Sibling Sexual Abuse - Brad Watts 2020-12-28

Within every community in America, sibling sexual abuse can be found hiding in families who feel ashamed and lost about how to confront this problem. The cryptic nature of sibling sexual abuse preys about the vulnerable and its horrible effects feedback upon our tendency to ignore this problem. Sibling sexual abuse leaves no bruises. There are no broken bones. There are no holes in the walls. The bruises, brokenness, and holes are held tightly within the target of the abuse. Sibling Sexual Abuse walks the reader through the journey from the shocking disclosure of abuse occurring between sibling down a path of healing for families and communities. Sibling Sexual Abuse also addresses why this is important for every person in every community needs to get involved and participate in an open conversation about the dangers of sibling sexual abuse and what can be done to encourage hope and healing for these families. Sibling sexual abuse torments families of ever kind in America today. It does not care about a family's race, income level, religion, or political preference it is damaging families with a tsunami like force yet no one is talking about it. Sibling sexual abuse is America's silent epidemic because survivors and families are afraid of what would happen if they share their stories. So they are forced to suffer in silence as a result the devastating effects of sibling sexual abuse continue to mount, with a causality list that grows at a dizziness pace. This frank and thorough book written by a therapist who specializes in working with sibling sexual abuse in families describes what families need to do at each step in their journey. Sibling Sexual Abuse walks the reader through the journey from the shocking disclosure of sexual abuse within the family and describes what steps can be taken in order for families to heal. Sibling Sexual Abuse also addresses why it is important for communities to get involved and participate in a national discourse about the dangers of sibling sexual abuse and what can be done to support survivors and families and how they can heal from such a shattering and painful event.

Public Library Laws - Washington (State) 1941

The Other Catholics - Julie Byrne 2016-05-24

"An excellent study of churches on the fringe that incubate new ideas and shed new light on mainstream religion."—Times Higher Education Independent Catholics are not formally connected to the pope in Rome. They practice apostolic succession, seven sacraments, and devotion to the saints. But without a pope, they can change quickly and experiment freely—with some affirming communion for the divorced, women's ordination, clerical marriage, and same-sex marriage. From their early modern origins in the Netherlands to their contemporary proliferation in the United States, these "other Catholics" represent an unusually liberal, mobile, and creative version of America's largest religion. In *The Other Catholics*, Julie Byrne shares the remarkable history and current activity of independent Catholics, who number at least two hundred communities and a million members across the United States. She focuses in particular on the Church of Antioch, one of the first Catholic groups to ordain women in modern times. Through archival documents and interviews, Byrne tells the story of the unforgettable leaders and surprising influence of these understudied churches, which, when included in Catholic history, change the narrative arc and total shape of modern Catholicism. As Pope Francis fights to soften Roman doctrines with a pastoral touch and his fellow Roman bishops push back with equal passion, independent Catholics continue to leap ahead of Roman reform, keeping key Catholic traditions but adding a progressive difference. "Byrne's enlightening research and analysis will undoubtedly raise awareness of these little-known Catholic denominations."

Peace of Me - T.N. Williams 2010-11-01

Celia Alexander assumed she had faced the ultimate test of faith when her husband, Khalil, went to prison, and she's still trying to get her life back to normal in spite of her inability to forgive him. When she discovers that her husband is somehow connected to the disappearance of a young girl in Detroit, Celia soon discovers evil has no boundaries. She revitalizes a search that may be more than she can handle.

Khalil Alexander may be incarcerated, but he is far from confined. He has created an unusual business operation to feed his disturbed mind and fund his quest to be released. With a family in turmoil, their daughter, Kaleia, hides her pain like a well-worn diary. The troubled sixteen-year-old heads down a destructive path, invisible in plain sight. While mysteries unravel and truths are unveiled, Celia learns that her family's peace will depend on faith and wisdom.

Searching and Seizing Computers and Obtaining Electronic Evidence in Criminal Investigations - Orin S. Kerr 2001

Evaluation - Peter Henry Rossi 1982-02

Maine - Miranda Gardiner 2009-04

When I first took notice of the overbearing blue sign with its stark white letters placed near the state line along the Maine Turnpike, my first thought was, According to whom? Miranda Gardiner's tumultuous lifetime of searching for hope in all the wrong places leads her to question the avenue of justice she has always trod down. Set up for failure in youth by emotionally and physically abusive relationships, Miranda's voyage didn't get easier with age. Finding the motto advertised along the Maine state border to be further from reality when the neighbors of a close-knit community take her and her family on a ride of injustice and greed, Miranda seeks justice from the government only to find fairness to be more of a fantasy than fact. It is then Miranda decides to give in to the only law she knows will not falter "the Law of Love. Bypassing the bitterness and anger of a hardened soul by moving forward towards a new journey of forgiveness, grace, and faith allows Miranda to find her home in Maine, *The Way Life Should Be.*"

State by State - Matt Weiland 2010-10-19

See America with 50 of Our Finest, Funniest, and Foremost Writers Anthony Bourdain chases the fumigation truck in Bergen County, New Jersey Dave Eggers tells it straight: Illinois is Number 1 Louise Erdrich loses her bikini top in North Dakota Jonathan Franzen gets waylaid by New York's publicist...and personal attorney...and historian...and geologist John Hodgman explains why there is no such thing as a "Massachusettsian" Edward P. Jones makes the case: D.C. should be a state! Jhumpa Lahiri declares her reckless love for the Rhode Island coast Rick Moody explores the dark heart of Connecticut's Merritt Parkway, exit by exit Ann Patchett makes a pilgrimage to the Civil War site at Shiloh, Tennessee William T. Vollmann visits a San Francisco S&M club and Many More!

Mapping Crime - Keith D. Harries 1995

Predators - Anna Salter 2018-07-03

What motivates sexual abusers? Why are so few caught? Drawing on the stories of abusers, Anna C. Salter shows that sexual predators use sophisticated deception techniques and rely on misconceptions surrounding them to evade discovery. Arguing that even the most knowledgeable among us can be fooled, Salter dispels the myths about sexual predators and gives us the tools to protect our families and ourselves.

Raised on the Registry - Nicole Pittman 2013

This report details the harm public registration laws cause for youth sex offenders. The laws, which can apply for decades or even a lifetime and are layered on top of time in prison or juvenile detention, require placing offenders' personal information on online registries, often making them targets for harassment, humiliation, and even violence. The laws also severely restrict where, and with whom, youth sex offenders may live, work, attend school, or even spend time.

Pre-Incident Indicators of Terrorist Incidents - Brent L. Smith 2011-01

This is a print on demand edition of a hard to find publication. Explores whether sufficient data exists to examine the temporal and spatial relationships that existed in terrorist group planning, and if so, could patterns of preparatory conduct be identified? About one-half of the terrorists resided, planned, and prepared for terrorism relatively close to their eventual target. The terrorist groups existed for 1,205 days

from the first planning meeting to the date of the actual/planned terrorist incident. The planning process for specific acts began 2-3 months prior to the terrorist incident. This study examined selected terrorist groups/incidents in the U.S. from 1980-2002. It provides for the potential to identify patterns of conduct that might lead to intervention prior to the commission of the actual terrorist incidents. Illustrations.

Victimology - William G. Doerner 2011-05-09

This breakthrough work provides an organizing structure for the history and current state of the field of victimology, and outlines the reasons compelling a separate focus on crime victims. Highly readable, Victimology explores the role of victimology in today's criminal justice system, examining the consequences of victimization and the various remedies now available for victims. In addition to adding the latest developments in victimology, the authors have included a new chapter on property victimization, and have enhanced and expanded the chapter on personal victimization. The text is supplemented by learning tools including chapter-by-chapter learning objectives, key terms, illustrative figures and tables, and a listing of related Internet sites. * The text provides a comprehensive overview of the origins and scope of victimology, with detailed chapters on specific types of victimization * The authors offer analysis of policy decisions and historical events, with an eye toward future developments in the field * A key chapter highlights the important global impact of restorative justice on responding to the plight of victims * The ever-changing dynamics of contemporary work and school victimization are dissected with special attention to causes and societal responses * The text is supplemented by learning tools including chapter-by-chapter learning objectives, key terms, illustrative figures and tables, and listings of related Internet sites

Tennessee Comprehensive Driver License Manual - Tennessee Department Tennessee Department of Safety and Homeland Security 2021-02-27

This Tennessee Comprehensive Driver License Manual has been divided into three (3) separate sections. The purpose of this manual is to provide a general understanding of the safe and lawful operation of a motor vehicle. Mastering these skills can only be achieved with practice and being mindful of Tennessee laws and safe driving practices. Section A This section is designed for all current and potential drivers in Tennessee. It provides information that all drivers will find useful. Section A consists of pages 1 through 24. This section will help new and experienced drivers alike get ready for initial, renewal, and other license applications by explaining: * the different types of licenses available * the documentation and other requirements for license applications * details on Intermediate Driver Licenses and how this graduated driver license works for driver license applicants under age 18 * basic descriptions of the tests required to obtain a Driver License Section B This section is designed to help new drivers study and prepare for the required knowledge and skills for an operator license. It includes helpful practice test questions at the end of each chapter. Section B consists of pages 25 through 90. This section of the manual provides information related to: * Examination requirements for the vision, knowledge and road tests * Traffic signs, signals, and lane markings * Basic Rules of the Road * Being a responsible driver and knowing the dangers and penalties of Driving Under the Influence of alcohol and drugs. Section C This section provides information and safety tips to improve the knowledge of all highway users to minimize the likelihood of a crash and the consequences of those that do occur. This section consists of pages 91-117. It also provides information about sharing the road with other methods of transportation, which have certain rights and privileges on the highways which drivers must be aware of and respect. It is important to read this information and learn what you can do to stay safe, and keep your family safe, on the streets, roads and highways of our great state.

The Meaning of Life - Marc Mauer 2018-12-11

"I can think of no authors more qualified to research the complex impact of life sentences than Marc Mauer and Ashley Nellis. They have the expertise to track down the information that all citizens need to know and the skills to translate that research into accessible and powerful prose." —Heather Ann Thompson, author of the Pulitzer Prize-winning *Blood in the Water* From the author of the classic *Race to Incarcerate*, a forceful and necessary argument for eliminating life sentences, including profiles of six people directly impacted by life sentences by formerly incarcerated author Kerry Myers Most Western democracies have few or no people serving life sentences, yet here in the United States more than 200,000 people are sentenced to such prison terms. Marc Mauer and Ashley Nellis of The Sentencing Project argue that there is no practical or moral justification for a sentence longer than twenty years. Harsher sentences have been shown to have little effect on crime rates, since people "age out" of crime—meaning that we're spending a fortune on geriatric care for older prisoners who pose little threat to public safety. Extreme punishment for serious crime also has an inflationary effect on sentences across the spectrum, helping to account for severe mandatory minimums and other harsh punishments. A thoughtful and stirring call to action, *The Meaning of Life* also features moving profiles of a half dozen people affected by life sentences, written by former "lifer" and award-winning writer Kerry Myers. The book will tie in to a campaign spearheaded by The Sentencing Project and offers a much-needed road map to a more humane criminal justice system.

Static 99 - Robert Karl Hanson 1999

This study compares the predictive accuracy of three sex offender risk assessment measures: the Rapid Risk Assessment for Sex Offence Recidivism, RRASOR (Hanson, 1997); Thornton's Structured Anchored Clinical Judgement, SACJ (Grubin, 1998); and a new scale called Static-99, created by combining the items from the RRASOR and SACJ. Predictive accuracy is tested using four diverse data sets drawn from Canada and the United Kingdom. The appendix contains details on the coding rules for Static-99.

Revoked - Allison Frankel 2020

"[The report] finds that supervision -- probation and parole -- drives high numbers of people, disproportionately those who are Black and brown, right back to jail or prison, while in large part failing to help them get needed services and resources. In states examined in the report, people are often incarcerated for violating the rules of their supervision or for low-level crimes, and receive disproportionate punishment following proceedings that fail to adequately protect their fair trial rights."--Publisher website.

Federal Sentencing the Basics - United States Sentencing Commission 2019-08-27

This paper provides an overview of the federal sentencing system. For historical context, it first briefly discusses the evolution of federal sentencing during the past four decades, including the landmark passage of the Sentencing Reform Act of 1984 (SRA),¹ in which Congress established a new federal sentencing system based primarily on sentencing guidelines, as well as key Supreme Court decisions concerning the guidelines. It then describes the nature of federal sentences today and the process by which such sentences are imposed. The final parts of this paper address appellate review of sentences; the revocation of offenders' terms of probation and supervised release; the process whereby the United States Sentencing Commission (the Commission) amends the guidelines; and the Commission's collection and analysis of sentencing data.

Asian Courts in Context - Jiunn-rong Yeh 2014-12-11

Analyzes courts in fourteen selected Asian jurisdictions to provide the most up-to-date and comprehensive interdisciplinary book available.
