The Spiritual Danger of Donald Trump Ronald J. Sider 2020-06-01 What should Christians think about Donald Trump? His policies, his style, his personal life? Thirty evangelical Christians (listed below) wrestle with these tough questions. They are Republicans, Democrats, and Independents. They don't all agree, but they seek to let Christ be the Lord of their political views. They seek to apply biblical standards to difficult debates about our current political situation. Vast numbers of white evangelicals enthusiastically support Donald Trump. Do biblical standards on truth, justice, life, freedom, and personal integrity warrant or challenge that support? How does that support of President Trump affect the image of Christianity in the larger culture? Around the world? Many younger evangelicals today are rejecting evangelical Christianity, even Christianity itself. To what extent is that because of widespread evangelical support for Donald Trump? Don't read this book to find support for your views. Read it to be challenged--with facts, reason, and biblical principles. With contributions from: Michael W. Deliverance from Marine Spirits Daniel C. Okpara 2016-11-01 MARINE SPIRITS...WHAT ARE THEY? HOW TO IDENTIFY THEM AND DEFEAT THEM PERMANENTLY Marine spirits are the princes and princesses of the sea (Ezekiel 26:16). This class of demons are responsible for all the whoredom our world is living with today. They perpetrate the highest level of wickedness against mankind in the form of filth, defilements, sexual bondages, depravity, marital breakups and disillusionments. . Apart from the very visible penetration of marine spirits in our society today, influencing the music, fashion and film industries, these spirits also oppress people by coming to have sex with them in the dream or even claim to be married to them, resulting in what is called spiritual husband or spiritual wife. This spiritual union eventually becomes a ground for the devil to cut the victims out of their blessings in Christ and keep them in pains and sufferings.. Deliver Yourself from Marine Spirits - Spirit Husband or Spirit Wife - Today Spiritual husband or spiritual wife is not just a feel-good preaching or get scared talk to impress anyone. They are a reality that we are faced with in our world. They have become one of the powerful devices of the devil that we should not be ignorant about. These demons who will take different forms usually give notice of their presence to their victims by coming regularly in the dream to have sexual union with them. Sometimes the victims will have dreams of having children and living married, while in the physical,

This book provides you great prayers and declarations to bring to an end the operation of marine spirits - spirit wives and spirit husbands - permanently.

Spiritual Marriage Dyan Elliott 2021-05-11 The early Christian and medieval practice of spiritual marriage, in which husband and wife mutually and voluntarily relinquish sexual activity for reasons of piety, plays an important role in the development of the institution of marriage and in the understanding of female religiosity. Drawing on hagiography, chronicles, theology, canon law, and pastoral sources, Dyan Elliott traces the history of spiritual marriage in the West from apostolic times to the beginning of the sixteenth century.

I Give a Damn Orlando Constantine 2007-10 This booklet is simply a further abridge form of the book, 'Angels, Let's Talk,' which was collection of blog posts from the blog 'Dew (due) From Heaven: Light 2 U Blog.' For as asked on the back cover of that book 'Why are you angels here, where are you coming from and do you give a 'damn' where you are going!?' So those who believe give a damn and would declare 'I Give A Damn.' Or, I believe, I care, I as an angel want to be saved. How? Where? Why? I believe and I want to receive. That sincere rhetoric of an angel is coined in this verses, "I believe; help thou mine unbelief" (Mark 9:24). This booklet intends to identify those key areas of that book and those posts, but that book is also a must read for development. Thanks and God bless.

Tritiya-Prakriti: People of the Third Sex Amara Das Wilhelm 2010-05-18 Tritiya-Prakriti: People of the Third Sex is a collection of years of research into a topic seldom discussed or easily found within the Hindu/Vedic scriptural canon. Based entirely upon authentic Sanskrit references and modern concurring facts, the book guides us through the original Hindu concept of a "third sex" (defined as homosexuals, transgenders and the intersexed), how such people were constructively incorporated into ancient Indian society, and how foreign influences eventually eroded away that noble system. It discusses how this concept can be practically applied in todays modern world, the importance of all-inclusiveness in human society, and the spiritual principle of learning to transcend material designations altogether. Tritiya-Prakriti: People of the Third Sex will be a valuable source of reference for anyone interested in Hindu/LGBTI studies whether they are newcomers to the field or seasoned veterans of Vedic knowledge. It offers a veritable treasure trove of fresh information and ideas that will likely challenge the reader to rediscover and rethink Hinduisms traditional understanding and treatment of gay, lesbian, and other gender-variant people within its culture. "The recognition of a third sex in ancient India and Hinduism is highly relevant in many ways. Our own modern-day society has only recently begun to understand sexual orientation, transgender identity, and intersex conditions, and our legal and social systems are just beginning to catch up with and accommodate such people in a fair and realistic way . . . yet ancient India had already

addressed and previously resolved this issue many thousands of years ago in the course of its own civilizations development. Indeed, there is much we can learn from ancient Indias knowledge regarding the recognition and accommodation of a 'third sex' within society." -Amara Das Wilhelm "In India there is a system where such people (the third sex) have their own society, and whenever there is some good occasion like marriage or childbirth, they go there and pray to God that this child may be very long living." -A.C. Bhaktivedanta Swami Prabhupada "Gay and lesbian people have always been a part of society from Vedic times to our postmodern times. They should be accepted for what they are in terms of their sexual orientation and encouraged like everyone else to pursue spiritual life." -B.V. Tripurari Swami "Initially, I did not really allow myself to go deep in trying to understand the third sex. I figured that this was necessary only for those who are insensitive, arrogant and fundamentalist . . . who think that they are compassionate and tolerant while basically being superficial and even condescending. It is quite amazing how most of us can be so prejudiced about so many things and not even know it . . . I thank you and several others for your compassion and for your tolerance in making efforts to educate your Godfamily, so that we can be more authentic servants of the servant." -H.H. Revival: Studies of Savages and Sex (1929) Alfred Ernest Crawley 2018-05-08 The success of my revised edition of Mr Crawley's *The Mystic Rose* has encouraged me to bring together in the present volume some of his papers previously unpublished in book-form, on subjects akin to those of his great work. Mr Crawley's treatment of these problems of sexual anthropology, especially on the psychological side, was, in the years in which he was most actively at work, too uncompromisingly original to meet with general acceptance, even in academic circles. But now his standpoint, which can perhaps be best described as being that of a profound psychological analysis on the basis of biological common-sense, is beginning to be appreciated. And the following papers will be found, I think, to contain all those qualities which so sharply differentiate Mr Crawley's work from that of most other students in the same fields.

Soul Mate Biology Gregor Majdic 2021-02-26
Love, one of the most profound of human emotions, love that accompanies us from puberty to old age, love that follows us from ancient times to modern, from ancient writings, through the Bible and the texts of medieval scribes to modern day books and movies. Through the millennia love has lost none of its secrecy, charm, attractiveness, craziness, even in this digital age, when we are overwhelmed by information. But what is love? Where does this emotion originate? Are we humans the only living beings feeling this emotion? Can love be explained by some chemical reactions in our brains? Is love just a trick of nature or is love some kind of higher feeling? We do not have definite answers to any of these questions, nevertheless, neuroscience, behavioral science and others have provided us with some, at least partial answers. We know today a great deal more than ever before about what is happening in the brain when we are madly in love.

This book guides you through the complicated labyrinth of genes, molecules and brain cells that are involved in the feelings of love, attachment, affection, and also simple sexual reproduction.

research across the UK, Canada and USA, *Queer Spiritual Spaces* investigates the contemporary socio-cultural practices of belief, by those who have historically been, and continue to be, excluded or derided by mainstream religions and alternative spiritualities. As the first monograph to be directly informed by 'queer' subjectivities whilst dealing with divergent spiritualities on an international scale, this book explores the recently emerging innovative spaces and integrative practices of queer spiritualities. Its breadth of coverage and keen critical engagement mean it will serve as a theoretically fertile, comprehensive entry point for any scholar wishing to explore the queer spiritual spaces of the twenty-first century.

Performative Intergenerational Dialogues of a Black Quartet Bryant Keith Alexander 2022-07-05
Performative Intergenerational Dialogues of a Black Quartet promotes the importance of intergenerational Black dialogue as a collaborative spirit-making across race, genders, sexualities, and cultures to bridge time and space. The authors enter this dialogue in a crisis moment: a crisis moment at the confluence of a pandemic, the national political transition of leadership in the United States, the necessary rise of Black, Indigenous, and People of Color activism—in the face of the continued murders of unarmed Black and queer people by police. And as each author mourns the loss of loved ones who have left us through illness, the contiguity of time, or murder, we all hold tight to each other and to memory as an act of keeping them alive in our hearts and actions, remembrance as an act of resistance so that the circle will be unbroken. But they also come together in the spirit of hope, the hope that bleeds the borders between generations of Black teacher-artist-scholars, the hope that we find in each other's joy and laughter, and the hope that comes when we hear both stories of struggle and strife and stories of celebration and smile that lead to possibilities and potentialities of our collective being and becoming—as a people. So, the authors offer stories of

witness, resistance, and gettin' ovah, stories that serve as a road map from Black history and heritage to a Black futurity that is mythic and imagined but that can also be actualized and embodied, now. This book will be of interest to scholars, students, and activists in a wide range of disciplines across the social sciences and performance studies.

Angels, Let's Talk Orlando Constantine 2007-10 The anointing received is the deciding factor of the truth on this subject, which is unparallel in content as being current, biblical and to the point. Why are you angels here, where are you coming from and do you give a ?damn? where you are going!? This book intend to bring a resolution to these questions and if eternal damnation is obvious, redemption is also plausible; as one extremity has a equal opposite, except in the case of God. "Come now, and let us reason together, saith the LORD: though your sins be as scarlet, they shall be as white as snow; though they be red like crimson, they shall be as wool" (Isaiah 1:18).

Child Sexual Abuse and the Catholic Church Marie Keenan 2013-04-01 A meticulously researched inside look at child sexual abuse by clergy, this exhaustive, hard-hitting analysis weaves together interviews with abusive priests and church historical and administrative details to propose a new way of thinking about clerical sexual offenders. Linking the personal and the institutional, researcher and therapist Marie Keenan locates the problem of child sexual abuse not exclusively in individual pathology, but also within larger systemic factors, such as the very institution of priesthood itself, the Catholic take on sexuality, clerical culture, power relations, governance structures of the Catholic Church, the process of formation for priesthood and religious life, and the complex manner in which these factors coalesce to create serious institutional risks for boundary violations, including child sexual abuse. Keenan draws on the priests' own words not to excuse their horrific crimes, but to offer the first in-depth account of a tragic, multi-faceted phenomenon. What

emerges is a troubling portrait of a Church in crisis and a series of recommendations that call for nothing less than a new ecclesiology and a new, more critical theology. Only through radical institutional reform, Keenan argues, can a more representative and accountable Church emerge. *Child Sexual Abuse and the Catholic Church* is a unique reference for scholars of the Church and therapists who work with both victims and offenders, as well as a forward-thinking blueprint for reform.

Body and Gender, Soul and Reason in Late Antiquity Gillian Clark 2023-04-14 What does it mean to say that a human being is body and soul, and how does each affect the other? Late antique philosophers, Christians included, asked these central questions. The papers collected here explore their answers, and use those answers to ask further questions, reading Iamblichus, Porphyry, Augustine and others in their social and intellectual context. Among the topics dealt with are the following. Humans are mortal rational beings, so how does the mortal body affect the rational soul? The body needs food: what foods are best for the soul, and is it right to eat animal foods if animals are less rational than humans? The body is gendered for reproduction: are reason and the soul also gendered? Ascetic lifestyles may free our bodies from the limitations of gender and desire, so that our souls are free to reconnect with the divine; but this need must be balanced with the claims of family and society. Philosophers asked whether life in the body is exile for the soul; Christians defended their claim that body as well as soul would live after death, and even the smallest fragment of a martyr's body is proof of resurrection.

The Soul of Sex Thomas Moore 1998 This superb new volume is addressed to everyone interested in hope, regardless of their religious or philosophical beliefs. Glenn Tinder, one of our most astute and creative thinkers, probes the failure of modern, secular hope and shows, with great sensitivity and openness, why the tenets of Christian faith offer a true and meaningful source for hope amid the widespread distress, confusion, and despondency of contemporary life. From The Critics Jean Bethke Elshtain Glenn Tinder argues compellingly that modern despondency flows from a collapse of unreasonable optimism about our individual and collective prospects. and brittle optimism, Tinder calls for a renewal of hope. Framed by Christian belief, Tinder's elegant essay reaches out to appeal to all men and women troubled by our current condition. A beautifully written and touching work. Michael Novak Tinder's weighty essay on the nature, spirituality, and politics of hope offers an illuminating perspective on a central pillar of civilization. Mary Ann Glendon "A pristine intellectual and spiritual achievement by one of the most penetrating thinkers of our day" Richard John Neuhaus "With this essay Tinder once again vindicated his reputation as one of the most incisive thinkers and graceful writers working today. His is a most powerful argument that only a hope that has come to terms with all the reasons for despair can sustain us into a future that we do not and cannot control. Tinder's wisdom is in knowing that attention to first things requires facing up to last things."

Spirit, Structure, and Flesh Deidre Helen Crumbley 2008-12-10 Although popularized in Africa by Western missionaries, the Christian faith as practiced by Africans has acquired unique traits over time. denominations founded by Africans skeptical of dogma offered by mainstream churches with roots in European empires. As these churches spread throughout the African diaspora, they have brought with them distinct practices relating to gender. Such practices range from the expectation that women avoid holy objects and sites during menstruation to the maintenance of church structures in which both men and women may be ordained and assigned the same duties and responsibilities. How does having a female body affect one's experience of indigenized Christianity in Africa? Spirit, Structure, and Flesh addresses this question by exploring the ways ritual, symbol, and dogma circumscribe, constrain, and liberate women in AICs. Through detailed description of worship and doctrine, as well as careful analyses of church history and organizational processes, Deidre Helen Crumbley explores gendered experiences of faith and power in three Nigerian indigenous AICs, demonstrating the roles of women in the day-to-day life of these churches.

Handbook of Research on Diversity and Gender Differences in Spiritual Experiences Essien, Essien Daniel 2023-09-28 In society, diversity is often complicated by the considerations of the intersections of gender and religion. Given that religion is particularly shaped by and intertwined with its social context, as well as constructed by social actors through social relations in complex ways, the conversations of the intersectionality of diversity with bias to gender, sex, and religion are also clearly socially located. This social location as well includes spatial location, which is continuously changing geographies and is also linked to shifting demographics with its dynamics of the complex picture of new diversity. The Handbook of Research on Diversity and Gender Differences in Spiritual Experiences discusses diversity in multidimensional perspectives such as religion, gender, sex, the degree of acceptance in the public sphere, the ideological commitment to values of diversity, and the increasing scope of acceptability of multiple layers of diversity in society.

It further interrogates how religious diversity manifests itself in society, how it provides sites for political contestation and stratification as well as inclusion and exclusion, how it affects other social dimensions, and how to respond to it in the effect toward a more peaceable and just society. Times of Spiritual Dryness Joseph Musyimi Makato 2014-02 Intellectual turmoil and spiritual yearning for many years. What about dissenting for Holy Spirit? The divine power of God has given us freedom to choose Christ or the devil, but God's will remains absolute and always comes first. In God's divine providence, our prayers are answered while his will remains intact, but because of his constant love, he can release the grace to guide us in all matters. After researching and examining the reality of parents bringing up leadership, I wish to share cogent information that there is a critical mass of parents trapped in ignorance, lacking vision and loving leadership. Hence, the youth are reliant on parents who may be destroying and breaking their hearts. And yet, the parents' hearts are bleeding as the drugs, cheap beer, consumption, and carefree, mass-commercialized sex practices take the toll on youths' lives. There is a dire desperation, and the parents are turning in the drugs, commercial sex, and booking for money at whatever cost-even involving evil rituals, building partnership with the fallen angels, and buying for blood to meet the set targets. The evil prosperity is spreading very quickly as the brutal spirit of competition takes root, and this is fueled by the powerful images of power, wealth, fame, love, and beauty found everywhere on the internet, in advertising, on TV shows, and in print and electronic media.

culture, and the extreme suffering endured by rape victims as a result. Using the testimony of women who have experienced both rape and the consequences of rape culture—from a range of religious, cultural, ethnic, and social contexts—the book explores both the suffering and healing of rape victims from World War II to today. Among the issues considered are victim invisibility, the inability to express pain, and the tendency to assume shame and self-blame. The study examines the role of society in shaping and reinforcing these responses, contributing to traumas that can lead to spiritual death. The book also explores possibilities for multiple spiritual resurrections within the practice of daily life, encouraging both individual healing and social change.
