women. For example, a team of sociologists conducted a study, trying to understand if there was a common denominator that men found attractive in women; that one thing that would get any guy to want to go over and talk to a girl. You would never guess what the result was. No, it wasn't her breasts, her legs or her bum. In fact, it wasn't any body part below her chin and it wasn't her features, either. It was her smile. The majority of men stated that they found nothing as attractive as a woman's smile. The point of this revelation is that you have to put your preconceived notions and the rules society has beaten into you all to one side. You need to understand that fundamentally, men and women are different and it's alright to be a woman. There's nothing wrong with giving up control to your partner once in a while, especially since it will make you feel better as well....

Jack Ruger 2019-07-11

Have you ever felt like you hit it off with a woman but she just ended up ghosting you? It's frustrating. It's humiliating. It hurts. You probably didn't see it coming, but what makes women do this? The truth is you most likely didn't have what she was looking for. I'll explain. Let me preface this by saying, dating is a numbers game. Generally speaking, men approach many women and women are approached by many men. The more people you date, the higher the chances are of you finding the right person. That being said, due to advancements in technology, women have more options available to them today than ever before and dating has become extremely competitive for men. Women are also naturally hyper-intuitive. In a study of 90,000 people that were shown different photographs of people's faces, women drastically outperformed men when it came to reading subtle expressions. The combination of unlimited options available to women and their hyper-intuitive nature means women have the ability to pick and choose around, searching for the highest value man they can get. It seems unfair, but that's the reality of modern dating. What does that mean for you? It means you need to prove that you have what it takes to be a good partner. Having a deep understanding of what women value in a partner will give you a HUGE advantage over other guys. What do you think of when asked, "what do women find attractive?" Looks, humor, intelligence, commonality? Yes, all of these things do matter, BUT they are only the surface level. What most men don't realize is that the deciding qualities that will make a high-value woman want to be with you are below the surface. "Would he be a good father?" will help you discover the qualities women look for to separate high-value men from low-value men. Here are the 10 hidden qualities covered in "Would he be a good father?" The simplest quality that instantly shapes her desire to give you her time. One of the most overlooked qualities guys end up paying for when she moves on. The quality that will tell her you're a good guy worth investing in The quality she'll notice whether you have or not almost immediately.

[How to Attract Women](#) - Zac Miller 2020-03-08

Can I Ask You a Question? What would life be like if you knew exactly how to attract women? If

you could get the girls you've always wanted? If you could be a man women were sexually drawn to... would that change your life? Hi, my name is Zac Miller. In my many years here on earth I've had my share of experiences with women. And like most men, I wasn't born knowing what attracts women or what they want, but there came a point in my life where I was fed up and did something about it. Many men just say "women are crazy," and they leave it at that, not trying to understand them. I couldn't have that... While women are in fact crazy, I have put together a book which explains what they want, what attracts them to men, and how you can start attracting women. It's taken me many, many years, and many, many sleepless nights, but after all was said and done, I believe I have made the best book available when it comes teaching men everything it takes to successfully attract women. Here's What You'll Learn in This Book Chapter 1: Appearance - While it's been this way for many years, the advent of website profiles and dating apps has made a masculine appearance much more important for men in this day and age. Here I share with you the many ways you can appear more attractive to women, as well the ideal body type women are looking for in a man (hint: it's not abs). Chapters 2 & 3: Attractive & Unattractive Qualities - Ever notice how women are attracted to jerks and "bad boys?" It's because they display many attractive qualities women desire. In these chapters, I share with you what exactly these qualities are, while also going over attributes you need to stay away from, which push women away. Chapter 4 & 5: Talking to Women - Next, we go over how to talk to women and connect with them, in turn attracting them to you. I show you how to approach girls, get their contact information, and how to conversant with them afterwards to secure a date. I go over the number one mistake most guys make during this process, as well as the one quality that will put you above all other men when talking to women (hint: it's not a lifted truck). Chapter 6: The Date - We then go over how to handle the date. I show you exactly how to ask for the date, where to go, and what to do during the date. This includes conversation topics that release dopamine (feel good) chemicals in a woman's brain, as well as techniques you can employ during the date to

keep her attention. I then go over what to do after the date to keep her interested in you for the long run to make her your girlfriend.

Chapter 7: The What If's? - What if she flakes on the date? What if she says maybe? What if she starts losing interest? All these questions and more are handled in this chapter, showing you the exact techniques to employ to handle each situation, which will keep a woman interested in you. Appendix - I provide 70 opening messages, original to this book, to use when texting girls. These are unique, funny messages, which will make you stand out from other men. As a FREE bonus, only to buyers of this book, I provide you with my special report, Subconscious Attraction: 3 Techniques that Will Attract Her Subconsciously. These are perfect to use during the first date! If you want to become more successful with women and start getting the girls you've always desired, you can't risk not knowing this information.
