After I Do - Taylor Jenkins Reid 2023-01-05

From the New York Times bestselling author of The Seven Husbands of Evelyn Hugo, comes a breath taking novel about modern marriage, the depth of family ties, and the year that one remarkable heroine spends exploring both. When Lauren and Ryan's marriage reaches the breaking point, they come up with an unconventional plan. They decide to take a year off in the hopes of finding a way to fall in

love again. One year apart, and only one rule: they cannot contact each other. Aside from that, anything goes. Lauren embarks on a journey of self-discovery, quickly finding that her friends and family have their own ideas about the meaning of marriage. These influences, as well as her own healing process and the challenges of living apart from Ryan, begin to change Lauren's ideas about monogamy and marriage. She starts to question: When can you have romance without loyalty and commitment without marriage, when love and lust are no longer tied together, what do you value? What are you willing to fight for? This is a love story about what happens when the love fades. It's about staying in love, seizing love, forsaking love, and committing to love with everything you've got. And above all, *After I Do* is the story of a couple caught up in an old game-and searching for a new road to happily ever after.

The Divorce - Nicole Strycharz
2016-05-25

Jenzy: I love my husband, but he doesn't see me anymore. We were college sweethearts and for seven years I've been his wife. Five of those years were bliss; the last two have been a long fall from grace. He's the love of my life, the sexy and smart man I saw my future with, but now I don't think he sees it too. I'm tired of not being seen, I'm tired of not being heard, and I'm tired of being in love alone. I was his

~~optimistic hippie girl that he~~
couldn't get enough of. Now I'm just his annoyance. So I told him, I finally found the backbone and this is our story.... Chris: My wife just told me she wants a divorce. What the hell do I say to that? I thought we were fine-, well fine is a bad word, I thought we were okay. Doesn't matter what I think because she's moving out and I can't really let this happen. Yeah, she annoys me, we're total opposites, but I knew that when I met her, she hasn't changed...maybe I have? I was her anchor, her safety, her home. Now I'm that guy that's wrecked her and there are plenty of men willing to repair the damage I did. So I have a plan. Find out what happened to change my affection for her within the last two years, and win her back before someone else does, because I still love her, and she still loves me....I guess....

“The Seven Laws of Love is insightful, compelling, inspiring, grounded, and immeasurably practical. We love this book! Everyone needs to read it. Don’t miss out on its powerful message.” —Drs. Les & Leslie Parrott, authors of *Saving Your Marriage Before It Starts* In our fast-paced, success-obsessed culture, we’re constantly tempted to chase after things that don’t matter. What Makes Love Last? - John

~~Gottman 2013-09-10~~

"One of the foremost relationship experts at work today applies the insights of science toward understanding the real meaning of trust between a couple. He decodes the "why" behind betrayal and shows how partners can avoid or recover from unfaithfulness and maintain a loving relationship. Dr. John Gottman, the country's pre-eminent researcher on marriage, is famous for his Love Lab at the University of Washington in Seattle where he deciphers the mysteries of human relationships through scientific research. His thirty-five years of exploration have earned him numerous major awards, including from the National Institute of Mental Health, the American Psychological Association, and the American Association for Marriage and Family Therapy. Now, Dr. Gottman offers surprising findings and advice on the characteristic that is at the heart of all relationships: Trust. Dr. Gottman has developed a formula that precisely

calculates any couple's loyalty level. The results determine a relationship's likely future, including the potential for one or both partners to stray. A Love You Can Trust shows couples how to bolster their trust level and avoid what Dr. Gottman calls the "Roach Motel for Lovers." He describes how the outcome of--"sliding door moments," small pivotal points between a couple, can lead either to more emotional connection or to discontent. He suggests a new approach to handling adultery and reveals the varied and unexpected non-sexual ways that couples often betray each other. A Love You Can Trust guides couples through an empirically tested, trust-building program that will let them repair and maintain a long-term, intimate, and romantic relationship"--
