

# Contraception And Sexual Life

Sexuality Education - Carol Cassell 2017-05-18  
Originally published in 1989. This book describes a variety of ways to plan and implement sexuality education and provides in-depth information on resources available. Each contributor describes one aspect of the practice of sexuality education: its goals, theory, planning and development, implementation, evaluation, teacher-training, or the role of community agencies. Articles in each section offer practical and useful guidelines for conducting sexuality education and also serve as a sound introduction to the subject. Annotated bibliographies appear at the end of each section.

*Marie Stopes' Sexual Revolution and the Birth Control Movement* - Clare Debenham  
2018-03-06

This book examines the life, work and controversial achievements of Marie Stopes, author and pioneer of the birth control movement in the interwar period. As the centenary of the ground-breaking publication of *Married Love* approaches, this study traces and reassesses Marie's remarkable achievements, considering the literary, scientific and political themes of her life's work. Clare Debenham analyses how Stopes's personal life led her to turn away from palaeobotany to concentrate on transforming the country's sexual relationships by writing *Married Love*. Utilising extensive unpublished archive research, biographies, letters, and interviews with her friends and relatives, Debenham demonstrates that Stopes's work on sexual relationships has overshadowed her considerable achievements including her scientific career as a paleaobotanist, her literary success in the interwar period, and her work, with help from suffragists, in establishing the first British birth control clinic.

Positive Images - Peggy Brick 2013-05-01

Sexual Life in Sweden - Hans Lennart Zetterberg  
2002

Now available in English for the first time, *Sexual Life in Sweden* is a classic piece of sex

research by one of Sweden's most distinguished social scientists. Sponsored by the Royal Commission on Sex Education more than thirty years ago, it remains the only study of sexual behavior in a randomly selected adult population sample ever funded by a government. Because an astonishing response rate was achieved (91 percent) during the course of Zetterberg's research, the claim that Sweden is one of the few countries where generalizations about national sexual behavior can be made may be stated with confidence. Zetterberg's study matches the gender of interviewers to that of subjects. From a theoretical perspective, Zetterberg analyzes the change in Sweden from a "restrictive" to a "contraceptive" society. The study makes it clear that, with over 1,000 acts of intercourse for every live birth, 90 percent of sexual activity between consenting adults in modern Sweden does not result simply for procreation. Nevertheless, the research yields a picture of a highly responsible society. Zetterberg explores the emergence of two powerful new norms: "when having sex, you must use contraception," and "when in an existing sexual relationship, you must not start another one." He also examines the issue of abortion as part of a concept of social justice. The author compares the behavior of those who experience an unwanted pregnancy with those who do not, and explains that abortion is seen by Swedes as part of the provision of the welfare and social justice system. Included is an examination of the sexual behavior of young people-the age of their first sexual experience, the circumstances surrounding it, whether positive parental involvement in their children's lives has any influence on their sexual conduct, and sex education programs in the schools. This translation of Zetterberg's study has been prepared by British sociologist Graham Fennell, who also authored a new introduction positioning Zetterberg's work in the history of sex research and comparing its findings with contemporary studies in Scandinavia, Western

Europe, and North America. In light of the ongoing controversies about sex education, its conclusions remain relevant to policy discussions today.

*Contraception and Sexual Life* - Leslie Prudence Dundas Tunnadine 1970

Sexual Life in Sweden - Hans Zetterberg  
2021-10-15

Now available in English, *Sexual Life in Sweden* is a classic piece of sex research by one of Sweden's most distinguished social scientists. Sponsored by the Royal Commission on Sex Education more than thirty years ago, it remains the only study of sexual behavior in a randomly selected adult population sample ever funded by a government. Because an astonishing response rate was achieved (91 percent) during the course of Zetterberg's research, the claim that Sweden is one of the few countries where generalizations about national sexual behavior can be made may be stated with confidence. Zetterberg's study matches the gender of interviewers to that of subjects. From a theoretical perspective, Zetterberg analyzes the change in Sweden from a "restrictive" to a "contraceptive" society. The study makes it clear that, with over 1,000 acts of intercourse for every live birth, 90 percent of sexual activity between consenting adults in modern Sweden does not result simply for procreation. Nevertheless, the research yields a picture of a highly responsible society. Zetterberg explores the emergence of two powerful new norms: "when having sex, you must use contraception," and "when in an existing sexual relationship, you must not start another one." He also examines the issue of abortion as part of a concept of social justice. The author compares the behavior of those who experience an unwanted pregnancy with those who do not, and explains that abortion is seen by Swedes as part of the provision of the welfare and social justice system. Included is an examination of the sexual behavior of young people-the age of their first sexual experience, the circumstances surrounding it, whether positive parental involvement in their children's lives has any influence on their sexual conduct, and sex education programs in the schools. This translation of Zetterberg's study has been

In light of the ongoing controversies about sex education, its conclusions remain relevant to policy discussions today

The Truth about Sexual Behavior and Unplanned Pregnancy - Mark J. Kittleson 2005

Presents information for young people on twenty-one alphabetized topics related to sex, including sex in the media, sex and the law, sexual arousal, sexually transmitted diseases, contraceptives, and the cost of pregnancy and childbirth, and includes statistics, teenagers' personal stories, and question-and-answer sections.

**Sexual Life in Sweden** - Hans L. Zetterberg  
A review of sexual behaviour in Sweden.

Sponsored by the Royal Commission on Sexual Education, it uses a randomly-selected adult population sample, with a 92 per cent response rate. It explores the evolution of western sexual behaviour in the light of controversies about sexual education.

The Long Sexual Revolution - Hera Cook  
2004-02-05

In this book Hera Cook traces the path of sexuality in England, and shows how its route was determined by the gradual exertion of control over fertility. Most sexual activity had major economic and social costs, the most fundamental of which was the physical cost of children upon women's bodies. Around 1800 birth rates reached historical heights. Using a combination of demographic and qualitative sources, Dr Cook examines the connection between the struggle to lower fertility and the increasing repression of sexuality throughout the nineteenth century. Contraception became a viable option in the early twentieth century. The book charts the resulting slow relaxation of attitudes to sexuality and the remaking of heterosexual physical behaviour, culminating in the sexual revolution of the 1960s.

**The Pope and the pill** - David Geiringer  
2019-10-23

This book is about the sexual and religious lives of Catholic women in post-war England. It uses

original oral history material to uncover the way Catholic women negotiated spiritual and sexual demands at a moment when the two increasingly seemed at odds with each other. It also examines the public pronouncements and secretive internal documents of the central Catholic Church, offering a ground-breaking new explanation of the Pope's decision to prohibit the Pill in 1968. The material gathered here offers a fresh perspective on the idea that 'sex killed God', reframing dominant approaches to the histories of sex, religion and social change. The book will be essential reading not only for scholars of sexuality, religion, gender and oral history, but anyone interested in social and cultural change more broadly.

*Adolescents and Sex* - Sarah Bekaert 2018-08-08

Working with young people can present many challenges. Sexual health and contraceptive issues with teenagers often raise legal, ethical and sometimes child protection concerns. This comprehensive and practical guide is packed with useful advice on contraceptive methods, sexually transmitted infections, adolescent, legal and ethical issues. It is presented in an easy to read format that can be dipped into when required and highlights how a young persons' clinic can be set up and how existing services can be made more approachable. This book will serve as a useful, quick reference and all those working with young people will find it valuable reading.

**Contraception and Sexual Life** - Prudence Tunnadine 1970-01-01

**Contraception and Sexuality in Health and Disease** - K. Esther Sapire 1990

**Into a New World** - 1998

**Sexuality and Disability** - Elaine Cooper 2017-12-02

"First Published in 2017. Routledge is an imprint of Taylor & Francis, an Informa company."

**Sex and Society** - Helena Wright 2022-11-30  
First published in 1968, *Sex and Society* presents and analyses the code of sexual behaviour based on the universal use of contraceptive methods. It includes discussion of all forms of sexual activity, and emphasises in particular the attitudes that should be adopted

in sex education. Backed up by case histories, and including details of reforms in abortion and homosexual law, this book sheds light on a topic which continues to cause concern in modern times. The author had been in active contact with all kinds of sexual problems for over thirty years in her professional clinic practice, and in her travels in India, Poland and Denmark teaching contraceptive techniques to doctors and nurses. Her experience as a Founder Member of the International Planned Parenthood Federation and participation in all the International and Regional Conferences gave her a very wide knowledge of sexual and social problems throughout the world. This book will be of interest to students of medicine, sexuality studies, psychology, gender studies, and health.

**Handbook of Contraception and Sexual Reproductive Healthcare** - Johannes Bitzer 2022-04-07

The purpose of sexual and reproductive healthcare should be the enhancement of personal relationships and a healthy sex life and not merely counselling and care related to procreation or sexually transmitted infections. Providing practical and evidence-based guidance, this handbook follows the curriculum of the joint EBCOG and ESCRH Certificate and Diploma Examination in Sexual and Reproductive Health. Short, clearly structured text focuses on the essential knowledge of each topic, allowing readers to quickly access key information. Written by trusted experts in the field, topics covered include contraception, infertility and sexual dysfunction, sexual violence and STIs. The text provides advice and practical tips for how to practice patient-centred counselling and shared decision-making. Improving the relationship between the patient and healthcare-provider leads to increased trust, adherence of advice and more satisfactory treatment for the patient.

**Sex Before the Sexual Revolution** - Simon Szreter 2010-10-14

What did sex mean for ordinary people before the sexual revolution of the 1960s and 1970s, who were often pitied by later generations as repressed, unfulfilled and full of moral anxiety? This book provides the first rounded, first-hand account of sexuality in marriage in the early and mid-twentieth century. These award-winning

authors look beyond conventions of silence among the respectable majority to challenge stereotypes of ignorance and inhibition. Based on vivid, compelling and frank testimonies from a socially and geographically diverse range of individuals, the book explores a spectrum of sexual experiences, from learning about sex and sexual practices in courtship, to attitudes to the body, marital ideals and birth control. It demonstrates that while the era's emphasis on silence and strict moral codes could for some be a source of inhibition and dissatisfaction, for many the culture of privacy and innocence was central to fulfilling and pleasurable intimate lives.

**My Mother Said** - Christine Farrell 1978

[A Woman's Guide to Sexual Health](#) - Mary Jane Minkin 2005-01-01

A prominent gynecologist explains how to make

the best choices for female reproductive health in this authoritative, easy-to-read guide This book is for every woman who has wished for an unhurried, personal conversation with a sympathetic doctor who will answer her questions about reproductive health. Dr. Mary Jane Minkin, a gynecologist practicing for more than 25 years, presents a complete and up-to-date guide to a healthy reproductive system for women in their teens through middle age. With warmth and understanding, Dr. Minkin and coauthor Carol V. Wright respond to questions about the gynecological issues that concern women today, including sexual activity, contraception, and family planning. Readers of *The Yale Guide to Women's Reproductive Health* will learn how the female body works, what problems may arise, and what solutions are available--in short, they will become better prepared to participate in their own health care and to make healthy decisions.
