## **Getting Wrecked** - Kimberly Sue 2019

"Getting Wrecked provides a rich ethnographic account of women battling addiction as they cycle through jail, prison, and community treatment programs in Massachusetts. Since incarceration has become a predominant American social policy for managing the problem of drug use, including the opioid epidemic, this book examines how prisons and jails have attempted concurrent programs of punishment and treatment to deal with inmates struggling with a diagnosis of substance use disorder. An addiction physician and a medical anthropologist, Kimberly Sue powerfully illustrates the impacts of incarceration on women's lives as they seek well-being and better health while confronting lives marked by structural violence, gender inequity, and ongoing trauma"--Provided by publisher.

[Getting In Is Not Enough](#) - Colette Morrow 2012-12

This anthology examines women's paid work in terms of both access to the economic system and the broader agenda of achieving feminist social change worldwide. Generations of feminists have linked women's empowerment, autonomy, and oppression to issues involving work. Most conflated women's economic and political clout with gender equity, arguing that increasing women's access to and leadership in the public workplace is crucial to the success of the feminist project. But recent debates about women's continued inability to gain equality in the workplace raise the need for new approaches to teaching about gender and employment. *Getting In Is Not Enough* responds to the challenge. Drawn from almost two decades of the *Feminist Formations* journal, the essays in this book critically examine assumptions about access and the ways in which women affect and are affected by work in three major spheres: economic, social, and political. *Getting In Is Not Enough* focuses on how access-based feminism, a term developed by Colette Morrow and Terri Ann Fredrick, has both failed and succeeded in achieving equity and justice for women and looks at how transnational feminism has addressed these concerns using a global, fundamentally transformative approach. The contributors consider a wide range of issues, from an examination of the male/female wage gap that starts when girls are teenagers, to policewomen in Persian Gulf countries, to Latinas' politics, to Aboriginal health care workers, to secretarial work, and to feminist activism in Cuban hip hop.

[Getting Into the Act](#) - Ellen Donkin 2005-08-03

Getting Into the Act is a vigorous and refreshing account of seven female playwrights who, against all odds, enjoyed professional success in the late eighteenth and early nineteenth century. Ellen Donkin relates fascinating, disturbing tales about the male theatre managers to whom they were indebted, and the trials and prejudices they endured, ranging from accusations of plagiarism to sexual harassment. This scarred turbulent early history still resonates in the late twentieth-century. The current ratio of female to male playwrights is virtually unchanged. Old patterns of male control persist, and playwriting continues to be a hazardous occupation for women. But within these scarred earlier histories there are equally powerful narratives of self-revelation, endurance, and professional triumph that may point to a new way forward. *Getting Into the Act* is entertaining and informative reading for anyone, from scholar to general reader, who is interested in the history and gender politics of the stage.

**How to Get Hitched (and Stay Hitched)** - Suzanne Venker 2021-08-31

Degree? Check. Career? Yup. Money? In the bank. Marriage? America is single. It's divorced, under committed, and hopelessly out of touch with how to build a relationship that lasts. Women, in particular, are groomed for a life centered on career and on being fiercely independent--as though marriage and family were a nice idea, or a possible accompaniment, to an otherwise satisfying life. But if flying solo is so great, why are online dating sites a billion-dollar industry, replete with clients looking to get hitched? In *How to Get Hitched (and Stay Hitched)*, author and marriage coach Suzanne Venker claims women need a detox from the bogus cultural narratives they've absorbed about men, sex, marriage, work and family. If you're a woman who wants a successful love life (not just a successful professional life), you're going to need a brand new roadmap. And now you have one. Here is just a sampling of the 12 steps: - Get over yourself - Find your feminine - Get a ring, not a roommate - Marry the accountant, not the artist - Know your body A call to arms, *How to Get Hitched (and Stay Hitched)* will ignite a much-needed debate about the misplaced priorities of the modern generation. It is the antidote women need to reject the lies they've been fed by our culture so they can build the happy, balanced lives they crave. "You have massively impacted the way I see and deal with men. Because of you, I started dating with a clear goal in mind (marriage and children) and also with discipline. At 25, this led me to my now boyfriend who soon will be my fiancé, husband, and hopefully father of my children. Thank you from the bottom of my soul for the enlightening and truthful work that you share with the world!" "The world and my own mother haven't spoken to me about any of this. Schools and the media taught me that career comes first and that I would be happy even without getting married and not having children. I thought what I was feeling wasn't quite normal until I found your work. Thank you sooo much, Suzanne!" - Lily from Australia "I love sharing Suzanne with jaded lonely girlfriends, lol." - Annie
