When years of living a lie suddenly ended in tragedy, Skylar fell off the map. Eighteen months later she's sleeping in a tent in a cemetery in Glasgow, making just enough money to eat by busking on the streets. She manages to avoid recognition, but not the attention of one of Glasgow's ambitious A&R executives. Killian O'Dea works at Skyscraper Records, Scotland's most successful record label. Raised by his uncle and owner of the label, Killian's upbringing would have been devoid of affection entirely if it wasn't for his loving sister. Her music speaks to him in a way he refuses to over-analyze. All he knows is that if it can touch his dark soul, it'll set everyone else's alight. Imagined States Luisa Del Giudice 2001-06 An international ensemble of folklore scholars looks at varied ways in which national and ethnic groups have traditionally and creatively used imagined states of existence—some idealizations, some demonizations—in the construction of identities for themselves and for others. Drawing on oral traditions, especially as represented in traditional ballads, broadsides, and tale collections, the contributors consider fertile landscapes of the mind where utopias overflow with bliss and abundance, stereotyped national and ethnic caricatures define the lives of "others," nostalgia glorifies home and occupation, and idealized and mythological animals serve as cultural icons and guideposts to harmonious social life.

Bad for You Abbi Glines 2015-05-26 The notorious rock 'n' roller star from Misbehaving falls unexpectedly for an innocent new neighbor whose religious adoptive family has convinced her that she is unworthy of love. By the best-selling author of the *Vincent Boys* series. Simultaneous.

Yahweh's Winged Form in the Psalms Joel M. LeMon 2010 The striking image of the winged Yahweh occurs in six psalms (e. g., Ps 17:8 Hide me in the shadow of your wings). Scholars have disagreed on the background, meaning, and significance of the image, arguing that it: (1) likens the Israelite deity to a bird; (2) alludes to the winged sun disk; (3) draws from general Egyptian symbolism for protection; (4) evokes images of winged goddesses; or (5) refers to winged cherubim in the temple and/or on the ark of the covenant. These divergent proposals signal a need for clearer methods of interpreting biblical imagery in light of visual-artistic material from the ancient Near East. This volume refines iconographic methodologies by treating the image of the winged Yahweh as one among a constellation of literary images in each psalm. Since the portrayals of Yahweh in each psalm have distinct contours, one finds several congruencies in Syro-Palestinian iconographic material. The congruent iconographic motifs for Yahweh's winged form include (1) the winged sun disk (in multiple forms and variations), (2) the Horus falcon, (3) winged suckling goddesses, and (4) winged deities in combat. No single image stands behind the portrayals of Yahweh. In fact, even within a single psalm, more than one iconographic trope can provide congruency with the literary imagery and inform the interpretation of the text. Thus, the winged Yahweh in the Psalms provides an example of a 'multistable' literary image, one which simultaneously evokes multiple iconographical motifs.
