

European Sexualities 1400 1800 New Approaches To European History

Cultural History of Early Modern European Streets - Riitta Laitinen 2009

In urban life, streets are elemental, but urban history seldom places them centre stage. It tends to view them as mere backdrops for events or social relations, or to study them as material constructions, the fruit of urban planning, but largely vacant of inhabitants. Examining people and streets in tandem, the contributors to this volume strive towards more integrated urban history. They discuss the social and political processes of early modern street life, and the discursive play in which streets figured. Six chapters, based in Sweden-Finland, England, Portugal, Italy, and Transylvania, discuss the subtle interplay of the material and immaterial, public and private, planned order and versatility, spontaneous invention, control and resistance a " all matters central to how streets worked. Contributors are Emese Balint, Maria Helena Barreiros, Elizabeth S. Cohen, Thomas V. Cohen, Alexander Cowan, Anu Korhonen, Riitta Laitinen, and Dag LindstrAm.

Women, Sexuality and the Political Power of Pleasure - Susie Jolly 2013-06-13

This pioneering collection explores the ways in which positive, pleasure-focused approaches to sexuality can empower women. Gender and development has tended to engage with sexuality only in relation to violence and ill-health. Although this has been hugely important in challenging violence against women, over-emphasizing these negative aspects has dovetailed with conservative ideologies that associate women's sexualities with danger and fear. On the other hand, the media, the pharmaceutical industry, and pornography more broadly celebrate the pleasures of sex in ways that can be just as oppressive, often implying that only certain types of people - young, heterosexual, able-bodied, HIV-negative - are eligible for sexual pleasure. *Women, Sexuality and the Political Power of Pleasure* brings together challenges to these strictures and exclusions from both the South and North of the globe, with examples of activism, advocacy and programming which use pleasure as an entry point. It shows how positive approaches to pleasure and sexuality can enhance equality and empowerment for all.

Sexualities in History - Kim M. Phillips 2013-10-18

Over the past twenty years, historians have overturned nearly everything we once took for granted about human sexuality. Gender, sexual orientation, "deviance," and even the biology of sex have been unmasked for what they are-historically specific, culturally contested, and above all, unstable constructions.

Ut pictura amor - Walter Melion 2017-11-06

An examination of the related themes of lovemaking and image-making in the visual arts of Europe, China, Japan, and Persia.

Sexuality in the Middle Ages and Early Modern Times - Albrecht Classen 2008-12-10

Sexuality is one of the most influential factors in human life. The responses to and reflections upon the manifestations of sexuality provide fascinating insights into fundamental aspects of medieval and early-modern culture. This interdisciplinary volume with articles written by social historians, literary historians, musicologists, art historians, and historians of religion and mental-ity demonstrates how fruitful collaborative efforts can be in the exploration of essential features of human society. Practically every aspect of culture both in the Middle Ages and the early modern age was influenced and determined by sexuality, which hardly ever surfaces simply characterized by prurient interests. The treatment of sexuality in literature, chronicles, music, art, legal documents, and in scientific texts illuminates central concerns, anxieties, tensions, needs, fears, and problems in human society throughout times.

Rezension zu: Katherine Crawford: European Sexualities, 1400-1800 (New Approaches to European History 38). Cambridge U. P., Cambridge u. a. 2007, IX u. 246 S. (12 Abb.), 15.99 £ - Gregor Rohmann 2008

Materializing Gender in Early Modern English Literature and Culture - Will Fisher 2006-07-06

Analyses the construction of gender through bodily elements and clothing in early modern England.

2009 - 2010-06-15

Reviews are an important aspect of scholarly discussion because they help filter out which works are relevant in the yearly flood of publications and are thus influential in determining how a work is received. The IBR, published again since 1971 as an interdisciplinary, international bibliography of reviews, it is a unique source of bibliographical information. The database contains entries on over 1.2 million book reviews of literature dealing primarily with the humanities and social sciences published in 6,820, mainly European scholarly journals. Reviews of more than 560,000 scholarly works are listed. The database increases every year by 60,000 entries. Every entry contains the following information: On the work reviewed: author, title On the review: reviewer, periodical (year, edition, page, ISSN), language, subject area (in German, English, Italian) Publisher, address of journal

The Origins of the First World War - William Mulligan 2010-03-04

A new interpretation of the origins of World War I that synthesises recent scholarship and introduces the major historiographical and political debates surrounding the outbreak of the war. It examines key issues, providing a clear account of relations between the great powers, disintegrating empires, and the role of smaller states.

Erzählweisen des Selbst - Mareike Böth 2015-06-17

Die Studie erschließt den Nachlass der 1652 geborenen Elisabeth Charlotte, einer pfälzischen Kurprinzessin und verheirateten Herzogin von Orléans. Ihre Korrespondenz zählt mit über 6.000 erhaltenen Briefen zu den umfangreichsten der Frühen Neuzeit. Inhaltlich ist sie besonders reizvoll, denn in ihren Briefen vom Hof des Sonnenkönigs setzt Elisabeth Charlotte sich intensiv sowohl mit sich selbst und ihrem Umfeld als auch mit dem Wissen ihrer Zeit auseinander. Das in dieser Auseinandersetzung entstandene Selbst- und Zeitzeugnis wird aus einer subjekttheoretischen Perspektive neu gelesen. Damit leistet die Untersuchung einen Beitrag zur Diskussion um das Verhältnis von Individuum und Gesellschaft aus (körper-)historischer Perspektive.

The Sexual Culture of the French Renaissance - Katherine Crawford 2010-04-22

An examination of how Renaissance textual practices and new forms of knowledge transformed notions of sex and sexuality in France.

Gender and Political Culture in Early Modern Europe, 1400-1800 - James Daybell 2016-07-01

Gender and Political Culture in Early Modern Europe investigates the gendered nature of political culture across early modern Europe by exploring the relationship between gender, power, and political authority and influence. This collection offers a rethinking of what constituted 'politics' and a reconsideration of how men and women operated as part of political culture. It demonstrates how underlying structures could enable or constrain political action, and how political power and influence could be exercised through social and cultural practices. The book is divided into four parts - diplomacy, gifts and the politics of exchange; socio-economic structures; gendered politics at court; and voting and political representations - each of which looks at a series of interrelated themes exploring the ways in which political culture is inflected by questions of gender. In addition to examples drawn from across Europe, including Austria, the Dutch Republic, the Italian States and Scandinavia, the volume also takes a transnational comparative approach, crossing national borders, while the concluding chapter, by Merry Wiesner-Hanks, offers a global perspective on the field and encourages comparative analysis both chronologically and geographically. As the first collection to draw together early modern gender and political culture, this book is the perfect starting point for students exploring this fascinating topic.

Valenzen des Lachens in der Vormoderne (1250-1750) - Christian Kuhn 2012

Laughter was often the subject of theoretical reflection. In contrast, studies on the specific historical constellations of laughter in pre-modern times are almost completely absent. This volume is dedicated to this deficit. Historical laughter can be inferred from laughter. Values and taboos emerge in a particularly concise manner in political, historiographical, literary and letter-related testimonies that deal with

laughter. Laughter is a form of communication and social interaction that can not only create and consolidate new identities through instrumentalization in propaganda. Laughter serves as an instrument of power, contributes to communication within the group and is a means of creating meaning. The articles collected here examine the valences of laughter empirically and in an interdisciplinary perspective from the Middle Ages to the 18th century. Exemplary studies thus explore the potential of historical research into laughter.

Holzbein und Eisenhand - Mareike Heide 2019-09-18

New Books on Women, Gender and Feminism - 2008

The Ashgate Research Companion to Henry Purcell - Rebecca Herissone 2016-04-01

The Ashgate Research Companion to Henry Purcell provides a comprehensive and authoritative review of current research into Purcell and the environment of Restoration music, with contributions from leading experts in the field. Seen from the perspective of modern, interdisciplinary approaches to scholarship, the companion allows the reader to develop a rounded view of the environment in which Purcell lived, the people with whom he worked, the social conditions that influenced his activities, and the ways in which the modern perception of him has been affected by reception of his music after his death. In this sense the contributions do not privilege the individual over the environment: rather, they use the modern reader's familiarity with Purcell's music as a gateway into the broader Restoration world. Topics include a reassessment of our understanding of Purcell's sources and the transmission of his music; new ways of approaching the study of his creative methods; performance practice; the multi-faceted theatre environment in which his work was focused in the last five years of his life; the importance of the political and social contexts of late seventeenth-century England; and the ways in which the performance history and reception of his music have influenced modern appreciation of the composer. The book will be essential reading for anyone studying the music and culture of the seventeenth century.

The Devil, the Lovers, & Me - Kimberlee Auerbach 2007

The author describes her survival of an abusive relationship, her mother's mid-life sexual proclivities, and the interference of friends and her father during a promising new romance, challenges that prompted her visit to an atypical tarot card reader.

European Sexualities, 1400-1800 - Katherine Crawford 2007-01-18

A pioneering survey of the social and cultural history of sexuality in early modern Europe.

Medicine and Society in Early Modern Europe - Mary Lindemann 2010-07

A concise and accessible introduction to health and healing in Europe from 1500 to 1800.

Sexuality in Premodern Europe - Franz X. Eder 2023-11-02

How did sexual relationships work before, in and outside of marriage in the pre-modern era? What problems did contraception and sexually transmitted diseases pose? How did people deal with prostitution and pornography back then? What were the possibilities for same-sex and queer desire and practice? Using numerous examples and sources from across the continent, *Sexuality in Premodern Europe* shows that even in earlier centuries, sexual life had an elementary significance for the coexistence of couples and communities. It was just as decisive for how individuals saw themselves and others as it was for maintaining the social, economic and political order. Franz X. Eder interestingly emphasises the socio-historical view of sexuality, offering an apt foil for the cultural perspective which is so prevalent in the field. In this book, sexual behaviour is understood and thought about as social practice. From this vantage point, Eder deals with the function of the sexual in upbringing and socialization, its significance for the image of men and women, its role in marriage initiation, and the importance of sexual life for marital relationships and concubinage. Deviant and discriminated sexual forms such as prostitution, pornography and same-sex acts are also addressed throughout. The book explores the ways in which many people gained sexual experiences before, besides or beyond marriage, even if these experiences were forbidden in former societies. While research into the history of sexuality has so far dealt with such forms of the sexual primarily from the point of view of regulation and sanctioning, here they are understood as 'positive' practices that allowed people to understand and take ownership of their sexual desire.
