ICT Systems Security and Privacy Protection - Sabrina De Capitani di Vimercati 2017-05-17

This book constitutes the refereed proceedings of the 32nd IFIP TC 11 International Conference on ICT Systems Security and Privacy Protection, SEC 2017, held in Rome, Italy, in May 2017. The 38 revised full papers presented were carefully reviewed and selected from 199 submissions. The papers are organized in the following topical sections: network security and cyber attacks; security and privacy in social applications and cyber attacks defense; private queries and aggregations; operating systems and firmware security; user authentication and policies; applied cryptography and voting schemes; software security and privacy; privacy; and digital signature, risk management, and code reuse attacks.

Quotations from Chairman Mao Tsetung - Zedong Mao 1990

This Is How You Lose the Time War - Amal El-Mohtar 2019-07-16

Two time-traveling agents from warring futures, working their way through the past, begin to exchange letters—and fall in love in this thrilling and romantic book from award-winning authors Amal El-Mohtar and Max Gladstone. In the ashes of a dying world, Red finds a letter marked “Burn before reading. Signed, Blue.” So begins an unlikely correspondence between two rival agents in a war that stretches through the vast reaches of time and space. Red belongs to the Agency, a post-singularity technotopia. Blue belongs to Garden, a single vast consciousness embedded in all organic matter. Their pasts are bloody and their futures mutually exclusive. They have nothing in common—save that they’re the best, and they’re alone. Now what began as a battlefield boast grows into a dangerous game, one both Red and Blue are determined to win. Because winning’s what you do in war. Isn’t it? A tour de force collaboration from two powerhouse writers that spans the whole of time and space.

Language and Emotion. Volume 2 - Gesine Lenore Schiewer 2022-11-07

The handbook *Language and Emotion* is intended to give a historical and systematic profile of the area. It will aim to connect contemporary and historical theories, approaches, and applications and to cover eastern and western perspectives of language, communication, and emotion. It will present all relevant aspects of language and emotion and thus contribute significantly to research in the field of linguistics and semiotics of emotion.

The Emoji Code - Vyvyan Evans 2017-08

Drawing from disciplines as diverse as linguistics, cognitive science, psychology, and neuroscience, *The Emoji Code* explores how emojis are expanding communication and not ending it. For all the handwringing about the imminent death of written language, emoji—those happy faces

and hearts—is not taking us backward to the dark ages of illiteracy. Every day 41.5 billion texts are sent by one quarter of the world, using 6 million emoji. Evans argues that these symbols enrich our ability to communicate and allow us to express our emotions and induce empathy—ultimately making us all better communicators. Vyvyan Evans's *Emoji Code* charts the evolutionary origins of language, the social and cultural factors that govern its use, change, and development; as well as what it reveals about the human mind. In most communication, nonverbal cues are our emotional expression, signal our personality, and are our attitude toward our addressee. They provide the essential means of nuance and are essential to getting our ideas across. But in digital communication, these cues are missing, which can lead to miscommunication. The explosion of emoji, in less than four years, has arisen precisely because it fulfills exactly these functions which are essential for communication but are otherwise absent in texts and emails. Evans persuasively argues that emoji add tone and an emotional voice and nuance, making us more effective communicators in the digital age.

Human Feelings - Steven L. Ablon 2013-05-13

Human Feelings provides a comprehensive overview of the role of emotions in human life. Growing out of the research and writing of members of the Harvard Affect Study Group, the volume brings to bear different disciplinary outlooks and different modes of inquiry on various aspects of human affective experience. The book opens with an section of "Theoretical Considerations" that includes an overview of affective development across the life cycle, an examination of affect and character, and an empirical analysis of gender differences in the expression of emotion. A series of clinical reports involving patients in different age groups comprises the next section, "Affect and the Life Cycle." Subsequent sections on "Trauma, Addiction, and Psychosomatics" and "Transformations of Affect" traverse the realms of neurobiology, addictive suffering, stress disorders, epistemology, creativity, and social organization. A final section, "New Directions," further extends the frontiers of inquiry into nonordinary states of consciousness and the vicissitudes of well-being. An integrative collection of multidisciplinary sweep and scholarly integrity, *Human Feelings* is a readable source book that brings together rigorous theoretical and developmental studies, experientially vivid self-reporting, and a wealth of illustrative clinical material. An invaluable addition to the libraries of mental health professionals and developmental researchers, this volume will be illuminating for philosophers, social and political scientists, and lay readers as well.

Selfie Democracy - Elizabeth Losh 2022-09-06

How politicians' digital strategies appeal to the same fantasies of digital connection, access, and participation peddled by Silicon Valley.

Smartphones and other digital devices seem to give us a direct line to politicians. But is interacting with presidential tweets really a manifestation of digital democracy? In *Selfie Democracy*, Elizabeth Losh examines the unintended consequences of politicians' digital strategies, from the Obama campaign's pioneering construction of an online community to Trump's Twitter dominance. She finds that politicians who use digital media appeal to the same fantasies of digital connection, access, and participation peddled by Silicon Valley. Meanwhile, smartphones and social media don't enable participatory democracy so much as they incentivize citizens to perform attention-getting acts of political expression. Losh explores presidential rhetoric casting digital media as tools of democracy, describes the conflation of gender and technology that contributed to Hillary Clinton's defeat in 2016, chronicles the Biden campaign's early digital stumbles in 2020, and recounts the TikTok campaign that may have spoiled a Trump rally. She shows that although Obama and Trump may seem diametrically opposed in both style and substance, they both used mobile digital media in ways that reshaped the presidency and promised a new kind of digital democracy. Obama used data and digital media to connect to citizens without intermediaries; Trump followed this strategy to its most extreme conclusion. What were the January 6 insurrectionists doing, as they livestreamed themselves and their cohorts attacking the Capitol, but practicing their own brand of selfie democracy?

Equally Wed - Kirsten Palladino 2017-05-30

By and large, most wedding books in the market are still centered around one bride and one groom. And yet, the advent of full marriage equality in the United States has made a new, polished wedding planning book dedicated to guiding LGBTQ couples both timely and essential. Kirsten Palladino will fill that need with this definitive book to inspire couples everywhere who are seeking a meaningful, personal ceremony and a momentous beginning to legally married life. *Equally Wed* brings author Palladino's expertise as the founder and editorial director of the world's leading online resource for LGBTQ wedding planning to the page. Palladino walks readers through every step of the notoriously costly and arduous planning process with wisdom and accessibility. From how to incorporate hot trends among LGBTQ couples to advice on how to incorporate children into a ceremony to more serious hurdles like dealing with homophobia among family members, *Equally Wed* has it all. The author importantly includes an accurate picture of wedding budgets for couples from all backgrounds, and shares her invaluable insider tips for making the most of each vendor; she also addresses fashion advice specific for LGBTQ readers, such as suiting up as a nonbinary newlywed or attending fittings as a butch lesbian or a transgender woman. And best of all, she does it with the celebratory, joyful approach that all couples deserve. With a beautiful 2-color package, a total absence of heteronormative terms and assumptions, and a wealth of advice on every wedding-related topic imaginable, *Equally Wed* is set to be the go-to LGBTQ wedding guide just as every couple is finally free to wed.

Such a Fun Age - Kiley Reid 2020-11-12

'A new literary star' The Times The instant Sunday Times and New York Times bestseller Longlisted for the 2020 Booker Prize A Times, Guardian, Sunday Times, Telegraph, Mail on Sunday, Red, Good Housekeeping and Cosmopolitan Book of the Year When Emira is apprehended at a supermarket for 'kidnapping' the white child she's actually babysitting, it sets off an explosive chain of events. Her employer Alix, a feminist blogger with the best of intentions, resolves to make things right. But Emira herself is aimless, broke and wary of Alix's desire to help. When a surprising connection emerges between the two women, it sends them on a crash course that will upend everything they think they know - about themselves, each other, and the messy dynamics of privilege.

'Essential. This year's hit debut' Guardian 'A biting tale of race and class' Sunday Times 'I couldn't put this down' Jojo Moyes 'Bites into the zeitgeist then spits it out with gusto. You really should read it, ASAP' Stylist 'About power dynamics, race, social commentary, and also why and how we are the woman we are' Pandora Sykes 'An extraordinarily deft debut, written with wisdom, kindness and sharp humour' Daily Mail 'A beautiful tale of how we live now' Elizabeth Day A Reese Witherspoon and Zoella Book Club Pick

Social Computing and Social Media. Design, Human Behavior and Analytics - Gabriele Meiselwitz 2019-07-10

This two-volume set LNCS 11578 and 11579 constitutes the refereed proceedings of the 11th International Conference on Social Computing and Social Media, SCSM 2019, held in July 2019 as part of HCI International 2019 in Orlando, FL, USA. HCI 2019 received a total of 5029 submissions, of which 1275 papers and 209 posters were accepted

for publication after a careful reviewing process. The 81 papers presented in these two volumes are organized in topical sections named: Social Media Design and Development, Human Behaviour in Social Media, Social Network Analysis, Community Engagement and Social Participation, Computer Mediated Communication, Healthcare Communities, Social Media in Education, Digital Marketing and Consumer Experience.

Transforming Digital Worlds - Gobinda Chowdhury 2018-03-17

This book constitutes the proceedings of the 13th International Conference on Transforming Digital Worlds, iConference 2018, held in Sheffield, UK, in March 2018. The 42 full papers and 40 short papers presented together with the abstracts of 3 invited talks in this volume were carefully reviewed and selected from 219 submissions. The papers address topics such as social media; communication studies and online communities; mobile information and cloud computing; data mining and data analytics; information retrieval; information behaviour and digital literacy; digital curation; and information education and libraries.

The Inexpressive Male - Jack O. Balswick 1988

Girls Who Code - Reshma Saujani 2017-08-22

NEW YORK TIMES BESTSELLER! Part how-to, part girl-empowerment, and all fun, from the leader of the movement championed by Sheryl Sandberg, Malala Yousafzai, and John Legend. Since 2012, the organization Girls Who Code has taught computing skills to and inspired over 40,000 girls across America. Now its founder, and author *Brave Not Perfect*, Reshma Saujani, wants to inspire you to be a girl who codes! Bursting with dynamic artwork, down-to-earth explanations of coding principles, and real-life stories of girls and women working at places like Pixar and NASA, this graphically animated book shows what a huge role computer science plays in our lives and how much fun it can be. No matter your interest—sports, the arts, baking, student government, social justice—coding can help you do what you love and make your dreams come true. Whether you're a girl who's never coded before, a girl who codes, or a parent raising one, this entertaining book, printed in bold two-color and featuring art on every page, will have you itching to create your own apps, games, and robots to make the world a better place.

Red, White & Royal Blue - Casey McQuiston 2019-05-14

* Instant NEW YORK TIMES and USA TODAY bestseller * * GOODREADS CHOICE AWARD WINNER for BEST DEBUT and BEST ROMANCE of 2019 * * BEST BOOK OF THE YEAR* for VOGUE, NPR, VANITY FAIR, and more! * What happens when America's First Son falls in love with the Prince of Wales? When his mother became President, Alex Claremont-Diaz was promptly cast as the American equivalent of a young royal. Handsome, charismatic, genius—his image is pure millennial-marketing gold for the White House. There's only one problem: Alex has a beef with the actual prince, Henry, across the pond. And when the tabloids get hold of a photo involving an Alex-Henry altercation, U.S./British relations take a turn for the worse. Heads of family, state, and other handlers devise a plan for damage control: staging a truce between the two rivals. What at first begins as a fake, Instagramable friendship grows deeper, and more dangerous, than either Alex or Henry could have imagined. Soon Alex finds himself hurtling into a secret romance with a surprisingly unstuffy Henry that could derail the campaign and upend two nations and begs the question: Can love save the world after all? Where do we find the courage, and the power, to be the people we are meant to be? And how can we learn to let our true colors shine through? Casey McQuiston's *Red, White & Royal Blue* proves: true love isn't always diplomatic. "I took this with me wherever I went and stole every second I had to read! Absorbing, hilarious, tender, sexy—this book had everything I crave. I'm jealous of all the readers out there who still get to experience *Red, White & Royal Blue* for the first time!" - Christina Lauren, New York Times bestselling author of *The Unhoneymooners* "*Red, White & Royal Blue* is outrageously fun. It is romantic, sexy, witty, and thrilling. I loved every second." - Taylor Jenkins Reid, New York Times bestselling author of *Daisy Jones & The Six*

Daughter of Smoke and Bone - Laini Taylor 2011-09-29

DAUGHTER OF SMOKE AND BONE is a book unbounded by genre but located at a magical crossroads where THE PASSAGE meets PHILIP PULLMAN and TWILIGHT meets PAN'S LABYRINTH. Errand requiring immediate attention. Come. The note was on vellum, pierced by the talons of the almost-crow that delivered it. Karou read the message. 'He never says please', she sighed, but she gathered up her things. When Brimstone called, she always came. In general, Karou has managed to

keep her two lives in balance. On the one hand, she's a seventeen-year-old art student in Prague; on the other, errand-girl to a monstrous creature who is the closest thing she has to family. Raised half in our world, half in 'Elsewhere', she has never understood Brimstone's dark work - buying teeth from hunters and murderers - nor how she came into his keeping. She is a secret even to herself, plagued by the sensation that she isn't whole. Now the doors to Elsewhere are closing, and Karou must choose between the safety of her human life and the dangers of a war-ravaged world that may hold the answers she has always sought.

'Remarkable and beautifully written . . . The opening volume of a truly original trilogy.' GUARDIAN

Outlawed - Anna North 2022-02-15

A REESE'S BOOK CLUB PICK * INSTANT NEW YORK TIMES BESTSELLER * BELLETRIST BOOK CLUB PICK * INDIE NEXT SELECTION * LIBRARY READS SELECTION * AMAZON EDITORS' CHOICE * WASHINGTON POST BEST OF THE YEAR The "terrifying, wise, tender, and thrilling" (R.O. Kwon) adventure story of a fugitive girl, a mysterious gang of robbers, and their dangerous mission to transform the Wild West. In the year of our Lord 1894, I became an outlaw. The day of her wedding, 17 year old Ada's life looks good; she loves her husband, and she loves working as an apprentice to her mother, a respected midwife. But after a year of marriage and no pregnancy, in a town where barren women are routinely hanged as witches, her survival depends on leaving behind everything she knows. She joins up with the notorious Hole in the Wall Gang, a band of outlaws led by a preacher-turned-robber known to all as the Kid. Charismatic, grandiose, and mercurial, the Kid is determined to create a safe haven for outcast women. But to make this dream a reality, the Gang hatches a treacherous plan that may get them all killed. And Ada must decide whether she's willing to risk her life for the possibility of a new kind of future for them all. Featuring an irresistibly no-nonsense, courageous, and determined heroine, *Outlawed* dusts off the myth of the old West and reignites the glimmering promise of the frontier with an entirely new set of feminist stakes. Anna North has crafted a pulse-racing, page-turning saga about the search for hope in the wake of death, and for truth in a climate of small-mindedness and fear.

Human-Computer Interaction - INTERACT 2019 - David Lamas 2019-08-28

The four-volume set LNCS 11746-11749 constitutes the proceedings of the 17th IFIP TC 13 International Conference on Human-Computer Interaction, INTERACT 2019, held in Paphos, Cyprus, in September 2019. The total of 111 full papers presented together with 55 short papers and 48 other papers in these books was carefully reviewed and selected from 385 submissions. The contributions are organized in topical sections named: Part I: accessibility design principles; assistive technology for cognition and neurodevelopment disorders; assistive technology for mobility and rehabilitation; assistive technology for visually impaired; co-design and design methods; crowdsourcing and collaborative work; cyber security and e-voting systems; design methods; design principles for safety/critical systems. Part II: e-commerce; education and HCI curriculum I; education and HCI curriculum II; eye-gaze interaction; games and gamification; human-robot interaction and 3D interaction; information visualization; information visualization and augmented reality; interaction design for culture and development I. Part III: interaction design for culture and development II; interaction design for culture and development III; interaction in public spaces; interaction techniques for writing and drawing; methods for user studies; mobile HCI; personalization and recommender systems; pointing, touch, gesture

and speech-based interaction techniques; social networks and social media interaction. Part IV: user modelling and user studies; user experience; users' emotions, feelings and perception; virtual and augmented reality I; virtual and augmented reality II; wearable and tangible interaction; courses; demonstrations and installations; industry case studies; interactive posters; panels; workshops. The chapter 'Experiencing Materialized Reading: Individuals' Encounters with Books' is open access under a CC BY 4.0 license at link.springer.com. The chapter 'What Is Beautiful Continues to Be Good: People Images and Algorithmic Inferences on Physical Attractiveness' is open access under a CC BY 4.0 license at link.springer.com.

The Island of Sea Women - Lisa See 2020-03-10

THE NEW YORK TIMES BESTSELLER "A mesmerizing new historical novel" (O, The Oprah Magazine) from Lisa See, the bestselling author of *The Tea Girl of Hummingbird Lane*, about female friendship and devastating family secrets on a small Korean island. Mi-ja and Young-sook, two girls living on the Korean island of Jeju, are best friends who come from very different backgrounds. When they are old enough, they begin working in the sea with their village's all-female diving collective, led by Young-sook's mother. As the girls take up their positions as baby divers, they know they are beginning a life of excitement and responsibility—but also danger. Despite their love for each other, Mi-ja and Young-sook find it impossible to ignore their differences. *The Island of Sea Women* takes place over many decades, beginning during a period of Japanese colonialism in the 1930s and 1940s, followed by World War II, the Korean War, through the era of cell phones and wet suits for the women divers. Throughout this time, the residents of Jeju find themselves caught between warring empires. Mi-ja is the daughter of a Japanese collaborator. Young-sook was born into a long line of haenyeo and will inherit her mother's position leading the divers in their village. Little do the two friends know that forces outside their control will push their friendship to the breaking point. "This vivid...thoughtful and empathetic" novel (The New York Times Book Review) illuminates a world turned upside down, one where the women are in charge and the men take care of the children. "A wonderful ode to a truly singular group of women" (Publishers Weekly), *The Island of Sea Women* is a "beautiful story...about the endurance of friendship when it's pushed to its limits, and you...will love it" (Cosmopolitan).

Applications of Artificial Intelligence for Smart Technology - Swarnalatha, P. 2020-10-30

As global communities are attempting to transform into more efficient and technologically-advanced metropolises, artificial intelligence (AI) has taken a firm grasp on various professional fields. Technology used in these industries is transforming by introducing intelligent techniques including machine learning, cognitive computing, and computer vision. This has raised significant attention among researchers and practitioners on the specific impact that these smart technologies have and what challenges remain. *Applications of Artificial Intelligence for Smart Technology* is a pivotal reference source that provides vital research on the implementation of advanced technological techniques in professional industries through the use of AI. While highlighting topics such as pattern recognition, computational imaging, and machine learning, this publication explores challenges that various fields currently face when applying these technologies and examines the future uses of AI. This book is ideally designed for researchers, developers, managers, academicians, analysts, students, and practitioners seeking current research on the involvement of AI in professional practices.
