

# Sexual Salvation Affirming Womens Sexual Rights And Pleasures

*Human Sexuality* - Vern L. Bullough 2014-01-14  
First Published in 1994. Routledge is an imprint of Taylor & Francis, an informa company.

**Child Trauma And HIV Risk Behaviour In Women** - Laura E. Whitmire 2013-11-12

First published in 1999. Routledge is an imprint of Taylor & Francis, an informa company.

**New Directions in Sex Therapy** - Peggy J. Kleinplatz 2013-05-13

*New Directions in Sex Therapy: Innovations and Alternatives* focuses on cutting-edge therapy paradigms as alternatives to conventional sex therapy and expands the definition of the field.

Replete with helpful clinical illustrations to demonstrate these new approaches in action, this book is intended for anyone who deals with sexual issues and concerns in therapy, clinicians of every kind, in addition to sex therapists.

*Sexual Salvation* - Naomi B. McCormick 1994-09-30

How does women's sexuality relate to femininity and violence against women? What effect does sex role socialization have on women's sexual relations? To what extent have sexual behavior, expectations, and research been shaped by a male-dominant society? These questions and more are addressed in this open-minded celebration of sexual diversity.

**Sexuality Education in Postsecondary and Professional Training Settings** - James Wm Maddock 2014-01-14

*Sexuality Education in Postsecondary and Professional Training Settings* keeps you up-to-date on the trends and issues in sexuality education in colleges, universities, and professional training institutions. A diverse group of authors, all experienced sexuality educators, offers summary information, critical commentary, thoughtful analysis, and projections of future trends in sexuality education in postsecondary settings. This keeps you current on the status of sexuality education and will move you to consider a variety of

concerns and challenges in designing and implementing sexuality education courses and programs. Finally, the chapters present you with valuable resources, ranging from historical references to contemporary website information. Beginning with an historical perspective on twentieth-century sexuality education, *Sexuality Education in Postsecondary and Professional Training Settings* includes information on the nature and extent of sexuality education in contemporary colleges and universities, as well as in institutions training teachers, clergy, and physicians. The book's expert authors analyze undergraduate curricular and pedagogical issues, as well as problems in classroom climate and the challenges of meeting objectives for behavioral change. Specific topics you learn about include: guidelines for teaching undergraduate sexuality courses--with a focus on philosophical issues; how to develop objectives and implement teaching strategies; print, media, and Internet resources for teaching; and commentary on controversial issues effects of various workshops on the contraceptive-related attitudes and behaviors of college students sexuality education and HIV/AIDS prevention education in teacher preparation institutions perceptions of faculty regarding curriculum and approaches to sexuality education in clergy training institutions sexuality education in medical school curricula in the U.S. and Canada *Sexuality Education in Postsecondary and Professional Training Settings* is a valuable guide for sexuality educators in postsecondary settings and educators in corollary areas such as health education, educational psychology, family education, or curriculum development. Also an informative and useful text for scholars, researchers, professionals, and students in the fields of sexuality education, behavioral sciences, applied social sciences, and social policy, this book presents a variety of philosophical and methodological approaches to

vital issues, ranging from qualitative phenomenological and interpretive methods to quantitative analyses to critical essays.

**The Gender of Sexuality** - Virginia Rutter 2012  
Rev. ed. of: *The gender of sexuality* / Pepper Schwartz, Virginia Rutter. Thousand Oaks: Pine Forge Press, c1998.

*The End of Love* - Eva Illouz 2021-09-15

Western culture has endlessly represented the ways in which love miraculously erupts in people's lives, the mythical moment in which one knows someone is destined for us, the feverish waiting for a phone call or an email, the thrill that runs down our spine at the mere thought of him or her. Yet, a culture that has so much to say about love is virtually silent on the no less mysterious moments when we avoid falling in love, when we fall out of love, when the one who kept us awake at night now leaves us indifferent, or when we hurry away from those who excited us a few months or even a few hours before. In *The End of Love*, Eva Illouz documents the multifarious ways in which relationships end. She argues that if modern love was once marked by the freedom to enter sexual and emotional bonds according to one's will and choice, contemporary love has now become characterized by practices of non-choice, the freedom to withdraw from relationships. Illouz dubs this process by which relationships fade, evaporate, dissolve, and break down "unloving." While sociology has classically focused on the formation of social bonds, *The End of Love* makes a powerful case for studying why and how social bonds collapse and dissolve. Particularly striking is the role that capitalism plays in practices of non-choice and "unloving." The unmaking of social bonds, she argues, is connected to contemporary capitalism which is characterized by practices of non-commitment and non-choice, practices that enable the quick withdrawal from a transaction and the quick realignment of prices and the breaking of loyalties. Unloving and non-choice have in turn a profound impact on society and economics as they explain why people may be having fewer children, increasingly living alone, and having less sex. *The End of Love* presents a profound and original analysis of the effects of capitalism and consumer culture on personal relationships and of what the dissolution of personal

relationships means for capitalism.

**A New View of Women's Sexual Problems** - Ellyn Kaschak 2014-02-25

Take a new look at women's sexuality! This fascinating book looks at the wide-ranging therapeutic, social, and political implications of the new paradigm of women's sexuality. International in scope and multidisciplinary in approach, *A New View of Women's Sexual Problems* examines the theoretical and practical effects of the landmark document produced by the Working Group on a New View of Women's Sexuality. The book brings together gender theory, psychology, social science, and medicine in a powerful cultural critique of the reigning medical approach to women's sexual health. International experts from India, Costa Rica, Israel, the US, and many other cultures place this revolutionary idea in cultural and political context, as well as extrapolating fresh new treatment options for dealing with women's sexual problems. *A New View of Women's Sexual Problems* analyzes the new paradigm's implications in many fields, including: family medicine couples counseling for straight and lesbian partners STD prevention and sexual health issues sex therapy sex education feminist theory developmental psychology

[Routledge International Encyclopedia of Women](#) - Cheris Kramarae 2004-04-16

For a full list of entries and contributors, sample entries, and more, visit the [Routledge International Encyclopedia of Women](#) website. Featuring comprehensive global coverage of women's issues and concerns, from violence and sexuality to feminist theory, the [Routledge International Encyclopedia of Women](#) brings the field into the new millennium. In over 900 signed A-Z entries from US and Europe, Asia, the Americas, Oceania, and the Middle East, the women who pioneered the field from its inception collaborate with the new scholars who are shaping the future of women's studies to create the new standard work for anyone who needs information on women-related subjects.

**Intersectionality, Sexuality and Psychological Therapies** - Roshan das Nair 2012-04-23

This book explores the diversity in lesbian, gay, and bisexual lives, with the aim of opening up therapists' understanding of this diversity so

that they can work in an ethical, supportive and non-discriminatory way with these individuals. Offers a comprehensive look at diversity within LGB populations, including the interactions between different areas of social difference using contemporary approaches Focuses on the practitioner, illustrating concepts with vignettes and case studies for implementing practical applications Emphasizes gender balance, fully exploring both male and female perspectives on each topic Encompasses different perspectives, including critical health psychology, discursive psychology, intersectionality, critical and cultural theory, and post-colonial discourse, while remaining accessible to all

**The Politically Incorrect Guide to Women, Sex And Feminism** - Carrie L. Lukas  
2006-05-01

The latest in the "New York Times" bestselling series is the perfect antidote to the lies told in boardrooms, locker rooms, and universities that are brainwashing young women every day.

**Sin or Salvation** - Amy Mahoney 2013-10-18  
When in therapy, women inevitably present both sexual and spiritual issues of importance. However, there has yet to be brought forth an integrating approach to women's sexuality and spirituality. The book fills this gap, integrating these two diverse yet connected aspects of therapy. This innovative exploration of women's experiences of their sexuality and spirituality is presented from a feminist psychological perspective, clearly illustrating the dichotomy that exists in Western culture and offering a unique approach for convergence. This book provides therapists with positive and self-affirming viewpoints and practical strategies to help harmonize sexual and spiritual issues in women clients. The book uses a synergistic perspective to facilitate healing for women's psycho/sexual/spiritual growth and development. Therapists are provided with invaluable tools for personal understanding and clinical practice when considering sexuality and spirituality and how they interact in a client's life. This book is crucial reading for psychotherapists, counselors, social workers, educators, pastoral counselors, and anyone interested in learning more about the intersections between sexuality and spirituality. This book was published as a special issue of *Women & Therapy: A Feminist*

Quarterly.

**The Etherized Wife** - Leslie Margolin 2021  
"The Etherized Wife provides a comprehensive examination of the evolution of sex therapy through the prism of gender. The book makes the argument that in sex therapy, like other domains of life in which men set the standard of normality, women have been judged normal to the degree they match men's expectations. What is particularly striking about this bias is that it contradicts therapists' overt identification with feminism and the battle against women's inequality. To support these claims, Leslie Margolin maps a series of case studies drawn from the discipline's own literature-the articles and books that have been, and continue to be treated as exemplars of the discipline's collective consciousness. Through examination of case studies which focus on discrepancies in sexual desire, where the man wants more sex and the woman less, the book shows how therapists have favoured the man's side. The Etherized Wife shows how the sex therapy discipline has unintentionally enshrined male sexuality as the model of normal, natural, healthy sexuality"--  
**A New Psychology of Women** - Hilary M. Lips  
2016-05-04

Rich, original, and transformative, the latest edition of *A New Psychology of Women* examines how gender-related expectations interact with other cultural assumptions and stereotypes, and with social and economic conditions, to affect women's experiences and behavior. Absorbing narratives centered on essential topics in psychology and global research engage readers to grasp cutting-edge insights into the psychological diversity of women. Aware that our own cultural experience colors and limits what we think we know about people, veteran educator and scholar Hilary Lips imbues her discussions with international examples and perspectives to provide an inclusive approach to the psychology of women. A wide range of new and extensively updated topics optimize readers' knowledge of how disparate perspectives from cultures throughout the world shape women's behavior and attitudes toward: health care / violence against women / poverty / labor force participation / occupational segregation / unpaid work / stereotyping and discrimination / expectations about power within marriage /

female genital mutilation / theories of gender development / women's attitudes toward their bodies / use of social media / media portrayals of girls and women / women in political leadership roles Among thoroughly updated topics particular to US culture are same-sex marriage, Latina women's issues, the portrayal of women of different ethnic and cultural groups on television, and breast cancer survival rates of African American and European American women. Boxed items containing learning activities, profiles of women who helped shape psychology, and suggestions for making social changes appear throughout the text. Each chapter concludes with discussion questions, key terms, suggestions for additional reading, and Web resources.

### **Women's Health and Medicine:**

**Transforming Perspect** - Alice J. Dan 2003-06  
A vital collection of essays on women's health and women's health studies, edited by leaders in the field.

*Sexual Salvation* - Naomi McCormick 1994-09-30  
What is the nature and purpose of women's sexuality? How does women's sexuality relate to femininity, masculinity, and violence against women? What effect does sex role socialization have on women's sexual relations? To what extent have sexual behavior, expectations for intimacy, and sex research been shaped by a male-dominant society? These questions and more are addressed in *Sexual Salvation*, an open-minded and comprehensive celebration of cultural and sexual diversity. Relying on her 21-years' experience as a feminist sex-researcher, clinical psychologist, and college professor, the author illuminates the wide-ranging experiences women have had with sexuality and intimacy. Linking new feminist scholarship with emerging social science and therapist work, she makes contributions to understanding women's sexuality clear, logical, and appealing for a broad group of readers--women and men alike. The Cold War might be over but the Women's Sex and Culture War continues in full force. Women argue with men and each other. Politically conservative individuals argue among themselves and most of all with feminists. But feminists are far from united: one group argues persuasively that women are men's sexual victims and require additional protection; the

opposing feminist group argues just as articulately that women deserve sexual autonomy, not increased restrictions under the guise of protection. *Sexual Salvation*, written by Naomi McCormick, a distinguished feminist sex researcher, offers relief from divisive, extremist rhetoric. In her undogmatic, meticulously researched, and beautifully written book, McCormick acknowledges the contributions of all feminists to the affirmation of women's sexual rights and pleasures. Here for the first time is a book about and for all women, not just the white, middle-class, heterosexual, able-bodied women addressed by most popular authors (including many feminists). This is an inclusive and sensitive book that touches upon the sexuality of all women: women of color, women of all sexual orientations, women of all ages, women who live with disabilities and chronic illness, poor and working class women--as well as women from socially privileged groups. More valuable still, McCormick backs up her ideas with a solid grasp of multidisciplinary scholarship. Scholars and general readers alike will find *Sexual Salvation* remarkable for its seamless integration of sex research and feminist and psychotherapeutic literature; and--most compelling--for its honesty.

### **Regulation of Sexual Conduct in UN**

**Peacekeeping Operations** - Olivera Simic  
2012-05-25

This book critically examines the response of the United Nations (UN) to the problem of sexual exploitation in UN Peace Support Operations. It assesses the Secretary-General's Bulletin on Special Protection from Sexual Exploitation and Sexual Abuse (2003) (SGB) and its definition of sexual exploitation, which includes sexual relationships and prostitution. With reference to people affected by the policy (using the example of Bosnian women and UN peacekeepers), and taking account of both radical and 'sex positive' feminist perspectives, the book finds that the inclusion of consensual sexual relationships and prostitution in the definition of sexual exploitation is not tenable. The book argues that the SGB is overprotective, relies on negative gender and imperial stereotypes, and is out of step with international human rights norms and gender equality. It concludes that the SGB must be revised in consultation with those affected by it, namely local women and peacekeepers, and

must fully respect their human rights and freedoms, particularly the right to privacy and sexuality rights.

*The Gender Politics of HIV/AIDS in Women* - Nancy Goldstein 1997-06

From their posts at the center of the pandemic - in the laboratory, the academy, clinics, and community based organizations - experts such as Evelyn Hammonds, Risa Denenberg, Michelle Murrain, and Paul Farmer criticize blind spots in the recognition and treatment of HIV in women and articulate accessible and practical solutions to specific areas of difficulty.

**Sexual Salvation** - Naomi B. McCormick 1994-09-30

Linking new feminist scholarship with emerging social science and therapist work, this open-minded and comprehensive celebration of cultural and sexual diversity makes contributions to understanding women's

sexuality clear, logical, and appealing.

*Women's Sexuality Across the Life Span* - Judith C. Daniluk 2003-06-09

Moving beyond a traditional focus on sexual functioning, this book emphasizes the complex interaction of psychological, social, cultural and biological influences on women's sense of themselves as sexual beings. Written for practitioners and educators, its goal is to challenge contradictory messages and meanings that cause many women to feel disconnected from their bodies and from their needs and desires. Themes explored include the development of sexual awareness and sexuality in childhood and adolescence, the critical sexual choices of young adulthood, and the multiple transitions characterizing the middle and later years of life. The book features creative exercises and interventions to help girls and women construct more affirming sexual meanings.
