*Unsafe Exposure* - Kaje Harper 2021-04-27

Nothing wrecks a guy's day like finding out he's a werewolf. From the moment artist Dylan Shore arrives in Chicago, his life gets twisted like a kaleidoscope. Why does a street gang he's never met before want him dead? Why is a hot but odd mathematician stalking him? And how can half the things Alex Corwin says possibly be true, no matter how honest he seems? Alex has a frightening dilemma. Dylan is attractive, appealing, out and proud. He's also completely unaware that he's a werewolf. It shouldn't be Alex's job to tell him, and warn him that gay wolves usually end up dead. But someone has to,

before he finds out in blood and violence.

Chicago's not Alex's hometown, but somehow he needs to protect Dylan from the local packs, protect the wolves from being outed by Dylan, and keep his cool around the first man to touch his own deeply-closeted heart. (This is a lightly edited rerelease of the 2016 original.)

**Bitten** - Kelley Armstrong 2009-08-25

An erotically charged, addictive thriller from the future queen of suspense. Living in Toronto for a year, Elena is leading the normal life she has always dreamed of, including a stable job as a journalist and a nice apartment shared with her boyfriend. As the lone female werewolf in

existence, only her secret midnight prowls and her occasional inhuman cravings set her apart. Just one year ago, life was very different. Adopted by the Pack when bitten, Elena had spent years struggling with her resentment at having her life stolen away. Torn between two worlds, and overwhelmed by the new passions coursing through her body, her only option for control was to deny her awakening needs and escape. But now the Pack has called Elena home to help them fight an alliance of renegade werewolves who are bent on exposing and annihilating the Pack. And although Elena is obliged to rejoin her "family," she vows not to be swept up in Pack life again, no matter how natural it might feel. She has made her choice. Trouble is, she's increasingly uncertain if it's the right one. An erotically charged thriller, *Bitten* will awaken the voracious appetite of every reader, as the age-old battle between man and beast, between human and inhuman forces, comes to a head in one small town and within

one woman's body.

'Alek' Volkov was second beta, next in succession to the most powerful shifter in the world. He was proud of his title and he took his duties seriously. It was all he had. Until his true mate literally showed up on his doorstep. While his brother--the overachiever--excelled at having a vampire as a mate, Alek wasn't that optimistic he would. He wasn't averse to love, and he'd often thought of how different his life could've turned out if he'd ever experienced the emotion. His life was a mess and he'd worn a mask of stability for a majority of that time, only showing his siblings and pack what they needed to see--a strong Volkov alpha. Not the damaged man he was, with a tortured soul and a rogue wolf. Alek dropped his heavy head in his hands. Now, for some reason, I've been granted a true vampire mate. And not just any vampire. The intimidating Belleron Liatos. Lord High to the King and the leader of his army. Belleron 'Bell' Liatos had come to the states for one reason--his best friend and Vampire King, Chadwick Bentley. He

certainly didn't come to be pounced on by a wolf that could act independently of its master. Not only was his destined cherished a complicated and confused man; but he was also unaware of the powerful presence that lurked in the shadows of his soul. Bell didn't know he'd be the key to unlocking an exceptional triad that would play a critical role in fulfilling the prophesy. This story DOES NOT contain or even mention MPREG. No multiple pairings. No cliffhangers. Ends with a very HFN. Warning: This book is M/M paranormal: If you DO NOT like alpha men shifting into large wolves, or vampires feeding from their destined beloveds, than this may not be the novel for you.

he was getting into. Turns out, the deceased was the alpha of the most powerful werewolf pack on the eastern seaboard. And his death is highly suspicious. Regardless, Cooper is determined to love and support Park the way Park has been there for him. But Park left him woefully unprepared for the wolf pack politics and etiquette. Rival packs? A seating order at the dinner table? A mysterious figure named the Shepherd? The worst is that Park didn't tell his family one key thing about Cooper. Cooper feels two steps behind, and reticent Park is no help. There are plenty of pack members eager to open up about Park and why Cooper is wrong for him. Their stories make Cooper wonder if he's holding Park back. But there's no time to get into it...as lethal tranquilizer darts start to fly, Cooper needs to solve the mystery of the alpha's death and fight for the man he loves—all before someone else dies. He'd rather fight enemy wolves and rogue humans than face his own heart. When Aaron took down a violent, power-crazed wolf and inherited half a pack, he knew being Alpha wasn't going to be easy. A week later, he's finding out what an understatement that was. Other werewolves are calling for the extermination of his pack's gay wolf, or for Aaron's own death, and the risk of exposure to humans is growing. Aaron can't afford to let his long-suppressed sexuality escape his rigid control. When one of his younger wolves is in trouble, it's simply Aaron's job as Alpha to help and protect him. But keeping a cool distance from a young man who appeals to all his senses could be Aaron's toughest challenge.

Wolf in Sheep's Clothing - Charlie Adhara

2020-03-02

"The chemistry between these characters is downright palpable." —USA TODAY on The Wolf at the Door Agent Cooper Dayton and his partner, Oliver Park, are going undercover—at a retreat for couples who need counseling. They do say the best cover story is one that's close to the truth... Agent Cooper Dayton is almost relieved to get a phone call from his former boss at the Bureau of Special Investigations. It means a temporary reprieve from tensions created by house hunting with Oliver Park, his partner both in work and in life. Living together in a forever home is exactly what Cooper wants. He's just not keen on working out the details. With a former alpha werewolf missing, Cooper and Park are loaned to the BSI to conduct the search at a secluded mountain retreat. The agents will travel to the resort undercover...as a couple in need of counseling. The resort is picturesque,

the grounds are stunning and the staff members are all suspicious as hell. With a long list of suspects and danger lurking around every cabin, Cooper should be focusing on the case. But he's always been anxious about the power dynamics in his relationship with Park, and participating in the couples' activities at the retreat brings it all to the surface. A storm is brewing, though, and Cooper and Park must rush to solve the case before the weather turns. Or before any more guests—or the agents themselves—end up dead.
