

# Dictionary Of Sexual Terms

**Dictionary of Sexual Terms** - Albert Reissner  
1967

*The Official Sexually Correct Dictionary and Dating Guide* - Henry Beard 1995

From the authors of *The Official Politically Correct Dictionary and Handbook* comes a wickedly funny send-up of the most dangerous trend ever to strike love, romance, and relationships--sexual correctness. An easy-to-read format features hundreds of up-to-the-minute definitions of impenetrable terms, gender benders, and good old-fashioned boy-girl etiquette. Photos throughout.

**World Tales** - Idries Shah 1991

No ordinary collection of tales, this anthology was the result of extensive research that led Shah to conclude that there is a certain basic fund of human fictions which recur again and again throughout the world and never seem to lose their compelling attraction. This special paperback version of *World Tales* concentrates on the essentials, the text of the stories, and omits the illustrations which were part of a previous edition.

*The Complete Dictionary of Sexology* - Robert T. Francoeur 1995

A comprehensive dictionary of sexuality, this work covers 6000 sexually-related terms currently in use in the fields of the social and psychological sciences, biology and medicine, religion and law. Entries offer insights into contemporary technical terms and are cross-referenced.

**The Sex Education Dictionary** - Linda Picone  
2010

Provides definitions of the scientific terms for the sexual organs, the processes of sex and reproduction, sexually transmitted diseases, contraception, and other aspects of sex and adolescence.

*From Ace to Ze* - Harriet Dyer 2018-05

Language is one of the key paths to awareness, acceptance and empowerment but honestly, it can be confusing for many people. This easy-to-

use dictionary introduces some of the most essential terminology surrounding gender, sexuality and LGBTQIA+ identity. If you have questions about yourself or about the terminology, or even if you're simply interested in learning more, this essential guide will help you navigate the world with knowledge and kindness.

*Dictionary of Sexual Terms* - Michael Carrera  
1995-06

**Sex Education Dictionary** - Gill Mullinar 1992  
"350 definitions of terms relating to sexual and human development, personal relationships, pregnancy and birth. Aimed at young people aged 12 or older"--Back cover.

**Illustrated Sex Dictionary** - Richard Stiller  
1967

*A Descriptive Dictionary and Atlas of Sexology* - Robert T. Francoeur 1991-08-26

The editors of this dictionary have gathered terms and theories from glossaries in college textbooks on human sexuality, consulted medical dictionaries, and utilized concepts developed by psychologist John Money. The terms defined span the disciplines of sociology, biology, medicine, and the humanities. To be found among the more than 6000 entries are theories and observations about sex from Greek philosophers, Freud, and Masters and Johnson. Numerous entries include bibliographic information. Appendixes list philias and paraphilias; phobias and sexual anxieties; biographical sketches; and U.S. Supreme Court decisions relating to sexual behavior. Library Journal The field of sexuality spans a wide range of academic disciplines in the biological sciences, social sciences, and humanities, many of which do not share a common vocabulary. The diversity of expertise combined with a recent explosion of sexological research and knowledge has created confusion and inaccuracy in the cross-disciplinary use of language. By bringing together clear, succinct explanations of the

terms and concepts used in each discipline, the authors of this descriptive dictionary have created a standard basis for communication throughout the field. This work provides more than six thousand entries. It defines the terms and theories that are essential to an understanding of the field and documents important contributions to sexology--ranging from the observations of Greek philosophers to findings of sexual researchers from Kraftt-Ebing and Margaret Mead to Masters and Johnson. A substantial number of entries reflect the work of Dr. John Money, who significantly enriched the language of sexology and was responsible for such pivotal concepts as gender role and gender identity. Bibliographical information is provided for each topic and additional information is offered in the appendix. Researchers, professionals, and students working on any aspect of sex or sexuality will find this dictionary comprehensive and easy to use.

**Love, Sex, and Marriage** - Julie Coleman  
2022-06-13

If the language we use influences and reflects the way that we see the world, then the fields of LOVE, SEX, and MARRIAGE, will show how speakers of English view their closest social and emotional relationships. Love, Sex, and Marriage provides a classification of English terms for these three fields from the earliest written records of the language until the present day. This volume makes it possible to trace changing attitudes towards social and sexual ties, and to understand those ties as earlier speakers of English did, through the language they used. The terms are arranged by meaning, and are listed chronologically within semantic fields, with their dates of usage. Notes on individual terms provide further information about their connotations and development. Language does not exist in isolation from the people who speak it, so background information about changes in social conditions, religious beliefs, and medical advancements is also included. A brief introduction to basic semantic terminology explains the principles behind the classification, and an alphabetical index facilitates the location of individual terms.

**Sexicon** - Rod L. Evans 2002

Provides a collection of obscure terms and definitions that describe a variety of sexual

topics.

**The Slanguage of Sex** - Brigid McConville  
1984

**The American Dictionary of Adult Sexual Terms** - Roger Blake 1964

Sexuality - Jo Eadie 2004-06-25

This glossary provides concise definitions in the study of sexuality and offers clarification of many contested terms. With thoughtful, clear and suggestive explanations of key academic concepts, the central debates in sexual politics, and everyday sexual culture and slang, the entries provide the necessary context to understand the critical terms for study in the field.

*Not Just Four-letter Words* - Gill Mullinar 1994

Australian edition of a book first published in the UK in 1992 as 'TSex Education Dictionary' and based on an original US edition. A reference book for young people aged 12+, it contains over 350 definitions of terms relating to sexual and human development, personal relationships, pregnancy and birth. Definitions are cross-referenced and simple illustrations included. Adapted to include common Australian slang words and terms with a cross-reference to the main definition. Includes a list of useful addresses. The author is a senior health education officer with the Health Education Authority in the UK.

Human Sex and Sexuality - Edwin Benzel Steen  
1977-01

Illustrated Sex Dictionary - Richard Stiller 1971

The American Dictionary of Sexual Terms -  
Roger Blake 1964

**The Latin Sexual Vocabulary** - J. N. Adams  
1990-10

Like other languages, Latin contained certain words its speakers considered obscene as well as a rich stock of sexual euphemism and metaphor. Our sources for this information range from surviving graffiti to literary works with a marked sexual content. Yet despite its manifest literary and linguistic interest, the sexual vocabulary of Latin has remained uninvestigated by scholars. J. A. Adams's

pioneering and unique reference work collects for the first time evidence of Latin obscenities and sexual euphemisms drawn from both literary and nonliterary sources from the early Republic to about the fourth century A.D. Separate chapters treat each of the sexual parts of the body and the terminology used to describe sexual acts.

General topics include the influence of Greek language on Latin, changes in the Latin vocabulary over time (including the evolution of sexual words into general terms of abuse), and lexical differences among various literary genres.
