Reheated Cabbage - Irvine Welsh 2009-09-15
Hilarious, shocking and hugely entertaining, Reheated Cabbage has all the classic Irvine Welsh ingredients In Reheated Cabbage you can enjoy Christmas dinner with Begbie and discover how aliens addicted to Embassy Regal have Midlothian under surveillance. You will meet a husband who values a televised Hibs v Hearts game more than his wife's life and see two guys fighting over a beautiful girl agree - after a few pills and pints of lager - that their friendship is actually more important. And you will be delighted to welcome back 'Juice' Terry Lawson, and to watch what happens when he meets his

old nemesis under the strobe-lights of a Miami Beach nightclub. 'The stories combine sly humour with the tang of lived experience. It makes for a terrific collection, showcasing a writer who...has blossomed into one of the most distinctive, and distinguished, observers of British life' Sunday Telegraph

Marabou Stork Nightmares - Irvine Welsh 2009-01-01

Roy Strang is engaged in a strange quest in a surrealist South Africa. His mission is to eradicate an evil predator-scavenger bird, the marabou stork, before it drives away the peace-loving flamingo from the picturesque Lake Torto.

But behind this world lies another: the world of Roy's bizarre family, the Scottish housing scheme in which he grew up, his mundane job, a disastrous emigration to Africa, and his youthful life of brutality with a gang of soccer casuals. As one world crashes into the other, this potentially charming story of ornithological goodwill mutates into a filthy tale of violence, abuse and redemption.

Girls Against God - Jenny Hval 2020-10-20

A genre-warping, time-travelling horror novel-slash-feminist manifesto for fans of Clarice Lispector and Jeanette Winterson. Welcome to 1990s Norway. White picket fences run in neat rows and Christian conservatism runs deep. But as the Artist considers her work, things start stirring themselves up. In a corner of Oslo a

coven of witches begin cooking up some curses. A time-travelling Edvard Munch arrives in town to join a death metal band, closely pursued by the teenaged subject of his painting *Puberty*, who has murder on her mind. Meanwhile, out deep in the forest, a group of school girls get very lost and things get very strange. And awful things happen in aspic. Jenny Hval's latest novel is a radical fusion of queer feminist theory and experimental horror, and a unique treatise on magic, writing and art. "Strange and lyrical. Hval's writing is surreal and rich with the grotesque banalities of human existence."

—Publishers Weekly "The themes of alienation, queerness, and the unsettling nature of desire align Hval with modern mainstays like Chris Kraus, Ottessa Moshfegh, and Maggie Nelson."
—Pitchfork

now makes significant money managing DJs, but the constant travel, airport lounges, soulless hotel rooms and broken relationships have left him dissatisfied with his life. He's then rocked by a chance encounter with Frank Begbie, from whom he'd been hiding for years after a terrible betrayal and the resulting debt. But the psychotic Begbie appears to have reinvented himself as a celebrated artist and - much to Mark's astonishment - doesn't seem interested in revenge. Sick Boy and Spud, who have agendas of their own, are intrigued to learn that their old friends are back in town, but when they enter the bleak world of organ-harvesting, things start to go so badly wrong. Lurching from crisis to crisis, the four men circle each other, driven by their personal histories and addictions, confused, angry - so desperate that even Hibs winning the Scottish Cup doesn't really help. One of these four will not survive to the end of this book. Which one of them is wearing Dead Men's Trousers? 'Welsh is on compulsively

readable, searingly funny form' The Times 'No one captures the competing affections and resentments that underpin lifelong friendships like Welsh' Esquire

The Digested Read - John Crace 2006

Literary ombudsman John Crace never met an important book he didn't like to deconstruct. From Salman Rushdie to John Grisham, Crace retells the big books in just 500 biting satirical words, pointing his pen at the clunky plots, stylistic tics and pretensions of Big Ideas, as he turns publishers' golden dream books into dross. *Rave* - Irvine Welsh 2018-04-05

Irvine Welsh, 'poet laureate of the chemical generation', exposes the seamy underbelly of rave's utopian dream. Lloyd, our permanently pillled-up protagonist, pushes his weekends to breaking point and beyond in this frazzled trip through Scottish clubland. He experiences the vertiginous uppers and downers of the Second Summer of Love, dabbles in a spot of disc jockeying and closes in, gradually, on some kind

When Lucy Brennan, a Miami Beach personal-fitness trainer, disarms an apparently crazed gunman chasing two frightened homeless men along a deserted causeway at night, the police and the breaking-news cameras are not far behind. Within hours, Lucy becomes a hero. Her celebrity is short-lived, though: the 'crazed gunman,' turns out to be a victim of child sexual abuse and the two men are serial pedophiles. The solitary eye-witness, the depressed and overweight Lena Sorenson, thrilled by Lucy's heroism and decisiveness, becomes obsessed

with the trainer and enrolls as a client at her Bodysculpt gym. It quickly becomes clear that Lena is more interested in Lucy's body than her own.

Ecstasy - Irvine Welsh 2012

A best-selling authoress of Regency romances suffers a paralyzing stroke and plots revenge on her unfaithful husband; a soccer thug and his love go in search of the man who marketed the drug that crippled her in order to cripple him; Lloyd and Heather explore the true nature of house music and chemical romance in the grim backstreets of Edinburgh."

idiot-savant lover, the man-child Wee Jonty, out of prison? Will he find out the real motives of unscrupulous American businessman and reality-TV star, Ronald Checker? And, crucially, will Terry be able to negotiate life after a terrible event robs him of his sexual virility, and can a new fascination for the game of golf help him to live without... A DECENT RIDE? A Decent Ride sees Irvine Welsh back on home turf, leaving us in the capable hands of one of his most compelling and popular characters, 'Juice' Terry Lawson, and introducing another bound for cult status, Wee Jonty MacKay: a man with the genitals and brain of a donkey. In his funniest, filthiest book yet, Irvine Welsh celebrates an un-reconstructed misogynist hustler - a central character who is shameless but also, oddly, decent -and finds new ways of making wild comedy out of fantastically dark material, taking on some of the last taboos. So fasten your seatbelts, because this is one ride that could certainly get a little bumpy...

Porno - Irvine Welsh 2003-09-23

The explosive sequel to *Trainspotting* - ten years down the line. Still scheming, still scamming - it's ten years later and the boys from *Trainspotting* are still trying to fight for the first-class seats as the locomotive careers at high speed towards the buffers. Simon "Sick Boy" Williamson is back in his native Edinburgh after a spell in London. Having failed spectacularly as a hustler, pimp, husband, father and businessman, he taps into an opportunity, which to him represents one last throw of the dice. For this scam to work, Sick Boy needs bedfellows. A desirable one may be the lovely Nicola Fuller-Smith, a young student with enough ambition, ego and troubles to rival his own. However, to realize his dream of directing and producing a pornographic movie, Sick Boy teams up with old pal and fellow exile Mark Renton and a motley crew that includes the city's favourite ex-aerated-water-salesman, "Juice" Terry Lawson. In the world of *Porno*,

however, nothing is straightforward as Sick Boy and Renton find out that they have unresolved issues to address concerning the increasingly unhinged Frank Begbie, the troubled, drug-addled Spud, but, most of all, with each other. From the Trade Paperback edition.

Number #1 Bestseller* BEFORE TRAINSPOTTING CAME SKAGBOYS Mark Renton has it all: he's good-looking, young, with a pretty girlfriend and a bright future. But there's no room for him in the 1980s and when his family starts to fracture, Mark's life swings out of control. The way out is heroin. It's no better for his friends - Spud Murphy is laid off from his job, Tommy Lawrence finds himself sucked into a life of petty crime, violence and the world of the psychotic Franco Begbie. Only Sick Boy seems to ride the current, scamming and hustling his way through it all. Exhilarating and moving, Skagboys charts their journey from likely lads to young addicts in a decade which changed Britain forever. 'Masterful... its banter,

outrage and razor wit sing off the page' Independent 'Funny...visceral and true... Welsh's finest work to date' The Times

Glue - Irvine Welsh 2008-12-16

'Welsh is at the top of his game' The Face 'His most readable and memorable novel since Trainspotting' Independent on Sunday Glue is the story of four boys growing up in the Edinburgh schemes, and about the loyalties, the experiences and the secrets that hold them together into their thirties. As we follow their lives from the 70s into the new century - from punk to techno, from speed to Es - we can see

each of them trying to struggle out from under the weight of the conditioning of class and culture, peer pressure and their parents' hopes that maybe their sons will do better than they did. What binds the four of them is the friendship formed by the scheme, their school, and their ambition to escape from both; their loyalty fused in street morality: back up your mates, don't hit women and, most importantly, never grass - on anyone. 'His most complete and engaging work to date... arguably, his best book' TLS 'A coming-of-age story carved out with a broken bottle' Elle

The Blade Artist - Irvine Welsh 2016

The most terrifying character in "Trainspotting" returns -- with his own novel. Jim Francis has finally found the perfect life -- and is now unrecognisable, even to himself. A successful painter and sculptor, he lives quietly with his wife, Melanie, and their two young daughters, in an affluent beach town in California. Some say he's a fake and a con man, while others see him

as a genuine visionary. But Francis has a very dark past, with another identity and a very different set of values. When he crosses the Atlantic to his native Scotland, for the funeral of a murdered son he barely knew, his old Edinburgh community expects him to take bloody revenge. But as he confronts his previous life, all those friends and enemies -- and, most alarmingly, his former self -- Francis seems to have other ideas. When Melanie discovers

something gruesome in California, which indicates that her husband's violent past might also be his psychotic present, things start to go very bad, very quickly. "The Blade Artist" is an elegant, electrifying novel -- ultra violent but curiously redemptive -- and it marks the return of one of modern fiction's most infamous, terrifying characters, the incendiary Francis Begbie from "Trainspotting."
