Reading Novels During the Covid-19 Pandemic - Ben Davies

2022-10-20

Drawing on an ethnographic study of novel readers in Denmark and the UK during the Covid-19 pandemic, this book provides a snapshot of a phenomenal moment in modern history. The ethnographic approach shows what no historical account of books published during the pandemic will be able to capture, namely the movement of readers between new purchases and books long kept in their collections. The book follows readers who have tuned into novels about plague, apocalypse, and racial violence, but also readers whose taste for older novels, and for re-reading novels they knew earlier in their lives, has grown. Alternating between chapters that analyse single texts that were popular (Albert Camus's *The Plague*, Ali Smith's *Summer*, Charlotte Brönte's *Jane Eyre*) and others that describe clusters of, for example, dystopian fiction and nature writing, this work brings out the diverse quality of the Covid-19 bookshelf. Time is of central importance to this study, both in terms of the time of lockdown and the temporality of reading itself within this wider disrupted sense of time. By exploring these varied experiences, this book investigates the larger question of how the consumption of novels depends on and shapes people's experience of non-work time, providing a specific lens through which to examine the phenomenology of reading more generally. This timely work also negotiates debates in the study of reading that distinguish theoretically between critical reading and reading for pleasure, between professional and lay reading. All sides of the sociological and literary debate must be brought to bear in understanding what readers tell us about what novels have meant to them in this complex historical moment.

Measuring Well-being - Matthew T. Lee 2021

"This edited volume explores conceptual and practical challenges in measuring well-being. Given the bewildering array of measures available, and ambiguity regarding when and how to measure particular aspects of well-being, knowledge in the field can be difficult to reconcile.

Representing numerous disciplines including psychology, economics,

sociology, statistics, public health, theology, and philosophy, contributors consider the philosophical and theological traditions on happiness, well-being and the good life, as well as recent empirical research on well-being and its measurement. Leveraging insights across diverse disciplines, they explore how research can help make sense of the proliferation of different measures and concepts, while also proposing new ideas to advance the field. Some chapters engage with philosophical and theological traditions on happiness, well-being and the good life, some evaluate recent empirical research on well-being and consider how measurement requirements may vary by context and purpose, and others more explicitly integrate methods and synthesize knowledge across disciplines. The final section offers a lively dialogue about a set of recommendations for measuring well-being derived from a consensus of the contributors. Collectively, the chapters provide insight into how scholars might engage beyond disciplinary boundaries and contribute to advances in conceptualizing and measuring well-being. Bringing together work from across often siloed disciplines will provide important insight regarding how people can transcend unhealthy patterns of both individual behavior and social organization in order to pursue the good life and build better societies"--

Reposition Yourself - T.D. Jakes 2007-05-08

A bestselling author and leader of a congregation of 30,000, Jakes teaches spiritual principles of prosperity and success. He explains from a Christian point of view how to reconstruct attitudes about giving, sharing, and reaping life's rewards.

The Hidden World of Relationships - Judith Turner 2001-10-02

Presents a guide to the secrets of making relationships--personal, professional, and familial--thrive, in a collection of 366 portraits that draw on elements of astrology, psychology, and psychic thoughts.

Being Friends with Boys - Terra Elan McVoy 2013-04-23

From the author of "Pure" and "The Summer of Firsts and Lasts" comes a friendship story with one girl, several boys, and lots of complications.

In the Company of Friends - Llewellyn Vaughan-Lee 1994-08-08

The work of The Golden Sufi Center is to make available the teachings of

the Sufi path. Weaving together dreams and spiritual stories, this "wise, rich, deeply moving, and significant book" (Andrew Harvey) explores the inner journey and the group's role in facilitating it.

Being a Friend and Lover - Dick Purnell 1995

The author of the popular book Building a Relationship That Lasts now directs the single person toward establishing a successful, lifelong relationship as a married person. Topics include self-confidence, friendship, intimacy, and learning how to find attractive qualities in oneself and in others.

Family Dynamics and Romantic Relationships in a Changing Society - Sifton, Nava R. 2017-02-08

As society changes and develops, personal relationships can be significantly affected by evolving cultures. By examining amorous and familial bonds in the present era, a comprehensive understanding of relationship formation and development can be established. Family Dynamics and Romantic Relationships in a Changing Society provides a thorough examination of the types of emotional relationships that different cultures participate in. Highlighting innovative topics across a range of relevant areas such as LGBTQ relationships, long-distance relationships, interracial dating, and parental techniques, this publication is an ideal resource for all academicians, students, librarians, and researchers interested in discovering more about social and emotional interactions within human relationships.

Friends Into Lovers - Pamela Johnstone

Ah, the dreaded 'friend zone'... it's a situation where someone you're attracted to - and want to have a romantic and/or sexual relationship with - is only interested in you as a 'friend.' You don't know how you got there, you don't know why you got there, but you're there... and you want out! Almost every guy, and even many women, have been in a situation where they've wanted to be more than 'just friends' with another person. And yet, for some reason, nothing they've tried has worked. Moreover, they always have to tip-toe around the situation because they don't want to lose the friendship by making the wrong move. It truly is a horrible place to be stuck in...to be around someone, to be so close to them in

proximity, and even share so much of your lives with each other... and yet, what you really want from them is off limits. Since you're reading this report, there is a very good chance that... a. you have a current friend that you'd like to turn into your lover and/or girlfriend, b. you used to date and/or sleep with someone who now wants to be 'just friends,' c. you have been in one of the above situations in the past, maybe more than once, and you'd like to learn how to avoid it from happening during your future interactions with others, or... d. you've seen this happen to other people, where they end up in the 'friend zone'...and you want to be pre-emptive about it, so you can be prepared if it ever happens to you. Whatever your situation may be, this report will arm you with some powerful knowledge, as well as some cutting-edge seduction and persuasion strategies, which will easily help you to get out of the 'friend zone' and/or ensure that you never end up being 'just friends' with someone you are attracted to. And, if you have ever wondered why or how it happens in the first place, this report will also help you to finally understand why so many guys seem to always end up in the 'friend zone' by accident, even when you really don't want to. (That giant mystery will be solved in this report, once and for all.) Just as I do in most of my reports, I will start this one out by sharing some of the 'quick and easy' techniques with you. These will include tips you can put to use right away, and see results almost overnight. Then, I will cover some of the more advanced stuff, including powerful persuasion techniques, which may require a bit more work on your part to execute. But they will be well worth your time and energy investment, because the results they produce will be quite amazing. But, before we start getting into the techniques and strategies of how to turn a friend into a lover or girlfriend, there's something very important that we need to discuss first. Please do not skip over the next section - or any of the sections in this report, for that matter. If you do, you will only be hurting your own chances of making this process work effectively.

Love, Friendship, and Expediency in Cicero's Letters - Gabriel Evangelou 2022-03-18

By attacking Epicurean philosophy repeatedly in his public writings,

Cicero established himself as one of Epicurus' most fervent critics. The remarks that he makes about Epicureanism in his letters further suggest a genuine conviction that such a philosophy had no place in Roman society. This consistency in Cicero's statements has led most scholars to assume that Cicero could not have embraced any of the principles of the Epicurean school. This book challenges the conventional view of Cicero as someone who completely rejected Epicurean philosophy—even in his private life—because of its utilitarian character. It argues that his relationship with Pompey, Caesar, Atticus, Quintus, Terentia, and Tullia encompassed several aspects of Aristotle's account of *φιλία* (love and friendship) but was, nonetheless, ultimately based on expediency, in accord with Epicurus' conception of *φιλία*. While Cicero's statements in his public speeches and his letters to men with an active public life have been scrutinised for his lack of candour or for his tendency to exaggerate his achievements, the claims found in his letters to Atticus and to his family have not been treated with equal caution, as they tend to be taken at face value. The book highlights the large number of discrepancies in his remarks and argues that, despite his anti-Epicurean statements, personal benefit played a vital role in all of his relationships.

Television Show Trends, 2016-2020 - Yvonne D. Leach 2023-12-04

What do Euphoria, Normal People, Atlanta, Ramy, Vida, I May Destroy You, Stranger Things, and Lovecraft Country have in common? In the 2016-2020 time period they were created, these TV shows exemplified one (or more) of four noteworthy trends: authenticity, diversity, sexual candor, and retrospection. This is the first book to examine live action, fictional television shows produced within a five-year period through the lens of the trends that they epitomize. For each show, the following is discussed: the significance of the platform and the format; the intentions of the creators and showrunners; pertinent background information; similar shows and precedents; the storytelling approach; the cinematic form; and finally, how the show is emblematic of that particular trend. Since trends have the possibility of becoming part of the mainstream, they are important to identify as they emerge, especially for viewers who have a keen interest in narrative television shows.

Wrongness, Wisdom, and Wilderness - Tal Scriven 1997-01-01

Defends a libertarian social ethic that can support government action in pursuit of social goals and offers a new perspective on the relationship between social ethics, personal ethics, and environmental ethics.

The Philosophy of Friendship - M. Vernon 2005-09-08

In this new accessible philosophy of friendship, Mark Vernon links the resources of the philosophical tradition with numerous illustrations from modern culture to ask what friendship is, how it relates to sex, work, politics and spirituality. Unusually, he argues that Plato and Nietzsche, as much as Aristotle and Aelred, should be put centre stage. Their penetrating and occasionally tough insights are invaluable if friendship is to be a full, not merely sentimental, way of life for today.

Friendship: Interpreting Christian Love - Liz Carmichael 2004-10-01

The love of friendship has, at the least, established its place as a necessary model of love in Christian tradition. This study shows the deep roots it has in Christian thought, among both ancient and modern writers, and is intended to facilitate further reflection on and exploration of its creative potential now and for the future.

Love Blossoms from Friendship: A Timeless Bond - Shu Chen Hou

"Love Blossoms from Friendship: A Timeless Bond" Discover the Extraordinary Journey of Love and Friendship Are you ready to embark on an unforgettable journey, where the seeds of friendship bloom into the exquisite flowers of love? "Love Blossoms from Friendship: A Timeless Bond" is a heartwarming tale that explores the magic of transforming close companionship into a profound and lasting love story. Nurturing the Roots of Friendship: In this captivating book, we delve into the power of genuine friendship. Learn how the bonds you've nurtured over time can evolve into something extraordinary. "Love Blossoms from Friendship: A Timeless Bond" is your key to unlocking the extraordinary potential within your closest relationships. Don't miss this chance to embark on a journey of love and friendship that will touch your heart and leave you inspired. Get your copy today and let the blossoming of love begin!

Women in Love - D H Lawrence 2021-03-07

Women in Love by D. H. Lawrence Women in Love, which began as early as 1913, was provisionally titled "The Sisters", then later "The Wedding Ring". As the vast manuscript began to take shape over the next two years, Lawrence published the first part as The Rainbow (1915). With significant revisions and a complete rethinking of the material, he published a second Brangwen novel in 1920. In its final form, Women in Love is less a continuation of The Rainbow than a completely different novel. To be sure, Ursula and Gudrun Brangwen persist in their pursuit of happiness. Yet The Rainbow's Gudrun was a minor figure; in Women in Love, she is an important protagonist, with a fully developed psychology. Ursula's change is even more dramatic. In the previous novel, she was a woman passionate about independence, while in Women in Love she is submissive: less impulsive, less heroic, more almost tame. Their lovers, Gerald Crich and Rupert Birkin, complement the sisters' essential temperament. Like the fiery and strong-willed Gudrun, Gerald is a

sensual ruler and ruler, used to submitting horses to his iron command as well as overloading his workers in the coal mines. On the contrary, Rupert (a Lawrence-like personality) is sensitive, introspective, emotionally fragile despite her intellectual vitality and his charm. Unless one reads Lawrence's canceled prologue to Women in Love, a chapter that can be examined in author's posthumous volume Phoenix II: Uncollected, Unpublished, and Other Prose Works (1968), one cannot fully understand why of Rupert's shyness as a lover. Yet this prologue is an essential key to perceiving what follows in the novel. Even though Rupert was zealously pursuing his relationship with Hermione Roddice, he was trying to leave behind a much more satisfying emotional friendship with Gerald. Whether the men's previous relationship had become a physical homosexual relationship is not entirely clear, although Lawrence seems to exclude the physical element. However, Rupert is erotically aroused more by men than by women and certainly not by Hermione, despite her frantic love for her or his sincere desire to love her tenderly: he always wanted to love women. All the while he wanted to feel that heated, loving attraction for a beautiful woman, which he often felt for a handsome man. But he couldn't. Whenever she was a woman, too much spiritual and brotherly love came into play; or, in reaction, there was only a kind of brutal and insensitive lust. At the beginning of the novel itself, a reader who ignores this complication in Rupert's psychosexual orientation may not fully understand why the character experiences so many problems in his relationship with Ursula. The couple, after all, seems to be well adapted culturally, intellectually, even emotionally. The two share a similar background in education and social class, they are both intelligent, sensitive, tolerant and certainly "love" each other. Yet their love must be tested and refined. Many readers will be amazed at the lengthy controversies between Ursula and Rupert: the ongoing, often circular debates about the meaning of love, the subtle definition of the roles each partner must adopt to make the relationship work. Precisely this test is at the heart of Ursula and Rupert's pairing, as it results in compromises that make the couple's marriage possible. Ursula wisely and lovingly belittles Rupert's secret

fear that women dominate him sexually. In fact she is more comfortable than she is with a man's hugs. In the chapter "Gladiatorial", Rupert and Gerald ease their tensions (and sublimate their repressed eroticism) with wrestling; more than that, for Rupert, touching is a sign of hope for "blood brotherhood", a deep and binding friendship ...

Sex, Love, and Friendship - Adrienne Leigh McEvoy 2011-08

The joke is that all the prostitutes go on vacation when the philosophers come to town. The reason that the other conventioners do it; philosophers just talk about it. And talk about sex and love, and friendship is what the contributors to this volume do! They talk and argue, split hairs and clarify, all trying to advance our understanding of this most interesting practice of the human species. Some of the best minds on three continents, from four nations, and eighteen of the United States discuss such topics as adultery, commitment, cross dressing, gender politics, date rape, family, friendship, friends as lovers, gayness, love, marital pluralism, marriage, prostitution, religiously motivated anti-queer sentiments, same sex marriage, seduction, and self-respect. Rather than preach, participants probe our attitudes and practices involving these issues with the aim of better understanding the broad range of sexual practices of our species. The result is a collection of stimulating essays that can enliven class discussions as well as provide guidance for the sexually perplexed. The work is accessible to readers from high school through college and beyond.

Dynamics of Romantic Love - Mario Mikulincer 2006-03-14

A theoretically and empirically rich exploration of universal questions, this book examines the interplay of three distinct behavioral systems involved in romantic love. This integrative volume will be of interest to both researchers and clinicians.

Get Out of the Friendzone in 7 Days Using These Killer Strategies - Paul Mavis 2019-04-10

Being in Friendzone is A Terrible Thing For the first time, you will learn about killer strategies you can use to escape the dreaded friend zone. Simply speaking, This book contains various techniques that will IMMEDIATELY allow you to change the dynamics of your relationship

with that special female friend of yours and plant the seeds of attraction in her to get her to see you in a completely different light. What you'll discover: An INSTANT method to add the powerful elements that all Universally Attractive Men have and get her to see you as a completely new man — not next year, not next month, but as early as a week How to correct the fundamental and fatal mistakes that you've made that caused her to categorize you in the "just friends" section of her life (your new strategies will subtly make her want you EVEN IF she's already given you the "let's just be friends" line) The undercover, almost-sneaky way of asking her out without making it seem like a date that gets her to say YES every single time, and how to guarantee that you show her an amazing time A secret technique of how to come across as a charming man without being cheesy or looking like a try-hard (this technique has ABSOLUTELY NO RISK of backfiring and making you fall flat on your face) If you truly want to crack the female code and get out of the friendzone of the lady you admire and want to be with, then ORDER NOW and put the powerful techniques outlined in this ebook into ACTION. Tags Friend zone, how to ask a girl out, how to date a girl, dating girls, escaping the friend zone, best dating books, dating books for men, the friend zone, Dating, How to ask a lady out, how to make a girl love you

Introduction to Fall (2022 film) - Gilad James, PhD

"Introduction to Fall" is an upcoming drama-comedy film directed by Lowell Dean. The story follows the life of Caleb Lawson, who is a freshman at a prestigious university. He is eager to fit in and impress his peers, particularly his crush, Emily. Struggling to adjust to the new environment, Caleb seeks the help of his eccentric roommate, Lucas. Lucas, who is a free-spirited artist, helps Caleb navigate the unfamiliar terrain and opens up new experiences for him. Meanwhile, Caleb's father, a successful businessman, has different expectations for his son and puts pressure on him to perform well academically. As the semester progresses, Caleb faces the biggest challenge of all when he discovers a family secret that threatens to upend everything he has known about himself. The film stars Keegan Allen as Caleb Lawson and Jake Manley as

Lucas. It deals with themes of personal growth, self-discovery, and the pressures of conformity. "Introduction to Fall" promises to be a relatable

and heartwarming story about the ups and downs of college life. The film is set to be released in 2022.
