Dad Made Dirty Movies - Jordan Todorov 2020-09-21

Strippers, zombies, fugitives and jewel thieves. These were just some of the characters who inhabited the weird, wild films of director Stephen C. Apostolof in the 1960s and 1970s. But Apostolof's own life was every bit as improbable as the plots of his lurid movies. Escaping the clutches of the communists in his native Bulgaria, he came to America in 1952 and decided on a whim to reinvent himself as a Hollywood filmmaker, right down to the cigars, sunglasses and Cadillacs. He produced a string of memorable sexploitation classics, including the infamous *Orgy of the Dead*. Along the way, he married three times, fathered five children and forged a personal and professional relationship with the notorious Ed Wood, Jr. Drawing on rare archival material and interviews with those who knew him best, this first biography of Apostolof chronicles the life and career of a cult film legend.

Burlesque and the New Bump-n-grind - Michelle Baldwin 2004

Though burlesque has survived in the back of our cultural consciousness after being pushed aside by modern stripping in the '50s, the revival that began in the early '90s has finally brought burlesque back to the forefront of popular culture. Evolving from an underground movement to a nearly mainstream fetish, neo-burlesque embraces a wide variety of modern interpretations all based on the classic bump and grind and "taking it off" with a wink and a smile. From classic tributes to punk rock revisionists, women of all ages, sizes, and backgrounds are rediscovering burlesque and reinventing it. A sense of heightened imagination,

empowerment and energy are being delivered to the stage, perhaps even more so than during the historic heyday, the Golden Age of Burlesque. Slipping behind the scene, Burlesque and the New Bump-n-Grind undresses the issues of feminism, modern popularity, and what exactly draws the unique and varied audience members to the shows. The women--and men!--of burlesque also receive their fleshed-out dues by a categorized peek into the various troupe styles including classical, re-creationists, revivalists, modern, circus, performance art, political, queer, bawdy singers and comics. Peppered throughout the book are full-color and black-and-white photographs that fully instill the picturesque dance into the reader's mind. Founder of one of the first neo-burlesque troupes, author Michelle Baldwin (a.k.a, Vivienne Va-Voom) has helped to bring the lost art of burlesque back to the forefront of pop culture. Baldwin has served as the creative director, choreographer, music director, costumer, financial head, and performer for her troupe, "Burlesque As It Was." Her deep immersion into this art form has provided her with a rare view into the growth and evolution of the revival.

Genre and Hollywood - Steve Neale 2005-06-20

Genre and Hollywood provides a comprehensive introduction to the study of genre. In this important new book, Steve Neale discusses all the major concepts, theories and accounts of Hollywood and genre, as well as the key genres which theorists have written about, from horror to the Western. He also puts forward new arguments about the importance of genre in understanding Hollywood cinema. Neale takes issue with much genre criticism and genre theory, which has provided only a partial and misleading account of Hollywood's output. He calls for broader and more flexible conceptions of genre and genres, for more attention to be paid to the discourses and practices of Hollywood itself, for the nature and range of Hollywood's films to be looked at in more detail, and for any assessment of the social and cultural significance of Hollywood's genres to take account of industrial factors. In detailed, revisionist accounts of two major genres - film noir and melodrama - Neale argues that genre remains an important and productive means of thinking about both New

and old Hollywood, its history, its audiences and its films.

Defining Cult Movies - Mark Jancovich 2003-11-08

This collection concentrates on the analysis of cult movies, how they are defined, who defines them and the cultural politics of these definitions. The definition of the cult movie relies on a sense of its distinction from the "mainstream" or "ordinary." This also raises issues about the perception of it as an oppositional form of cinema, and of its strained relationships to processes of institutionalization and classification. In other words, cult movie fandom has often presented itself as being in opposition to the academy, commercial film industries and the media more generally, but has been far more dependent on these forms than it has usually been willing to admit. The international roster of essayists range over the full and entertaining gamut of cult films from Dario Argento, Spanish horror and Peter Jackson's New Zealand gore-fests to sexploitation, kung fu and sci-fi flicks.

Z pour Zombies - Bernard Perron 2015-02-18T03:20:00-05:00

Qu'est-ce qu'un zombie ? Un « paradoxe ambulant » précédé d'une odeur nauséabonde, selon certains ; un « héros culturel de l'ère néobaroque », selon d'autres. Parfois comique, le plus souvent terrifiant, cet être putride possède un insatiable appétit pour la chair fraîche et, occasionnellement, le sexe. Le monstre a envahi depuis longtemps la culture populaire : cinéma, bande dessinée, télévision, littérature et jeux vidéo regorgent de sa répugnante présence, qui commence aussi à infester le monde universitaire. À preuve, ce livre où des spécialistes de diverses disciplines se penchent sur le phénomène des morts-vivants, et posent des hypothèses pour mieux comprendre leur incroyable vitalité dans la psyché collective. Bernard Perron est professeur titulaire au Département d'histoire de l'art et d'études cinématographiques de l'Université de Montréal. Antonio Dominguez Leiva et Samuel Archibald sont tous deux professeurs au Département d'études littéraires de l'Université du Québec à Montréal.

Mondo Exotica - Francesco Adinolfi 2008-04-04

Tiki torches, cocktails, la dolce vita, and the music that popularized

them—Mondo Exotica offers a behind-the-scenes look at the sounds and obsessions of the Space Age and Cold War period as well as the renewed interest in them evident in contemporary music and design. The music journalist and radio host Francesco Adinolfi provides extraordinary detail about artists, songs, albums, and soundtracks, while also presenting an incisive analysis of the ethnic and cultural stereotypes embodied in exotica and related genres. In this encyclopedic account of films, books, TV programs, mixed drinks, and above all music, he balances a respect for exotica's artistic innovations with a critical assessment of what its popularity says about postwar society in the United States and Europe, and what its revival implies today. Adinolfi interviewed a number of exotica greats, and Mondo Exotica incorporates material from his interviews with Martin Denny, Esquivel, the Italian film composers Piero Piccioni and Piero Umiliani, and others. It begins with an extended look at the postwar popularity of exotica in the United States. Adinolfi describes how American bachelors and suburbanites embraced the Polynesian god Tiki as a symbol of escape and sexual liberation; how Les Baxter's album *Ritual of the Savage* (1951) ushered in the exotica music craze; and how Martin Denny's *Exotica* built on that craze, hitting number one in 1957. Adinolfi chronicles the popularity of performers from Yma Sumac, "the Peruvian Nightingale," to Esquivel, who was described by *Variety* as "the Mexican Duke Ellington," to the chanteuses Eartha Kitt, Julie London, and Ann-Margret. He explores exotica's many sub-genres, including mood music, crime jazz, and spy music. Turning to Italy, he reconstructs the postwar years of la dolce vita, explaining how budget spy films, spaghetti westerns, soft-core porn movies, and other genres demonstrated an attraction to the foreign. Mondo Exotica includes a discography of albums, compilations, and remixes.
