## 22 Things a Woman Must Know If She Loves a Man with Asperger's Syndrome - Rudy Simone 2009-05-15

Although having Asperger Syndrome (AS) can make romantic relations difficult, having a fulfilling relationship with an Asperger man is certainly not impossible. A woman in love with a man with AS may interpret his difficulties with communication and socialization as a lack of interest in the relationship. He may vacillate between being gentle and caring to seeming cold and distant. She may find his behaviour hard to understand, resulting in feelings of loneliness, isolation, and confusion. This book shows how to overcome these difficulties and maintain a loving relationship with an AS partner. From an unwillingness to show affection in public or even sleep in the same bed to problems holding down a job, this book looks at 22 common traits that women may discover when they are dating, living with or married to a man with Asperger's Syndrome. Rudy Simone explores the complications of Asperger's relationships with honesty and understanding, drawing on research and personal experience to inform and advise women with AS partners. She offers helpful tips for improving the relationship and finding fulfillment both individually and as a couple. This book will help women to understand the male Asperger's mind and, equally, it can help men with AS to see things from their partner's perspective. It will also be of interest to counsellors working with couples where the male partner has Asperger's Syndrome.

## Safety Skills for Asperger Women - Liane Holliday Willey 2011-09-15

Life with Asperger's Syndrome can be a challenge at the best of times, and trials and tribulations that neurotypicals take in their stride can leave Aspies perplexed and unsure of how best to solve problems and keep themselves safe, both physically and emotionally. This book explores difficulties that those with AS may face, and suggests practical and helpful ways of overcoming them. Liane Holliday Willey's positive and encouraging advice teaches people with Asperger Syndrome how to appreciate their differences and work from their strengths, by being honest about and coping with challenges. By setting realistic expectations, she shows how it can be possible to live on your own and take care of yourself, touching upon everything from banking and housing to roommates, friendships, and relationships. Jobs and the workplace are explored as advice is given on interviewing, performance, and getting along with colleagues, and the importance of setting boundaries is explained. The focus throughout is on keeping yourself safe, and this extends to travel, cultural awareness, and generally organising yourself. Personal hygiene and the body are also covered, along with nutrition and illness. The advice all adds up to show that people with AS can safeguard themselves from emotional and physical harm and live happy and independent lives, as long as the right guidance is available. This book will be of interest to people with Asperger Syndrome, their friends and families, and professionals working alongside ASDs.

## **What Men with Asperger Syndrome Want to Know About Women, Dating and Relationships - Maxine Aston 2012-07-15**

Positive, practical and realistic, this book offers a wealth of information on women, dating and relationships for men with Asperger Syndrome (AS). Many AS men are totally confused and bewildered by women and relationships and find it hard to know what to do, what to say and how to get it right. For these men, understanding the emotional side to relationships and women's needs can be a complete mystery and they often get it disastrously wrong. This practical handbook provides the answers to Asperger men's most frequently asked questions about women, dating and relationships, helping them to understand the way relationships work and increasing their confidence and ability to have successful relationships. This comprehensive handbook is essential reading for men with Asperger Syndrome (and their partners). It will also be of immeasurable use to counsellors and other professionals working with such individuals.

## **Pretending to be Normal - Liane Holliday Willey 1999-05-01**

`This accomplished author demonstrates incredible insight into her AS, and how it has shaped her life. She is courageous in sharing with the reader moments clearly painful to recall, which offers parents a rare peek inside the world of their children. At times mesmerized by her poetic style, Willey is the first AS author to effectively convey the emotion and isolation experienced by these individuals.' -ASPEN Newsletter `For families living with "Aspies" and professionals working with them, this is highly recommended to further understand the challenges of Asperger Syndrome' -Joan Wheeler, CoOrdinator, Regional Services `This autobiographical narrative details the life of a woman with Aspergers Syndrome (AS), a mild form of autism. It focuses on the obstacles she confronts, her means of overcoming them, and her ultimate recognition and acceptance of her status as an "aspie"...The book will be an aid for people who have AS and it may be even more useful for those who do not have it, but who are close to someone who does.' - Disability Studies Quarterly `The book will be of great benefit to everyone concerned to help children and adults with mild Asperger's syndrome, but most of all to the people who are themselves affected.' - Child Psychology and Psychiatry `The author is a university lecturer who found that many of the puzzles of her own life fell into perspective when, after several years of knowing one of her twin daughters was different from the other, she eventually found someone who listened and explained Asperger's Syndrome. She vividly describes her own difficulties and emotions as she herself grew up with Asperger's Syndrome...Her story is told simply and through it we gain insight into what it is like to lose your way in your own home town, be assaulted by your heightened senses and attempt to unravel the mysteries of social communication. In the appendices she describes the strategies that have been of most help to her. This book is a testimony to the exceptional qualities of those who have Asperger's Syndrome.' - Therapy Weekly `Before reading this book I

had some academic knowledge of the symptoms of Asperger's Syndrome which had stimulated my curiosity about what it might be like to suffer from the condition. I looked forward to reading the book to see if it would help me to understand how a person with Asperger's might think and feel. I was not disappointed. The book is well written and easy to read and I found it hard to put down. I felt the author's descriptions of her struggles to communicate with others and cope with sensory overload gave me a real insight into how Liane thinks and feels. It also gave me food for thought about conformity pressures in our society and how we treat people who seem different from the norm...This is a hopeful and optimistic book. Liane is a doctor of education and she is happily married with three children. I used the words "suffer from Asperger's syndrome" deliberately in the first paragraph as that is how I saw it. Liane has a different view - she does not minimise the difficulties she has had to face but she does not wish she was different. She challenges us to think about what we mean by the word 'normal' and to be less rigid in our thinking about 'normal' behaviour. I believe this is a valuable read for all counsellors and will give them much food for thought. Asperger's syndrome occurs with varying levels of severity. Hopefully, reading the book will help counsellors to work more effectively with clients who may have the syndrome to some degree and to avoid labelling them as difficult. It would also be very useful for clients where they or one of their relatives might have Asperger's Syndrome.' - *Relate News* 'Liane's autobiography will allow others to understand the world as perceived by a person with Asperger's Syndrome ... I strongly recommend this book for teachers as it will provide the previously elusive reasons for behaviours that were considered unconventional or appeared to be abnormal. Specialists and therapists who diagnose and treat such children will find the book a treasure trove of information and insight ... [this] book will be an inspiration for thousands of people throughout the world.' - From the Foreword by Tony Attwood 'This accomplished author demonstrates incredible insight into her AS, and how it has shaped her life. She is courageous in sharing with the reader moments clearly painful to recall, which offers parents a rare peek inside the world of their children. At times mesmerized by her poetic style, Willey is the first AS author to effectively convey the emotion and isolation experienced by these individuals.' - *ASPEN Newsletter*

**The Other Half of Asperger Syndrome** - Maxine C. Aston 2001

Based on academic research, experiences as a counselor specializing in this area and personal relationship experiences, the author uses quotations and real-life examples to illustrate her points with a compassionate understanding. Practical everyday topics include living and coping with AS, anger and AS, getting the message across, sex and AS, parenting, staying together, and "AS cannot be blamed for everything."

*Connecting With Your Asperger Partner* - Louise Weston 2011-03-15

Communication and intimacy can feel like a constant struggle in relationships where one partner has Asperger Syndrome (AS). For the neuro-typical partner (NT) in particular, this can be an endless source of frustration, misunderstandings, and tears. Drawing on her own experience of being married to a man with AS, Louise Weston shows that the road to intimacy begins with letting go of expectations and looking after your own physical and emotional needs. She provides tried-and-tested strategies for relating to and connecting with your AS partner, as well as useful tips for coping with hurtful words and meltdowns, helping your partner to interpret emotions, and finding further sources of help and support. Above all, she shows that although your AS/NT relationship will challenge you beyond what you ever thought possible, by letting go of expectations and respecting each others' differences, this unique partnership really can be both happy and successful. Brimming with stories and advice from other NT partners, this practical book will help NTs take positive steps towards connecting with their AS partners. It will also be a useful resource for counsellors and other professionals who wish to deepen their understanding of AS/NT relationships.

**Love, Sex and Long-term Relationships** - Sarah Hendrickx 2008

"This accessible book is an invaluable source of information and support for couples in which one or both partners has Asperger Syndrome, as well as counsellors and health and social care professionals."--BOOK JACKET.

*Asperger's on the Job* - Rudy Simone 2010

Up to 85% of the Asperger's population are without full-time employment, though many have above-average intelligence. Rudy Simone, an adult with Asperger's Syndrome and an accomplished author, consultant, and musician, created this insightful resource to help employers, educators, and therapists accommodate this growing

population, and to help people with Asperger's find and keep gainful employment. Rudy's candid advice is based on her personal experiences and the experiences of over fifty adults with Asperger's from all over the world, in addition to their employers and numerous experts in the field. Detailed lists provide balanced guidelines for success, while Rudy's "Interview Tips" and "Personal Job Map" tools will help Aspergians, young or old, find their employment niche. There is more to a job than what the tasks are: from social blunders, to sensory issues, to bullying by coworkers, Simone presents solutions to difficult challenges. Readers will be enriched, enlightened, and ready to work-together!

**Life with a Partner Or Spouse with Asperger Syndrome** - Kathy Marshack 2009

Delve into the dramatic impact Asperger Syndrome can have on the complex world of adult interpersonal relationships. Psychologist Kathy Marshack shares poignant true stories based on her own life and the lives of her clients, focusing on how partners/spouses of someone with AS can take back their own life and find true meaning and happiness. The author discusses these sensitive issues and shows readers how to take control of their lives and grow away from dysfunctional behavior and dysfunctional relationships. Each chapter closes with a series of "Lessons Learned" that recap the main points of the chapter and offer new ways to look at these very unique challenges.

**Marriage and Lasting Relationships with Asperger's Syndrome (Autism Spectrum Disorder)** - Eva A. Mendes 2015-07-21

Proven counseling strategies that will help improve the relationships of married, long-term or co-habiting couples with Asperger's Syndrome (Autism Spectrum Disorder). ASD relationship expert Eva A. Mendes provides advice straight from the couples' counselling room that can be applied in day-to-day living and help with the challenges that can arise in relationships where one or both partners are on the autism spectrum. This includes issues surrounding diagnosis, mental health, sexual compatibility, sensory needs, executive functioning, theory of mind, communication, and co-parenting. She offers unique practical ideas for positive change such as creating a relationship schedule, making expression of appreciation and gratitude a part of every day, and finding mutually satisfying activities and special interests to engage in with your partner. The strategies in this book will be useful to couples themselves and any couples' counselors or therapists working with them.

**The Complete Guide to Asperger's Syndrome** - Tony Attwood 2007

A guide to Asperger's syndrome describes what it is and how it is diagnosed, along with information on such topics as bullying, emotions, language, movement, cognitive ability, and long-term relationships.

**Sex and the Single Aspie** - Artemisia 2018-05-21

This ground-breaking book about sexuality speaks to women on the autism spectrum in fresh new ways, opening doors to discussion, and blowing the lid off taboo subjects. One of the many problems women on the spectrum face is not always understanding how relationships and boundaries work for other people. This book provides answers, plus more that they may not even have thought to ask. Covering one night stands, the importance of safe sex, self-respect, and double standards, there is a wealth of information about the ethics and self-understanding involved in relationships. Written with humour and honesty, this is the go-to guide for sex on the spectrum.

*22 Things a Woman with Asperger's Syndrome Wants Her Partner to Know* - Rudy Simone 2012-03-15

Rudy Simone covers 22 common areas of confusion for someone dating a female with AS and includes advice from her own experience and from other partners in real relationships. She talks with humour and honesty about the quirks and sensitivities that you may come across when getting to know your partner. All the pivotal relationship landmarks are discussed, including the first date, sex, and even having children. This entertaining and easy-to-read book will be ideal for anyone dating, or in a relationship with, an AS female. Women with AS themselves, and their families and friends, will also enjoy the book and find it useful. Counsellors and other professionals working with women with AS will find the insight offered extremely enlightening.

**Aspergers in Love** - Maxine Aston 2003-03-14

Asperger syndrome (AS) has often been considered to be incompatible with love and relationships, but as the number of people who are diagnosed with the disorder increases, it is becoming apparent that people with AS can and do have full and intimate relationships. Comparing and contrasting both AS and non-AS partners' viewpoints, this book frankly examines the fundamental aspects of relationships that are often complicated by the disorder. With all findings illustrated with case examples taken from interviews conducted with couples, the author

tackles issues such as attraction, trust, communication, sex and intimacy, and parenting. Drawing on her extensive research and established career as a Relate counsellor, Maxine Aston has produced a much-needed analysis of intimate relationships where one adult has AS and this book is a must for all those with AS and their partners, as well as for friends, family and counsellors.

*Everyday Aspergers* - Samantha Craft 2018-12-10

@page { margin: 2cm } p { margin-bottom: 0.21cm } a:link { color: #0000ff } Through 150 entries, Samantha Craft presents a life of humorous faux pas, profound insights, and the everyday adventures of an autistic female. In her vivid world, nothing is simple and everything appears pertinent. Even an average trip to the grocery store is a feat and cause for reflection. From being a dyslexic cheerleader with dyspraxia going the wrong direction, to bathroom stalking, to figuring out if she can wear that panty-free dress, Craft explores the profoundness of daily living through hilarious anecdotes and heart-warming childhood memories. Ten years in the making, Craft's revealing memoir brings Asperger's Syndrome into a spectrum of brilliant light—exposing the day-to-day interactions and complex inner workings of an autistic female from childhood to midlife.

*The Journal of Best Practices* - David Finch 2012-01-03

The warm and hilarious bestselling memoir by a man diagnosed with Asperger syndrome who sets out to save his marriage. At some point in nearly every marriage, a wife finds herself asking, What the @#!% is wrong with my husband?! In David Finch's case, this turns out to be an apt question. Five years after he married Kristen, the love of his life, they learn that he has Asperger syndrome. The diagnosis explains David's ever-growing list of quirks and compulsions, but it doesn't make him any easier to live with. Determined to change, David sets out to understand Asperger syndrome and learn to be a better husband with an endearing yet hilarious zeal. His methods for improving his marriage involve excessive note-taking, performance reviews, and most of all, the Journal of Best Practices: a collection of hundreds of maxims and hard-won epiphanies, including "Don't change the radio station when she's singing along" and "Apologies do not count when you shout them." Over the course of two years, David transforms himself from the world's most trying husband to the husband who tries the hardest. He becomes the husband he'd always meant to be. Filled with humor and surprising wisdom, *The Journal of Best Practices* is a candid story of ruthless self-improvement, a unique window into living with an autism spectrum condition, and proof that a true heart can conquer all.

*The A to Z of ASDs* - Rudy Simone 2016-08-18

The A to Z of ASDs is a one-stop shop for adults on the autism spectrum

in the form of an alphabetical guide to an array of challenging topics. From anxiety to zen meditation, compassion to self-esteem, dating to socializing (and everything in between), Aunt Aspie's wisdom and witty one-liners offer helpful advice for serious subjects. With tried-and-tested tips, Aunt Aspie shares some of the tough life lessons she's learnt so you can avoid making the same mistakes, and make informed choices on the issues that matter. Sometimes philosophical, often light-hearted and always informative, the practical information in this book will help you to navigate tricky life issues, and enable you to think through the more challenging questions facing people with ASDs.

**Aspergirls** - Rudy Simone 2010

Subject: Girls with Asperger's Syndrome are less frequently diagnosed than boys, & even once symptoms have been recognized, help is often not readily available. The image of coping well presented by AS females can often mask difficulties, deficits, challenges, & loneliness.

**Alone Together** - Katrin Bentley 2007

Thousands of people live in Asperger marriages without recognizing the signs that their spouse has AS. When Swiss-born Katrin met Gavin while backpacking in Australia, she fell in love with a man that was kind, good looking and different. He followed her to Switzerland where they married eight months later. At first everything seemed fine, but once back in Australia things changed very drastically. *Alone Together* shares the struggle of one couple to rescue their marriage. It explains the clues that suggest a person might have AS and explores the effect of diagnosis. It is uplifting and humorous and includes plenty of tips for making as Asperger marriage succeed. This book offers couples hope, encouragement and strategies for their own relationships.

**Loving Someone with Asperger's Syndrome** - Cindy Ariel 2012-03-01

If you're in a relationship with someone who has Asperger's syndrome, it's likely that your partner sometimes seems cold and insensitive. Other times, he or she may have emotional outbursts for no apparent reason. And in those moments when you can't understand each other at all, you both feel fed up, frustrated, and confused. The behavior of people with Asperger's can be hard to understand and easy to misinterpret, which is why it's so important to learn more about your partner's condition. The tools presented in *Loving Someone with Asperger's Syndrome* will help you build intimacy and improve the way you and your partner communicate. Filled with assessments and exercises for both you and your partner, this book will help you forge a deeper, more fulfilling relationship. This book will teach you how to:

- Understand the effect of Asperger's syndrome on your partner
- Practice effective communication skills
- Constructively work through frustrations and fights
- Establish relationship ground rules to help you fulfill each others' needs
