[Man of Iron](#) - Julian Glover 2018-01-25

The enthralling Sunday Times-bestselling biography of the shepherd boy who changed the world with his revolutionary engineering and whose genius we still benefit from today 'A biography of great verve ... brings back to vivid life a man who should never have been forgotten' Andrew Marr 'An evocative biography of Britain's greatest civil engineer ... Glover catches the thrill of Telford's engineering quite beautifully'

Guardian Thomas Telford's name is familiar; his story less so. Born in 1757 in the Scottish Borders, his father died in his infancy, plunging the family into poverty. Telford's life soared to span almost eight decades of gloriously obsessive, prodigiously productive energy. Few people have done more to shape our nation. A stonemason turned architect turned engineer, Telford invented the modern road, built churches, harbours, canals, docks, the famously vertiginous Pontcysyllte aqueduct in Wales and the dramatic Menai Bridge. His constructions were the greatest in Europe for a thousand years, and - astonishingly - almost everything he ever built remains in use today. Intimate, expansive and drawing on contemporary accounts, *Man of Iron* is the first full modern biography of Telford. It is a book of roads and landscapes, waterways and bridges, but above all, of how one man transformed himself into the greatest engineer

Britain has ever produced.

A Traveler at the Gates of Wisdom - John Boyne 2020-08-11

From the bestselling author of *A Ladder to the Sky*—“a darkly funny novel that races like a beating heart” (People)—comes a new novel that plays out across all of human history: a story as precise as it is unlimited. This story starts with a family. For now, it is a father and a mother with two sons, one with his father’s violence in his blood, one with his mother’s artistry. One leaves. One stays. They will be joined by others whose deeds will determine their fate. It is a beginning. Their stories will intertwine and evolve over the course of two thousand years. They will meet again and again at different times and in different places. From Palestine at the dawn of the first millennium and journeying across fifty countries to a life among the stars in the third, the world will change around them, but their destinies remain the same. It must play out as foretold. From the award-winning author of *The Heart’s Invisible Furies* comes *A Traveler at the Gates of Wisdom*, an epic tale of humanity. The story of all of us, stretching across two millennia. Imaginative, unique, heartbreaking, this is John Boyne at his most creative and compelling. [Big Book of Zelda](#) - Kyle Hilliard 2017-10-15

One fateful night a sinister human warrior raids the home of the young goblin Rikt and leaves him orphaned. Angry and alone, Rikt vows to avenge the death of his parents and seeks a way to destroy the man who did this. He finds aid from unlikely allies throughout his journey and learns of a secret power hidden in the heart of the First Tree. Beautiful landscapes, curious creatures, and an adorable hero who rises to the challenge and happens to be a goblin!" - Claire Connelly (Black Eyes, Down with the Ship, The Long Year) "Rikt enjoins us to delight in his triumphs, wallow in his sorrows and take pleasure in the journey that lies ahead. Grissom and Perkins show that even the smallest of us can achieve great things." - Jeff McClelland (The Tick, Honcho, Black Terror)
