Moore V. Smith - 1983

New Directions from the Field - 1998

Criminal Behavior: Pearson New International Edition - Curt R. Bartol 2014

For undergraduate and graduate courses in criminal behavior, criminology, the psychology of crime, crime and delinquency, and forensic psychology. A comprehensive psychological approach to criminal behavior. Accurate, researched-based, contemporary, and comprehensive: *Criminal Behavior: A Psychological Approach*, Tenth Edition, builds on the excellence established in previous editions. The text offers a detailed look at crime, what may lead to it, and how criminal behavior may be prevented, all from a psychological perspective. Focusing on serious crimes, particularly those involving violence, *Criminal Behavior* offers a comprehensive look at this complex field with effective and engaging material that has been classroom-tested for over thirty years.

The War on Sex - David M. Halperin 2017-03-03

The past fifty years are conventionally understood to have witnessed an uninterrupted expansion of sexual rights and liberties in the United States. This state-of-the-art collection tells a different story: while progress has been made in marriage equality, reproductive rights, access to birth control, and other areas, government and civil society are waging a war on stigmatized sex by means of law, surveillance, and social control. The contributors document the history and operation of sex offender registries and the criminalization of HIV, as well as highly punitive measures against sex work that do more to harm women than to combat human trafficking. They reveal that sex crimes are punished more harshly than other crimes, while new legal and administrative regulations drastically restrict who is permitted to have sex. By examining how the ever-intensifying war on sex affects both privileged and marginalized communities, the essays collected here show why sexual liberation is indispensable to social justice and human rights. Contributors. Alexis Agathocleous, Elizabeth Bernstein, J. Wallace Borchert, Mary Anne Case, Owen Daniel-McCarter, Scott De Orio, David M. Halperin, Amber Hollibaugh, Trevor Hoppe, Hans Tao-Ming Huang, Regina Kunzel, Roger N. Lancaster, Judith Levine, Laura Mansnerus, Erica R. Meiners, R. Noll, Melissa Petro, Carol Queen, Penelope Saunders, Sean Strub, Maurice Tomlinson, Gregory Tomso

[2011 National Gang Threat Assessment](#) - Federal Bureau of Investigation 2012-01-01

Gangs continue to commit criminal activity, recruit new members in urban, suburban, and rural regions across the United States, and develop criminal associations that expand their influence over criminal enterprises, particularly street-level drug sales. The most notable trends for 2011 have been the overall increase in gang membership, and the expansion of criminal street gangs' control of street-level drug sales and collaboration with rival gangs and other criminal organizations.

Criminology and Criminal Justice - Sean Maddan 2010-10-22

It is commonly recognized that the basis of science stems from the intersection of theory, research methods, and statistics. *Criminology and Criminal Justice: Theory, Research Methods, and Statistics* is designed to help readers understand the integrated relationship between these critical topics in the field of Criminal Justice. Each chapter pertains to a particular criminological theory, relevant qualitative and quantitative research methodologies, and various statistical techniques used to analyze data. This accessible text illustrates how theory, methods, and statistics play an active role in ensuing careers in law enforcement, corrections, law, and more.

North Carolina Civil Commitment Manual - John Rubin 2011

View this manual, a reference in the School's Indigent Defense Manual Series, free of charge at defendermanuals.sog.unc.edu. The North Carolina Civil Commitment Manual is designed to assist the attorney representing a respondent or minor in civil commitment proceedings. It reviews North Carolina mental health and substance abuse laws pertaining to inpatient and outpatient commitments and admissions. It analyzes in depth the relevant statutes in Chapter 122C of the North Carolina General Statutes and applicable case law. It also discusses the

collateral consequences resulting from commitment and the special provisions on commitment of respondents involved with the criminal justice system. Although the manual's focus is on commitments and admissions requiring judicial review, and thus on proceedings requiring the appointment of counsel, the manual is a clear, usable resource for anyone who works in this challenging area of law.

[When Chickenheads Come Home to Roost](#) - Joan Morgan 2017-04-25

"Morgan has given an entire generation of black feminists space and language to center their pleasures alongside their politics." —Janet Mock, New York Times bestselling author of *Redefining Realness* "All that and then some, *Chickenheads* informs and educates, confronts and charms, raises the bar high by getting down low, and, to steal my favorite Joan Morgan phrase, bounced me out of the room." —Marlon James, Man Booker Prize-winning author of *A Brief History of Seven Killings* Still fresh, funny, and irreverent after eighteen years, *When Chickenheads Come Home to Roost* gives voice to the most intimate thoughts of the post-Civil Rights, post-feminist, post-soul generation. Joan Morgan offers a provocative and powerful look into the life of the modern black woman: a complex world in which feminists often have not-so-clandestine affairs with the most sexist of men, where women who treasure their independence frequently prefer men who pick up the tab, where the deluge of babymothers and babyfathers reminds black women who long for marriage that traditional nuclear families are a reality for less than forty percent of the population, and where black women are forced to make sense of a world where truth is no longer black and white but subtle, intriguing shades of gray.

Funding Your Education - U.S. Department of Education 2014-10-01

This guide provides a description of Federal Student Aid programs and the application process. Readers will find information on federal student aid as a source for funding postsecondary education, and know where to go for more detailed information. *Funding Your Education: The Guide to Federal Student Aid* speaks to high school students, college students, adults, and parents interested in finding out about financial aid from the federal government to help pay for education expenses at an eligible college, technical school, vocational school, or graduate school.

The History of Mecklenburg County from 1740 to 1900 - John Brevard Alexander 2020

The author spent much time and took great pains in looking up the early history of Mecklenburg, and left no stone unturned that might throw light on the character of those early patriots, who risked everything to establish independence. This was indeed a bold act, to sever all relations with the mother country, knowing that not to succeed, meant death on the gallows. The Rubicon was crossed, and they could not go back. Patriots of the county held many meetings and debated the question earnestly before the final meeting in Charlotte on the 19th and 20th of May, 1775. All the costs were counted, and each one knew what the consequences would be if they should fail. They were in desperate straits — either to live as slaves and submit to all the indignities of a subjugated province, or make a declaration of independence, maintain their freedom by force of arms, trusting in the God of right. This last resolve was adopted, success was achieved, and Mecklenburg occupied the foremost place for patriotism in all this mighty continent. Strangle that a history of so remarkable a country should have been neglected so long, and only here and there a fugitive piece has been preserved; many things of note were enacted by patriots more than a century ago that are now faded from memory, that should have been preserved by those who lived at that time. It has been characteristic of North Carolinians to make history, but not to write it.

[Statistics in Criminology and Criminal Justice: Analysis and Interpretation](#) - Jeffery T. Walker 2008-08-15

Thoroughly updated and revised, the Third Edition of *Statistics in Criminology and Criminal Justice: Analysis and Interpretation* provides criminal justice students with a firm knowledge base in the theory and application of statistical analyses. Students will be introduced to methods of identifying and classifying data, followed by explanations and demonstrations of statistical procedures. They will learn what statistical techniques are appropriate for particular data, why procedures give the results they do, and how to interpret the output of statistical analyses.

[The Mythology of Crime and Criminal Justice](#) - Victor E. Kappeler

2017-07-18

The social construction of crime is often out of proportion to the threat posed. The media and advocacy groups shine a spotlight on some crimes and ignore others. Street crime is highlighted as putting everyone at risk of victimization, while the greater social harms from corporate malfeasance receive far less attention. Social arrangements dictate what is defined as crime and the punishments for those who engage in the proscribed behavior. Interest groups promote their agendas by appealing to public fears. Justifications often have no basis in fact, but the public accepts the exaggerations and blames the targeted offenders. The net-widening effect of more laws and more punishment catches those least able to defend themselves. This innovative alternative to traditional textbooks provides insightful observations of myths and trends in criminal justice. Fourteen chapters challenge misconceptions about specific crimes or aspects of the criminal justice system. Kappeler and Potter dissect popular images of crimes and criminals in a cogent, compelling, and engaging manner. They trace the social construction of each issue and identify the misleading statistics and fears that form the basis of myths—and the collateral damage of basing policies on mythical beliefs. The authors encourage skepticism about commonly accepted beliefs, offer readers a fresh perspective, and urge them to analyze important issues from novel vantage points.

Child Support Enforcement Handbook - United States. Internal Revenue Service 1986

Media and Crime in the U.S. - Yvonne Jewkes 2017-07-27

The rise of mobile and social media means that everyday crime news is now more immediate, more visual, and more democratically produced than ever. Offering new and innovative ways of understanding the relationship between media and crime, *Media and Crime in the U.S.* critically examines the influence of media coverage of crimes on culture and identity in the United States and across the globe. With comprehensive coverage of the theories, research, and key issues, acclaimed author Yvonne Jewkes and award-winning professor Travis Linnemann have come together to shed light on some of the most troubling questions surrounding media and crime today. The free open-access Student Study site at study.sagepub.com/jewkesus features web quizzes, web resources, and more. Instructors, sign in at study.sagepub.com/jewkesus for additional resources!

The Bike Path Killer - Michael Beebe 2012-03-01

"He Raped. . . Altemio Sanchez was a modern-day Jekyll and Hyde—a family man who resided in Buffalo, New York, with a wife and two sons, worked nights as a machinist, and concealed a terrible secret. Once a year, after his shift, he'd make a side trip to a secluded spot where women would ride bikes and jog. He was called ""The Bike Path Rapist""—until he crossed the line from rape to murder. He Killed. . . For fourteen years, the Bike Path Killer mercilessly raped and murdered his prey, eluding police every step of the way. Then, the killings stopped. People wondered whether he'd left town, had been locked up in prison for another crime, or maybe even died. But when another woman's corpse with the same lethal signature surfaced, authorities knew the Bike Path Killer was back. And He Almost Got Away With It. Now, for the first time, two award-winning reporters follow a depraved killer's bloody trail of terror to the bitter end: his horrifying confession. . . Includes 16 pages of shocking photos. "

Going Stealth - Toby Beauchamp 2018-01-11

In *Going Stealth* Toby Beauchamp demonstrates how the enforcement of gender conformity is linked to state surveillance practices that identify threats based on racial, gender, national, and ableist categories of difference. Positioning surveillance as central to our understanding of transgender politics, Beauchamp examines a range of issues, from bathroom bills and TSA screening practices to Chelsea Manning's trial, to show how security practices extend into the everyday aspects of our

gendered lives. He brings the fields of disability, science and technology, and surveillance studies into conversation with transgender studies to show how the scrutinizing of gender nonconformity is motivated less by explicit transgender identities than by the perceived threat that gender nonconformity poses to the U.S. racial and security state. Beauchamp uses instances of gender surveillance to demonstrate how disciplinary power attempts to produce conformist citizens and regulate difference through discourses of security. At the same time, he contends that greater visibility and recognition for gender nonconformity, while sometimes beneficial, might actually enable the surveillance state to more effectively track, measure, and control trans bodies and identities.

Our Guys - Bernard Lefkowitz 2023-11-10

It was a crime that captured national attention. In the idyllic suburb of Glen Ridge, New Jersey, four of the town's most popular high school athletes were accused of raping a retarded young woman while nine of their teammates watched. Everyone was riveted by the question: What went wrong in this seemingly flawless American town? In search of the answer, Bernard Lefkowitz takes the reader behind Glen Ridge's manicured facade into the shadowy basement that was the scene of the rape, into the mansions on "Millionaire's Row," into the All-American high school, and finally into the courtroom where justice itself was on trial. Lefkowitz's sweeping narrative, informed by more than 200 interviews and six years of research, recreates a murky adolescent world that parents didn't—or wouldn't—see: a high school dominated by a band of predatory athletes; a teenage culture where girls were frequently abused and humiliated at sybaritic and destructive parties, and a town that continued to embrace its celebrity athletes—despite the havoc they created—as "our guys." But that was not only true of Glen Ridge; Lefkowitz found that the unqualified adulation the athletes received in their town was echoed in communities throughout the nation. Glen Ridge was not an aberration. The clash of cultures and values that divided Glen Ridge, Lefkowitz writes, still divides the country. Parents, teachers, and anyone concerned with how children are raised, how their characters are formed, how boys and girls learn to treat each other, will want to read this important book.

Law and Mental Health - David N. Weisstub

Community Justice - Todd R Clear 2010-12-08

Community Justice discusses concepts of community within the context of justice policy and programs, and addresses the important relationship between the criminal justice system and the community in the USA. Taking a bold stance in the criminal justice debate, this book argues that crime management is more effective through the use of informal (as opposed to formal) social control. It demonstrates how an increasing number of criminal justice elements are beginning to understand that the development of partnerships within the community that enhance informal social control will lead to a stabilization and possible a decline in crime, especially violent crime, and make communities more liveable. Borrowing from an eclectic toolbox of ideas and strategies - community organizing, environmental crime prevention, private-public partnerships, justice initiatives - *Community Justice* puts forward a new approach to establishing safe communities, and highlights the failure of the current American justice system in its lack of vision and misuse of resources. Providing detailed information about how community justice fits within each area of the criminal justice system, and including relevant case studies to exemplify this philosophy in action, this book is essential reading for undergraduate and postgraduate students of subjects such as criminology, law and sociology.

Understanding Sexual Violence - Diana Scully 2013-10-18

Understanding Sexual Violence examines the structural supports for rape in sexually violent cultures and dispels a number of myths about sexual violence—for example, that childhood abuse, alcohol, and drugs are direct causes of rape.
