Love and Work - Marcus Buckingham
2022-04-05

A Wall Street Journal bestseller World-renowned researcher and New York Times bestselling author Marcus Buckingham helps us discover where we're at our best—both at work and in life. You've long been told to "Do what you love." Sounds simple, but the real challenge is how to do this in a world not set up to help you. Most of us actually don't know the real truth of what we love—what engages us and makes us thrive—and our workplaces, jobs, schools, even our parents, are focused instead on making us conform. Sadly, no person or system is dedicated to discovering the crucial intersection between what you love to do and how you contribute it to others. In this eye-opening, uplifting book, Buckingham shows you how to break free from this conformity—how to decode your own loves, turn them into their most powerful expression, and do the same for those you lead and those you love. How can you use love to reveal your unique gifts? How can you pinpoint what makes you stand out from anyone else? How can you choose roles in which you'll excel? Love and Work unlocks answers to these questions and others, so you can: Choose the right role on the team. Describe yourself compellingly in job interviews. Mold your existing role so that it calls upon the very best of you. Position yourself as a leader in such a way that your followers quickly come to trust in you. Make lasting change for your team, your company, your family, or your students. Love, the most powerful

of human emotions, the source of all creativity, collaboration, insight, and excellence, has been systematically drained from our lives—our work, teams, and classrooms. It's time we brought love back in. Love and Work shows you how.

Find Your Thing - Lucy Whittington 2015-03-09
Finding it, refining it, loving it, and actually getting out there and doing it Don't waste your life not doing something you aren't brilliant at, not setting the world on fire with your ideas, your thinking, your inventions, your words — it doesn't matter how you do your Thing, what matters is that you DO IT! In this book, Lucy uses her proven five-step process to help even more people find what they are brilliant at. Find out what you should be doing and how to make a living from it Take advantage of Lucy's expertise and follow her five-step process for success Be inspired and gain real practical advice Receive guidance on taking your new business to the next level by creating your "Star Plan" Become famous for what you do Imagine being so gifted that the work you are paid to do comes as naturally as breathing, and is so enjoyable that you would do it for free. It can happen. You're gifted at something, and that something is marketable. You can put yourself on the path to your ideal life, but first you have to Find Your Thing.

#1 New York Times bestselling author Johanna Lindsey delivers the "potent, sexy chemistry" (Booklist) and witty repartee for which she is adored in this dazzling regency romance about a desperate debutante whose family hires an innovative matchmaker to ensure her marriage. London society has its very own Cupid.

Renowned horse breeder and occasional matchmaker Devin Baldwin pairs eligible young ladies with suitable gentlemen based on his theory of animal magnetism. Unafraid of ruffling feathers, this darkly handsome Cupid doles out tips for bettering one's chances of meeting a mate that are as pointed as the love legend's sharpest arrows! Lovely Amanda Locke, the daughter of a duke, is everything a nobleman could desire, yet she enters her third Season still searching for a match. Gossipmongers' tongues are wagging, and her mystified family is considering drastic measures to find her a husband. But the insufferable advice of this Cupid fellow is the last thing Amanda wants. When an earl passionate about horses becomes the target of her husband hunt, Amanda knows it's time to overcome her fear of riding. With her sister-in-law Ophelia hastening the romance along by arranging riding lessons, Amanda is soon taking instruction from infuriating Devin Baldwin. Astonishingly, in her daily encounters with Devin—who treats her as an ordinary young woman, not a prize to be won at the marriage mart—Amanda experiences passion for the first time. Now, her search for a match takes her in an unexpected direction as she finds herself falling in love with Cupid himself.
