

# How To Get A Woman Pregnant Without Intercourse

How to Choose the Sex of Your Baby - Landrum B. Shettles 1984-02-16

The Conception Plan - Laura Legge 2018-03-07  
Whether you're just beginning on your journey or you've been trying for quite some time, The Conception Plan: How To Get Pregnant Faster will provide you with a natural plan that aims to reduce stress, boost fertility, and provide support. Created by Laura Legge after dealing with unexplained infertility, the plan provides a step-by-step guide on how to boost your fertility without making drastic changes. It includes information on becoming healthier, timing intercourse correctly, and boosting fertility naturally. This book was created in the hopes that women everywhere can find the guidance and support they need through their trying-to-conceive journey, whether it's just the beginning or after a long road of loss and heartbreak.

**Getting Pregnant in the 1980s** - Robert H. Glass 2022-05-13

This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, Voices Revived makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1982.

Natural Birth Control Made Simple - Barbara Kass-Annese 2003

This completely revised and updated edition includes new methods of natural birth control, illustrations and charts that show the planning methods described, and updated bibliography and resource sections. 40 charts. 20 illustrations.

**Baby Girl Or Baby Boy** - Mark Moore 2004-01  
Choose the Sex of Your Child? Applying the natural methods detailed within, empowers couples to make it more likely to have either a

baby girl or baby boy. This timeless topic stirs the curiosity of hundreds of millions of people worldwide. This book unlocks the secrets of how to make a baby girl or baby boy.

**Sex and Romance During Pregnancy and After the Birth** - Adelaide E Aduboff 2010-06-09

This book provides information on: 1. Physical and psychological changes during pregnancy and how it can affect your relationship and sex life 2. Enjoying sex and intimacy during pregnancy 3. Different positions to try as the bump grows bigger 4. when to refrain from sex. 5. How to be adventurous and creative when penetrative sex is not an option 6. Practical experiences shared by couples. 7. Myths and cultural beliefs surrounding sex and childbirth 8. Easing into your normal sex life after the birth of your baby. 9. Tips to help you and your partner to make most of your love life during this life-changing experience.

**Exploring the Biological Contributions to Human Health** - Institute of Medicine 2001-07-02

It's obvious why only men develop prostate cancer and why only women get ovarian cancer. But it is not obvious why women are more likely to recover language ability after a stroke than men or why women are more apt to develop autoimmune diseases such as lupus. Sex differences in health throughout the lifespan have been documented. Exploring the Biological Contributions to Human Health begins to snap the pieces of the puzzle into place so that this knowledge can be used to improve health for both sexes. From behavior and cognition to metabolism and response to chemicals and infectious organisms, this book explores the health impact of sex (being male or female, according to reproductive organs and chromosomes) and gender (one's sense of self as male or female in society). Exploring the Biological Contributions to Human Health

discusses basic biochemical differences in the cells of males and females and health variability between the sexes from conception throughout life. The book identifies key research needs and opportunities and addresses barriers to research. Exploring the Biological Contributions to Human Health will be important to health policy makers, basic, applied, and clinical researchers, educators, providers, and journalists-while being very accessible to interested lay readers.

**Getting Pregnant** - Robert M. L. Winston 1993  
Pregnancy and the birth of a baby is one of the great miracles of everyday life - infertility, for many couples, one of the greatest sadnesses. This book examines conception and pregnancy and all the potential surrounding problems. Based on the most up-to-date research, the author gives advice on topics such as how to increase the chances of conception, the causes of male and female infertility, miscarriage and late motherhood.

How to Choose the Sex of Your Baby - Landrum Brewer Shettles 1989

A revised edition of the complete guide to the gender selection method best supported by scientific evidence, with evaluations of home ovulation tests, commercially available gender selection kits, and sophisticated clinical tests.

How to Have Sex with a Lady Without Condoms and Not Get Her Pregnant - Felix Chrisantos 2021-01-07

One of the most dreaded statements most single guys are scared of getting from their girlfriend is, 'I MISSED MY PERIOD'. If you have experienced this before, you would agree with me that it is capable of keeping you awake all through the night. Even though the use of condoms helps protect against unwanted pregnancy, the level of pleasure derived from skin to skin sex cannot be denied. This is why I have outlined some highly effective love making techniques that will help you and your partner enjoy a mind-blowing skin to skin sex without being followed by any case of unwanted pregnancy. Get this book and you will understand exactly what I mean...

*How to Have an Enjoyable Safe Sex With a Preg Lady* - Felix Chrisantos 2020-12-17

I am of the opinion that taking a long break off sex, just because your woman is pregnant, is

completely, unnecessary. There is simply, no need to send sex on holiday for months, just because your woman is expecting a baby. It is important to know that ladies still retain the urge for sex even when they are pregnant. In some cases, they even become hornier. For this reason, if you are staying away from your woman just because she is pregnant, you will not only be sex-starving yourself unnecessarily, you will also be depriving your woman of the opportunity to have a rich and an enjoyable time of mind-blowing sex during this period. Yes, I understand you are only trying to be careful so you don't hurt or negatively, affect her pregnancy. And that is the reason I have put this book together to help you and your woman enjoy a rich and an enjoyable pregnancy sex without causing any harm to her pregnancy. This book will reveal to you some nice techniques and sex positions that will guarantee a mind-blowing moment of sex for you both.

**It's Perfectly Normal** - Robie H. Harris 1994  
For two decades, this universally acclaimed book on sexuality has been the most trusted and accessible resource for kids, parents, teachers, librarians, and anyone else who cares about the well-being of tweens and teens. Now, in honor of its anniversary, It's Perfectly Normal has been updated with information on subjects such as safe and savvy Internet use, gender identity, emergency contraception, and more. Providing accurate and up-to-date answers to nearly every imaginable question, from conception and puberty to birth control and STDs, It's Perfectly Normal offers young people the information they need now more than ever to make responsible decisions and stay healthy.

How to Ship Sperm on the Internet - Joe Donor 2014-03-13

This book discusses shipping chilled semen as an alternative to sperm banks. It explains in detail with many photographs, drawings, and other images how to determine a recipient's fertile time, how to prepare and ship chilled semen samples, how to inseminate, and how to test for pregnancy. Explains in detail how recipients can protect their privacy. It explains in detail with many photographs, drawings, and other images how to time insemination by predicating ovulation with the OPK (ovulation prediction kit, with detailed explanation of various types of test

and how to read them), by charting basal temperatures, by evaluating changes in cervical mucus, by evaluating changes in the position of the cervix, and by being aware of mittelschmerz (ovulation pains). It explains what to do when the unexpected, such as two ovulations in one cycle, happens. The book then summarizes key dates in the woman's reproductive cycle. It explains in detail with many photographs, drawings, and other images the contents of the shipping kit and how the private donor can collect semen, prepare it for shipping, and ship it. Discusses in detail how to ship semen overnight with express mail carriers such as UPS or FedEx, including many problems that arise and how to deal with them, such as what to do when you need to deliver on Sunday or holidays when the carriers do not deliver. It explains in detail with many photographs, drawings, and other images what semen should appear like when the recipient receives the samples and how to evaluate the semen for viability with a desk-top microscope and with a hand-held microscope and how to inseminate with a syringe, speculum, catheter, or Instead Softcup. It explains when to start taking the home pregnancy test (HPT), with many pictures of test results. Praise for the ebook version from Amazon 5-star reviews: - This book was very informative as a woman this book taught me things about TTC. It also addresses things that a recipient may not think about because her mind is only focused on the BFP. It is a quick read but a must read. I would recommend this book to any woman, especially lesbian women ttc and any woman who is tired of paying the high price of the use of a cryobank. - For couples with male fertility problems, or women who don't have a male partner, in the past their only option to conceive a baby was a fertility clinic. But fertility clinics are expensive and often not covered by insurance. This book covers a viable, inexpensive alternative: private donors who are willing to share their sperm for free. This book discusses the various issues around using a private donor, and then gets very practical - it describes where to find a donor, what to ask them, how to know when to perform an insemination, and how to go about doing it. This guide covers the steps involved in using a donor who is located elsewhere and who ships chilled semen using an

overnight delivery service. Everything you need to know in a simple, practical manner. Note that another alternative is to find a donor who is located nearby and who can give you a fresh sample, and eliminate the shipping step. If you can find a local donor, that is an even better solution as the sample will be fresher and you eliminate the costs and restrictions of shipping. Most of the information in this guide will still apply. - Good book! Very easy to read: )

*A Woman's Guide to Sexual Health* - Mary Jane Minkin 2005-01-01

A prominent gynecologist explains how to make the best choices for female reproductive health in this authoritative, easy-to-read guide This book is for every woman who has wished for an unhurried, personal conversation with a sympathetic doctor who will answer her questions about reproductive health. Dr. Mary Jane Minkin, a gynecologist practicing for more than 25 years, presents a complete and up-to-date guide to a healthy reproductive system for women in their teens through middle age. With warmth and understanding, Dr. Minkin and coauthor Carol V. Wright respond to questions about the gynecological issues that concern women today, including sexual activity, contraception, and family planning. Readers of *The Yale Guide to Women's Reproductive Health* will learn how the female body works, what problems may arise, and what solutions are available--in short, they will become better prepared to participate in their own health care and to make healthy decisions.

*Women and Crisis Pregnancy* - Evelyn Mahon 1998

*Contraceptive Methods Women Have Ever Used: United States, 1982-2010* - Kimberly Daniels 2013

**It's Perfectly Normal** - Robie H. Harris 2014  
Introduces human sexuality, describes the changes brought about by puberty, and discusses sexual abuse, sexually transmitted diseases, AIDS, and pregnancy.

**Parenting Guide - Pregnancy Tips, Developing Child Discipline and Self-Esteem Without Shouting or Spanking** - Susan Wild  
\*\*\* Special Offer - Buy 1, Get 2 books \*\*\* Are you ready to have a baby, get pregnant and

become a new parent? If you have doubts and need to boost confidence, this bundle is for you. You'll be armed with the knowledge on how to get pregnant, get some pregnancy tips during pregnancy, and at some later point how to discipline your child. Trying to get pregnant is enough to make any woman impatient. This bundle will prepare you to be a good parent, even if you have some doubts about it right from the beginning. Grab your copy now!

**Get Pregnant for Free on the Internet with a Private Sperm Donor Without Having Sex Or Paying \$\$\$ to a Sperm Bank** - Joe Donor  
2014-03-12

This guide is for couples who need donor sperm due to vasectomy, azoospermia, Klinefelter's Syndrome, or other male-factor infertility, for lesbians, and for single-by-choice moms who want to get pregnant for free without using a sperm bank, especially women who want to know how to get pregnant without having sex. It is also for the men who want to become free sperm donors in order to help them. This book is different from almost every other book on the market about getting pregnant by donor insemination. Most books on donor insemination are written by women, especially lesbians or women in heterosexual couples suffering from male factor infertility. This creates a certain bias in the other books that are available out there. They focus more on the recipient's emotional needs, how to assuage her fears and anxieties, but do not focus on the technical aspects of how

to best succeed in this endeavor. There is a valid role for this type of book. However, my book looks at the technical aspects of donor insemination, how to get the best results, and succeed in more pregnancies and sooner. For example, the recipient's fears and anxieties can become a huge obstacle that must be overcome in order to succeed, so the focus in my book is how to overcome the fears and anxieties in order to succeed in getting her pregnant rather than how to help her feel better about them. With more than two dozen successes, I bring a proven understanding of which technical methods achieve results and which do not that few other authors can match. Not only is their perspective different, female author will only have participated in one or at most two pregnancies, they may speak from their experience as the partner and provider of emotional support and may not even have given birth to a single child or even been present for the conception. This book is unlikely to provide much in the way of emotional support, but it is going to provide technical expertise in achieving pregnancy I doubt you will find elsewhere. Read our reviews: "A masterfully written book on sperm donating and receiving! In easy to understand language, the author has written a concise guide for both recipients and donors alike interested in either donating or receiving private sperm donations. The author cuts through a lot of technical language, in such a way that the average person can understand private sperm donating to the point where they can easily receive samples and do it in their own private area, safely, and to their own optimal benefit to become pregnant. A fascinating book, with detailed insemination techniques, how to select donors, what type of questions to ask, how to protect anonymity and the such. With ever-growing interest in private sperm donating, this book written by an experienced sperm donor, offers many valuable tips to help facilitate a safe and optimal chance at getting pregnant. A must have book for those interested in private sperm donating and receiving!" "For couples with male fertility problems, or women who don't have a male partner, in the past their only choice was a fertility clinic. But fertility clinics are expensive and often not covered by insurance. This book covers an alternative: a world where there are

private donors who are willing to share their sperm for free. This book discusses the various issues around using a private donor, and then gets very practical - it describes where to find a donor, what to ask them, how to know when to perform an insemination, and how to go about doing it. Everything you need to know in a simple, practical manner." "I appreciate the ease of reading and understanding this guide. I had a few questions about timing insemination at first but once I read this guide ALL my questions and uncertainties were answered. I believe this will help many women who have any questions regarding trying to conceive with a online donor. The pictures were helpful as well, they give more understanding on everything."

*How To Get Pregnant Fast & Naturally* - Pete Cox 2019-08-13

Hurry up and get YOUR book NOW! Learn how to get pregnant fast...in 2 months or less! Getting pregnant doesn't have to be a challenge! This book will teach you all the practical, proven tips and tricks you need to increase your chances of getting pregnant fast. Many couples would like to get pregnant fast. However, sometimes it does not happen immediately and thus the question: What can I do to get pregnant as quickly as possible? This amazing book will answer your question and give you useful advice. This book is all about my best tips and techniques that will allow you to increase your chances to get pregnant fast in a healthy and

natural way, without any suffering. By following steps and tips revealed inside the book, you can enhance your chances of getting pregnant fast. What you'll find out: When Should You Have Sex?
