The Poetics of Intimacy and the Problem of Sexual Abstinence - Michael J. Hartwig 2009

This bold work asks whether traditional Christian sexual morality, with its emphasis on sexual abstinence outside of heterosexual marriage, is harmful. Appealing to sociological studies, anthropological theories, and contemporary theological ethics, Hartwig develops a model of sexual virtue around the concept of a poetics of intimacy and applies this model to particular challenges faced by the divorced, married couples, gay men and lesbians, single adults, and people with mental and developmental disabilities. He concludes that mandated long-term and lifelong sexual abstinence for those outside heterosexual marriage is not only harmful, but compromises many features of Christian morality.

Sexual Seduction Uncensored: - Faith N. Love 2023-01-04

Whew, what a night I'll never forget! After a long month of working hard on a construction sight and not being around any women or having any fun, our company decided to throw us a party in celebration. Everyone else had their friends and family at the party but I went alone because I wanted to take full advantage of the free liquor. And I definitely did that for sure. But after making my rounds at the party I didn't find any women I was interested in so I left to get me a bite to eat. This is when I met an extremely attractive and curvaceous woman that gave me a night i'll never forget. I still get chills when thinking about that night and I have to share it with someone. I mean who could keep such an amazing night to themselves without sharing it to someone? It might as well be you I tell it to, right? It was a night I will never and I mean never forget, as we did things that night most people can only read or dream about lol. C'mon take a seat and listen to this erotic story of passion and so much pleasure. I promise that you won't be disappointed, I sure wasn't. Disclaimer: This book contains very hot and extremely explicit descriptions of romantic and erotic activity. For mature readers ONLY!

This approach moves beyond traditional behavioral approaches to incorporate individual, couple, and intergenerational factors in etiology and treatment. Discovering Your Couple Sexual Style - Barry W. McCarthy 2011-03-17

Winner of the 2009 Smart Marriages® Impact Award Think all sex should be earth shattering? The quality of most couple sex doesn't measure up to the much distorted image of the perfect romantic love/passionate sex encounter portrayed in popular culture. In *Discovering Your Couple Sexual Style: Sharing Desire, Pleasure, and Satisfaction*, renowned marital and sex therapist Barry McCarthy and his wife Emily McCarthy urge couples to ignore what they see on TV, in books, or online, and discover their own unique sexual style. The McCarthys offer three guidelines for sexual satisfaction: develop positive, realistic sexual expectations; explore sensual and sexual options; and communicate sexual desires. With this foundation, couples can take a straightforward survey to determine which of four couple sexual styles best fits their relationship. Based on three years of research and treating more than 4,000 individuals and couples, *Discovering Your Couple Sexual Style* provides information, guidelines, exercises, and case studies that will help readers find their own sexual voice and develop a mutually satisfying sexual style.

When The Vow Breaks - The Salley's 2022-08-01

guide for building relationships. This book can also be used in churches as a Bible study tool or a small group setting. We have been married thirty years. We are passionate, gifted, and licensed to serve. We work with individuals, groups, and married couples. Our platforms include weekly radio and television shows. Our vision is to educate, energize, and empower through teaching, mentoring, and coaching programs. Our method includes relationships and character-building books, conferences, seminars, workshops, and couples retreats. This seven-hour step by step guide is the design to ignite the power within you by empowering you to build better relationships. Marriage is a shared commitment with shared responsibilities. We found that seven shares were the glue that kept us together over thirty years. These are shared compatibility, shared communication, shared faith, shared commitment, shared prayer, shared intimacy, and shared investment, which will be a benefit in shared returns. This information is too valuable to keep to ourselves. We're obligated to share this with you so that your relationships and marriages will be successful. There are other areas that are just as important, but over the past thirty years of marriage, these seven were the most significant for us! Why This Book? Because we have both lost a lot of time and energy in relationships that weren't compatible. When a relationship doesn't have any shared compatibilities, the relationship loses. Its purpose for being becomes strained when something is strained, and it loses its original form and becomes useless. What can you expect? You can expect to discover the seven shares with the proper applications of building great relationships. These seven are the cornerstones, regardless of whether it's a romantic relationship or a friendship.

A Clinician's Guide to Systemic Sex Therapy - Gerald Weeks 2012-08-06

A Clinician's Guide to Systemic Sex Therapy provides readers with an integrative and comprehensive

theory in guiding their clinical practice. Pragmatically oriented, this text walks clinicians through diagnosis and treatment with resources such as tables, graphs, flow charts, and implementation strategies. The text does not rely on only visual elements, however. Acknowledging that information needs to be guided by a theory that can be translated into practice, the authors use the Intersystems approach to provide a comprehensive perspective in understanding and improving intimate and sexual relationships for clients. A Clinician's Guide addresses and fills the lack of theoretical integration in the practice of couple and sex therapy and provides a relevant follow-up to the authors' extensive text, Systemic Sex Therapy (Routledge,

2008). This book is an essential roadmap for translating theory into practice and trains clinicians to give their clients the most thorough and valuable assistance possible.
