The Guilt of the Night People - Mizpa Mijam Ratliff 2012-09-19

Follow the heart-breaking tale of a young midwife, Siuntla, hardly more than a child herself when she is Outcast by her own People on their planet of origin, Kiwa, for saving one of the infants in a twin birth which Village Elders are certain may bring the community bad luck. In the meantime, a million sets of foreign eyes set their sights on Siuntla's village and take horrifying advantage of the People who dwell there: confident in who they are as denizens of Kiwa, and yet crushed by the supreme ignorance of the blood which actually flows in their veins. As Siuntla flees with her child and struggles to protect him from Elders who would steal him away, Siuntla faces romantic love, the sting of jealousy, the heart-break of betrayal, and concern for the children she is raising...all the while trying to discover who—or what—she really is.

Book Joint for Sale - Anthony Serritella 2011-04-25

Book Jacket: From taking \$2 horse bets at his uncles newsstand in Chicagos downtown district as a nine-year-old in the 1940s, to taking \$20,000 Super Bowl bets from traders on the floor at one of Chicagos Exchanges , Anthony Serrano has seen every bet and every character that comes with them some loved, and some who wield machine guns. Serrano, a lifelong resident of Chicagos Chinatown, takes readers on a story about his childhood experience with a book-maker, in the army, as an options clerk and broker and as a railroad clerk. Where it seemed everyone just couldnt resist the thrill of a good (or bad) bet. Told first-hand, Serrano walks us through light-hearted tales that often lead to funny yet sometimes serious circumstances. After taking steep bets from what appeared to be a wealthy businessman, Serrano is exposed to what turns out to be a drug-crazed, bankrupt husband who will stop at nothing to get his ex-wife back and suffers a brutal fate in his pursuit.

Meanwhile, Serrano is swept into this drama after the husband cannot pay back a bet. Serrano also explains how his experience as a bookie gave him an advantage while in the army, giving him job opportunities that few other reserves had. He tells how his investment in a Lounge in Cicero, Illinois, welcomes some threatening and dangerous company, and how his neighborhood connections may have saved his life. From being

shaken down by Chicago Police for their share of the action from a bookie on the railroads to trying to rescue a dear friend from financial ruins in the commodity markets in 1980s, we see a self-made man who has an unusual grace in pressure situations and an affinity for forging friendships with the most unlikely of characters, resulting in some fascinating tales.

Exploring Turkish Cultures - Dr Laurence Raw 2011-01-18

This groundbreaking series of essays offers new insights into Turkish cultures both past and present. Moving beyond the traditional binaries of east/west, Islam/secularism, and Europe/Asia, the book contains a variety of perspectives on contemporary Turkey, from actors, directors, critics and other major cultural figures. The book tries to situate these opinions in context by looking at how such perspectives are employed in different cultural spheres—education, theatre, politics and the like. Exploring Turkish Cultures contains the first major interviews published in English with prominent public figures, including actors Türkân Şoray, Genco Erkal and Nesrin Kazankaya. Other figures interviewed include film directors Derviş Zaim and documentary filmmakers Ben Hopkins, Pelin Esmer and Özgür Doğan. An extended interview with the author, translator and academic Talât Halman rounds off the interview section. Complementing these interviews are a series of essays on major Turkish films and theatrical productions, both past and present. Combining historical analysis, comment and evaluation from an author who has spent two decades living in Turkey, Exploring Turkish Cultures represents a major contribution to contemporary Turkish studies.

The Unschooling Happiness Project - Sara McGrath 2010-10-18
 Unschooling means so much more than a hands-on, child-directed, and experience-based way of learning. It doesn't describe a specific alternative to schooling. It just gets schooling out of the way so various unique dynamic personal creative ways of growing up, living, participating, and contributing to communities can develop. When I say "unschooling," I really mean living cooperatively with children. What began as a way to approach my children's learning/education has evolved into a whole lifestyle characterized by unlimited creative possibilities for our whole family. In other words, we perceive our life as a creative adventure. We're all in it together. In "The Unschooling Happiness Project," I present my family life as a creative project, share my deeper motivations behind choosing the unschooling lifestyle, and include some practicalities of daily unschooling life.

White Mexican - Robert Montes 2011-12-13

In most conditions, what you experience in life will mold and shape how you view your world and yourself. If in your world your experience is negative, you could become molded and shaped with negative thoughts, feelings and beliefs, leading to a trap of destruction. Not everybody overcomes them like we see in the movies. Not everyone escapes from a bad environment (thats more of Hollywood). The opposite is also very possible, on the hindsight. This fictional story discusses the importance of self identity and how easy it is to fall into playing your untrue role of

who you are, and even if you think you are happy and successful you're still far from knowing your true identity and role of who you are: living and departing in a lie. This story covers many personal, opinionated philosophy, as well as objective, researched and so-called professional philosophy. A philosophy discussed on conspiracy, social and psychological behavior, religious and political; furthermore, discussion, on what is truth. In order to understand the narrators point of view, you have to understand some history on Indigenous or Nican Tlaca, or Mexican Indians, as you more likely know them by. How lost they have become in a Eurocentric world, and the aftermath consequences deriving from it. If you have an objective mind with the understanding in which its meant to be, it may inspire you to become a better person, or strive for who you are meant to be.
