**A More Beautiful Question** -  
Warren Berger 2014-03-04

To get the best answer-in  
business, in life-you have to ask  
the best possible question.

Innovation expert Warren  
Berger shows that ability is  
both an art and a science. It  
may be the most

underappreciated tool at our  
disposal, one we learn to use  
well in infancy-and then  
abandon as we grow older.

Critical to learning, innovation,  
success, even to happiness-yet  
often discouraged in our

schools and workplaces-it can  
unlock new business

opportunities and reinvent  
industries, spark creative

insights at many levels, and  
provide a transformative new

outlook on life. It is the ability  
to question-and to do so

deeply, imaginatively, and  
"beautifully." In this

fascinating exploration of the  
surprising power of

questioning, innovation expert  
Warren Berger reveals that  
powerhouse businesses like  
Google, Nike, and Netflix, as  
well as hot Silicon Valley  
startups like Pandora and  
Airbnb, are fueled by the ability  
to ask fundamental, game-  
changing questions. But Berger  
also shares human stories of  
people using questioning to  
solve everyday problems-from  
"How can I adapt my career in  
a time of constant change?" to  
"How can I step back from the  
daily rush and figure out what  
really makes me happy?" By  
showing how to approach  
questioning with an open,  
curious mind and a willingness  
to work through a series of  
"Why," "What if," and "How"  
queries, Berger offers an  
inspiring framework of how we  
can all arrive at better  
solutions, fresh possibilities,  
and greater success in business  
and life.

Debra is a professional Christian counselor who reaches millions with her popular blog, [Truelovedates.com](http://Truelovedates.com), and her book offers sound advice grounded in Christian spirituality. An often-quoted statistic is, "5% of salespeople earn 90% of the commission generated in residential real estate sales". The same statistic holds for true in many industries. The obvious question is, "Why do a select number of salespeople earn extraordinary incomes, while others with the same apparent ambition do not?" 2016-11-19

The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic

with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best

places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

**The Art of Asking** - Amanda  
Palmer 2014-11-11  
Rock star, crowdfunding

pioneer, and TED speaker Amanda Palmer knows all about asking. Performing as a living statue in a wedding dress, she wordlessly asked thousands of passersby for their dollars. When she became a singer, songwriter, and musician, she was not afraid to ask her audience to support her as she surfed the crowd (and slept on their couches while touring). And when she left her record label to strike out on her own, she asked her fans to support her in making an album, leading to the world's most successful music Kickstarter. Even while Amanda is both celebrated and attacked for her fearlessness in asking for help, she finds that there are important things she cannot ask for-as a musician, as a friend, and as a wife. She learns that she isn't alone in this, that so many people are afraid to ask for help, and it paralyzes their lives and relationships. In this groundbreaking book, she explores these barriers in her own life and in the lives of those around her, and
