[The Dialectic of Sex - Shulamith Firestone 2015-04-01](#)

An international bestseller, originally published in 1970, when Shulamith Firestone was just twenty-five years old, *The Dialectic of Sex* was the first book of the women's liberation movement to put forth a feminist theory of politics. Beginning with a look at the radical and grassroots history of the first wave (with its foundation in the abolition movement of

the time), Firestone documents its major victory, the expansion of the franchise in 1920, and the fifty years of ridicule that followed. She goes on to deftly synthesize the work of Freud, Marx, de Beauvoir, and Engels to create a cogent argument for feminist revolution. Ultimately she presents feminism as the key radical ideology, the missing link between Marx and Freud, uniting their visions of the political and the personal.

The Dialectic of Sex remains remarkably relevant today-a testament to Firestone's startlingly prescient vision. The author died in 2012, but her ideas live on through this extraordinary book.

[Embrace Your Sexual Self](#) - Miya Yamanouchi 2015-04-10

This is a resource for women seeking practical techniques to discover, explore, express and embrace their sexual self. This book teaches you specific skills to improve your relationship with yourself (the key to better sex and relationships with others) by assisting you to connect with your core sexual self through intensive reflective questions and strategies. This book will allow you to access and celebrate your unique and beautiful sexuality.

[Free Women, Free Men](#) - Camille Paglia 2018-03-01

From the fiery intellectual provocateur - and one of our most fearless advocates of gender equality - a brilliant, urgent essay collection that both celebrates modern feminism and affirms the power of men and women and what we can accomplish together.

[Rescuing Human Rights](#) - Hurst Hannum 2019-02-14

Focuses on understanding human rights as they really are and their proper role in international affairs.

Unspeakable Things - Laurie Penny 2014-07-03

Shortlisted for The Green Carnation Prize 2014 'This is not a fairytale. This is a story about how sex and money and power police our dreams.' Clear-eyed, witty and irreverent, Laurie Penny is as ruthless in her dissection of modern feminism and class politics as she is in discussing her own experiences in journalism, activism and underground culture. This is a book about poverty and prejudice, online dating and eating disorders, riots in the streets and lies on the television. The backlash is on against sexual freedom for men and women and social justice - and feminism needs to get braver. Penny speaks for a new feminism that takes no prisoners, a feminism that is about justice and equality, but also about freedom for all. It's about the freedom to be who we are, to love who we choose, to invent new gender roles, and to speak out fiercely against those who would deny us those rights. It is a book that gives the silenced a voice - a voice that speaks of unspeakable things.

Sex Texts from the Bible - Amy-Jill Levine 2014-05-08

A fresh look at the Bible reveals a richness of insight about sex and sexuality For some people, the Bible's perspectives on sex may seem too one - dimensional or antiquated to apply to modern - day life. Others may hold up the Bible as the ultimate moral guideline when it comes to sex and human sexuality. A close reading of the Bible reveals that while its rules and lessons about sex and sexuality may not be applicable to all people at all times, this sacred scripture does offer surprising insight into our modern sexual lives. This intriguing guide demystifies the Bible, synthesizing basic historical, theological, literary and linguistic ideas about the Bible's texts with our modern attitudes about sex. Thoughtful new translation and provocative commentary bridge the divide between biblical authority and our present - day views on gender roles, marriage, sexual orientation, virginity, lust and sexual pleasure. Drawing from Hebrew and Christian scripture, it examines the ways that the language of religion and the language of sex intersect. Now you can discover what the Bible says about sex with no previous background in theology or religious history. This SkyLight Illuminations edition offers insightful and engaging commentary that explains the historical context and religious worldviews of those who wrote the Bible as well as the role their perspectives play in current social debates. You will be encouraged to form your own opinion about what the Bible has to say about sex and gain a deeper understanding of your own sexuality.

The End of Gender - Debra Soh 2021-08-31

"International sex researcher, neuroscientist, and frequent contributor to The Globe and Mail (Toronto) Debra Soh [discusses what she sees as] gender myths in this ... examination of the many facets of gender identity"--

Gender Trouble - Judith Butler 2011-09-22

Since its initial publication in 1990, this book has become a key work of contemporary feminist theory, and an essential work for anyone interested in the study of gender, queer theory, or the politics of sexuality in culture. This is the text where the author began to advance the ideas that would go on to take life as "performativity theory," as well

as some of the first articulations of the possibility for subversive gender practices. Overall, this book offers a powerful critique of heteronormativity and of the function of gender in the modern world.

The Gender Paradox: Discrimination and Disparities in the Postmodern Era - Zachary Elliott 2020-01-12

Explore the origins of sex and gender through a scientific lens and understand social constructionism, its reliance on regressive gender stereotypes, and its pathological doctrines. Social constructionist theory tells us that boys and girls are not born different but are rather made different through socialization. Yet something strange has happened: Across the world's most gender-equal liberal democracies, the differences between men and women have not gone away. Paradoxically, gender differences in personality, interests, and occupational preferences have grown larger. This should not be happening. If men and women are made different through socialization, shouldn't the most gender-equal societies be, after all, gender-equal? Gender, like the Penrose Triangle, is an optical illusion. Many people think they know its properties, but it's wildly deceptive. If we can just find the correct angle, then maybe we can observe gender's actual properties, and with it, perhaps we can solve The Gender Paradox.

Sex Texts from the Bible - 2007

A fresh look at the Bible reveals a richness of insight about sex and sexuality. For some people, the Bible's perspectives on sex may seem too one-dimensional or antiquated to apply to modern-day life. Others may hold up the Bible as the ultimate moral guideline when it comes to sex and human sexuality. A close reading of the Bible reveals that while its rules and lessons about sex and sexuality may not be applicable to all people at all times, this sacred scripture does offer surprising insight into our modern sexual lives. This intriguing guide demystifies the Bible, synthesizing basic historical, theological, literary and linguistic ideas about the Bible's texts with our modern attitudes about sex. Thoughtful new translation and provocative commentary bridge the divide between biblical authority and our present-day views on gender roles, marriage, sexual orientation, virginity, lust and sexual pleasure. Drawing from

Hebrew and Christian scripture, it examines the ways that the language of religion and the language of sex intersect. Now you can discover what the Bible says about sex with no previous background in theology or religious history. This SkyLight Illuminations edition offers insightful and engaging commentary that explains the historical context and religious worldviews of those who wrote the Bible as well as the role their perspectives play in current social debates. You will be encouraged to form your own opinion about what the Bible has to say about sex and gain a deeper understanding of your own sexuality.

The Second Sex - Simone de Beauvoir 1997

Of all the writing that emerged from the existentialist movement, Simone de Beauvoir's groundbreaking study of women will probably have the most extensive and enduring impact. It is at once a work of anthropology and sociology, of biology and psychoanalysis, from the pen of a writer and novelist of penetrating imaginative power. *THE SECOND SEX* stands, five decades after its first appearance, as the first landmark in the modern feminist upsurge that has transformed perceptions of the social relationship of man and womankind in our time.

The Second Sex (Vintage Feminism Short Edition) - Simone de Beauvoir 2015-03-05

Vintage Feminism: classic feminist texts in short form WITH AN INTRODUCTION BY NATALIE HAYNES When this book was first published in 1949 it was to outrage and scandal. Never before had the case for female liberty been so forcefully and successfully argued. De Beauvoir's belief that 'One is not born, but rather becomes, woman' switched on light bulbs in the heads of a generation of women and began a fight for greater equality and economic independence. These pages contain the key passages of the book that changed perceptions of women forever. TRANSLATED BY CONSTANCE BORDE AND SHEILA MALOVANY-CHEVALLIER ANNOTATED AND INTRODUCED BY MARTINE REID

Gender Outlaw - Kate Bornstein 2013-04-15

Gender Outlaw is the work of a woman who has been through some changes--a former heterosexual male, a one-time Scientologist and IBM

salesperson, now a lesbian woman writer and actress who makes regular rounds on the TV (so to speak) talk shows. In her book, Bornstein covers the "mechanics" of her surgery, everything you've always wanted to know about gender (but were too confused to ask) addresses the place and politics of the transgendered and interrogates the questions of those who give the subject little thought, creating questions of her own.

Sex & Character - Otto Weininger 2022-07-21

"Sex and character" explains the characteristics of the human species. Written by Otto Weininger, the treatise focuses on issues important to its time: gender, antisemitism, cultural identity, nazism, misogyny, and biological racism. The book is controversial and readers might not agree with everything within the book, but it provides a different way of looking at these issues.

Positive Life-Changing Quotes - John Richard 2019-12-05

This book comprises a collection of some of the greatest inspirational quotes from great leaders on life, positive affirmation, relationship, love and marriage, family and parenting, sex, leadership, success, feminism, politics and much more. The messages in this inspirational quote book covers every aspect of life and it could serve as a quote book for women, men, teens and even kids.. How a man speaks, feels and acts starts from his thoughts, and every man's thought is influenced by what he/she allows into his/her mind. You can take control of your thought by choosing what you allow into mind and one of the surest ways of doing this is by feeding your mind with short meaningful and thought-provoking quotes from great famous men and women of the past and present that can transform your life. The quotes in this book are short, unique and very thought provoking. Take control of your mind, thoughts and action today with this awesome life-transforming quote book.

Policy is Personal - Clare Ungerson 1987-01-01

The Second Sex - Simone de Beauvoir 1972

Sex and Gender Differences in Personal Relationships - Daniel J. Canary 1998-10-16

Challenging a commonly held assumption that men and women hail from different psychological and social "planets," this illuminating work reexamines what the empirical research really shows about how the sexes communicate in close relationships. The volume demonstrates that stereotypical beliefs about men and women fail to predict their actual interaction behavior, and highlights evidence of similarities - as well as differences - between the two groups. Setting forth an integrative theory of gender differences, the authors propose that communication behavior in different activities is the means by which sex and gender role expectations are created and sustained. This volume is suitable for students, scholars, and researchers in communication, social psychology, marriage and family studies, and gender studies as well as clinicians working with individuals, couples, and families.

Sex and Love Quotations - Michael C. Thomsett 1995-01-01

Philosophers, writers, researchers, and many others have penned their observations about sex and love. Some are genuinely heartfelt (Love is the salt of life--John Sheffield); and some are as genuinely cynical ('Twas a happy marriage betwixt a blind wife and a deaf husband--Michael de Montaigne). Over 2,400 quotations from sources ancient to modern are included. The quotes are organized under 11 broad subject groupings: love, marriage, battle of the sexes, singlehood, attraction, desire, physical love, kiss and tell, multiple sex partners, break-ups, and virtue and vice. Each entry provides author, source and year.

Gender Identity - Anika Abraham 2021-07-15

One of the most important topics in contemporary society, gender identity is a term many young people are familiar with and are using to express themselves. This thoughtful guide defines gender identity, explores the history of this topic, and examines the different ways gender identity is viewed today. By using recent data, expert opinions presented through annotated quotes, and critical thinking questions, readers are enabled to form their own opinions about gender identity. They will comprehend the issues associated with it and think more deeply about their own relationship with gender and its expression in the modern world.
