Dear Joan and Jericha - Why He Turns Away -

Joan Damry 2020-10-29

From the world-renowned agony aunts of award-winning podcast 'Dear Joan and Jericha' comes an unputdownable bible of sex and relationship advice on how to find, satisfy and maintain a husband, from dating right up until you or hubby pass away. We dedicate this tome to Mahmoud: surgeon, prophet, model and friend. Capable of performing up to 30 hysterectomies a day (often blindfolded), it was Mahmoud that begged us to put pen to papyrus and share our wisdom with all the lost ladies suffering in the world today. As much revered celebrities, living glamorous and wealthy lifestyles, we do of course come under fire. There has recently been vicious slander circulating, regarding a small handful of folk who have written to us with a problem, and having listened to our response, gone on to take their own lives. As if the two were somehow connected. These naysayers are generally bitter and jealous spinsters, taking perverse and

sadistic pleasure in being vindictive and nasty, while no doubt masturbating at the same time. To these lonely ladies we would say, 'Go look in your own heart, knock ye there and ask yourself some difficult questions. Because you will find the real guilt writhing within ye, like maggots mating in yesterday's apple'. What we offer here is a lifeline, a service, much like the NHS, or perhaps more accurately, the AA. Joan and Jericha: AA for the heart. Affording you the opportunity to have a breakdown, call for a pick-up truck, stop off for a Full English whilst a hairy guy in a grubby onesie fumbles under your bonnet and tweaks at your wiring, before sending you on your way, lubricated, primed, pumped and pretty. With kind regards, Joan Damry and Jericha Domain OBE MBE (etc)

Business Letter and E-mail Writing: An

Indexed Handbook - Bruce A. Hird 2019-05-16

This book is a collection of nearly 250 shortened or adapted business letters that were actually emailed, faxed, or posted. While the letters vary in complexity and length, all samples are comprised of straightforward sentences that

upper intermediate readers of English as a second language should have no difficulty understanding and using. The book should also be useful for native English speakers seeking a fundamental approach to written business communication and for teachers in need of business-writing source material and exercises. The book is divided into three parts: Part 1: Letter samples and answers to the exercises (usually letter revisions). Part 2: Exercises (original letters, situational assignments, and sequencing assignments). Part 3: Hotel and travel matters.

Dear Sun, I Am Real - S. Rainbolt 2011-10-13
Darkmigraines, a side-effect from his hundred-year sleep, takes over Dana's mind. The young boy wrestles with restless nights as he loses grip on reality and the key to saving, not only himself, but hundreds on *Galaxy*, a ship destined to arrive in the center of the universe sometime the next millennium. Doubtful of his abilities, Dana is forced to rely on computer generated companions to stop a digital paradox from destroying the ship and returning to Earth. He must succeed but he falls short of the genius he once was. It is the genius he needs to be to end the unbridled paradox that is unraveling before him. He is destined to fail because he is the one who created it. Dana's monocle hung on the back of corridor computer's arm chair, having been snagged out of his pocket during the fight. An approaching red star's rays shone through the nearby window, passed through the Earth relic and focused hot light over his forehead. The ship swayed suddenly, marking a once sanctioned space voyage being overly adjusted. Dana's motionless body rolled to its side, passing under the legless chair with the beaming monocle light following him. Finally, he awoke and jolted to his feet, grabbing his head and leaning forward to brace himself as the ship pitched violently and rolled imminently again. The terminal screen transitioned from standby mode to full-on as it detected a human at the controls again. A route map to the ship's bridge flashed up. It was at that time, he knew he had to find the girl he loved and ...kill her.
