Attached Amir Levine 2012-01-05 "Over a decade after its publication, one book on dating has people firmly in its grip." —The New York Times We already rely on science to tell us what to eat, when to exercise, and how long to sleep. Why not use science to help us improve our relationships? In this revolutionary book, psychiatrist and neuroscientist Dr. Amir Levine and Rachel Heller scientifically explain why some people seem to navigate relationships effortlessly, while others struggle. Discover how an understanding of adult attachment—the most advanced relationship science in existence today—can help us find and sustain love. Pioneered by psychologist John Bowlby in the 1950s, the field of attachment posits that each of us behaves in relationships in one of three distinct ways: • Anxious people are often preoccupied with their relationships and tend to worry about their partner's ability to love them back • Avoidant people equate intimacy with a loss of independence and constantly try to minimize closeness. • Secure people feel comfortable with intimacy and are usually warm and loving. Attached guides readers in determining what attachment style they and their mate (or potential mate) follow, offering a road map for building stronger, more fulfilling connections with the people they love. **How to Text Women. The Guyde Howie Reith 2016-11-19 The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

Texting Women Cristiano Marquez 2019-11-22 If you are reading my book's description it's because maybe you are having trouble finding a girlfriend, isn't it? It's likely that among the photos you posted online there isn't one in which you look like Leonardo di Caprio and that you think physical appearance is the only way to impress woman. Or maybe your girlfriend never texts you until you do, and when she answers, hours later, it's with a simple or . Or perhaps you're one of those guys who's convinced he can get the attention of a beautiful girl by simply texting her " Hi! " or " Hey! "? I guess I must give you a hint then, pal: Women are different from men! And naturally, they think differently, they love differently! And this is because before loving with their body women always love with their mind... In my book, "Texting Women", I give you the right tips, quick and simple, to learn everything there is to know about texting a woman, and especially to understand how to get the timing right. In your opinion, what's every man's main goal when texting a woman he likes? Easy! That she always texts him back - the sooner the better - and eagerly! But clearly, to be able get there one must study the method and train hard - as if it were a physical activity - and put all of the following steps into practice: Mindset: work on yourself. Remember how as a child you were told to always be yourself? Well, forget that! Unless you want to die alone... The thing is, there is no "self". Which self? There can be many different selves, you can be whatever you want, you can improve: To manipulate girls, first you must be able to manipulate yourself. Skills: The main skill consists in figuring out who is the girl you're writing to, what she likes, what language frequencies she travels on. By doing that, you will be able to become the mirror in which she sees herself, and in you and in your texts she will recognize a part of

herself and of her mind. Techniques: The right techniques allow you to seduce girls by doing nothing, you have to get to the point where, whatever you write them, they start answering with long messages, as if they were talking about themselves with a psychologist. This way girls feel like they're seducing themselves with their own mind and will increasingly feel the need to answer your texts. Secrets: once you have completed all the previous steps, you should not be in a hurry to meet or see them, enjoy the moment and let them stew in their own juice. Raise the conversation's level by talking about spicy stuff, that's when they'll go crazy, and that's how when you'll see them in person they will already be completely obsessed with you and they will be yours. In the end it's going to be you the one not texting them back.

The Girl in the Text Ann Smith 2019-05-01 How are girls represented in written and graphic texts, and how do these representations inform our understanding of girlhood? In this volume, contributors examine the girl in the text in order to explore a range of perspectives on girlhood across borders and in relation to their positionality. In literary and transactional texts, girls are presented as heroes who empower themselves and others with lasting effect, as figures of liberating pedagogical practice and educational activism, and as catalysts for discussions of the relationship between desire and ethics. In these varied chapters, a new notion of transnationalism emerges, one rooted not only in the process through which borders between nation-states become more porous, but through which cultural and ethnic imperatives become permeable.

Get Over Yourself! Patti Novak 2008-12-30 True love doesn't just happen, notes professional matchmaker Patti Novak. You have to work for it-and want it. Forget eight-minute speed dates or online dating sites with twenty-page questionnaires that promise a scientifically calculated perfect match. The fact that you both like golf, stamp collecting, and pizza with anchovies is great, but it won't mean a thing if you don't feel that zing. But before there can be sparks, there have to be dates. And before the first date, you need to get over yourself! Taking a tough-love approach, and in her signature straight-shooting style, Patti will show you how to fix what needs to be fixed, reach your core, and identify who you are and what you want in a partner. She uses a three-part common-sense formula: • Getting Over What? Assess your dating weaknesses, recognize what's not working, and adjust your expectations. Delve into your personal history and past relationships, and pinpoint the issues that have been holding you back. • Almost Over It Fine-tune your attitude, your look, and your behavior to maximize your dating chances. Novak lays out strategies to help you deal with the brutal dating monsters you find along the way. • Over It Learn the do's and don'ts of the first date, the second date, and beyond. Remember, it's not a job interview or therapy session. Pretend you're meeting a new friend, not a prospective husband or wife. Finding your one and only isn't about having the right shoes or a flat stomach. It's about being true to yourself, being vulnerable, and being ready for love. Whether you're new to the dating scene, divorced and looking, or just trying to reach that second date, Get Over Yourself! will help you get the love you've always wanted and deserve.
