**Luckiest Girl Alive** - Jessica Knoll 2015-09-08  
"In a riveting debut novel that reads like Prep meets *Gone Girl*, a young woman is determined to create the perfect life--husband, home, and career--until a violent incident from her past threatens to unravel everything and expose her most shocking secret of all. Twenty-eight-year-old New Yorker Ani FaNelli seems to have it all: she's a rising star at *The Women's Magazine*, impossibly fit, perfectly groomed, and about to marry Luke Harrison, a handsome blueblood. But behind that veneer of perfection lies a

vulnerability that Ani holds close and buries deep--a very violent and public trauma from her past that has left her constantly trying to reinvent herself. And only she knows how far she would go to keep her secrets safe. When a documentary producer invites Ani to tell her side of the chilling incident that took place when she was a teenager at the prestigious Bradley School, she hopes it will be an opportunity for public vindication. Armed with the trappings of success--expensive clothes, high-powered byline, a massive engagement ring--she is determined to silence the whispers of suspicion and blame from her past, and prove once and for all how far she's come since Bradley. She'll even let them film her lavish wedding on Nantucket, the final step in her transformation. But perfection doesn't come without cost. As the wedding and filming converge, Ani's meticulously crafted facade begins to buckle and crack--until an explosive revelation offers her a final chance at redemption, even as it rocks her picture-perfect world. Equal parts glitz and darkness, and with a singular voice and twisting plot, *Luckiest Girl Alive* reads like *Sex & the City*--if Carrie Bradshaw had a closet full of skeletons instead of shoes. In *Ani FaNelli*, Jessica Knoll has created a complex and vulnerable heroine who you'll be rooting for to the very last page"--

**Emily in Paris: Paris, J'Adore!** - Emily in Paris 2022-10-27

The official authorized companion to the much-loved Netflix show Emily in Paris. Paris, J'Adore! is Emily Cooper's diary about her life in France so far. From leaving her boyfriend in Chicago to starting at marketing firm Savoir in Paris, it reveals all the thrill, fear and confusion Emily experiences as she embarks on her new life. She becomes acquainted not only with French workplace etiquette - the long lunches, the arguments, the determined reluctance to use social media - but also with Gabriel, the hottest chef in town. Some things, though, are beyond comprehension: like why the first floor in a Parisian apartment building is the second floor and the first floor is the ground floor. As the months go by, Emily learns how it's perfectly normal to have a glass of Sancerre for breakfast and how you should never turn up early at work. But more than anything, she learns about love, female friendships, and how exciting it is to step out of your comfort zone in this beautiful and intriguing city. Paris, J'Adore! is also a guidebook to how to be a Parisian, with tips on fashion, romance, and where to capture the perfect selfie in the City of Lights. Written in Emily's voice, it will contain the following sections: 1. Emily's Fashion Paris - all about Emily's favourite outfits and designers - from Cadault to Chanel - as well as tips on what to wear to the beach, where to find the best boutiques, and how to dress like a Parisian; 2. Emily's Romantic Paris - the best bridges to kiss and break up on, where you can find the most breathtaking views and the most perfect backstreets, why the magic of the Eiffel Tower twinkling at night is the most intoxicating backdrop to falling in love, and a selection of the most evocative French songs to sing along to; 3. Emily's Secret Paris - where Parisians show Emily the real Paris, from the hamman in the Mosquée de Paris to the Atelier des Lumières, and from small independent French cinemas to delightful neighbourhood restaurants; 4. Emily's Workplace Paris - how to navigate tensions and emotions in a French boardroom, lunch and coffee break rituals, Sylvie's own version of Savoir's Employee Handbook, and how to teach

the French about social media; 5. Emily's Escapades from Paris - including the delights of the Champagne region, the sheer glamour of Saint-Tropez and the opulence of the Château de Versailles. Packed with four-colour photographs, exquisite illustrations and beautiful shots of Paris, Paris, J'Adore! is a hugely desirable gift book for all the fans of the show.

*Suit* - BB Easton 2019-11-19

Find out if the ultimate party girl might finally be ready to settle down in this final spinoff novel after 44 CHAPTERS ABOUT 4 MEN, the book that inspired the hit Netflix original series SEX/LIFE. "Since when are you into guys who wear ties?" It was true. By her mid-twenties, BB's type had been well established—and good guys need not apply. Which is exactly why she had to friend-zone Ken Easton. The man was a former football star, smelled like fresh laundry instead of stale cigarettes, and had more ties in

his closet than tattoos on his knuckles. BOR-ING. But the more she got to know her gorgeous study buddy, the more she wondered: Why doesn't he date? Why does he avoid human touch? Why does he hate all things fun and wonderful? The psychology-student side of her became obsessed with getting inside Ken's head, while the romantic side of her became obsessed with getting inside his heart. Soon BB discovers the one thing she loves more than bad boys is a good challenge. "BB Easton has a talent like no other to hook the reader and she never lets you go with Suit. One I'm going recommend over and over again. Flawless!" —Brittainy C. Cherry, author of *Eleanor & Grey* To view a comprehensive content warning, please visit the author's website.

**High in the Clouds** - Paul McCartney 2006

Imagine a land where all the animals are free . . . To the creatures of the woodland, the land of Animalia sounds like a dream - a tropical island where all the animals live in harmony. They are over-shadowed by a much more evil community; the polluted Megatropolis, whose dirty skyscrapers block the horizon. And then one day, Wirral the Squirrel's woodland is destroyed by developers and he is thrown into the nightmare world of Megatropolis. But Wirral believes in Animalia and he joins with Froggo, a world-class amphibian balloonist, and Wilamina, a girl squirrel, to lead the enslaved animals of the city to a new life. So begins an exciting adventure through the mean streets of Megatropolis, over the sea and through the sky. Developed out of an exceptional fusion of creative talents, this story explodes onto every page. The plot is fast, furious and funny; the illustrations are full of rich depth and colour; and the characters live on long after you have turned the final page. It will delight children of all ages and is sure to become an enduring classic. 'Young audiences will delight in the clever wordplay and smartly-drawn comic characters.' Independent

**One Day** - David Nicholls 2011-08-24

'ONE DAY is destined to be a modern classic' - Daily Mirror Twenty years, two people, ONE DAY. The multi-million copy bestseller that captures the experiences of a generation. A revised and updated edition of Emily Nagoski's game-changing New York Times bestseller *Come As You Are*, featuring new information and research on mindfulness, desire, and pleasure that will radically transform your sex life. For much of the 20th and 21st centuries, women's sexuality was an uncharted territory in science, studied far less frequently—and far less seriously—than its male counterpart. That is, until Emily Nagoski's *Come As You Are*, which used groundbreaking science and research to prove that the most important factor in creating and sustaining a sex life filled with confidence and joy is not what the parts are or how they're organized but how you feel about them. In the years since the book's initial publication, countless women have learned through Nagoski's accessible and informative guide that things like stress, mood, trust, and body image are not peripheral factors in a woman's sexual wellbeing; they are central to it—and that even if you don't always feel like it, you are already sexually whole by just being yourself. This revised and updated edition continues that mission with new information and advanced research, demystifying and decoding the science of sex so that everyone can create a better sex life and discover more pleasure than you ever thought possible.

[The Innocent](#) - Harlan Coben 2023-11-07

His wife, Olivia, is pregnant, and the two of them are closing on their dream house. But all it will take is one

shocking, inexplicable call from Olivia's cell phone to shatter Matt's life a second time...

[44 Chapters About 4 Men](#) - BB Easton 2019-11-19

One woman's secret journal completely changes her marriage in this hilarious and biting memoir—the inspiration for the Netflix Original Series *SEX/LIFE*. School psychologists aren't supposed to write books about sex. Doing so would be considered "unethical" and "a fireable offense." Lucky for you, ethics was never my strong suit. *Sex/Life: 44 Chapters About 4 Men* is a laugh-out-loud funny and brutally honest look at female sexuality, as told through the razor-sharp lens of domesticated bad girl BB Easton. No one and nothing is off limits as BB revisits the ex-boyfriends—a sadistic tattoo artist, a punk rock parolee, and a heavy metal bass player—that led her to finally find true love with a straight-laced, drop-dead-gorgeous . . . accountant. After settling down and starting a family with her perfectly vanilla "husbot," Ken, BB finds herself longing for the reckless passion she had in her youth. She begins to write about these escapades in a secret journal, just for fun, but when Ken starts to act out the words on the pages, BB realizes that she might have stumbled upon the holy grail of behavior modification techniques. The psychological dance that ensues is nothing short of hilarious as BB wields her journal like a blowtorch, trying to light a fire under her cold, distant partner. Sometimes it works, sometimes it doesn't, but in the end, BB learns that the man she was trying so hard to change was perfect for her all along.

which VICE calls “a younger, gay version of Mary Karr's Lit.” People are obsessed with Ryan O’Connell’s blogs. With tens of thousands reading his pieces on Thought Catalog and Vice, watching his videos on YouTube, and hanging on to each and every #dark tweet, Ryan has established himself as a unique young voice who’s not afraid to dole out some real talk. He’s that candid, snarky friend you consult when you fear you’re spending too much time falling down virtual k-holes stalking your ex on Facebook or when you’ve made the all-too-common mistake of befriending a psycho while wasted at last night’s party and need to find a way to get rid of them the next morning. But Ryan didn’t always have the answers to these modern-day dilemmas. Growing up gay and disabled with cerebral palsy, he constantly felt like he was one step behind everybody else. Then the rude curveball known as your twenties happened and things got even more confusing. Ryan spent years as a Millennial cliché: he had dead-end internships; dabbled in unemployment; worked in his pajamas as a blogger; communicated mostly via text; looked for love online; spent hundreds on “necessary” items, like candles, while claiming to have no money; and even descended into aimless pill-popping. But through extensive trial and error, Ryan eventually figured out how to take his life from bleak to chic and began limping towards adulthood. Sharp and entertaining, I’m Special will educate twentysomethings (or other adolescents-at-heart) on what NOT to do if they ever want to become happy fully functioning grown-ups with a 401k and a dog.

[The Innocent Man](#) - John Grisham 2010-10-28  
"John Grisham's first work of non-fiction, an exploration of small town justice gone terribly awry, is his most extraordinary legal thriller yet. In the major league draft of 1971, the first player chosen from the State of Oklahoma was Ron Williamson. When he signed with the

Oakland A's, he said goodbye to his hometown of Ada and left to pursue his dreams of big league glory. Six years later he was back, his dreams broken by a bad arm and bad habits - drinking, drugs and women. He began to show signs of mental illness. Unable to keep a job, he moved in with his mother and slept 20 hours a day on her sofa. In 1982, a 21 year-old cocktail waitress in Ada named Debra Sue Carter was raped and murdered, and for five years the police could not solve the crime. For reasons that were never clear, they suspected Ron Williamson and his friend Dennis Fritz. The two were finally arrested in 1987 and charged with capital murder. With no physical evidence, the prosecution's case was built on junk science and the testimo"

**21st-Century Narratives of Maternal Ambivalence** - Rachel Williamson 2023-10-17  
Motherhood has long been depicted in reductive or limited terms. At once valorized and configured as the ultimate end-goal for socially condoned femininity, maternity is also highly mediated and scrutinized. This has resulted in a representational tradition that persists in imagining maternal subjects in rigid binary terms, pitting good mothers against bad. Largely in response to this repressive schema, recent years have marked the emergence of a diverse range of visual and literary texts about motherhood. While such texts vary in style, genre and form, this book argues that they are unified in their efforts to publicize embodied maternal experience and foreground maternal ambivalence, a concept that is best understood as a mother’s capacity to simultaneously love and hate her child. Although maternal ambivalence has become an increasingly popular topic of study with maternal scholars, its articulation within contemporary representations and narratives has yet to be adequately theorized and addressed, and this book aims to fill this gap.
