Muse - K French 2014-11-07
Ava Hart, a beautiful,
intelligent student, is living a

carefree existence at home
with her best friend, her mum.
The biggest drama she has had

to deal with to date is breaking up with her first boyfriend and the embarrassing thought of coming face to face with her replacement. But things take an unexpected turn for the worse. One fateful night, tragedy strikes, and she finds herself forced to leave her home to embark on an emotional, life changing journey. Torn from everyone and everything she holds dear, to live with a great aunt she never knew existed, she struggles to keep it together. Slowly, but surely, she finds the strength, with the help from new family and friends, to re-build her life. But before she has time to fully recover, her heart and her future fall into the hands of a handsome stranger, albeit one who has already had a hand in shaping her past.

EUROPEAN CHRISTMAS STORIES from French and Spanish writers - Various
2018-12-29

Herein are 15 Christmas stories translated from French and Spanish writers like Armando Palacio Valdés, André Theuriet, Antonio Maré, François Coppée, Alphonse Daudet and many more. Compiled and translated by Antoinette Ogden they represent a variety of genres. They are written in the style of the late nineteenth century holiday story, so think Dickens and H. C. Andersen. This work of fables and stories will help set an appropriate Christmassy mood for the holidays. The stories in this volume are: A Bird in the Snow A Christmas in the Forest The Louis-d'or A Christmas Supper in the Marais The Princess and the Ragamuffin A Tragedy The Three Low Masses The Poet's Christmas Eve I take Supper with my Wife The Yule Log The Mule and the Ox Solange, the Wolf-Girl Salvette and Bernadou Maese Pérez, the Organist The Torn Cloak Even though they were translated and originally published in the early 1890's these stories have long been forgotten and are

Downloaded from
legacy.opendemocracy.net
on 2020-06-10 by guest

now seldom told or read in English homes which makes this a welcome addition to any modern collection of Christmas stories. 10% of the publisher's profit from the sale of this book will be donated to UNICEF.

What Algorithms Want - Ed Finn 2018-10-09

The gap between theoretical ideas and messy reality, as seen in Neal Stephenson, Adam Smith, and Star Trek. We depend on—we believe in—algorithms to help us get a ride, choose which book to buy, execute a mathematical proof. It's as if we think of code as a magic spell, an incantation to

*Downloaded from
legacy.opendemocracy.net
on 2020-06-10 by guest*

reveal what we need to know and even what we want. Humans have always believed that certain invocations—the marriage vow, the shaman's curse—do not merely describe the world but make it. Computation casts a cultural shadow that is shaped by this long tradition of magical thinking. In this book, Ed Finn considers how the algorithm—in practical terms, “a method for solving a problem”—has its roots not only in mathematical logic but also in cybernetics, philosophy, and magical thinking. Finn argues that the algorithm deploys concepts from the idealized space of computation in a messy reality, with unpredictable and sometimes fascinating results. Drawing on sources that range from Neal Stephenson's *Snow Crash* to Diderot's *Encyclopédie*, from Adam Smith to the Star Trek computer, Finn explores the gap between theoretical ideas and pragmatic instructions. He examines the development of intelligent assistants like Siri, the rise of algorithmic

aesthetics at Netflix, Ian Bogost's satiric Facebook game *Cow Clicker*, and the revolutionary economics of Bitcoin. He describes Google's goal of anticipating our questions, Uber's cartoon maps and black box accounting, and what Facebook tells us about programmable value, among other things. If we want to understand the gap between abstraction and messy reality, Finn argues, we need to build a model of “algorithmic reading” and scholarship that attends to process, spearheading a new experimental humanities.

[Diary of a French Girl](#) -
Zéphanie 2010-09-21

This true story takes place in Paris, the City of Lights where Zphanie was born in 1925. In this memoir, you will learn what life was like during the war and occupation, and how the resistance movement helped the fallen pilots that were parachuted into German encampments. You will read how one girl preserved her sense of compassion and kindness regardless of the circumstance. There are heroes

born among us every day, but they too often remain unsung. Zphanie was one of them She handled the horrors and tragedies life handed her with grace and dignity, and she survived long enough to make her way to England, then to America. Her fascinating story will captivate you.

THE LAST DOG IN FRANCE

- John Van Wyck Gould
2006-08-07

Set against the backdrop of the French Resistance in World War II, this is a tale of conflict, survival, escape, the search for buried Nazi treasure - and romance. On Christmas Eve, 1987, convicted Nazi war criminal, Otto Streikler, escapes from French prison, vowing revenge on American officer, Mitch Carter, and beautiful eighteen-year-old French girl, Renee, who put him there. The story circles back to 1940, the German invasion of France, the French Resistance and their "Escape Line," which smuggles spies and downed fliers across the

Pyrenees. Renee is persuaded to spy for MI-6 by a British Lord who is secretly infatuated with her. After conveying covert codes to underground contacts, she is pursued by the Gestapo and caught in a web of intrigue, struggling to avoid capture and fending off sexual attack. Carter, also attached to MI-6, is infiltrated into France to work with the Resistance - and Renee. Renee's brother, Henri, goes into hiding and forms a cell of the Resistance. Living off the land, dodging German patrols, and surviving by their wits, they are forced to kill and eat almost any small animal that moves. On Christmas Day, 1987, we have violent confrontation and a surprise ending.

Fair Stood the Wind to France -
H. E. Bates 2019-12-06

Fair Stood the Wind for France, first published in 1944, is author H. E. Bates' fictional account of a downed English bomber-pilot and his crew over occupied France during World

Downloaded from
legacy.opendemocracy.net
on 2020-06-10 by guest

War II. The men are taken in by a French family who hide them in their home. However, the pilot, injured during the plane's landing, must remain in France to heal, while his crew begin their journey back to friendly territory. The pilot falls in love with the home-owner's daughter, their relationship grows and eventually they travel together across France, seeking a way back to England. Fair Stood the Wind for France rises above the average romance, however. Set against the horrors of war, it takes on a life-affirming force, enhanced by the simple, yet elegant prose of the author. Bates also excels at evoking a sense of place; much of the story occurs over the course of a hot summer in rural France, and there are many beautiful descriptions of the French countryside as it bakes in the summer heat. In 1980, the book was the subject of a 4-part television mini-series by the BBC.

How To Be Parisian - Anne Berest 2014-09-04

How To Be Parisian brilliantly

deconstructs the French woman's views on culture, fashion and attitude. Bohemian free-thinkers and iconoclasts, Anne Berest, Caroline De Maigret, Audrey Diwan and Sophie Mas cut through the myths in this gorgeous, witty guide to Parisienne savoir faire. These modern Parisiennes say what you don't expect to hear, just the way you want to hear it. They are not against smoking in bed, and all for art, politics and culture, making everything look easy, and going against the grain. They will take you on a first date, to a party and through a hangover. They will tell you how to be mysterious and sensual, make your boyfriend jealous, the right way to approach weddings and the gym, and they will share their address book in Paris for where to go at the end of the night, for a birthday, for a smart date, for vintage finds and much more. Full of wit and self-deprecating humour, How To Be Parisian explains those confusing subjects of clothes, makeup, men, culture and

lifestyle as only a true Parisienne can.

A "Y" Girl in France: Letters of Katherine Shortall - Katherine Shortall 2021-04-25

These letters were published in 1919 by the mother of Katherine Shortall. She had been so impressed by their content and the evidence that they were hastily scribbled in whatever and on whatever came to hand, that she felt their publication would help to preserve the spirit of helping everyone that so pervaded the YMCA movement of that time. 'Y' or Yankee girls were members of YMCA and posted to France in large numbers to run 'canteens'. These were places of rest and entertainment for the troops and the girls worked tirelessly.

The Little French Girl - Anne Douglas Sedgwick 2023-10-05

Reproduction of the original. The publishing house Megali specialises in reproducing historical works in large print to make reading easier for people with impaired vision.

Nobody's Girl - Hector Malot 1922

After the death of her mother in 19th-century Paris, resourceful thirteen-year-old Perrine experiences a Robinson Crusoe-like existence in a secret hut and life as a factory girl as she walks over one hundred miles to locate the only relative in a position to help her.

An English Girl in Paris - 1902

How to Pick Up French Girls - Amy Schrauf 2012-02-24

ABOUT THE BOOK French girls have a reputation of being some of the most beautiful girls in Western Europe. They have charm, looks, and killer style. Any man would be thrilled to pick up a French girl, but this is where things can get tricky. Even if one knows the French language, so many considerations come into play. Does one use the familiar version of 'you' or the formal? Should one be forward or more discrete in their come on? This book will tell you everything you need to know and more on the art of picking up French women. First and foremost, you

Downloaded from
legacy.opendemocracy.net
on 2020-06-10 by guest

need to know which form of 'you' to be using when talking to a French girl. A lot can be interpreted from a conversation based on which version a person is using. In today's modern world, the rule of thumb is to use the 'tu' form when talking to (or flirting with) a girl who is around your age. The 'vous' form is considered too formal for such a situation. MEET THE AUTHOR Amy studied International Studies and French at Miami University and graduated in May 2011. She has been writing since she could hold a pen. Amy loves French history, the banjo, and her dog Jacob. You can find out more about her by visiting www.amyschrauf.com. EXCERPT FROM THE BOOK So you've made it past the awkward picking-her-up conversation as well as the first date, where to go from here? It should be pretty apparent whether or not you want to carry on a relationship with this French girl by this point, so it's down to you. If you're pretty into her and decide you

do indeed want to carry on this trans-cultural relationship, I would recommend reading on to the next section so you can avoid any potentially embarrassing future 'faux pas' in the future. Buy a copy to keep reading!

The Little Madeleine - Mrs. Robert Henry 1953

[The Little French Girl](#) - Anne Douglas Sedgwick 2022-08-16 DigiCat Publishing presents to you this special edition of "The Little French Girl" by Anne Douglas Sedgwick. DigiCat Publishing considers every written word to be a legacy of humankind. Every DigiCat book has been carefully reproduced for republishing in a new modern format. The books are available in print, as well as ebooks. DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature.

French Pictures in English Chalk - Eustace Clare Grenville Murray 1878

The Beauty of the Real - Mick

Downloaded from
legacy.opendemocracy.net
on 2020-06-10 by guest

LaSalle 2012-05-09

Even as actresses become increasingly marginalized by Hollywood, French cinema is witnessing an explosion of female talent—a Golden Age unlike anything the world has seen since the days of Stanwyck, Hepburn, Davis, and Garbo. In France, the joy of acting is alive and well. Scores of French actresses are doing the best work of their lives in movies tailored to their star images and unique personalities. Yet virtually no one this side of the Atlantic even knows about them. Viewers who feel shortchanged by Hollywood will be thrilled to discover *The Beauty of the Real*. This book showcases a range of contemporary French actresses to an audience that will know how to appreciate them—an American public hungry for the exact qualities that these women represent. To spend time with them, to admire their flashing intelligence and fearless

willingness to depict life as it is lived, gives us what we're looking for in movies but so rarely find: insights into womanhood, meditations on the dark and light aspects of life's journey, revelations and explorations that move viewers to reflect on their own lives. The stories they bring to the screen leave us feeling renewed and excited about movies again. Based on one-on-one interviews and the viewing of numerous films, Mick LaSalle has put together a fascinating profile of recent generations of French film stars and an overview of their best work. These women's insights and words illuminate his book, which will answer once and for all the two questions Americans most often have about women and the movies: Where did all the great actresses go? And how can I see their movies? Please [click here](#) to see a video discussing *The Beauty of the Real* at the Roxie Film Festival.
