Girl with a Pearl Earring - High Museum of Art 2013

This volume will mark the first time Johannes Vermeer's iconic painting will be seen in the Southeast. The painting headlines the exhibition, which highlights the artistic genius of Dutch Golden Age painters, including Vermeer, Rembrandt van Rijn, Frans Hals and Jan Steen, through the presentation of more than 35 exceptional works. Through

landscapes and portraits, this book will explore the idea that Dutch artists more readily embraced paintings of everyday subjects than their southern European contemporaries, focusing on capturing commonplace scenes of daily life. Dutch artists not only recorded representations of the domestic interior, still lifes and boisterous crowds, but often imbued these scenes with moral undertones and

humorous, sarcastic wit.

ArtCurious - Jennifer Dasal 2020-09-15

A wildly entertaining and surprisingly educational dive into art history as you've never seen it before, from the host of the beloved ArtCurious podcast We're all familiar with the works of Claude Monet, thanks in no small part to the ubiquitous reproductions of his water lilies on umbrellas, handbags, scarves, and dorm-room posters. But did you also know that Monet and his cohort were trailblazing rebels whose works were originally deemed unbelievably ugly and vulgar? And while you probably know the tale of Vincent van Gogh's suicide, you may not be aware that there's pretty compelling evidence that the

artist didn't die by his own hand but was accidentally killed--or even murdered. Or how about the fact that one of Andy Warhol's most enduring legacies involves Caroline Kennedy's moldy birthday cake and a collection of toenail clippings? ArtCurious is a colorful look at the world of art history, revealing some of the strangest, funniest, and most fascinating stories behind the world's great artists and masterpieces. Through these and other incredible, weird, and wonderful tales, ArtCurious presents an engaging look at why art history is, and continues to be, a riveting and relevant world to explore.
