Lesbian Romance and Seduction Scarlet Butler 2016-06-07 8000 words of lesbian sex, erotic teasing, drunken debauchery! Get Book 1 in this Black Lesbian Romance Series Nadia's eyes opened, and she looked up to see, feel, Lena's face just inches from hers'. Her heart raced, as the older woman stood up, smiling at her, standing over her. Lena had changed out of the business casual outfit she had worn to work and the bar, and into... Nadia couldn't pull her eyes away. She had worn a white babydoll with a lacy bra and a slit down the front. The cups of the bra were translucent, showing that she had nipple piercings. Her panties were sexy and lacy, the sides of them visible. Her curves obviously also included a hint of chubbiness, but it was worn well; the woman was clearly confident. Around her navel was a tattoo in the shape of a sun, and the lights which Nadia hadn't bothered to turn off showed her caramel skin contrasting with her lingerie. Nadia sat up, confused as Lena looked down at her. Nadia was still weary, her eyes blurry, not that she couldn't even believe them; the woman in front of her exuded sexuality. The woman in front of her wasted no time, practically straddling her, aggressively pressing her body to hers', letting her hair fall around them as she looked down at Nadia. "I want you," Lena said, before leaning in to kiss the younger woman before Nadia could react. Nadia couldn't even gasp. She could feel Lena's body, her skin warm and her hips grinding as she pressed down. Her softness and the muscularity under that softness, and the feeling of her lips, aggressive and hot. The taste of alcohol and the smell of lavender. The way that they made Nadia's own body react; her hips bucked, ever so softly on their own and her breath caught. Nadia pressed back against her boss... Find out the answer in this story of two African American women exploring the heights of passion together.

The English Novel in History 1700-1780 John Richetti 2003-09-02 *The English Novel in History 1700-1780* provides students with specific contexts for the early novel in response to a new understanding of eighteenth-century Britain. It traces the social and moral representations of the period in extended readings of the major novelists, as well as evaluating the importance of lesser known ones. John Richetti traces the shifting subject matter of the novel, discussing: * scandalous and amatory fictions * criminal narratives of the early part of the century * the more disciplined, realistic, and didactic strain that appears in the 1740's and 1750's * novels promoting new ideas about the nature of domestic life * novels by women and how they relate to the shift of subject matter This original and useful book revises traditional literary history by considering novels from those years in the context of the transformation of Britain in the eighteenth century.
