**Merry Wives and Others** - Penelope Fritzer 2010-06-28

In many ways, the history of domestic humor writing is also a history of domestic life in the twentieth century. For many years, domestic humor was written primarily by females; significant contributions from male writers began as times and family structures changed. It remains timeless because of its basis on the relationships between husbands and wives, parents and children, houses and inhabitants, pets and their owners, chores and their doers, and neighbors. This work is a historical and literary survey of humorists who wrote about home. It begins with a chapter on the social context of and attitudes toward traditional domestic roles and housewives. The following chapters, beginning with the 1920s and continuing through today, cover the different time periods and the foremost American domestic humorists, and the humor written by surrogate parents, grown children about their childhood families, husbands, and Canadian and English writers. Also covered are the differences among various writers toward traditional domestic roles--some, like Erma Bombeck and Judith Viorst, embraced them, while others, like Caryl Kristenson and Marilyn Kentz, resisted them. Common themes, such as the isolation and competitiveness of housework, home as an idealized metaphysical goal and ongoing physical challenge, and the urban, suburban, and rural life, are also explored.

**Insane City** - Dave Barry 2013-01-29

Seth Weinstein always knew Tina was way, way, way out of his league. Which is why he's still astonished that he's on a plane heading for their wedding in Florida. The Groom Posse has already pulled an airport prank on him—and he's survived! It should be easy going from now on. But Seth has absolutely no idea what he's about to get into. A simple drink or two with the boys sparks a series of events that will pit Seth and his friends against everything and everyone imaginable, from his very powerful, very disapproving soon-to-be father-in-law to the federal government to a love-struck orangutan. Seth's hope for smooth sailing is turning into a trip on the Titanic. And the water is getting deeper by the minute...

**Dave Barry's Guide to Marriage and/or Sex** - Dave Barry 2000-01-15

No book can guarantee you a long and happy relationship, even if the author didn't know about your secret hygiene problem. But the cover of a book is no place to discuss that. In Dave Barry's Guide to Marriage and/or Sex, one of America's most beloved writers turns his keen, if somewhat rheumy, eye to the institution of marriage. Dating. "These are nonstereotypical times we live in, by which I mean that it is the

responsibility of the woman to think up excuses that get progressively more obvious until the man figures out that the woman would rather chew on a rat pancreas." Sex. "I'm afraid that we must talk here about sex in a very explicit manner, because we want to expand the Frontiers of Human Understanding, and also we want to sell as many books as possible to adolescent boys." Marriage. "Most squabbles start with money. For example, you want to buy food, while your spouse wants to buy a thoroughbred racehorse. It's important, in these situations, for both of you to be willing to sit down and try to achieve a workable compromise. In this case, you could buy a thoroughbred racehorse and eat it."

**Outlawed** - Anna North 2022-02-15

A REESE'S BOOK CLUB PICK \* INSTANT NEW YORK TIMES BESTSELLER \* BELLETRIST BOOK CLUB PICK \* INDIE NEXT SELECTION \* LIBRARY READS SELECTION \* AMAZON EDITORS' CHOICE \* WASHINGTON POST BEST OF THE YEAR The "terrifying, wise, tender, and thrilling" (R.O. Kwon) adventure story of a fugitive girl, a mysterious gang of robbers, and their dangerous mission to transform the Wild West. In the year of our Lord 1894, I became an outlaw. The day of her wedding, 17 year old Ada's life looks good; she loves her husband, and she loves working as an apprentice to her mother, a respected midwife. But after a year of marriage and no pregnancy, in a town where barren women are routinely hanged as witches, her survival depends on leaving behind everything she knows. She joins up with the notorious Hole in the Wall Gang, a band of outlaws led by a preacher-turned-robber known to all as the Kid. Charismatic, grandiose, and mercurial, the Kid is determined to create a safe haven for outcast women. But to make this dream a reality, the Gang hatches a treacherous plan that may get them all killed. And Ada must decide whether she's willing to risk her life for the possibility of a new kind of future for them all. Featuring an irresistibly no-nonsense, courageous, and determined heroine, Outlawed dusts off the myth of the old West and reignites the glimmering promise of the frontier with an entirely new set of feminist stakes. Anna North has crafted a pulse-racing, page-turning saga about the search for hope in the wake of death, and for truth in a climate of small-mindedness and fear.

**Homes and Other Black Holes** - Dave Barry 2010-07-28

"Mr. Barry is the funniest man in America and we should encourage him." --The New York Times Book Review THERE'S NO PLACE LIKE HOME--EXCEPT IN A SELLER'S MARKET At long last, Dave Barry, the dean of everything, lets you in on the deepest, darkest mysteries of life and answers your hysterical home purchase questions like they've never been answered before: What's the best way to determine a realistic price range? Take your total family income, including coins that have fallen behind the bureau, and any projected future revenue you have been notified about via personalized letters from Mr. Ed McMahon stating that you may already have won 14 million dollars. Then, multiply by something other than six. Can you recommend a good mortgage? There are several kinds: Fixed Rate, Variable Rate, and the bank's secret weapons, the Party Hat Mortgage and the Mortgage of the Living Dead. How can I avoid spending money on do-it-yourself homeowner's projects? Find a contractor. Their silent motto is "We Never Show Up." The Romans lived among the ruins. You must too. Is there a secret to having a beautiful lawn? Yes and no. If you fail to feed, fertilize, and water your lawn, it will die. However, if you feed, fertilize, and water your lawn, it will die.

**Dave Barry's Money Secrets** - Dave Barry 2006-01-17

Did you ever wish that you really understood money? Well, Dave Barry wishes that he did, too. But that hasn't stopped him from writing this book. In it, Dave explores (as only he can) such topics as: • How the U.S.

economy works, including the often overlooked role of Adam Sandler • Why it is not a good idea to use squirrels for money • Strategies that will give you the confidence you need to try for a good job, even though you are—let's be honest—a no-talent loser • How corporate executives, simply by walking into their offices, immediately become much stupider • An absolutely foolproof system for making money in the stock market, requiring only a little effort (and access to time travel) • Surefire tips for buying and selling real estate, the key being: Never buy—or, for that matter, sell—real estate • How to minimize your federal taxes, safely and legally, by cheating • Why good colleges cost so much, and how to make sure your child does not get into one • How to reduce the cost of your medical care by basically not getting any • Estate planning, especially the financial benefits of an early death • And many, many pictures of Suze Orman But that's only the beginning! Dave has also included in this book all of the important points from a book written by Donald Trump, so you don't have to read it yourself. Plus he explains how to tip, how to negotiate for everything (including bridge tolls), how to argue with your spouse about money, and how much allowance to give your children (three dollars is plenty). He also presents, for the first time in print anywhere, the Car Dealership Code of Ethics ("Ethic Seven: The customer is an idiot"). Also, there are many gratuitous references to Angelina Jolie naked. You can't afford not to buy this book! Probably you need several copies. What kind of financial shape are you in right now? This scientific quiz will show you. Be honest in your answers: If you lie, you'll only be lying to yourself! The place to lie is on your federal tax return. What is your annual income? 1. More than \$50,000. 2. Less than \$50,000. 3. However much I get when I return these empties. Not counting your mortgage, how much money do you currently owe? 1. Less than \$10,000. 2. More than \$10,000. 3. Men are threatening to cut off my thumbs. How would you describe your portfolio? 1. Conservative, mainly bonds and blue-chip equities. 2. Aggressive, mainly options and speculative stocks. 3. My what? When analyzing an investment, what do you consider to be the most important factor? 1. The amount of return. 2. The degree of risk. 3. The name of the jockey. How do you plan to finance your retirement? 1. Savings. 2. Social security. 3. Sale of kidneys. —from the Introduction: "Why You Need This Book" Also available as a Crown eBook.
