The Popular Girls Book Series - Raven Riley 2011-07

My book is about three girls who are very mean and rich. They came from different states, and they also run the school. The three popular girls are so very rich and very spoiled to the bone. Each of the three girls have different personalities; they are always expressing their styles of clothes that all 3 of them wear to school everyday. Chloe tries to spend all of her money so she can buy clothes online. She does not get along with her sister Amy. Chloe hates going to school every day; she is mean to a lot of people at that school. Chloe never gets to spend any time with her beau because she is always working and also doing her homework after she gets off from work. The two of them argue a lot. She does not have the perfect family. She is the hottest chick at school. Summer is just the sweetest person that you will ever meet. She does not always yell at people. Her favorite color is yellow. Summer has a sister named Naomi. Let me tell you something else, they never agree on anything with each other you could possibly name of. The two of them would definitely honestly fight about it. Summer used to have a boyfriend named Max, but I am not going to tell you what happened to their past relationship. Kaylee was the more fly chick and a hot, sexy chick. She was not always so sweet for looks can be so deceiving. She can stay mad at anyone for a very long time. It takes her a long time to get over something that made her very angry. I totally forgot where Kaylee lives anyway. Kaylee loves going to school; she is a straight A-student. She loves to party with her friends and drink all night long. Kaylee really does not have a curfew; she can come home anytime. She would never date any guys that have really bad breath. Kaylee's high school sweetheart is Jake Stanley. The two of them have been dating ever since middle school and now in high school. She fell head over heels for that guy. He rides motorcycles. He is basically the love of her life. Jake and Kaylee do everything together like

going out dancing or hanging out with his friends. They make the perfect couple. He makes her laugh and smile. They both make each other happy. What they have is real love, not puppy love. So you need to read to find out what happens to these three girls in my book. It is a very interesting book, You are going to really like it. It is very funny at the same time and very sad too. There are a lot of funny parts in the book that make me laugh.

High Sock Society - Kevinnie J. Moore 2010-01-31

With the excitement of high school, waiting to bond and make special friends, start dating, athletically competing, physical and emotional changes can be a huge adjustment, particularly for those who have been spoon-fed all along. The only common denominator that these girls share is the Academy. Commonalities that teen girls experience begin to erupt, sending everyone's lives into a tumultuous spin. If they can just overcome the devil's advocacy of lies, tragedies, untold secrets, and deception, getting through high school just might not be so bad. McKenzie, Blair, Riley, Bethany, Mallory, and BreAnna consider tragedies and the consequences that occur as though Karma has vowed to take responsibility to reprimand them. The high sock society doesn't just describe what they wear—Gucci, Prada, and Marc Jacobs—it describes who they are, a high-standing social society of girls just trying to make their way through life's mind-boggling maze.

The Tao of Dating - Ali Binazir 2012-06-13

The #1-Rated Dating Book by Readers on Amazon for 3+ Years Running
This is what readers say: 'I have read many books about relationships and dating, but The Tao of Dating is one of a kind, so different and mind-blowing in its common sense and simplicity that it is impossible to put it down once you start reading.' 'Well, where shall I start? Mind blowing? Life-changing? Truly opened my eyes? No words can express how much I love this book. I wish I had read it much earlier.' 'I keep this book in a small, carefully chosen, boxed collection of 'indispensable advice I wish I had written' that I will pass along to my children as they navigate through teens, twenties, early adulthood and beyond.' 'This turned out to be one of the most transformative books I have ever read much more so than I thought it possibly could be.' 'The content is intelligent and compassionate and enriching far beyond anything to do with dating. In essence, this book somehow, magically, alchemically, brings you back to yourself. Everyday TV and other media specialize in portraying women as cheap and disposable. This book is the antidote. Just by reading it, one is restored to one's own heart. I can think of no better praise.' '1.5 reads of the book in and I can honestly say that I not only have a clear sense of the basic things that I was doing that were completely throwing off the dynamic with these men, but that I now have simple, quite beautiful little tools in mind when I'm interacting with men that make me properly excited to date. I'll admit that I bought a few books in this vein in one lump...but 'The Tao of Dating' just completely blew them out of the water.' 'This is the most helpful dating book that I have experienced! At the time of my purchase I also downloaded two other books and after reading this I can't even get through the first chapter of the other ones.' 'Thanks to this specific book, I went from having a nonexistent dating life, with empty weeks stretching ahead to being booked every night of the week and in some cases, having two or three dates per evening... the results, for me, were dramatic: I now feel like I have my pick of the litter a slew of fabulous guys who all clamor for my attention.' Can You Have it All? Hell Yeah! I believe that smart, successful women CAN have it all -- both a great career AND a rich, warm, fulfilling love life. Do read on if you agree. See -- smart women like yourself were having unfulfilling love lives on an epidemic scale when I was an advisor at Harvard. They either couldn't find the right guy, were with the wrong guy, had relationships that didn't last, or had given up on dating entirely. So I wrote this book to remedy the situation. This is not your grandma's dating guide. Partially because I'm not your grandma, and partially because the 21st century poses unprecedented challenges to the modern woman. With a high-powered career, it may seem that there just isn't time for love. And nowadays, lots of guys are less educated & affluent than you. What to do? Ancient Wisdom + Modern Science = Lasting Love & Happiness for You This book combines ancient wisdom with modern science to give smart, successful women like yourself a heart-centered, science-based, practical guide to finding fulfillment in your love lives -- and far beyond. I give it all to you in a progression of small, easy steps that put the fun back in dating, plus the science and reasoning behind it so you can trust where it all comes from. Push Girl - Chelsie Hill 2014-06-03

An inspiring, real, and fresh young adult novel about how life can change in an instant by Chelsie Hill, one of the stars Sundance Channel's series "Push Girls." Kara is a high school junior who's loving life. She's popular, has a great group of friends and an amazing boyfriend, and she's a shoe-in for homecoming queen. Even though her parents can't stop fighting and her ex-boyfriend can't seem to leave her alone, Kara won't let anything get in the way of her perfect year. It's Friday night, and Kara arrives at a party, upset after hearing her parents having another one of their awful fights, and sees another girl with her hands all over her boyfriend. Furious, Kara leaves to take a drive, and, as she's crossing an intersection, a car comes out of nowhere and slams into the driver's side of Kara's car. When Kara wakes up, she has no memory of the night before. Where is she? Why are her parents crying? And, most importantly -- why can't she feel her legs? As Kara is forced to adjust to her new life as a paralyzed teen, where her friends aren't who they seemed to be and her once-adoring boyfriend is mysteriously absent, she starts to realize that what matters in life isn't what happens to you -- it's the choices you

make and the people you love. Co-written by "Push Girls" star Chelsie Hill, whose real life inspired Kara's experience, this uplifting novel takes young readers from tragedy to triumph with an unforgettable and unique heroine.

All I Want Is Loving You - Steve Bergsman 2023-10-30

In All I Want Is Loving You: Popular Female Singers of the 1950s, author Steve Bergsman focuses on the white, female artists of the 1950s, a time that predated the chart-topping girl groups of the early 1960s. These popular performers, many of whom graduated out of the big bands of the 1940s, impacted popular music in a huge way. As the last bastion of traditional pop and the last sirens of swing, they undeniably shined in the spotlight. Yet these singers' fame dimmed relatively quickly with the advent of rock 'n' roll. A fortunate few, like Doris Day, Patti Page, Peggy Lee, and Debbie Reynolds, experienced some of their biggest hits in the late 1950s, and Eydie Gormé broke out in the 1960s. The luckiest, including Dinah Shore and Rosemary Clooney, ventured to television with varying degrees of success. Others would become major attractions at nightclubs in Las Vegas or, like Teresa Brewer, shift into the jazz world. Though the moment did not last, these performers were best-selling singers, darlings of the disk jockeys, and the frenetic heartbeat of fan clubs during their heyday. In a companion volume, Bergsman has written the history of African American women singers of the same era. These Black musicians transitioned more easily as a new form of music, rock 'n' roll, skyrocketed in popularity. In both books, Bergsman reintroduces readers to these talented singers, offering a thorough look at their work and turning up the volume on their legacy.
