasure, and aliveness. The sexual, however, is not the sum total of the erotic. Rather, the sexual teaches us how to live an erotic life in all dimensions of our existence. That is Sex Erotic. A Return to Eros: The Radical Experience of Being Fully Alive, from Drs. Marc Gafni and Kristina Kincaid, reveals the radical tenets of the relationships between the sexual, the erotic, and the holy. They share what Eros actually means and also the 12 core qualities of the erotic, which are modeled

by the sexual. These include being on the inside, fullness of presence, yearning, allurements, fantasy, surrender, creativity, pleasure, and more. A Return to Eros shows why these qualities of the erotic modeled by the sexual are actually the same core qualities of the sacred. The relationship between the sexual and the erotic becomes clear, teaching you how to live an erotically suffused existence charged with purpose, potency, and power. To be an empowered lover—not just in sex but also in all facets of your life—you must listen to the whisperings of the sexual. Transform your understanding and experience of love, sex, and Eros inside these pages.

Tantric Sex for Beginners Lisa Din 2020-09-08 This book will provide you with practical techniques and tips that you can apply before, during and after sex, but ultimately it is up to you to try these techniques for yourself. What I'm getting at here is that you and your partner already hold the 'magic key' - if you were in love once, but you don't feel like you are anymore; if you can't seem to find a mutual language - then there is potential that you are facing issues or miscommunication. And the good news is that there is a good change that they can be resolved using tantric sex techniques. Tantra gives a new approach to sex and brings you and your partner closer to your own authentic selves and to each other. Sure, it can be daunting to suggest to your partner that you try some of the techniques described in this book. It can make you feel vulnerable, exposed and afraid. But that's the deal in tantric sex - it is about reclaiming your innocence, your most authentic core. In order to heal relationship issues or residue from old painful sexual experiences, you must expose your vulnerabilities and fears, learn to trust your partner once again so that your insecurities can be aired out and transformed into your strengths.

Zoe Clayton Woolfe 2023-02-24 "Ishmael's journey in 'Zoe' is a thought-provoking exploration of the human psyche. The novel tackles heavy topics such as abuse, guilt, and identity, all while breaking new ground in the genre of erotic literature. As Ishmael becomes increasingly involved with Zoe and her healing journey, he is forced to confront his own limitations and assumptions about sexuality, which threatens his marriage and his entire way of life. The tension and emotion between Ishmael and Zoe are palpable, drawing readers in and leading them to its breathless climax.. With its mix of realism and mysticism, 'Zoe' is a complex and compelling work that may challenge some readers' expectations and push the boundaries of what is possible in literature. Fans of character-driven stories and deep explorations of the human condition will find much to appreciate in this well-nuanced tale. Although this is an ostensibly erotic work it often leaves the usual precincts of that genre and delivers the reader into a far less trafficked world that links sex and spirit.

The Mystery of Joyful Sex LAURA SCOTT 2012-09-10 The text printed on the previous pages is devoted to three issues: the joy of sex, intimate massage, and erotic games and foreplay. Their keystone is intimate touch. Its function cannot be overestimated, not only in its relation to sex but also to health, personal well-being, cheerfulness and life energy, etc. Its most evident role is in intimate massage. Of course, things are different between people dear to one another and strangers. In the first instance, intimate massage can be a prelude to sex, while in the second case it is just a service performed for a specific purpose. This publication is intended just as much for the single audience as it is for couples. This is why sex and massage are intertwined together in this book. However, it does not mean that the author is encouraging sexual intercourse at the end of a massage. Unless, of course, it is a result of the partners closeness and spontaneity. First of all, this publication shows the outstanding role of intimate touch for our health and well-being. Therapeutic intimate massage is not an overstatement for this special kind of massage because, its proper use, leads to the production of large amounts of endorphins which affect our mood. This mechanism of our brain activity was described in *Sexual Healing* by Barbara Keesling, PhD. It turns out that the same results can be achieved during intimate massage. So, this is why more than 300 ways of erotic and intimate touch are described in the book. One does not have to check out all of them but instead finding a reasonable quantity that corresponds to the temperament is recommended.

Off the Clock Roni Loren 2016-01-05 FROM THE NEW YORK TIMES BESTSELLING AUTHOR OF THE LOVING ON THE EDGE NOVELS, THE FIRST IN A SENSUAL NEW SERIES Overtime has never felt so good... Marin Rush loves studying sex. Doing it? That's another story. In the research lab, Marin's lack of practical knowledge didn't matter, but now that she's landed a job at The Grove, a high-end, experimental sex therapy institute, she can't ignore the fact that the person most in need of sexual healing may be her. Dr. Donovan West, her new hotshot colleague, couldn't agree more. Donovan knows that Marin's clients are going to eat her alive unless she gets some hands-on experience. And if she fails at the job, he can say goodbye to a promotion, so he assigns her a list of R-rated tasks to prepare her for the wild clientele of The Grove's X-wing. But some of those tasks are built for two, and when he finds Marin searching for a candidate to help her check off her list, Donovan decides there's only one man for the job—him. As long as they keep their erotic, off-the-clock activities strictly confidential and without strings, no one will get fired—or worse, get attached... Sex and the Goddess Karin E Weiss Ph.D., PhD 2019-11-25 It has been over twenty years since the full manuscript of my book was edited for publication in 1998. I had begun writing it in the previous decade, the 1980's... a period of flourishing women's liberation movements against the patriarchal status quo. Books about women's sexuality and spirituality were flooding the bookstores, and many

writers were producing profound studies of the untold heroism of women throughout history. I was a pioneer in the burgeoning field of Sex therapy and education at the University of Minnesota Medical School's "Program in Human Sexuality." In addition, I conducted women's self-enrichment groups and workshops in my private practice... "Woman's Discovery Institute" ... where I also gave professional Astrology readings and classes. This rich mix of psychology, philosophy, spirituality, and a knowledge of the cyclic patterns of life shown by astrology created within me an avid interest in researching women's unsung heroism throughout history. It brewed in me a heady fascination to stitch it all together in a circle montage that connects all women and all aspects of our multi-layered lives. I based my theory on the lunar cycle, which is eternally linked to women's menstrual, emotional, and psychic cycles. With a friend, I created a series of workshops for women to celebrate their many-faceted selves and gain confidence to pursue their goals. Yet for various reasons my book manuscript remained in my own bookshelf, never getting published. Until now... the times again call for women to claim their autonomy and gain equality in an overly male-dominated and viciously callous world. I am blessed to find in Xlibris a publisher ready to take on the project with me. I am thrilled to finally see my "Life's Masterwork" in print. You will find many divergent ideas in these two volumes. No single woman encompasses all that are described, but as you read and recognize these characters in yourselves and your friends, I hope it will help you gain a full appreciation of your own awesome erotic spirit and sacred sexual powers.

world just the way I like it. Five years ago, the first and only time I gave myself to a man, something terrible happened. Since then, I've remained isolated where no one can hurt me. Recently, in a moment of weakness, of desperate loneliness, I called someone. Some call him gigolo, others call him an escort, rent-boy, or a male prostitute. I call him Dillon. I had only meant to paint him, to capture his tan muscled physique, those chiseled features, that captivating smile on canvas. However, what started out as one call turned into two, into three...Then everything changed.
