**Hook Me Up** Sebastian Reid 2020-05-13 This is the age of the on-demand economy. You need something, and you get it delivered right at your home. You want to watch a series, and you can view all the seasons at once from wherever you are. In the mood for some Chinese food? It reaches your doorstep in 30 minutes. With the entire world going online to get products and services at their doorsteps, could this logic work for relationships too? What if you're looking for a relationship and get trouble delivered to your home? What if the phone you're holding could listen to you or worse look at you from your camera? How would you feel if all your movements were being tracked by someone anonymously? Welcome to the big bad world of online dating in the 21st century. *Hook Me Up* is a crisp crime fiction about the danger/risks of online dating and technology. Step into the shoes of Veer, an investigating officer at Cyber Cell India, and uncover the strange suicides of two working professionals. Did they really commit suicide, or is there something dark hiding in their smartphone history? *Hook Me Up* is the story of what happens on the other side of your phone camera that nobody wants to talk about. Prepare yourself for an exciting, eye-opening read.

*No Not Again* Shubham Tripathi 2019-02-10 "I have to study, I want to be in IIT Bombay. 6th April is 20 days away." Rohit said as he closed his eyes forever. His mother never knew what IIT was before that, she knows now although meaningless.

*Voices Inside My Head* Milton A. Brown 2021-04-12 Whether the relationship is business, personal, social, organizational, or political, man's history has given ample evidence getting along is a challenge of enormous difficulty. Cain killed Abel and smugly asked if he was his brother's keeper. In 2020 President Donald Trump was in an ongoing battle with the news media. Clergy have come under fire for abuse of power and malfeasance from the pulpit in religious circles. Men and women appear to be involved in a gender war, as roles once considered traditional and normal are being challenged, flipped, and redefined. Rodney King once sheepishly asked, "Can we all just get along?" The profundity of his lament resonates today more than ever. People are not getting along, and no greater example exists than romantic relationships. This book will explore relationships with a slightly different twist to the commentary. As you read this book, consider three dimensions: my voice, society's voice, and your voice or the voice inside your head, as we explore my poetic response to the questions "Why This Book?" and "Can we all just get along?" "Boy meets girl" is not so simple in the twenty-first century. Many factors contribute to the complexity of relationships, including the advancement of technology, the fluidity and transformation of values in America as Eastern and Western values blend, and the evolution of gender identities and roles in modern society. This book does not delve into the complexities of the micro issues, but rather, it attempts to use the "boy meets girl" dynamic to explain relationships of any kind that must address the same core concerns: how to meet, what's done when you meet, how to progress to the next level, commit, and make the relationship everlasting. Love is part of the equation, but this is not exclusively a book about love. It may take you there, but you may not stay. This book is as much about your journey as it is mine. Many years ago, I thought I would be the boy who'd meet the girl, court the girl, marry the girl, and live happily ever after. Happily ever after didn't happen, but this book did. I hope you find perspective in this book as I have found wisdom through the experiences. Most of all, I hope you find and listen to the voice inside your head as I have discovered the voice inside mine.

The Guyde Howie Reith 2016-11-19 The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

Sex, Gender, and Social Change Gerhard Falk 1998 Sex, Gender and Social Change details the drastic changes in the attitudes toward gender in society since the seventeenth century and its effects on each gender. Gerhard Falk examines the change in roles of men and women as the power structure evens out between the genders. He begins with the place of women in the working world as they gain prominence as executives, in the military, as religious leaders, and in the political arena. He then moves into less studied aspects such as the move toward gender neutrality in fields like nursing and engineering, and the difference between the involvement of the genders in crime. Finally, he approaches the evolution and future of personal lives as roles change within the family and women take greater control over their sex lives.

Make It Out Alive Ashley Vogel 2011-08-24 It was quiet in my house, and I think I found the only flaw in having someone know about me. The quiet was deafening, I used to take comfort in the silence and now it was just this vast...nothingness. I logged onto my computer and stole a neighbors wireless. There were a bunch of people online I could talk to but the clicking of my keys didn't really fill the room with any sort of comfort. Evan was off on a rant about his sixteen year old sister being pregnant, Ryan was regaling me with horrible math jokes, and Claire was saying little but usually gave me updates on what they were doing. Until finally I decided to go over there - just to get away from the black hole that was my house.

**The Real Reasons Men Commit** Joel D Block 2008-11-01 I need my space. We need to slow down. I'm just not ready to settle down yet. Single women have heard all these excuses and more from the men in their lives. And with a growing number of people choosing not to marry at all, women who do want to get married are increasingly frustrated by men who, in the end, refuse to make that commitment. In this book, women will learn: how men really view commitment; what factors influence their decision to commit; the difference between cold feet and an intractable single-forever stance; which men are most likely to go the distance; strategies to persuade commitment-phobic men to take the chance on love and marriage; and more. With this book, women looking for commitment from their men can push them off the fence - and into the wedding chapel. Or, if they're found wanting, simply cut them loose with that other famous line: Maybe we should see other people.
