Chirality in Drug Design and Development - Indra K. Reddy 2004-03-15

Covering every essential element in the development of chiral products, this reference provides a solid overview of the formulation, biopharmaceutical characteristics, and regulatory issues impacting the production of these pharmaceuticals. It supports researchers as they evaluate the pharmacodynamic, pharmacokinetic, and toxicological characteristics of specific enantiomers and chiral drug compounds and addresses in one convenient reference all the major challenges pertaining to drug chirality that have been neglected in the literature. Chirality in Drug Design and Development collects the latest studies from an interdisciplinary team of experts on chiral drug design.

Sahaja Yoga - Shri Mataji Nirmala Devi 2018-04-15

Shri Mataji writes that "India is a very ancient country and it has been blessed by many seers and saints who wrote treatises about reality and guidelines on how to achieve it." This is just such a book. This book is both an introduction to Sahaja Yoga, describing the nature of the subtle reality within each of us, and a step-by-step handbook on how to be a good Sahaja Yogi, the nature of Sahaj culture, how to be a leader and how to raise children. "The knowledge of Sahaja Yoga cannot be described in a few sentences or one small book, but one should understand that all this great work of creation and evolution is done by some great subtle organization, which is in the great divine form."

Pediatric Hydrocephalus - G. Cinalli 2012-12-06

In the last ten years the pediatric neurosurgeon has witnessed a real revolution in the diagnosis and treatment of pediatric hydrocephalus, the most frequently encountered condition in everyday clinical practice. The evolution of MRI and the advent of neuroendoscopic surgery have resuscitated the interest in the classification, etiology and pathophysiology of hydrocephalus. The book offers an updated overview on the recent progress in this field, and a new approach to hydrocephalus: the reader will find in it a modern and new presentation of an old disease, where genetics, endoscopy, cost-effectiveness analyses and many other aspects of the various therapies are extensively discussed. The volume will be useful not only for neurosurgeons, but for all specialists interested in the various aspects of hydrocephalus: pediatricians, radiologists, endocrinologists, pathologists and geneticists.

History of Tipu Sultan - Mohibbul Hasan 2005

In *The Present Work, An Attempt Has Been Made To Give An Accurate Picture Of Tipu Sultan By Disengaging His Personality From Masses Of Fictions And Distortions Which Have Gathered Round Him. As Practically The Whole Of Tipu'S Life Was Taken Up With Fighting, The Author Has Devoted Considerable Space To Campaigns And Battles. However, He Has Not Ignored Other Aspects Of His Career. He Has Paid Sufficient Attention To The Causes And Results Of Wars, While TipuS Relation With The English, The French, The Nizam, The Marathas And The Ottoman Sultan Have Been Fully Discussed. The Last Three Chapters Of The Book Have Been Devoted To A Description Of The SultanS Government And Army, His Reforms And Religious Policy, His Efforts At Industrialisation And State Socialism, His Character, His Failures And Achievements. This Pioneering Study Will Enable The Reader To Appraise The Career And Character Of This Extraordinary Man. Its Scholarly Value Is Enhanced By Professor HasanS Extensive Use Of English, French, Persian, And Urdu Sources.*

A New English-Hindustani Dictionary - S. W. Fallon 1883

Cambridge Advanced Learner's Dictionary KLETT VERSION - Kate Woodford 2003-02-13

The Cambridge Advanced Learner's Dictionary gives the vital support which advanced students need, especially with the essential skills: reading, writing, listening and speaking. In the book: * 170,000 words, phrases and examples * New words: so your English stays up-to-date * Colour headwords: so you can find the word you are looking for quickly * Idiom Finder * 200 'Common Learner Error' notes show how to avoid

common mistakes * 25,000 collocations show the way words work together * Colour pictures: 16 full page colour pictures On the CD-ROM: * Sound: recordings in British and American English, plus practice tools to help improve pronunciation * UNIQUE! Smart Thesaurus helps you choose the right word * QUICKfind looks up words for you while you are working or reading on screen * UNIQUE! SUPERwrite gives on screen help with grammar, spelling and collocation when you are writing * Hundreds of interactive exercises

The Cervix - Joseph Jordan 2009-04-08

At over 600 pages, with more than 400 illustrations and photographs this text spans everything from embryology to the emotional trauma women undergo when their cervix is removed at hysterectomy. This is also the most up-to-date text in the field - The editors have referenced work to 2006(and will continue to until the text goes to press), whilst still including all the classic research material and images where appropriate. Essential for gynecologists, oncologists, basic scientists especially those involved in HPV (viral)research, GPs, nurses, colposcopy prctitioners, and sexual transmitted disease doctors The only definitive major clinical reference book published on the cervix for thirty years Including the most up-to-date research on HPV including up-to-date vaccine trial data Highly illustrated in colour including many surgical procedures Spanning the entire field from embryology to cancer to emotional trauma International editorship, with leading names in the field Cervical cancer is the second biggest cause of female cancer mortality worldwide and therefore relevant to the developing and developed world Specific chapters related to management of cervical cancer in the developing world Summaries of recommendations by international bodies including the IARC conference (Lyon 2004), dealing with cervical cancer diagnosis and treatment The Editors, Jordan and Singer, are the co-founders of the British Society for Colposcopy and Cervical Pathology

Sex Machine - Marie Force 2016-09-26

"(This) was seriously one of the HOTTEST books I've ever read!" —Emma Chase, NY Times bestselling author of *Royally Screwed* "Hot, emotional and fun, this sex machine of a man has a huge...HEART!" - Lauren Blakely, NY Times bestselling author of *WELL HUNG* "Sex Machine totally got my motor running. Marie Force just delivered one smoking hot romance." —Sawyer Bennett, New York Times bestselling author *SEX MACHINE* He's good for one thing and one thing only—and she wants it bad. Honey Carmichael has never had a decent orgasm, and she's out to change that with the one man in town known for his superior skill between the sheets. Blake Dempsey is happy to help Honey with her "problem" as long as she knows he's only interested in sex. His heart was broken when his high school girlfriend was killed in the car he was driving, and he has nothing to offer other than more orgasms than Honey can handle. Which is just fine with her—until fantastic orgasms aren't enough anymore for either of them and unexpected feelings turn hot sex into messy entanglement—and that most definitely wasn't in the plans. But you know what they say about plans... A sexy, dirty standalone romance intended for MATURE audiences. If you can't take the heat in Blake's bedroom, stay out or you might get burned. You've been warned!

The Book of Ceremonial Magic - Arthur Edward Waite 1961

THE ordinary fields of psychological inquiry, largely in possession of the pathologist, are fringed by a borderland of occult and dubious experiment into which pathologists may occasionally venture, but it is left for the most part to unchartered explorers. Beyond these fields and this borderland there lies the legendary wonder-world of Theurgy, so called, of Magic and Sorcery, a world of fascination or terror, as the mind which regards it is tempered, but in either case the antithesis of admitted possibility. There all paradoxes seem to obtain actually, contradictions coexist logically, the effect is greater than the cause and the shadow more than the substance. Therein the visible melts into the unseen, the invisible is manifested openly, motion from place to place is accomplished without traversing the intervening distance, matter passes through matter. There two straight lines may enclose a space; space has a fourth dimension, and untrodden

fields beyond it; without metaphor and without evasion, the circle is mathematically squared. There life is prolonged, youth renewed, physical immortality secured. There earth becomes gold, and gold earth. There words and wishes possess creative power, thoughts are things, desire realises its object. There, also, the dead live and the hierarchies of extra-mundane intelligence are within easy communication, and become ministers or tormentors, guides or destroyers, of man. There the Law of Continuity is suspended by the interference of the higher Law of Fantasia. But, unhappily, this domain of enchantment is in all respects comparable to the gold of Faerie, which is presumably its medium of exchange. It cannot withstand daylight, the test of the human eye, or the scale of reason. When these are applied, its paradox becomes an anticlimax, its antithesis ludicrous; its contradictions are without genius; its mathematical marvels end in a verbal quibble; its elixirs fail even as purges; its transmutations do not need exposure at the assayer's hands; its marvel-working words prove barbarous mutilations of dead languages, and are impotent from the moment that they are understood; departed friends, and even planetary intelligences, must not be seized by the skirts, for they are apt to desert their draperies, and these are not like the mantle of Elijah.

The Major Transitions in Evolution - John Maynard Smith 1997-10-30

During evolution, there have been several major changes in the way that genetic information is organized and transmitted from one generation to the next. These transitions include the origin of life itself, the first eukaryotic cells, reproduction by sexual means, the appearance of multicellular plants and animals, the emergence of cooperation and of animal societies, and the unique language ability of humans. This is the first book to discuss all of these major transitions. In discussing such a wide range of topics in one volume, the authors are able to highlight the similarities between different transitions - for example, between the union of replicating molecules to form chromosomes and of cells to form multicellular organisms. The authors also show how an understanding of one transition sheds light on others. A common theme in the book is that entities that could replicate independently before the transition can replicate afterwards only as part of a larger whole. Why, then, does selection between entities at the lower level not disrupt selection at the higher level? In answering this question, the authors offer an explanation for the evolution of cooperation at all levels of complexity. Written in a clear style, and illustrated with many original diagrams, this book can be read with enjoyment by anyone with an undergraduate training in the biological sciences. It will be ideal for advanced discussion groups on evolution. Although the content ranges widely from molecular biology to linguistics and from intragenomic conflict to insect societies, no detailed knowledge of any of these topics is required. Mathematical models are clearly explained, and equations and formulae are kept to a minimum.

Sex Ke Rang Raaz Evam Rehesya - Surender Nath Saxena 2012-12-26

Nar Nari ke pyar me pavitrata madakta aur khushiyo ka sangam chippa hota hai. Duniya ke samast sukho aur rango ke mool me sex sukh aur jananshakti ki mahatvpurna bhumika hoti hai. Dukh ka vishya ye hai ki hamare samaj me sex ko apavitra roop se prastut kiya jata jai tatha paap samjha jata hai ek aur ise agyanta ki chadar se dhak diya jata hai aur dusri aur lajjarahit sex pradarshan kiya jata hai. Agyanta ki vajah se nar nari Praay apne jeevan ki khushiyo ko nash kar lete hai. Vahi kishor evam yuva vikrut manovritiyo ke shikar ho jate hai. Prastut pustak me kaam kala ko ashleelta se pare rakh kar vagyanik evam manovagyanik drishtikonon se pesh kiya gaya hai is pustak me sex ko samajhne ke liye uchit udaharan evam chitra diye gaye hai. Jinse sex vishya ko samajhne me tatha sex se judi bhrantiyo se mukt hone me sahayta milti hai. Sex ka sahi gyan manav jeevan me khushiyo ki apaar vridhi lata hai. Pustak me sex sambandhi gyan ko sahay evam saral tarike se prastut kiya gaya hai jisse aapka jeevan khushiyo se bhar sake.

Sex, Time, and Power - Leonard Shlain 2004-08-03

As in the bestselling *The Alphabet Versus the Goddess*, Leonard Shlain's provocative new book promises to change the way readers view themselves and where they came from. *Sex, Time, and Power* offers a tantalizing answer to an age-old question: Why did big-brained *Homo sapiens* suddenly emerge some 150,000 years ago? The key, according to Shlain, is female sexuality. Drawing on an awesome breadth of research, he shows how, long ago, the narrowness of the newly bipedal human female's pelvis and the increasing size of infants' heads precipitated a crisis for the species. Natural selection allowed for the adaptation of the human female to this environmental stress by reconfiguring her hormonal cycles, entraining them with the periodicity of the moon. The results, however, did much more than ensure our

existence; they imbued women with the concept of time, and gave them control over sex—a power that males sought to reclaim. And the possibility of achieving immortality through heirs drove men to construct patriarchal cultures that went on to dominate so much of human history. From the nature of courtship to the evolution of language, Shlain's brilliant and wide-ranging exploration stimulates new thinking about very old matters.

Polycystic Ovary Syndrome - Andrea Dunaif 2008-01-12

This volume includes the latest diagnostic criteria for PCOS and comprises the most up-to-date information about the genetic features and pathogenesis of PCOS. It critically reviews the methodological approaches and the evidence for various PCOS susceptibility genes. The book also discusses additional familial phenotypes of PCOS and their potential genetic basis. All four editors of this title are extremely prominent in the field of PCOS.

Public Mental Health - William W. Eaton 2019-04-03

"[A] masterful volume that will do much to advance understanding of mental health as an essential public health challenge." -*Journal of Sociology & Social Welfare* THE GROUNDBREAKING TEXTBOOK IN POPULATION-LEVEL MENTAL HEALTH, NOW FULLY REVISED AND UPDATED *Public Mental Health* equips a new generation of public health students, researchers and practitioners with the most innovative social, biological, and behavioral science approaches to mental health challenges at the population level. Incorporating insights from multiple health and science disciplines, this new edition introduces novel concepts and methodologies for understanding the occurrence of mental disorders in populations worldwide. Reflecting the disciplinary diversity and expertise of an internationally-recognized roster of contributors, its nineteen chapters include coverage of such essential topics as: · estimates of global prevalence based on new data from the Global Burden of Disease Study · the complex way in which genes, other biological factors, and life stresses increase risk · mental health disparities among population subgroups · population-level mental health consequences of violence and natural disasters · the logic and practice of prevention of mental and behavioral disorders With a perspective that will resonate from the lab to the legislature floor, *Public Mental Health* offers a much-needed core text for students, researchers, and practitioners.

Sexual Behavior and Selected Health Measures - William D. Mosher 2005

Learn Korean - Must-Know Korean Slang Words & Phrases - Innovative Language Learning

Do you want to learn Korean the fast, fun and easy way? And do you want to master daily conversations and speak like a native? Then this is the book for you. *Learn Korean: Must-Know Korean Slang Words & Phrases* by KoreanClass101 is designed for Beginner-level learners. You learn the top 100 must-know slang words and phrases that are used in everyday speech. All were hand-picked by our team of Korean teachers and experts. Here's how the lessons work: • Every Lesson is Based on a Theme • You Learn Slang Words or Phrases Related to That Theme • Check the Translation & Explanation on How to Use Each One And by the end, you will have mastered 100+ Korean Slang Words & phrases!

Endangered Wildlife and Plants of the World - Marshall Cavendish Corporation 2001

A reference encyclopedia providing information on endangered wildlife and plants throughout the world.

The Evolution of Sex - John Maynard Smith 1978-08-24

The question of why organisms reproduce sexually is still a matter of controversy. In this account, Professor Maynard Smith considers the selective forces responsible for the origin and evolution of sexual reproduction and genetic recombination, using quantitative population genetics arguments to support his ideas. The relative importance of individual and group selection processes are also considered. The aim is to give a clear statement of the theoretical issues, and present enough of the evidence to show what kinds of facts are relevant. It is hoped that where crucial evidence is missing, experimentalists and field workers may be encouraged to collect the relevant data. The author does not claim to solve all the problems he raises, but this clear and well-argued account should provide stimulating reading for advanced undergraduate students and research workers in evolutionary theory.

Bani Of Bhagats - Dr. G.S. Chauhan 2006

How to Become an Alpha Male - John Alexander 2005-07-01

Dubbed "The lazy man's way to easy sex and romance with 20 or more women a month," *How to Become an Alpha Male* is the no-risk, never-fail blueprint on how to 'magnetically' attract an endless flow of horny, ready-for-sex women to you... without ever having to play their games or deal with rejection. Sold as an ebook at AlphaMaleMethod.com, John Alexander's guide is now available, for the first time ever, as a

hardcopy book. You see, once you have these secrets all the 'work' of meeting women will be done for you... automatically! You can just 'flip on' your magnetic powers of attraction... so to speak... and instantly bring sex, romance and more roaring into your life! Why does the Alpha Male Method work so well? Because it's based on the same hush-hush psychological tactics advertisers have used for centuries to get filthy rich. They work for anyone, anywhere and at any time (no matter how desperate your situation is right now).
