Routledge Handbook of Street Culture - Jeffrey Ian Ross 2020-10-05

Discussions of street culture exist in a variety of academic disciplines, yet a handbook that brings together the diversity of scholarship on this subject has yet to be produced. The Routledge Handbook of Street Culture integrates and reviews current scholarship regarding the history, types, and contexts of the concept of street culture. It is comprehensive and international in its treatment of the subject of street culture. Street culture includes many subtypes, situations, locations, and participants, and these are explored in the various chapters included in this book. Street culture varies based on numerous factors including capitalism, market societies, policing, ethnicity, and race but also advances in technology. The book is divided into four major sections: Actors and street culture, Activities connected to street culture,

The centrality of crime to street culture, and Representations of street culture. Contributors are well respected and recognized international scholars in their fields. They draw upon contemporary scholarship produced in the social sciences, arts, and humanities in order to communicate their understanding of street culture. The book provides a comprehensive and accessible approach to the subject of street culture through the lens of an inter- and/or multidisciplinary perspective. It is also intersectional in its approach and consideration of the subject and phenomenon of street culture.

The Girl who Caught Fire - Lorna Dounaeva 2020-10-02

They set fire to me and left me for dead.

They thought I had perished but I survived.

I will never forget the ones who tried to break me.

And when the time is right, I
will reveal myself.
I will have my revenge.

The Girl who Caught Fire is the
fourth novel in the McBride
Vendetta psychological thriller
series.

Oliver + S Building Block

Dress - Liesl Gibson

2016-09-15

Imagine it. Make it! You don't
need to be a designer or
pattern maker to create and
sew the dress of your dreams.
Let Liesl Gibson, founder and
designer of Oliver + S sewing
patterns, show you how to alter
the elements of a pattern to
make exactly the dress you
imagine. Oliver + S Building
Block Dress: A Sewing Pattern
Alteration Guide shows you
how to customize all the
elements of a basic dress
pattern. With the included
Building Block Dress pattern
and Liesl Gibson's detailed
pattern alternation
instructions, you'll learn how to
create almost any dress you
can imagine. Let Liesl show

you how to change sleeves,
silhouettes, pockets, necklines,
hems, closures, and linings. By
combining the elements
presented in the book, you'll be
able to make thousands of
unique dresses. The only limit
is your imagination! Use the
skills you learn in this book to
customize other patterns as
well. With these techniques,
you'll look at sewing patterns
as just the starting point for
your creative expression.

increasing numbers, girls and women are gathering at skate parks and competing in skateboarding events on nearly every continent. In stunning photographs of remarkable female skaters in action, this book celebrates the incredible range of styles, ethnicities, and ages that make up a rapidly growing community. *Skate Like a Girl* features professional skaters, pioneers and newcomers, skate photographers and filmmakers, downhill skateboarders, longboarders, and gold medalists. You'll meet skaters who are moms, models, artists, and engineers. What they all have in common is that skating is their way of life. Hailing from all over the world, each woman is profiled in her own words of wisdom about going after her dreams, falling hard, and getting right back up. Filled with empowering images and inspiring words, this book will encourage girls and women of every age to get on a board and shred!

Four Wheels and a Board -
Betsy Gordon 2022-11-01

A bold look at the creative, controversial, and vibrant history of skateboarding, and the amazing skaters who continually reinvent it. Skateboarding isn't just a recreational activity, but a professional sport, lifestyle, art form, and cultural phenomenon. The striking book *Four Wheels and a Board* captures its spirited history, iconic skateboarders, diverse community, and the palpable passion of the people who love it. It includes contributions from the most influential names in the game, including Rodney Mullen, Tony Hawk, Mimi Knoop, and more. The gorgeously designed book presents objects, artifacts, and photographs from the Smithsonian's collections that exemplify the vitality and innovation of skate culture. Book chapters are organized chronologically by decade from the '60s to present day, starting with 20th-century surfboards, moving through technological changes, the disappearance of skate parks, the rise of social media and

Downloaded from

on 2019-09-11 by guest

collaborations, and ending with never-before-seen objects from the 2020 Summer Olympics, where skateboarding made its historic Olympic debut. Largely invented by youth, skateboarding has attracted punks, misfits, and dreamers looking for somewhere to belong. The book features skateboards and skaters who open dialogues about race, the gender binary, queerness, the displacement of Native people, and so much more, shining a light on people and places not often represented in traditional skateboard history. Four Wheels and a Board is a fresh look at a transformative culture, and one hell of a ride.

Tell Me a Fantasy - Tamara Lush 2017-03-14

Samantha Citrouille's anxiety won't stop her from attending London Fashion Week and collecting a lifetime industry award. After all, when iconic designer Karl Lagerfeld requests your presence at an exclusive party, you have to jump on a plane. Even if you're deathly afraid of flying. While white-knuckling it on the

turbulent flight from Florida, Samantha's seated in business class next to a handsome stranger named Colin King. His low, smooth voice helps calm her nerves. But her panic reaches its peak when the plane is forced to land in Iceland due to mechanical failure. Distraught, she's horrified to discover that all hotels are booked due to a summer solstice festival. As the world's top designer of tropical resort clothing, Samantha _ known as Sam C. to her legions of fans _ is used to luxury at her Palm Beach estate, not sleeping on airport benches with only a pashmina wrap for a blanket. Her impossibly sexy seat-mate Colin kindly offers to share his accommodations, because a business contact owns a sleek pied-à-terre in Reykjavik. Samantha, emotionally wrung out, agrees for what she thinks is one quick night. A freak volcano eruption forces Samantha and Colin to stay in the Icelandic capitol for a long weekend, and the two have nothing better to do than share cocktails, bare their past

*Downloaded from
legacy.opendemocracy.net
on 2019-09-11 by guest*

sins in conversation, and indulge in each other under the midnight sun. But things become complicated after their idyllic fantasy weekend together. Colin, a self-described modern-day rake, is sure he's finally found the woman of his dreams. But Samantha, who has her own fears and ghosts of the past, isn't so certain. She'd rather fly around the world, twice, than have her heart broken again.

Business Law - Daniel V.

Davidson 2023-01-31

Readable and practical introduction to business law designed for today's student. The Fourth Edition of Business Law Principles and Cases in the Legal Environment continues to offer a readable, rigorous, and practical introduction to business law in a format that enhances learning and understanding. With a thorough explanation of the legal and regulatory issues affecting businesses, Davidson, Forsythe, and Holland utilize outlines, exhibits, questions, and problems to engage students and enhance learning.

Classic and contemporary cases in each chapter highlight key aspects of the law using the judges' language. The Secret Sentinel case, an integrated, continuous business scenario threaded throughout the text, provides a hypothetical business environment in which students learn to apply the law and integrate legal concepts with other business topics. The purchase of this ebook edition does not entitle you to receive access to the Connected eBook with Study Center on CasebookConnect. You will need to purchase courseware to get access to the full experience including: lifetime access to the online ebook with highlight, annotation, and search capabilities, practice questions; an outline tool, newsfeed and other helpful resources. Connected eBooks provide what you need most to be successful in your Business Law classes. New to the Fourth Edition: Updated throughout, including cutting-edge state and federal cases Carefully edited and streamlined

presentation make the book even more teachable and accessible Updated “You Be the Judge” boxes, with materials taken directly from current events Careful attention given to the new AACSB standards of Global Mindset and Diversity and Inclusion Professors and students will benefit from: Complete topical coverage in a clear and accessible presentation A continuous hypothetical business model that connects theory and practice Each chapter includes a Classic Case and a Contemporary Case, offering opportunities to learn case analysis. Instructors can utilize these chapter cases for demonstrating the concepts of the chapter, opening up dialogue for student interactions. Rich pedagogy that includes learning objectives, discussion questions, case problems incorporating writing assignments. Discussion Questions can be utilized for online and face-to-face group discussions. Case Problems and

Writing Assignments give instructors a starting point for in-class, hands-on group activities, in which students can work on different cases and share their answers with the class. Legal terminology is not only defined throughout the text, but practical application and examples are given throughout the chapters to help students grasp the concepts. Visual aids and exhibits throughout the book that illustrate legal and business concepts A flexible organization that adapts to a wide range of teaching objectives and courses The digital Connected Coursebook format gives business law students robust search and highlighting tools, interactive practice questions, and more, that are all integrated into an easy-to-use, streamlined learning experience.

[TikTok Cultures in the United States](#) - Trevor Boffone
2022-04-03

TikTok Cultures in the United States examines the role of TikTok in US popular culture, paying close attention to the

app's growing body of subcultures. Featuring an array of scholars from varied disciplines and backgrounds, this book uses TikTok (sub)cultures as a point of departure from which to explore TikTok's role in US popular culture today. Engaging with the extensive and growing scholarship on TikTok from international scholars, chapters in this book create frameworks and blueprints from which to analyze TikTok within a distinctly US context, examining topics such as gender and sexuality, feminism, race and ethnicity and wellness. Shaping TikTok as an interdisciplinary field in and of itself, this insightful and timely volume will be of great interest to students and scholars of new and digital media, social media, popular culture, communication studies, sociology of media, dance, gender studies, and performance studies.

Action Sports and the Olympic Games - Belinda Wheaton 2021-11-04

Based on a decade of research by two leading action sports scholars, this book maps the relationship between action sports and the Olympic Movement, from the inclusion of the first action sports to those featuring for the first time in the Tokyo Olympic Games and beyond. In an effort to remain relevant to younger audiences, four new action sports, surfing, skateboarding, sport climbing, and BMX freestyle were included in the Tokyo Olympic program. Drawing upon interviews with Olympic insiders, as well as leaders, athletes, and participants in these action sports communities, the book details the impacts on the action sports industry and cultures, and offers national comparisons to show the uneven effects resulting from Olympic inclusion. It reveals the intricate workings of power and politics in contemporary sports organisations, and maps key trends in this changing sporting landscape. Action Sports and the Olympic Games is a fascinating read for

*Downloaded from

anybody studying the Olympics, the sociology of sport, action sports, or sport policy.

Psycho Killers in Love - C. T. Phipps 2020-08-25

FROM THE BEST-SELLING AUTHOR OF THE SUPERVILLAINY SAGA What if all the villains of slasher movies were real? What if the movies made about them were just adaptations of real-life killers with supernatural powers? This is a fact known to William and Carrie because their father, Billy the Undying, was one of the worst slashers of all time. So much so that they've spent the past decade in an asylum out of fear they'd end up just like him. Escaping, the two have decided to form a new life on the road. Except, a chance encounter in a dingy diner introduces William to the girl of his dreams. Too bad she's a girl on a mission to kill all slashers. But maybe the best way to catch a supernatural serial killer is with another pair of them. Enjoy this exciting prequel to the United States of Monsters

books!

Physics Education and Gender - Allison J. Gonsalves 2020-04-24

This Edited Volume engages with concepts of gender and identity as they are mobilized in research to understand the experiences of learners, teachers and practitioners of physics. The focus of this collection is on extending theoretical understandings of identity as a means to explore the construction of gender in physics education research. This collection expands an understanding of gendered participation in physics from a binary gender deficit model to a more complex understanding of gender as performative and intersectional with other social locations (e.g., race, class, LGBT status, ability, etc). This volume contributes to a growing scholarship using sociocultural frameworks to understand learning and participation in physics, and that seeks to challenge dominant understandings of who does physics and what counts as physics competence.

Downloaded from
legacy.opendemocracy.net
on 2019-09-11 by guest

Studying gender in physics education research from a perspective of identity and identity construction allows us to understand participation in physics cultures in new ways. We are able to see how identities shape and are shaped by inclusion and exclusion in physics practices, discourses that dominate physics cultures, and actions that maintain or challenge structures of dominance and subordination in physics education. The chapters offered in this book focus on understanding identity and its usefulness in various contexts with various learner or practitioner populations. This scholarship collectively presents us with a broad picture of the complexity inherent in doing physics and doing gender.

[Skater Girls](#) - 2020-09

Increasing the visibility of under-represented girl skateboarders, these portraits are captured on location with the photographic historical process, wet plate collodion using a portable darkroom and 8x10 view camera.

Look Both Ways - Jason Reynolds 2020-10-27

"A collection of ten short stories that all take place in the same day about kids walking home from school"--

Shredders - Sierra Prescott 2020-08-11

A stunningly photographed tribute to female skaters of all ages and backgrounds, from novice to pro--plus an illustrated history of the skateboard, skating tips and tricks, and more. In celebration of the rad, undying spirit of skateboarding, *Shredders* features gorgeous photography and stories of today's most awesome female skaters. The women and girls profiled range from rising young riders like eight-year-old Ariel Cai--who shreds at the largest indoor skate park in China--to old-school pros like Laura Thornhill Caswell--the first woman to get a signature model board--and today's star shredders like X Games gold winner and Tony Hawk protégé Lizzie Armanto. From street and slalom skaters to park queens and long-distance

pushers, Shredders features athletes and hobbyists of all skate styles, ages, backgrounds, and skill levels, showing that skateboarding has something for everyone. For aspiring skaters, Shredders is the perfect entryway into the world of skateboarding, with tips for setting up and maintaining your board as well as overviews of skate styles, history, and slang. And Shredders also invites experienced riders to fall back in love with the sport that embodies freedom, individuality, and active self-expression. Skaters of every stripe are sure to find their inspiration to shred within these pages.

When Women Stood -

Alexandra Powe Allred 2023
"When Women Stood is an unapologetically new sport and social history that unveils the often-overlooked chronicle of women and their fight for equality. From early Amazons and suffragists to modern-day athletes and social influencers, this is an eye-opening history of women told through the

always-influential world of sports"--

Youth Culture and Identity in Northern Thailand - Anjalee

Cohen 2020-06-02

Youth Culture and Identity in Northern Thailand examines how young people in urban Chiang Mai construct an identity at the intersection of global capitalism, state ideologies, and local culture. Drawing on over 15 years of ethnographic research, the book explores the impact of rapid urbanisation and modernisation on contemporary Thai youth, focusing on conspicuous youth subcultures, drug use (especially methamphetamine use), and violent youth gangs. Anjalee Cohen shows how young Thai people construct a specific youth identity through consumerism and symbolic boundaries - in particular through enduring rural/urban distinctions. The suggestion is that the formation of subcultures and "deviant" youth practices, such as drug use and violence, are not necessarily forms of resistance against the dominant culture,

nor a pathological response to dramatic social change, as typically understood in academic and public discourse. Rather, Cohen argues that such practices are attempts to "fit in and stick out" in an anonymous urban environment. This volume is relevant to scholars in Thai Studies, Southeast Asian Studies, Anthropology, Sociology, Urban Studies, and Development Studies, particularly those with an interest in youth, drugs, and gangs.

The Secret of the Attic - Sheri Cooper Sinykin 1995

A magic attic club book.

Inside Edge: A Revealing Journey Into the Secret World of Figure Skating -

Christine Brennan 2022-02-01

Figure skating is the most beautiful and mysterious of all sports. When the skaters are on the ice, every twitch of a muscle and every slip of a skate blade is visible for the world to see. In *Inside Edge*, Christine Brennan chronicles—for the first time—a season on the skating circuit, intimately portraying

Downloaded from
legacy.opendemocracy.net
on 2019-09-11 by guest

the lives, on and off the ice, of the sport's current and upcoming stars. Woven into the narrative are stories of figure skating luminaries—including Peggy Fleming, Janet Lynn, Katarina Witt, Brian Boitano, Scott Hamilton, Kristi Yamaguchi, Nancy Kerrigan, Oksana Baiul, Michelle Kwan, Rudy Galindo, and Tara Lipinski. Revealing the backstage conflicts high-profile figure skaters face, and the ambition that drives them,

Brennan also tells the stories of their families, of improbable rises to the top, and of wasted talents. If skaters are perfect, they can become international heroes. But if they fall, if they miss a three-revolution jump on a quarter-inch blade of steel, the despair is theirs alone. This is their life on the edge, where decades of training culminate in little more than four crucial minutes on the ice. There is no other sport like it. There is no other story like theirs.
