Stuck! - Josh Miller 2019-04-22

Maybe you have a great idea for a movie, and you're thinking to yourself, "Man, if I only knew how to write a screenplay." Maybe you've started your screenplay already, but you get to a certain point where you JUST DON'T KNOW WHAT TO DO NEXT! Or maybe you've already finished your screenplay, printed it out, read it over again, hated it, and burned it in your trash can (but you saved a backup). Don't give up on your dreams just yet--not until you've read this book. Over the course of his successful career as a writer and producer, Josh Miller has learned plenty about the art of screenwriting. There are no fancy tricks or shortcuts to making a great screenplay, just time-honored techniques, fundamental story elements, and one secret ingredient: you. Josh will show you how to craft a compelling story and deploy advanced techniques used by professional screenwriters, but most importantly, he'll teach you how to harness your unique voice, experience and perspective to give your screenplay real substance. Get this book, and get yourself unstuck.

From Pieces to Weight - 50 CENT 2012-12-11

Rapper 50 Cent has made it big in a very short space of time. Having been supported by Jam Master Jay, and produced by Dr Dre and Eminem, the rapper and poet has already experienced great success and critical acclaim for his anthemic single 'In Da Club' and bestselling debut album. While some rappers just talk the talk, though, 50 has walked the walk, and this brilliant insight into who he is and where he came from is a must for all fans. Growing up in Jamaica, Queens, he was born to a 15-year-old drug-dealing mother -- she was killed in mysterious circumstances -- and took over the family business at the age of twelve. Living hard, he has been stabbed, shot nine times (one bullet in his face) and has survived a number of assassination attempts. He is a survivor, a man from the streets who has made it big-time without forgetting his roots. This is the inside story of a rap icon.

Real-World Media Ethics - Philippe Perebinosoff 2016-07-15

Is it ethical to pass yourself off as black if you are Caucasian, as Rachel Dolezal, the president of a local chapter of the NAACP, did in 2015? Was it ethical for Donald Sterling, the former owner of the NBA team, to use racially inflammatory language? Is it ethical to exaggerate or fabricate the importance of one's role, as Brian Williams apparently did when he anchored the NBC nightly news? Is it ethical for a journalist to pay a source for a story, tips, and photos, as TMZ, Gawker and others do regularly? The above questions as well as other questions definitely illustrate the need for studying ethics. *Real-World Media Ethics* provides a wide showcase of real ethical issues faced by professionals in the media field. Numerous case studies allow readers to explore multiple perspectives while using realistic ethical principles. This book includes the basics in ethical journalism, as well as the tools to navigate through the landscape of mass media such as public relations, entertainment and other forms of visual communication. The second edition has been updated to encompass globalization, new media platforms, current copyright issues, net neutrality, sports ethics, and more. An accompanying companion website provides additional interviews demonstrating ethical principles in practice. Being a former ABC executive, author Philippe Perebinosoff gives readers an inside look at circumstances with an ethical, experienced eye.
