The attraction and strong feelings they once shared are instantly rekindled, but until they confront the fears and anxieties that drove them apart, their second chance will end before it truly begins.

**Approaching Women** Steve Dean 2021-02-02 Do you want to learn practical ways to seducing her, take her on date, getting her into the bed and win her heart? Do you want to learn the Secrets to eliminate anxiety and increase your social confidence? If yes, then keep reading... The idea of remaining objective rather than subjective is to provide you with clarity. The way you remain objective is to remove your ego from all social interactions with women. For example, picture the woman you want to approach online or in person as a friend of yours. Assume you already know her; this will help calm your nerves for the initial approach. This works especially well if you get anxious just before a first date. The reason you want to picture her as a friend is because it removes that mental block of thinking she is a complete stranger thus freaking yourself out for no reason. Remember in your mind you may be intimidated to be around her but to me or any other guy she would just be another girl. She only holds the value you create. How crazy is it for you to think someone is too good for you just based on her outer appearance? Unless you're psychic there is no way to assume this. Now, since you are human you may still feel slightly hurt if you misinterpret selection for rejection. If you still feel bothered or hurt then do something that will bring your confidence back up. Say to yourself: I am the captain of my fate, the master of my soul; I have the power, only I am in control and I now release myself of this negative thought. So if you are getting nervous being around or even approaching just know that you are the only one who is provoking that state of mind. The guy who is able to remove his ego from the social situation knows that even if he doesn't get the desired outcome he wants from the approach or from the date, he is remaining objective because what others think or feel of you have no tangible power over you, meaning if you want freedom you can't let someone else dictate your state of mind. You are special, there is only one of you in the entire world, so the woman who you decide to give a chance to just won the lottery. When you become the best version of yourself you will no longer have approach anxiety. Start small-talk with strangers every now and then, make more eye contact with people, and smile more. This will dramatically increase your comfort level when you realize there is nothing to fear. The invisible obstacle of approach is non-existent, because the obstacles you place in front of yourself I can't see, therefore have no effect over me and I will approach whoever I want. Like Shakespeare said, "Nothing is either good or bad, only thinking makes it so." This book gives a comprehensive guide on the following: How to attract women What is approaching The best ways to approach Warm approaches Eliminating approach anxiety How to beat insecurity and neediness Tell yourself you're great how to flirt with a woman over texts How to get the guy of your dreams. How to have confident body language Kick things off with light flirting Texting tips to get more dates Why women don't like "nice guys" ... AND MORE!!! What are you waiting for? Click buy now!!

We know facing a lady for the first time is always very nervous and this is where many men fail, when they walk away feeling like losers and the ladies are left wondering what a coward you are. The information in this book has been narrowed down to using texting as a tool to lure a lady and make her want to be with you and stick with you as your woman. When used properly, texting will reveal the kind of person you are and the lady will be able to know the kind of a man she is giving her time to. Eventually she will make her mind whether to agree to your request or simply throw your pleas to the usual dustbin of losers. The battle starts when you plan to engage a certain lady in a conversation, because the process of asking her for the number is an action that gives many men Goosebumps. Not to worry, we will show you how to take that first step and get the vital number that will link you to that lovely lady who is giving you sleepless nights when you think of how lovely she is, and how much you want to spend time with her. We however need to get some facts right before we get too much into the power of texting when you want a woman. Your failure to get the lady you want may be due to poor interaction or communication techniques, and the fact that you can type some lovely words on your Smartphone instead of voicing them does not guarantee that the lady will accept your requests. You need to do it right to get her attracted to you. The texting style should create enough rapport and attraction for the lady you want to spend your precious time with, and the effort should not go down the drain because the connection of the hard work should be solid. Have a look at how you are supposed to initiate a conversation that will lead to great friendship. This book gives a comprehensive guide on the following: - The approach - Getting her phone number the right way - The perfect first text - Structure of an effective text messaging plan - Bad text messaging behaviors - Turn her on through texts - Sexualizing text messages - Avoid getting rejected by text message - Playing the game with roles - Do's and don'ts: how to be a gentleman - Turning a text into a date - Starting a long-term relationship... **The Guyde** Howie Reith 2016-11-19 The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

After so much frustration, I decided enough was enough-just the same way you have finally decided and ended up here, which is the best place to discover all the things dating gurus will never tell you about approaching beautiful women the right way. In Chapter 1, WWWW, we gave a list of words that'll appear as we learn the craft of approaching a woman. We discussed the only two types of ways to woo her which are ID (In-Direct opener) and DO (Direct Opener), and how they're applied with examples. We looked into nervousness. We looked into the Five WWWWs of starting a conversation with a woman which are: Where, When, Why, What, & Which. And we finally added extra examples of DO and ID. In Chapter 2, Operation Rejection, shortened as ORej. We talked on approaching women while having rejection as your most important outcome. If you're not rejected, it's a failure. Being rejected is a success. We looked into 7 different "How Tos" which are: how to woo a seated girl (in any settings); how to woo in class, school, gym centers, gatherings, events and parties; how to woo at the workplace or in an office; how to woo a girl who makes you nervous; how to woo a stubborn girl; how to woo a girl at the market or mall, and how to woo a girl on the queue (any queue) with some examples for each. In Chapter 3, ON/OFF, we discussed how Push and Pull (PP) works with some examples. We talked on the types of push and pull. "This book is also a groundbreaking road map to finally being your true, authentic self." —Susan Cain, New York Times, USA Today and nationally bestselling author of Quiet Up to 40% of people consider themselves shy. You might say you're introverted or awkward, or that you're fine around friends but just can't speak up in a meeting or at a party. Maybe you're usually confident but have recently moved or started a new job, only to feel isolated and unsure.
