Dating Guide for Men - Anthony Ekanem
2015-02-24

What do women want? This is a question that has baffled men since the beginning of time and

men are no closer to understanding women than we were when we huddled around an open fire every night and lived in caves. Why are women so hard to decipher? Simply because we try to understand them from a man's point of view without understanding the basic premise that women think differently from men. In fact, women have completely different wiring from that of men and men will never be able to understand them on a logical level, which is how men approach almost everything.

Game - Roosh Valizadeh 2018-08-21

Game teaches men a 9-step program for meeting and attracting women in an age when smartphones, feminism, and anti-masculinity propaganda have made connecting with the opposite sex harder than ever. It will help you achieve casual or monogamous relationships while safeguarding you from sexual harassment and rape accusations that have increased due to the spread of social justice and hashtag activism. Game was written after the author's 17-year obsessive journey into the art of seducing women. The book begins with... -The 8 beliefs you must internalize to attract women without conscious effort -How to maximize your physical appearance so that most of a seduction is complete before you even begin talking -The hygiene and body flaws that turn women off without you realizing it -8 attraction triggers that cause a woman to be deeply drawn into a man -3 destroyers of attraction that turn off just about all women in their physical prime The biggest chapter is on approaching. Even if you don't have a large social circle, or any friends at all, Game teaches you how to have pleasant face-to-face interactions with women. You'll learn... - How to walk out your front door and casually meet women during the day in a way that won't make you anxious -How to meet girls at night in bars, clubs, or on the street -Dozens of word-for-word examples of how to approach women and converse with them -The best way to know that a girl likes you and will show up on a first date - The number one sign that a girl is ready to be kissed so that you never have to worry about being physically "rejected" -How to move things to the bedroom on the same day or night you meet a girl If you're not a fan of casual hook-ups, the book has you covered with a traditional dating program. You'll learn... -How to contact a

girl using a text messaging script that gets right to the point of scheduling a date -6 fun date questions to ask that help reveal if she's worth a long-term relationship -6 conversational guidelines that prevent you from running out of things to say -How to "qualify" and tease a girl so that she always sees you as a high-value man -The smoothest way to move things to a private home when she's ready for intimacy -A safe progression to having consensual sex that won't get you in trouble with the law Once you start dating a girl you like, you'll enjoy the chapter on relationships. You'll learn... -How to lovingly mold a girl into your ideal partner while resisting her efforts to train you into a beta male slave -The most important standards you must uphold to maintain the integrity of the relationship -How to regain attraction after your girlfriend becomes distant -6 warning signs that tell you a girl is not worth marriage -How to know if your girlfriend is cheating on you You'll also find two large appendices. They share... - The best way to enter social circles where women will see you as the apex male -How to get intimate with a girl in your social circle so that things don't get weird or awkward -An easy trick to identify which foreign cities contain women that will be most receptive to your look and personality -How to plan for trips that maximize the chance you'll get lucky with foreign women The above only scratches the surface of what Game contains. It is seminal work of a hyper-sexualized man who dedicated tens of thousands of hours into understanding women and attracting them while fending off defamatory attacks from mainstream feminists and fake news journalists who want to criminalize healthy masculinity. Whether your goal is to have fun in a big city with lots of women or fall in love with only one before getting married, Game will help you accomplish your goals in a way that keeps you safe from degrading cultural winds that continue to divide men and women.

How to Date Today's Modern Woman - Izzy Wryght 2006-10-02

If you have a good sense of humor and can appreciate a politically incorrect point of view of how the politics of the modern social dating process works, you will surely enjoy and value this book. From a socio/political point of view, the philosophy of this book tilts slightly to the right of Attila the Hun! As a straight American male, you love women. It's your natural desires that motivate you to be with a woman for fun, relaxation, sex, companionship, and at the extreme, marriage. You will choose a female for

any one or all of these reasons, depending on how that woman affects you. So why is it, that in today's dating culture, it has become increasingly difficult to find a normal, traditional woman, a female who you can share a pleasant and meaningful relationship with, a relationship that can possibly evolve into a traditional family lifestyle. The reason is, because today's modern women have changed the rules of behavior for social dating. And this means, you need protection! If you have been seeking a female who has a firm grip on reality, and does not come into a dating situation with a political axe to grind, you have come to the right place for guidance and advice.

How to Date a Woman - Bruce Glover

2020-10-10

☐☐ You don't know HOW TO DATE A WOMAN, but would you like to learn? Do you want a better dating life. . . but need a little practical,

how-to help? If so then keep reading. ☐☐ Dating isn't what it used to be. In the old days, dating was a straightforward process. Man likes a woman. A woman likes man. They court, they date, and if things worked out, they marry. Today's love scene however, is something else entirely, thanks in large part to how heavily reliant all of us have become on technology. Specifically, our mobile phones. The dating scene today is dominated by text messaging, status updates, social media updates, online flirting, sexting, and the list goes on. These days, the first date usually takes place only after you've been interacting for some time over texts. Which means a date is only likely to happen if your texting sessions go well. It's no secret that men and women each think the opposite sex is hard to understand. You never know what you're going to say or do that's suddenly going to put the other person off or cause them to lose interest. It is even harder when you can't exactly see their reaction through the screen of your phone when you text them. Keeping and holding onto the man you want over text messages can seem like a bewildering challenge and it's easy to feel lost trying to figure out what works best. Life certainly seems like it would be a whole lot easier if we knew just what to text and how to text a man in a way that he can no longer ignore to keep him coming back for more. This book will help you attain this goal. With the help of this advice, you will not only be able to talk to women, but you will also be able to date them. All that you need is a little boost and the right information. In this book, you were given everything you need to not only attract and charm women but to talk and hold their attention, too. Once you get the hang of dating do's and don'ts, you will be able to enjoy success in your dating life. This book gives a comprehensive guide on the following: - Master communication with women - Women want a man, not a boy - How to become the man women lust for - The smart rules for sex and dating - Turning the meeting into a date - Let her be feminine - First date tips... AND MORE!!! What you waiting for, get this book Now!!!

Online Dating For Men 101 - Adam Glasier 2019-03-18

In a world where it's no longer acceptable besides bars and clubs to tell her she's attractive (at least without being rejected, receiving a sexual harassment lawsuit, and being publicly humiliated), there is only one place left for guys to go that's safe to approach women and where women WANT a man's attention: Online dating. When it comes to online dating, some men love it, while others shun it like a de-masculinizing plague. Online dating has a bad reputation

among certain groups of men as being a waste of time or even an excuse to not meet women in the real world. But they have no idea that, with just a few hacks, online dating will save any man from a loveless, sexless existence. Love it or hate it, online dating is here to stay. This is the most comprehensive book on the market for online dating geared specifically toward men. Too many men have tried online dating, only to report that no woman answered their hundreds of messages and the dates they did have didn't end up going anywhere. This book will teach you what every other guy has been doing WRONG: - How to maximize your potential attractiveness to women - How to build the best online dating profile - How to send messages to women that ACTUALLY get responses - How to talk to women and get them to date you - How to get a one-night-stand from online dating - How to find a long-term relationship with online dating Throughout this book filled with raw experience and humor with a tough edge, you will learn all about the true psychology of women and how to "hack" their hypergamous nature using the techniques and tactics of online dating. Online dating might seem like rejection after rejection, but this book will teach you how to play the numbers game to your advantage and win more easily than every other guy on the web! About the Expert: Adam Glasier holds a PhD in Pickup Lines and is a distinguished professor of Online Dating at the National Pickup Artist Academy, where he wrote his oft-cited thesis on the Internet Approach-at least he would have if such an institution existed. His online dating career has lasted more than half a decade, and with more than a dozen full-fledged lays under his belt, Glasier is statistically one of the most successful men at finding love and sex from the internet. When he isn't messaging and meeting women with online dating or writing about those experiences, you'll find Adam pumping iron at the gym, building house-related projects, and basically doing everything that normal people do to survive.
